A NEW FINANCIAL LIGHT.

ALD. HALLAM MAKES A SUGGESTION TO THE EXECUTIVE COMMITTEE.

The First Quiet Meeting for Months—Ald. Dodds Upsets the Parks Grab Scheme—The City Auditors Will Have to Wait for Their Increase.

The Executive Committee's meeting yesterday partook of the character of a love feast, so well did the members present agree on the various subjects broughs up for discussion. Ald. McMillan (chairman), Galbraith, Roaf, Gillespie and Carlyle (St. Thomas) were present. Among the communications was a letter from Manager Walker of the Bank of Commerce, acknowledging the resolution of council granting it the $1,000,000 loan and giving a 1½ per cent. guarantee for the local improvement debentures.

Ald. Gillespie: "Have you any money borrowed at 4½ per cent.?"

Chairman McMillan: "I believe we have."

Ald. Gillespie: "Then I advise that the money to pay it be drawn from the $1,000,000 fund and no time wasted about it. It will save ½ of one per cent."

Chairman McMillan: "I fully agree with you, and the matter will be attended to."

Hackman Vanuchi secured a remission of his fine of $1 and costs inflicted by the Police magistrate for his leaving his hack, it having been discovered that the policeman had no right to interfere with him.

The following letter from Ald. Hallam was referred to the Legislative Committee:

Chairman McMillan,—I hope you will bring the following matter before your committee this afternoon—the advisability of issuing debentures for local improvements paying not more than 3 per cent. to be in small denominations of $25, $50 and $100, these to be registered and issued and redeemed by the City Treasurer from time to time.

To do this would require power from the Local Legislature which would be easily obtained.

I am persuaded that there are tens of thousands of dollars lying idle in small sums that would gladly accept such a safe investment. The credit of the city is better than that of any bank or loan society, and would find favor with small investors, especially when they know they could realize on them at any time.

I throw out the suggestion for what it is worth. JOHN HALLAM.

A short discussion took place on the patrol wagon case, in which F. W. Stevens and James Watson sue the city for damages caused by a collision between their vehicle and the police wagon. The Police Commissioners had been added to the suit as defendants, and the City Solicitor desired to know if it was the desire of the Committee that he should defend them as well as the city. It was not in his original agreement with the city, but he was willing to do all he could in the interests of the corporation. The Committee gave Mr. Biggar the necessary powers.

Mr. Biggar also reported the progress of the various suits in which the city either appeared as plaintiff or defendant. Several had been settled, among them Clend-ning v. Toronto. The Board of Works investigation appeal had progressed another step and the street car reference will commence at the City Hall on Monday next.

A by law was introduced appointing the city auditors for the coming year, and fixing their salaries at $1500 a year instead of $1350, the present figure. Ald. Galbraith and Carlyle opposed the increase, and the clause dealing with it was amended by bringing the salary back to the old amount.

The consideration of the reports of the standing committees was taken up and rushed through. The clause in the Board of Works referring to the appointment of Mr. Villiers Sankey as City Surveyor was referred back until such times as a salary be recommended for the office.

When the Property Committee's report came up for consideration, Ald. Dodds objected that in the scramble for the parks appropriation every park had got money, but that nothing had been given for the Garrison Creek ravine. He thought that the Horticultural Gardens had no claim. When the $100,000 had been appropriated for park purposes the Horticultural Gardens was not the property of the city. He moved that the clause granting the division be referred back.

The chairman sided with Ald. Dodds, believing that it was a matter of doubt as yet how much money there was really left after the Island Park bills had been settled. There could be no division of an unexpended balance until it is known what the balance really is.

Ald. Carlyle and Roaf fought strongly against the motion, but it was carried by four to three.

He fell in love with his wife. She had just been down to the Army and Navy stores and bought a warm little nap overcoat to at Jimmy for a dollar and a half and it had a cape on. It is so easy to live on your income if you buy your clothing at the Army and Navy stores; and it is not only the low prices at the Army and Navy which draw the crowd but the nobby styles and durable goods. Those who once buy at the Army and Navy always buy there.

Pat's Desert.

"Dont' you have any dessert, Pat?"

"That's that?"

"Why, something to eat after your dinner."

"Yis! yis! I have me supper, sur."

On The Watch.

Mr. Bigg—If I should be late to-night, dear, don't sit up for me. You will be lonely.

Mrs. Bigg—Oh, no; the clock will keep me company.

180,000 people in Toronto, and about one-quarter of them buy their clothing at the Army and Navy stores. Men's overcoats are having a great run just now. An elegant blue nap overcoat, velvet collar, Verona linings and made equal to the best custom trade and the price is only ten dollars. Do not spend a cent for clothing till you've been to the Army and Navy stores. Positively no shoddy goods sold at the Army and Navy stores if they know it.

Over Particular.

Lady—If Mr. Wigoff should drop in, tell him to come upstairs.

Servant—An' if he shouldn's drop in, mum, shall I tell him to stay downstairs?

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

A Pertinent and Impertinent Question.

Mistress—If you spend all your time looking out of the window you wont get your work done!

Servant—Well, mam, be I hindering yez from doing it?

FIREPROOF BUILDING MATERIAL.

Dr. Stephen Smith, an eminent physician of New York, Vice-President of the National Board of Health, and late State Commissioner in Lunacy, after a critical examination of Terra Cotta Porous Ware, strongly recommends its use in hospitals, asylums and similar institutions, as "it makes a floor and wall that noise can scarcely penetrate, and capable of taking a finish which will be permeable to air, and may be washed and disinfected."

A recent test at the St. Lawrence Foundry, Toronto, shows that our 9 inch flat arch blocks, in a span of four feet, sustained, without any indication of weakness, 4515 lbs. of metal on one square foot of surface.
