"R. M." Colborne, sends a very good solution to problem, as does Wm. Street, both of which are correct. Other correct answers have been received from Œdipus and "R. M." to enigma and riddle; and from Wm. Street to enigma and double acrostic. Thanks are due "R. M" and "W. F. W." for new contributions. "The Dreamer" an old friend under a new name, sends the only correct answer to charade, and several good contributions which will appear next week.

Only Bad Not,

When you go to Kansas and hear the young ladies speak of "dipping tous," don't let it alarm you. They are only referring, in the native tongue, to dancing.

Seeds of a mahogany tree sown three or four years ago on the island of Mauritius, have already produced trees twenty feet high, and from three to six inches through the trunk.

In Bordeaux, France, a young man was recently sentenced to six days' imprisonment and twenty-five francs' fine for having during the priest's temporary absence usurped his robe and his place in the confessional, and listened to the confessions of several young women.

The American Fish Culturist association intend to make a remarkable exhibition at the Centennial. It will embrace not only live, iced and stuffed fish whales, seals porpoises, turtles, frogs, alligators, crabs, lobsters, corals, sponges algæ, and other marine creatures, but prepared fish and roes, dried, salted, smoked, pickled, or corned, and also oils, spermaceti, gelatine, isinglass glue, leather, shell and whalebone.

An English mechanic recently kept his child at home because there were other children in his house who had the measles and whooping cough. He was arrested, fined three shillings, and not permitted to go home to get the money but was confined in a dark cell all night, his hair was cropped, and he was forced to put on prison clothes. His wife, with difficulty, heard where he was, paid the fine and he was liberated.

A gentleman in Great Barrington, Mass., has a geography published in London in 1749, in which California is described as an island, and a map is given showing it to be entirely surrounded by water. The book tells of a tree in Florida, the leaves of which, if bruised and thrown into a large pond of water, all the beasts which drink thereoff will swell up and burst asunder. It says that the air of Pennsylvania is generally granted to be clear and sweet, the heavens being seldom overcast with clouds, and that the length of days and nights is much the same as in New Jersey. There is a chapter devoted to "Rarities of New York," in which it is said that 'in divers parts of New York (especially those nigh and upon the banks of the river Connecticut) grows a sort of snake weed, whose root is much esteemed of for the biting of the rattlesnake.'

GIVE AND HAVE.

"Remember," said a trading Quaker to his son, "in making thy way in the world, a spoonful of oil will go further than a quart of vinegar."

A Duxbury man had bag of cats last week, which he calls the Seamless, as they won't have to be sewn. Some one stole them.

A Wisconsin girl living at Tuscola has three well developed arms. She can fix up her hair without cramming her mouth full of hairpins.

Women do more hard work than men; but it is it takes some women over four hours to do up their hair for any evening party, while a good smart man can do his up in three hours and fifty minutes.

The time for a man to stand firmly by Job's example is when he washes his face with home-made soap and begins to feel around over the chairs with his eyes shut, inquiring for a towel, quick, and is told that the towel is in the drawer, but the keys are lost.

"I hear that you belong to a white sixth," said a gentleman to a young lady friend a short time since. "It must be a charming way in which to spend an evening." "Oh, yes," she sighed; "the first evening we played 'Pedro,' the second 'Railroad Euchre,' and the last 'Old Maid.' We have not met since."

"What do you think of the present jury system?" inquired a man of an old Chicago ex-Judge the other evening. "Think," echoed the old man in disgust. "Why, I think it is getting so that if a man should plead guilty of murder, and try to get hung, the jury would, somehow or other, manage to acquit him."

The heat of Manzanillo, a small town on the West coast of Mexico, is proverbial. Colonel Harry B Beckler, the famous Mexican railroad manager, relates the following excellent yarn to prove the warmth of the place. The story runs that a soldier stationed there, after leading a not too exemplary life, was, when he died, condemned to a lower region not usually named in polite society. Shortly, however, after his burial his wife was not a little frightened to see him back again at Manzanillo and hastening to his hut door. She ran out to meet him, asking, "What is the matter?" He replied, "It was so cold down there that I have come back here to get my blanket, as I am afraid of catching cold."

It is a great year for the old men in U. S.—Grandfathers who have been neglected and made to feel that they were in the way, and wished they were dead, who have long been thrust away in the kitchen and left to mumble to themselves in the chimney corner, are astonished by being brushed up of an evening and brought into the parlor, where they are shown off to the company as Centennial relics. "Grandfather, you know Washington, didn't you?" screams a granddaughter in his ear, for he is very deaf. "Yes, yes," says grandfather, "the Gin'ral borer'd a chaw terbacocer of me many and many a time!" The old man is going to Philadelphia, sure.

VERY SENSIBLE.—Horse dealers who are supposed to know what effects their interest, purchase "Darley's Condition Powders and Arabian Heave Remedy" by the dozen, and feed it to their horses for the purpose of improving their condition, which it always does; others should profit by their example—Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

WAR AND COMMERCE.—It is urged by some that English trade has gained largely by the Franco-German war, and that she has been serving both belligerents to the great advantage of her commercial interest; but official statements prove that such has not been the case. But it is true that the sales of the "Canadian Pain Destroyer" are rapidly increasing, and gaining the confidence of the public, for curing coughs, colds, rheumatism, neuralgia, summer complaints, &c For sale by all Druggists and country dealers. Price 25 cents per bottle.

READ THIS TWICE.—Five to thirty drops of THOMAS' ECLECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One teaspoonful has cured Bronchitis of eight years standing, recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and Contraction of the Muscles it is unequaled. In Rheumatism or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. It is worth its weight in gold. Why not buy it to-day?—A. B. Dee Rochers, assistant postmaster, Arthabaskaville P. Q., writes:—"Thirteen years ago I was seized by a violent attack of Rheumatism in the head, from which I have nearly constantly suffered. After having used "Thomas' Eclectric Oil" for nine days, bathing the forehead, I have been completely cured and have only used half a bottle. This I can certify under oath if you wish."—Rev. J Mallory, Wyoming, N. Y. writes: "Dr. Thomas Eclectric Oil cured me of Bronchitis in one week Dealers all over the country say, "We have never sold a medicine that has given such complete satisfaction as this." Prudent mothers, whose sickly offspring have been wholly weaned by the judicious use of this unrivalled preparation, will be fully appreciative of the immense amount of misery it has saved them. Its soothing effect upon the parent, the ease it gives the child, the sweet sleep it induces, the vigorous health it brings, are but a few of the many benefits conferred upon the world by the use of this invaluable preparation. It is now used by all the leading nurses in the hospitals, and by the most eminent physicians in the land, who have long since given up the use of opiates in their practice, as being too dangerous and uncertain in their effects, even when not intended to be fatal, to the tender infant, to whom they are administered in the form of Paregoric, Laudanum, Opium, Morphine, Godfrey's Cordial, Quieting Powders, Drops, Syrups, &c., &c., &c., which are but a slow poison, and should be avoided by all who regard the health of their offspring. Beware of Counterfeits.

For the protection of the Public of British North America, I deem it my duty to state that my Pills and Ointment are neither manufactured nor sold in any part of the United States.

Each Pot and Box bears the *British Government Stamp*, with the words, "Holloway's Pills and Ointment, London," engraved thereon. On the label is the address, 533, Oxford Street, London.

This notice has become necessary, in consequence of vile and spurious imitations of "Holloway's Pills and Ointment," being fabricated at 78, Maiden Lane, New York, by parties styling themselves "Holloway & Co.," with an assumed trade mark, thus—

Unprincipled vendors can obtain this trash at a very low price, and so deceive you by selling the same for my genuine Holloway's Pills and ointment, which are manufactured only at 533 Oxford Street, London.

Persons who may be so deceived will be pleased to communicate with me.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Evans, Mercer & Co., Montreal.
Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.
Apothecaries' Hall Co., Charlotte Town.
Messrs. Langley & Co., Victoria, B. C.
Messrs. Moore & Co., Victoria, B. C.
Dr. John Fallen, Chatham, N. B.
Messrs. Munro & Co., Montreal.
Messrs. J. Winer & Co., Hamilton, Ont.
Mr. H. J. Rose, Toronto.
Mr. A. Chipman Smith, St. John, N. B.
Mr. John Bond, Goderich, Ont.
Messrs. Elliot & Co., Toronto.
Mr. J. Chaloner, St. John, N. B.
Messrs. Hannington Bros., St. John, N. B.
Mr. R. S. Priddy, Windsor, Ont.
Mrs. Orpen, Morden, N. S.
Mr. George C. Hua', Jan., Fredericton, N. B.
Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Yuile, Montreal.
Chas. I. Davies, Fredericton, N. B.

The medicines are sold at the lowest wholesale prices, in quantities of not less than £20 worth—viz., 8s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

OGILVIES & HUTCHISON,

The Estate of the Richest Man in the World.

Baron Rothschild's residence and estate at Mentmore is described as one of the finest and most extensive in England. It contains some 30,000 acres of the finest land in Buckinghamshire. It has gardens, greenhouses and graperies so arranged as to furnish fruit every month in the year. Oranges, pineapples, figs, bananas and other tropical fruits are grown in abundance. When the baroness is absent, yachting in the channel, or at her London house, orders by telegraph are sent to Mentmore daily for the supplies required. The vases in the fountain and Italian gardens cost each $1,000. The statuary is all of the most costly kind, executed by the first masters. The great hall, which is about 20x30 feet, is filled by vases and statuary. Its contents must represent a value of not less than £100,000. It takes not less than three hours to pass through the rooms. The finish is exquisite, and the furnishing of each sumptuous. Some idea may be formed of the whole from the furniture of a single bed-room, one of the many guest chambers, costing £25,000 or £50,000. In the dining and baronial hall are furnishings exceeding £200,000. Costly cabinets of the time of Louis XIV., of ebony inlaid with ivory or gold, diamonds, rubies and all sorts of precious stones, walls hung with the costliest tapestries of the time of Louis XVI., or covered with the richest needle-embroidered satin, may give some idea of the wealth lavished on this more than princely mansion. The costliest paintings adorn the walls, and the most skillful and expensive workmanship is displayed on the ceilings. The idea of the baron seems so have been to build and furnish a mansion such as no other person in England, except perhaps the Duke of Westminster, could expect to rival. The stud is said to contain more high bred horses than any other in the world. It embraces thirty-five hunters and as many racers, none of which are less in value than £500, while many of them run up to thousands.
