Sanitary Measures.

In view of the fact that there have recently been several cases of contagious diseases in our neighborhood, we feel it the duty of the MONITOR to call the attention of our readers, and the public generally, to the sanitary condition of our town, believing that the strictest precautionary measures should be used at this season, as the excessive heat of the previous week, followed by the heavy damp atmosphere of the past few days, would prove a ready helper to the spread of disease, were it to gain a foothold. It has been frequently remarked that we have been most happily free from sickness since the introduction of our fine water system; and there is no doubt that pure water is the greatest requisite to good health. But to insure exemption from the spread of various forms of disease, it is the duty of each and every householder to carefully inspect and thoroughly purify their drains and outbuildings, and freely use such simple and effective agents as dissolved copperas, chloride of lime, and fresh earth; and we would recommend the frequent flushing of our main sewers, if such can be accomplished, and to the abundant use of water should be confided the care of our gutters, used first in the form of a shower to lay the dust, and afterwards in a vigorous stream to wash away any germs of disease that may be lurking in the dirt or refuse.

The Bridgetown Band Re-organized.

It will be most gratifying to our citizens and the public generally to learn that Mr. Horace Bishop,—with the hearty cooperation of a few of the old bandsmen,—is once more using every effort in his power to reorganize the Bridgetown Brass Band, and that he has thus far met with considerable success, having already secured the services of a number of pupils who will, in all probability, remain at home for some time to come. On Monday evening last, after only a few rehearsals, an open-air concert was given in Queen Square which attracted a very large number of promenaders; and the degree of efficiency with which the choice selections were played, clearly betokened that in a very few days the band will be up to its former standing. Now that there is a disposition manifest on the part of our young men and their leader to revive and reorganize this much-appreciated object, is it not the duty of citizens to lend their assistance and afford encouragement to those who gratuitously give their time and energy in furnishing the amusement.

Death of Anslie Elliott.

We are again called upon this week to announce the sudden and unexpected death of a prominent and well known citizen of our county, Anslie Elliott, Esq., who died on Wednesday, the 10th inst., of typhoid fever, at his home in Port George. The deceased was the eldest son of Mr. Thomas Elliott, of Mount Hanley, and had for years been engaged in merchandise in his native place, where he carried on a large and successful business. He was also postmaster at that place. In the autumn elections of 1888 he was returned to represent Ward No. 2 in the Municipal Council and held the position up to the time of his decease. By his industry and close application to business he had accumulated a large property, while his kindness to the wants of the suffering and needy will cause his loss to be keenly felt by that class. The funeral took place on Friday, the 12th inst., at Port George, and was attended by a large concourse of people. The deceased was buried with Masonic honors by the brethren of Rothsay Lodge, Bridgetown, of which lodge he was a member, assisted by Ionic Lodge of Middleton. The Rev. Mr. Gee of Middleton conducted the religious services. Mr. Elliott was in his 50th year and leaves a widow and seven children (four girls and three boys) to mourn their sad bereavement.

Convention Meetings.

To-morrow (Thursday) evening at 7.30, first session of Ministers' Institute; second session Friday morning at 10 o'clock; third session Friday afternoon at 2.30.

Friday evening at 7.30 first session of delegates to consider the organization of a Maritime Young Peoples' Baptist Union.

Saturday morning from 8.45 to 9.30 second session of B. Y. P. U. Papers and general discussion.

Monday morning from 8.45 to 9.30, third session of B. Y. P. U. Devotional exercises, papers, addresses and general discussion.

The regular sessions of the Convention proper begin on Saturday morning at 10 o'clock and close on Tuesday evening following.

The services of the Sabbath will be more than usually interesting. There will be meeting in the Baptist House, morning, afternoon and evening, and many of the surrounding pulpits will be supplied by ministers from the Convention. At 8 p.m. there will be a mass meeting in the Baptist Church at which speeches will be given by some of the most eloquent speakers, including a stirring address by the great Dr. F. L. Wilkins of Chicago, Secretary C. Y. P. U. A.

W. B. M. UNION MEETINGS.

The following is the programme for the meetings of the Woman's Baptist Missionary Union, to be held in connection with the convention:—

Thursday, 7.30 p.m.—Executive meeting.

Friday, 9.30 a.m.—Prayer meeting. 10 a.m., Executive meeting. 2 p.m., Enrolment of Delegates; report of the secretary, Mrs. G. O. Gates; report of the treasurer, Miss B. Smith; reports from provincial secretaries: Nova Scotia, Miss A. E. Johnstone; New Brunswick, Mrs. C. H. Martell; P. E. Island, Miss M. E. Davies; appointment of officers. 7.30 p.m., county sec. meetings for reports.

Saturday, 9.30 a.m.—Prayer meeting. 10 a.m., unfinished business; questions asked and answered. 2.30 p.m., platform meeting; addresses by Mrs. Archibald and others.

The Friday and Saturday meetings will be held in Providence Methodist Church, kindly loaned for that purpose.

Below will be found a list of the delegates to the Baptist Convention, meeting this week with the Baptist Church in our town, together with the names of those by whom they are to be entertained. The committee requests that those entertaining be at the train Friday and Saturday afternoon to meet their guests.

Wedding Bells at Port George.

On Wednesday last the usually quiet little village of Port George was the scene of considerable bustle and excitement, and bunting floated to the breeze from the topmasts of the schrs. *Leo* and *Sparmaker*. The occasion of this and other unusual features was the marriage of Capt. J. B. Tingley, of Albert, N. B., to Evangeline, daughter of the late Granville B. Reed, Esq., which occurred in the Baptist Church at 10 o'clock, a.m. After the immediate relatives had partaken of a daintily-prepared breakfast at the residence of the bride's mother, the party repaired to the pretty little church, which had been beautifully decorated with flowers and house plants, and as the bridal party moved up the aisle, the choir, under the direction of Mr. R. G. Anderson, rendered a choice selection of music. The ceremony was performed by the Rev. E. E. Locke. The bridesmaid was Miss Nisson, a cousin, and the groom was supported by Mr. H. E. Reed, of Middleton, a brother of the bride. At the conclusion of the happy event the newly-wedded and party drove to the station at Middleton, where they took the "Fying Bluenose" fast express for Annapolis, amid congratulations, showers of rice, torpedoes, etc., for New York *via* Yarmouth, from which port they sail on the captain's ship, the *J. I. Smith*, for London, the bridesmaid, Miss Nisson, accompanying them on the voyage. The bride is one of our most talented and estimable young ladies, which was fully exemplified by the large number of handsome and elegant presents received.

Lawrencetown.

Potato bugs are still on the rampage, and Paris Green is being administered freely.

We hear with regret of the death of Mr. Anslie Elliott, of Port George. He will leave a vacancy not easily filled.

There will be a Woman's Missionary meeting on Friday afternoon in the Methodist Church. A cordial invitation is extended to all who like to spend a happy hour or two.

There is to be a mamouth Picnic of the Baptist and Methodist Sunday-schools and Brass Band. It will start at sharp eight o'clock on Wednesday morning for Margaretville. They hope to have an enjoyable day if the weather is propitious.

Miss Hoyt of New York, and Miss Manning of St. John, are visiting at Councillor Elliott's. Dr. James Hall has returned from St. John bringing Proffessor Eaton with him. They both leave on Wednesday for a trip through British Columbia,—a very enjoyable cruise, with good company Miss Betts leaves to-morrow for a short visit to her friends at Clements.

Round Hill Gleanings.

Rev. Mr. Lockward, of Port Medway, conducted the services in St. Paul's church on Sunday last.

The breakwater was completed last week. To comment upon the work would be perhaps to depreciate the Dominion Government, and therefore the gleaner will not comment.

PERSONALS.—Mr. B. Bates returned to Boston on the 9th. E. Dodge of Kentville is visiting in the village. Mrs. Brittain, of St. John, returned home last week.

OBITUARY.—After an illness of only a few days' duration, Mrs. Busby Bent, of Bentville, died suddenly on Saturday the 13th. Kind, cheerful and charitable, as a neighbor she will be long missed by her many acquaintances, while in her immediate family she leaves in bereavement a husband, two sons and two daughters. The funeral took place on the following Monday in the Round Hill Cemetery.

In the demise of Mrs. D. McDormand, Round Hill loses its oldest citizen save one. She was in the 92nd year of her age, and up to a very recent date had pursued a life of unbroken activity. Her death occurred on Monday last.

Clarence Chips.

Messrs. Nisson and Burke have been prospecting on the side of the Mountain here, and think they have struck iron ore. If the ore should prove to amount to anything upon being tested, we may start a rival trade with Torbrook.

Haying is getting nearly done although several have not finished yet. The crop was a good one, and in some cases better than the average. The apple crop in this place will be light on the whole. The festive potato bug, who has maliciously stolen the reputation of the ant for industry, is busy engaged in destroying the small crop of potatoes that the farmers planted, so that crop will be light. Grain of all kinds looks finely and promises a good yield. Plums are a total failure.

Miss Eva Freeman and Miss Hattie C. Marshall returned to Boston last week after spending their vacations here. Miss Alice McPherson left Wednesday for Watertown, Mass., where she expects to stop for some time. Mrs. John Roney returned last week from a two weeks trip to Molega, Queens Co. Mrs. D. Nichols a former resident of this place, but now of Boston, is making a visit among her friends here. Miss Gertie Marshall spent last week in Paradise.

Paradise Gleams.

Haying is about finished with most of the farmers.

Picnics and parties are the order of the day, or were last week. There were also three parties one evening, not the least noticeable of them was an "After Tea," given by Mrs. J. C. Morse.

Mr. and Mrs. Small went to their home last Wednesday. Mr. J. M. Longley attended the summer school of science in St. John. Mr. W. M. Bent visited his aunt Mrs. G. Dodge in Kentville last week. Rev. and Mrs. Kinley returned from their visit to Kentville early in the week. Mrs. Shoemacker and Mrs. Gordon were the guests of Mrs. L. C. Marshall last week. Miss Mary Bent, of Bentville, was also visiting here, but was called home on Saturday morning, owing to the sudden and severe illness of her mother, Mrs. Busby Bent. Mrs. Marshall and daughter Eliza and Master Charley Tupper are spending this week at Port Lorne.

Port Lorne.

The fishermen are taking a good catch of herring, of fine quality.

Quite a number of Americans are enjoying the cool sea breeze at the port this season.

The schr. *Princeport* came here a few days ago for a harbor, Capt. John Brown master.

Mr. Harris Elliott is now home from St. John on a visit. Miss Ella Miller of South Boston, Miss Bessie Brown and Master Fred Miller of Somerville, Mass., are visiting friends and relations here. Mrs. Herbert Williams and family have returned to their home in Clarence, after a stay at the beach.

Middleton's New Paper.

The Valley Scribe, published at Middleton, made its bow to the public on Saturday last, and will, after a lapse of two weeks, be published regularly every Thursday in that thriving town. Mr. G. S. Hutchinson, of Digby, son of Francis Hutchinson, Esq., Register of Wills, is editor and proprietor of the journal, and in his salutatory announces that *The Valley Scribe* will be published in the interests of the liberal party, the liberalism that it espouses, however, being of a radical character and in a sense independent. The paper is neatly and cleanly printed, and in size as large as most of our country weeklies. We wish Mr. H. every success in his new enterprise and feel assured that the party whose cause the paper advocates, will give him a hearty support.

Diarrhœa and Vomiting.

GENTLEMEN,—About five weeks ago I was taken with a very severe attack of diarrhœa and vomiting. The pain was almost unbearable and I thought I could not live till morning, but after I had taken the third dose of Fowler's Wild Strawberry the vomiting ceased, and after the sixth dose the diarrhœa stopped, and I have not had the least symptom of it since. Mrs Alice Hopkins, Hamilton, Ont.

Summer Complaints and all Bowel Troubles are soon cured by Johnson's Anodyne Liniment

Nictaux Falls.

The outside appearance of our school house has been greatly improved by the application of two coats of paint in colors.

Mr. C G. Rowell, of Lynn, Mass., who, with his wife, was visiting her people in this place, left for home on Wednesday.

Willie, and his sister Venie Ward, of Melvin, the Misses Jennie and Lulu Webster of Cambridge, and a Mr. Caldwell of P. E. Island, are the guests of friends in our village.

The casket, containing the body of Harry Charleton, who died at New Germany on Friday, was borne by Saturday's train to Waterville, the home of his parents, for burial. Mr. Charleton was station-agent at New Germany.

Gilbert Smith, who since May has been in Massachusetts, returned home last week. Mr. Smith, though apparently in good health when he left home in the spring has, with the exception of a few days, been unable to work during his absence, and is now quite unwell. Mr. S. is a very exemplary young man, and is held in high esteem by his many friends. We hope that the change of climate will prove beneficial and lead to his complete recovery.

Mr. Solomon Drew, we are sorry to state, met with quite a serious accident on Saturday. He was hauling earth and was walking by the side of his load, between the front and rear wheels of his wagon, when the hind wheel caught his heel pressing it forward and his toes backward, and had he not succeeded in stopping his team, his foot would have been broken. As it was his foot was crushed out of shape and possibly some bones are fractured. It is badly swollen and much pain is endured.

Your correspondent, with his family, was in attendance at the Berwick Camp-Meeting Saturday, Sunday and Monday, where a good time was enjoyed. Sunday, being a beautiful and cool day, several of our citizens drove up in the morning and returned in the evening. The meetings were very orderly, and the best of feeling prevailed. The promise that God will meet with his people, when assembled in his name, was truly verified, and the influence of the Divine Spirit upon the many Christians there met, will long be felt. One would suppose, after listening to the excellent discourses, that our ministers reserved their best for the Camp-Meetings, but doubtless the secret of their power is, that upon these occasions, there is a special manifestation of God's spirit. The after or praise meetings were invariably conducted by Drs. Woodbury of Halifax. These gentleman, though dentists by profession, yet possess rare ability to conduct religions services and reach the hearts of the people. Many, both old and young, found, for the first time in their lives, the Saviour to be precious. We think that any christian who may feel prejudiced against Methodist Camp-Meetings has only to attend one such as we have just witnessed, to become in perfect harmony with the spirit that characterizes them and be convinced that they are a means to a glorious end. We are pleased to note that those who came only to find enjoyment in drinking, fast driving and other wordly sports, expressed themselves as finding it a dull place. We trust that this is only the beginning of reform in this respect, and that in years to come, all outside influences of an immoral nature will be unknown.

Middleton.

The apple crop is reported below the average in this section of the county.

Our long looked for *Valley Scribe* has made its appearance, and is quite a creditable effort.

The farmers are all "nearly done" haying, but the continuous bad weather of the past week has been against "finishing up."

Mrs. O. Wheelock gave an "at home" last Saturday evening, in honor of guests, among whom is Mrs. J. Gavaza, of Annapolis. As usual, it was a success.

We are sorry to announce that our respected resident, Deacon Obadiah Dodge, sick for some days past, is still quite ill, with very little if any improvement in health.

A. J. Morrison, Middleton's custom tailor and ready-made clothing dealer, has about finished the excavation of a cellar, and will at once proceed with the erection of a handsome new residence.

Our popular merchant, Capt. J. H. Chute, although unable to be out, is convalescent and rapidly recovering from his late severe illness. The extension of his store is nearly completed on the outside, and will, when finished, greatly facilitate his business welfare.

The water magnates have concluded that it is necessary to tap the adjacent springs leading to the reservoir, and with that intention a number of men, under the direction of the genial "'Gene," started for the mountain, armed with the necessary implements for effecting the labor.

Belleisle Bits.

Granville Hall was entered during the night a short time since, and the treasury of Greenleaf Division was robbed of funds amounting to $14.00.

We are very sorry to learn of the very sudden and severe illness of our very much respected resident, Robert H. Troop, Esq. His condition at present is causing his family much anxiety.

Our most popular young teacher, Mr. Harry L. Bustin, who is teaching at Melvern Square, spent a few days home with his parents last week. Mrs. Samuel Reed of Boston, is visiting her sister, Mrs. Abner Neily. Mrs. Jos. Bennett and daughter of Dorchester, are visiting relatives here.

The weather during the past week has been most oppressively hot and wet. Large quantities of hay have been badly damaged if not spoiled in consequence. Last Wednesday was the hottest day here within the memory of the oldest inhabitant. A great many had to leave the fields and seek a shelter from the intense heat.

They poulticed her feet and poulticed her head,
And blistered her back till 'twas smarting and red,
Tried tonics, elixirs, pain-killers and salves,
(Though grandma declared it was nothing but "narves.")
The poor woman thought she must certainly die,
Till "Favorite Prescription" she happened to try.—
No wonder its praises so loudly they speak;
She grew better at once, and was well in a week.

The torturing pains and distressing nervousness which accompany, at times, certain forms of female weakness, yield like magic to Dr. Pierce Favorite Prescription. It is purely vegetable, perfectly harmless, and adapted to the delicate organization of woman. It allays and subdues the nervous symptoms and relieves the pain accompanying functional and organic troubles. Guarantee printed on bottle wrapper, and faithfully carried out for many years.

SHAFNER & NEILY

Take pleasure in announcing to their many patrons and the public in general that having now thoroughly renovated and refurnished their store they are in a position to offer their large and varied stock of

GROCERIES,
FRUIT & PROVISIONS,
AT PRICES THAT CANNOT FAIL TO SUIT ALL.

In said goods we renew our stock weekly, so that all our lines are Fresh and New.

TEA. TEA.

We have a large consignment of Tea, of superior qualitys direct from London, which is giving splendid satisfaction, and will be pleased to

GIVE SAMPLES TO ANY WISHING TO TRY.

A liberal Discount on job lots.

FLOUR, FEED, ETC.

We are making a specialty of Flour, Oat Meal, Corn Meal, Feed Stuffs, Etc. Having made arrangements with millers' agents and shippers in Boston, we are satisfied we can sell, wholesale or retail, at prices that, under our present arrangements, no other dealer in the county can afford to compete with, as these goods are brought here by our own packet, the schooner *Genius*, which will ply the coming season between here and Boston.

Glass, Earthenware, Etc.

We have a large and finely assorted stock in this line, to which we invite inspection, as we are selling way down fine.

Our customers and the public generally will find that in the Staple Goods referred to we will give bargains such as,—under our present arrangements, —no other dealers in the country can afford to compete with.

Give us a trial and be convinced.

SHAFNER & NEILY.
