"LITTLE ITALY" IN WILD PANIC

Fresh Paint on a Gas Tank Catches Fire in the Italian Colony in New York.

New York, Aug. 16.—Fresh paint on one of the big gas tanks of the Consolidated Gas Company in First avenue between One Hundred and Tenth and One Hundred and Eleventh streets, caught fire Saturday, and in an instant the big steel cylinders were enveloped in a sheet of flame, and a terrible explosion of gas was prevented only by the prompt action of the fire department.

The blaze was the signal for a wild stampede of the residents for blocks around to get out of the neighborhood. In their panic people left their homes, shops and belongings, some even forgetting their children in the excitement which led many to run as far south as One Hundred and Fourth street to Willis avenue bridge on the north and over into Central Park to escape the expected explosion.

The horror-stricken Italians who compose the bulk of residents of the neighborhood fled, casting aside everything that would hamper their flight and trampling down the weaker ones. Second avenue, First avenue and all of the cross streets from One Hundred and Fourth street to Twelfth street became filled with a panic-stricken mob as the news of the fire spread and every effort was made by each to outrun his neighbor. The recreation pier at the foot of One Hundred and Twelfth street soon became jammed with people, and but for the strenuous work of the police many would have jumped into the water.

The tank is nearly 200 feet in diameter and rises nearly 120 feet above the ground. It was surrounded by a scaffolding and workmen had finished painting the lower 35 feet of the surface. The pain was still fresh and the inflammable oil burned fiercely. Almost as soon as the fire was discovered it completely surrounded the tank, while the cans of paints and oils left by the workmen on the scaffolding burst and dropped blazing into the moat surrounding the tank, the water in which prevented the ignition of the gas.

While the fire was one of the hottest that the fire department has had to contend with in some time, it was of short duration, the last vestige of the sparks having been extinguished within 45 minutes after the arrival of the apparatus. The firemen worked under great tension, expecting every minute that the reservoir would explode.

"I was nearer death tonight, I believe, than I have been before in many a day," said Deputy Chief Dougherty, who was in charge at the scene. "The bravery of the men, in facing almost certain death, was an example of heroism unsurpassed."

A BLOCK GUTTED

Carberry, Manitoba, Visited by a Disastrous Conflagration.

Carberry, Man., Aug. 15.—Early yesterday morning fire was discovered in the Stickle Block, which was completely gutted. The fire at one time threatened many other buildings, which fortunately escaped with a scorching or slight loss from water and smoke. Among the heaviest losses are: T. D. Stickle, owner of the block, which was worth about $15,000; two-thirds insured. S. H. Gilmour, general store; loss about $15,000; well insured. Jones' grocery stock, total loss; partly insured. Richardson's jewelry store, loss unknown. Haslani's book store, well insured. Phoenix furniture store, loss small. Row's tailoring store, loss small. Among the buildings damaged were: Western Hotel, insured; Noble Dickie building, covered by insurance; F. H. Hallette's house and contents, insured, and several plateglass windows in stores and buildings adjacent.

Japan has half as many miles of railroad as New York State, and is three times as large and has six times its population.

PRIVATE PERRY
the winner of the King's prize and champion target shot of the British Empire,
SAYS
"I attribute my good health, clear eye and steady nerves to the fact that I neither drink nor smoke. I never had a headache but someone was kind enough to send me a box of
Hedrite
and I gave the tablets to a few of my friends who are troubled with severe headaches at times, and they tell me it
HITS THE BULLS-EYE
every time."
This should establish our contention that
we are the only headache specialists in the world,
as we have made a "possible" with twelve trials. The only prize we ask for is the prize of popular trial and approval. Let us mail you a free sample box before you purchase our regular 25c size.
The Herald Remedy Company.
Chicago. Montreal.

A G. T. R. TOUR

Hays to Take Officials and Directors Through Far West.

Toronto, Aug. 15. — The directors and officers of the Grand Trunk Pacific Railway have been invited by the recently-elected president, Chas. M. Hays, to take a tour of thirty-eight days in the Canadian west. The purpose of the tour is to look over part of the ground through which the new road will run, and more particularly to look into the question of securing the best terminals possible, both on the Pacific Coast and on the great lakes. The party will leave Montreal on Saturday night, on a special train of five cars, and will travel to North Bay, via Toronto. About two days will be spent at Port Arthur and Fort William, and thence the party will proceed to Winnipeg and Edmonton. From Vancouver a trip will be taken up the Pacific coast to Kitimat, Port Arthur and other places, which are regarded as probable western terminals for the G. T. P.

Severe Headache
Stomach Troubles

Was Laid Up for a Month But Complete Cure Came With Dr. Chase's Ramedies.

Mr. Frederick Whittaker, 906 Queen's avenue, London, Ont., writes: "I used nine boxes of Dr. Chase's Nerve Food and six boxes of his Kidney-Liver Pills for a run-down system, and now feel like a new man in every way. Before beginning this treatment I had been laid up for a month, as I had not the strength to stand up at my work as machinist and suffered much from headaches, stomach troubles and pains in my legs.

"If I ever get run down in health again I shall not be long in trying these medicines, for I have proven their excellence."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for $2 50, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

ATHLETICS MAKE LOAFERS

Football Expert Gives Experience of Twenty Years.

London, Aug. 15.—Rowland Hill, for 20 years secretary of the Rugby Football Union, in talking of the effect of athletics on the community as a whole, said:

"One cannot help believing that a great deal too much time is spent upon sport. Games have a loafing effect if they are not recreations. What is a boy of 20 going to become when he has been doing nothing but play? He is absolutely ruined for indoor work. He will never settle down."

OUTLAW SHOOTS JAILER

Fatally Wounds Officer and Commits Suicide in House of Governor.

Helena, Mont., Aug. 15.—Isaac Gravelle, a train robber and desperado, brought to bay by pursuers and severely wounded, killed himself today in the basement of Governor Toole's house, made a break from jail in which he probably fatally shot Tony Korizek, a deputy sheriff.

Korizek was leading Gravelle out of a cellroom when the outlaw pulled a revolver which had been smuggled to him and fired twice at the deputy, both bullets taking effect. Gravelle ran one block eastward, where he tried to mount a horse. He was too hotly pressed, however, and continued his flight. A moment later he took refuge in the alley beside Governor Toole's house, from where he emptied his revolver at his pursuers. There Gravelle, wounded, ran into the governor's house, where he blew out his brains.

Gravelle was convicted five months ago of sending threatening letters to officials of the Northern Pacific, of whom he demanded $50,000. It was proved that he had dynamited Northern Pacific trains and property in an effort to blackmail the company. He was captured after a long campaign that cost the Northern Pacific $50,000. He was sentenced to ten years in the penitentiary. When he escaped he was on trial for robbing a powder-house near Helena of explosives which he used in wrecking trains.

Gravelle had been in the penitentiary twice before. He was a range rider and cattle rustler and was regarded as a dangerous man.

May Mean a Constitution.

Berlin, Aug. 13.—The Kleine Journal says it expects that the birth of an heir to the Russian throne will be followed in a few days by the proclamation of a constitution, claiming to have been informed that Emperor Nicholas vowed he would give a constitution to Russia is the empress gave birth to a son.

No Implement Combine.

Toronto, Ont. Aug. 15.—The Commercial West, of Minneapolis, says the McCormick, Deering, Frost & Wood and Massey-Harris Companies are to amalgamate.

Mr. J. K. Osborne, manager of the Massey-Harris Company, when spoken to on the question, stated that the report was "all rot. There was nothing in it at all. It is a canard got out about ten days ago," he added: "but there have been no negotiations whatever with our company."

Senator Lyman Jones, president and general manager, said: "There is no truth in it at all, so far as the Massey-Harris Company is concerned. There have been no overtures of any kind, nor do I know of any being made by others."

HAZARDOUS JOB, A DALAI LAMA'S

With One Exception They Have Died Young and Presumably None Too Pleasantly.

London, Aug. 15. — Col. Waddell, a well-known expert in Tibetan matters, describes how since the year 1749 it has been the policy at Lhassa to assassinate every dalai lama. In 1749 the Tibetans having massacred the Chinese at Lhassa, the Chinese Emperor sent a punitive army and restored the Chinese ascendancy and the influence of the Chinese ambans was enormously increased. They kept the appointment of a regent in their own hands and were the real driving power of state. Col. Waddell continues:

"Henceforth the dalai lama always died young. He never attained his majority. No sooner had a dalai reached the age of 18 than he died in a mysterious manner, thus necessitating the accession of a new-born infant and prolonging the regent's term of office. So a regent was always in charge of the Government and he has worked in collusion with the Chinese ambans to limit the life of the dalai lama.

"Of the four last dalai lamas, one died at 11 and the other three at 18. The present dalai has been permitted to become an exception to this rule, and this was a blow against the intolerable tyranny of China. The national party which has arisen in Tibet and to whom Chinese interference has become too onerous and distasteful, is credited with having saved the present dalai from the fate of his predecessors. Certainly he and his Government have now escaped from the Chinese leading strings. When the present dalai, who was born in 1876, reached the tragic age of 18, which is regarded as the limit of a dalai's life, the young national party by stratagem obtained the seals of office from the regent, whom they imprisoned in a monastery, where shortly afterwards he died. The dalai lama assumed sovereign power and deprived the Chinese ambans of any sav in the Government. The latter officials procured an indignant Chinese edict from Pekin, ordering that the regent be reinstated and the seals returned. Meanwhile the regent died or was murdered and a new senior amban came to Lhassa and was bribed heavily to let matters remain as they were. He suppressed the edict while at the same time leading the Pekin Government to believe that it had been complied with. Afterwards the opportunist young lama, profiting by China's loss of prestige through her defeats by Japan and afterwards by the allied armies in 1900, openly refused to be guided by the Chinese and these have now to confess how powerless they are in Tibet and how contemptuously the Tibetans regard their authority, which is now an empty farce.

"As recently as 1902 the Chinese viceroy of the western province of Szechuan, which adjoins Tibet, had to ask Pekin to send an army to Lhassa to make Chinese power respected."

POISONED COFFEE

Caused Death of One and Others May Die.

Mt. Sterling, Ky., Aug. 15.—At Frenchburg, Menefee County, Mrs. Bettie Botts is dead from poison, while Miss Lucretia Bowling and Miss Esther Downs are in a dangerous condition and may die. The women ate supper together, and shortly after they took violently ill. Mrs. Botts suffered in a horrible manner for several hours and died in great agony.

At supper the three women drank coffee tom an old coffee pot, and it is believed to have been poisoned. An investigation will be made, and it is believed that sensational results will occur. While no motive can be given for the attempt at wholesale poison, the people believe that it was a deliberate plot to murder them.

Misses Bowling and Downs are members of prominent families in the mountains. Mrs. Botts was not known to have any enemies, and no motive can be given.

NOW IT'S RED

Great Britain Annexes Bird's Island in the West Indies.

Kingstown, Island of St. Vincent, B. W. I., Aug. 13.—The British cruiser Tribune, on Aug. 11, landed a party under command of Lieut. Thelfall, at Aves, or Bird's Island, one hundred and twenty-seven miles west of the north end of the Island of Dominica, and annexed it as a British possession. Guns were hauled through the surf and landed, the British flag was hoisted, and a royal salute was fired. The Tribune then proceeded direct to St. Vincent, arriving here on Friday. The Tribune left on Saturday, being ordered to Venezuela to protect British interests at Caracas.

EXCESSIVE RATE CASE

Commission Decides Against the Kingston and Pembroke Railway.

Ottawa, Aug. 15.—The Canada Gazette Saturday contained the judgment of the Railway Commission on the complaint of J. A. Scovill against the Kingston and Pembroke Railway Company for alleged excessive freight rates. The commission orders that the respondent company immediate cease levying tolls on cedar and its products, such as lumber, ties, posts, telephone and telegraph poles, in excess of tolls on other descriptions of timber and their products.

HE WAS TOO EASY

Wife Divorces Husband for Being Too Fond of Her.

Denver, Col., Aug. 15.—Because Howard Bryning, of Kansas City, was too fond of his wife and acquiesced in everything she did, Mrs. Bryning has secured a divorce.

"My husband had no backbone," said Mrs. Bryning in talking over the strange reason for a divorce. "Whenever I asked for anything I always got it without question. There is no satisfaction in that kind of humdrum existence for me."

Mr. Bryning is traveling passenger agent for the Northern Pacific, with headquarters in Kansas City.

BURNED IN BED

John Berthiaume Burned to Death in an Arnprior Hotel.

Arnprior, Ont., Aug. 15. — Saturday night, about half-past ten, John Berthiaume, a Frenchman, was burned to death in a fire in C. A. Dagenais' hotel here. The blaze, which originated in a bedroom occupied by Berthiaume, was speedily extinguished, but the unfortunate man, who had been overpowered by the flames, died a few minutes after assistance reached him. It is supposed that deceased had been smoking while in bed, and, falling asleep, the pipe ignited the bedding. Deceased was about twenty-six years old, and a son of Mr. Berthiaume, of Bridwater, Que., He had been in the employ of McLaughlin Bros. for four or five years. An inquest has been deemed necessary. The damage to the hotel was very slight.

MINTO AND IMMIGRANTS

His Excellency Inspects Immigration Buildings at Quebec.

Quebec, Aug. 15. — His Excellency Lord Minto, accompanied by his military secretary, Major Maude, went to the immigration buildings Saturday morning and made a minute inspection of all the arrangements. He watched the medical inspection and asked a number of questions of all the passengers he came in contact with, and was particularly desirous to learn if the steerage passengers were well treated and properly fed on board the steamship Parisian on their way to Quebec, which was answered in the affirmative. His excellency afterward went into the building occupied by the American immigration commissioners and watched their mode of procedure, and then inspected all the apartments of the main building. He appeared perfectly satisfied with his tour of inspection.

DEPORTED A RECTOR

U. S. Ships Rev. Mr. Hart Back to the Old Country.

Washington, Aug. 13. — Alfred Burleigh Hart, who was arrested at Ellis Island as he landed from England, on the charge that he was attempting to enter the country in violation of the immigration laws, today was ordered by the immigration authorities to be deported.

Hart, who claimed that he was the rector of a church in Brooklyn, and that he had resided in the United States for more than a year prior to a recent trip to England, was detained at Ellis Island until he could have a hearing on the charges.

It was alleged that he had been convicted in Great Britain of a crime involving moral turpitude. The inquiry developed truthfulness of the allegations. The testimony in the case was transmitted to the Washington authorities, arriving here today. After an examination of the testimony, the immigration authorities, acting under the law, which is practically mandatory, ordered the deportation of Hart.

New York, Aug. 13.—Alfred Burleigh Hart, who has been ordered deported, established the Church of St. Mary's, in Schenectady avenue, near Atlantic avenue, Brooklyn, after he came here a few months ago. He asserts that he was entitled to enter the United States because of his former residence here. He was arrested Friday and taken to Ellis Island on the charge that he had been convicted of a crime in London and so was not eligible to land here.

Mrs. Winslow's Soothing Syrup.
has been used for over FIFTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN, CURES WIND COLIC, and is the best remedy for DIARRHŒA. Sold by druggists in every part of the world. Be sure and ask for "Mrs. Winslow's."

London possesses a curiosity in the Southwark eel market, which is said to have been held regularly for over 300 years.

If attacked with cholera or summer complaint of any kind send at once for a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it according to directions. It acts with wonderful rapidity in subduing that dreadful disease that weakens the strongest man and that destroys the young and delicate. Those who have used this cholera medicine say it acts promptly, and never fails to effect a thorough cure.

IT RETAINS OLD AND MAKES NEW Friends.- Time was when Dr. Thomas' Eclectric Oil had but a small field of distribution, but now its territory is widespread. Those who first recognized its curative qualities still value it as a specific, and while it retains its old friends it is ever making new. It is certain that whoever once uses it will not be without it.

THE WEATHER TODAY— Fine.

NEW SICILIAN JUST ARRIVED
