By the Charlottetown Gazette we learn the death, on the 10th instant, of His Excellency Sir Donald [illegible] Governor of Prince Edward's [illegible]

[illegible] Recess.—At the [illegible] held at Niagara, [illegible] Williams, of Norfolk, [illegible] by the committee [illegible] &c., presented to the [illegible] J. Hicks, Esq., of [illegible] gain in Rochester [illegible] remarked, in a [illegible] like the flag, but we [illegible] good humor, why our country demands it, I shall be among the first to perform that service." It is earnestly hoped that the countrymen of neither the donor nor the recipient may have occasion to contend for that or any other flag.

The Napoleon Ambassador has been behind the scenes of the Opera, to witness the rehearsal of the ballet. The Prince presented the ladies of the ballet with a collation of fruit. On retiring, he presented the manager with £100.

AN IMPORTANT MISSION TO THIS COUNTRY FROM ROME.—His Holiness, Pius IX., has sent to this country John S. Alemany, Bishop of California, on a very important mission. He has been instructed to visit this country by the Pope, as Amin Bey has been directed to make his investigations here, by the desire of the Sultan of Turkey, who is the Pope or Caliph of the Mahometan religion, and holds the spiritual sway over Egypt, the Barbary States, and Turkey in Asia. The Bishop of California will look carefully through our great cities, examine our progress in the beautiful and useful arts, make all necessary estimates of our great public and private enterprises, and will then depart for California, just in season to carry out his instructions in that romantic and golden hearted country.

Considerable curiosity has been excited to know the actual temporal purpose of the Pope, in sending his resident legate to California. His mission, however, is a plain one. Besides including the vicacy of souls in that quarter, it has a great significance with respect to the curacy of acres. In his capacity as representative of the Pope, he will examine and display the titles to the old Jesuit property in California, and, as near as it can be ascertained, will claim from one hundred to one hundred and fifty millions of dollars worth of land, as the rightful property of the early Jesuit missionaries. Thus, the great litigation which will grow out of this unexpected movement of the Pope in California, will be a great temporal blessing to the Californians. The recent quarrels will dwindle into memories of small things forgotten, and the fights of the squatters with the land speculators will sink into the utmost insignificance, in view of the great spiritual and temporal affection which will be paid to California by the newly appointed Bishop.—*New York Herald.*

SINGULAR VALEDICTORY.—The subjoined success is attributed to one of those broad backed jack horses of literature, "an editor out West:" "The undersigned retires from the editorial chair with complete conviction that all is vanity. From the hour he started his paper to the present time, he has been solicited to lie upon every given subject, and can't remember ever having told a wholesome truth, without diminishing his subscription list, or making an enemy. Under these circumstances of trial, and having a thorough contempt for himself, he retires—in order to recruit his moral constitution."

At Vienna a book is making a great sensation, called the "Confessions of a Soldier." It is chiefly political.

Most of the artificial hair used in England, comes from France. In France "hair-falls" are common; the young country-women assemble and sell their hair at the rate of 4s. 2d. per pound.

"Drawing Rooms," as they are called, were introduced in the time of King George II. and Queen Caroline. During the Queen's lifetime, they were held every evening, when all persons properly dressed were admissible, and the Royal family played cards.

DIED.

On the 15th instant, after a few days' illness, LUCY ANN, wife of JOSEPH S. MAYNARD, aged 25 years.

At Toronto, on the 18th instant, in her 21st year, ELEANOR, the beloved wife of JOHN HELLIWELL, Esq., Barrister-at-Law.

At Toronto, on the 18th instant, HARRY GEORGE, infant son of JOHN HELLIWELL, Esq.

At Rosedale, the residence of W. B. JARVIS, Esq., on the 18th instant, CLARENCE YONGE, youngest son of Lieutenant-Colonel the Hon. JOSEPH WELLS, of Davenport.

PLANTAGENET WATER.—We have been requested to publish the following:—

We the undersigned, Mayor of the City of Quebec, certify and attest—that the Physicians of the City of Quebec, who have given testimonials relative to the efficacy of the Plantagenet Waters, are perfectly well known to us as distinguished Physicians among the Members of the Profession—and that a considerable use of these said Waters is made in this City. N. F. BELLEAU, Mayor.

Quebec, 23rd August, 1850.

Montreal, March 29, 1849.

Mr. Charles Larocque having submitted to me an analysis of the *Water of Plantagenet Springs*, made by T. S. Hunt, Esq., and requested my opinion thereon, I have to state that the proportion and combination of ingredients most admirably adapt them for use in gout, gravel, rheumatism, *some forms of liver disease, dyspepsia and dropsy; and to all forms of scrofula, except consumption.*

In regard to its use in cholera, of which he has some important and respectable certificates, it is to be remarked, that the saline treatment of cholera is rising into high favor in Europe, numerical investigations seeming to prove its superiority. Should such be the case, we have an excellent combination from the hand of Nature in the *Plantagenet Waters.*

PURE COD LIVER OIL.

THE Subscribers have the honor of announcing to the gentlemen of the Medical Profession, that they have been appointed AGENTS for the Sale of COD LIVER OIL, from the highly respectable House of RUSHTON, CLARKE & Co., of NEW YORK, and are now prepared to furnish such as may honor them with their orders with an article of undoubted purity.
Messrs. Rushton, Clarke & Co., in order to obtain this Oil in its entire purity and freshness, have established two Manufactories on the New England coast, and one at Newfoundland, where the article is manufactured from fresh Livers by persons especially employed by R. C. & Co., and generally under the personal inspection of one member of their Firm. The great care they have taken in the manufacture of this article has been attended with commensurate results, as may be known from the facts, that their sales of this article, for the last two years, have exceeded that of any other House on the Continent of North America, and have obtained the confidence and approval of the Medical Profession throughout the United States.
The Subscribers, wishing that the Canadas might have the advantages of procuring this valuable medicine in a state of purity, and from a source perfectly reliable, have undertaken the Agency of Messrs. R. C. & Co., with a desire of imparting confidence in an article of such importance, now of such value to the patient, and importance to the Physician.
Prices moderate. Pamphlets on the uses and mode of administration of Cod Liver Oil may be had gratis, by applying to the Subscribers.
