FEELING IN WINNIPEG IN FAVOR OF ANDERSON

Amateur Detective Davis Made Sure of Reward and Started East.

WHAT THIS SLEUTH SAID

When Reporters Tried to Pump Him as to How He Got Into the Confidence of the Ex-Bank Clerk.

SAYS PUBLIC CAN WAIT FOR TRIAL.

Bail Will Be Asked for the Prisoner if He is Not Discharged on Wednesday.

Winnipeg, Aug. 10.—(Special.)—Regarding the Molsons Bank robbery, Percy Davis, the detective, was interviewed to-day.

"I understand you worked on Holmes' case," said the reporter.

"Yes, being acquainted with Holmes and his manners, I was engaged to do some work on the case."

"Do you consider prisoner Anderson a shrewd young man?"

"He certainly is. I tell you he is no fool. The way he went about this affair will show how shrewd he really is. Many a man would pay him a big salary to do the work. Had he minded his own business when in the bank his ability would have soon brought him to a position as manager of a branch bank."

Changed the Boarding House.

"You boarded with him at Dawson's, did you not?"

"Yes, I went there, but I found there were so many there that it would be difficult for me to do much with him, and, consequently with some difficulty I got him away."

"The theory that you secured his confidence is true, and that he told you where the money was to be found?"

"As to that I cannot say anything now. The public have had to wait almost a year to find out where the money was, so now let them wait a while until the trial comes off."

Davis Goes East.

Rumor to-day is that Davis received $10,000 this morning and left for the east.

Mr. J. A. M. Aikens, Q.C., who is retained to defend Anderson, said that Davis used the utmost precaution before he gave any information in regard to the discovery of the money, and had a letter from the bank guaranteeing payment of the $10,000 reward or a proportionate amount for whatever he recovered.

A Feeling of Relief.

Bankers and financial men confess to feeling relief now that the money has been found. This is the only fact, because the man who is now in prison may have had nothing to do with it.

It is likely that at the next hearing at the Police Court, assuming that the case is not concluded and prisoner discharged, Mr. Metcalfe will ask that his client be released on bail.

Feeling Favors Anderson.

Citizens contend that all that Anderson has done at and since his arrest are the acts of an innocent man. His desire to keep the arrest from Driscoll, his employer, till he could explain it is, they think, an evidence that Anderson knows it is a mistake and expected to be shortly released. At the jail Anderson has been visited by reporters, but, acting doubtless under direction of counsel, he has refused to see any press men. If Davis was not a detective, and simply took advantage of a friendship, casually formed, his most comfortable place will be outside of Winnipeg. There is lots of feeling in favor of Anedrson.

Who Percy Davis is.

Percy Davis, who unearthed the $60,000 which was stolen from the Molsons Bank at Winnipeg, is a nephew of Mr. R. R. Davis, ex-school trustee for Ward Two. The young man is only 26 years of age, and has many friends in Toronto. Percy was born in Mitchell, and received his education there. For four years he was traveler for the dry goods firm of Marshal Field & Co. of Chicago, and severed his connection with that company owing to ill health.

OIL OF CEDAR KILLED HER

Mrs. Robert Graham Took the Drug, But Not With Suicidal Intent.

Port Hope, Aug. 10.—Coroner Dr. Corbett has just held an inquest into the cause of the death of Mrs. Robert Graham, the 17-year-old wife of Robert Graham, Lake Shore-road. After hearing the evidence the jury returned the following verdict:

That the said Mrs. Robert Graham came to her death from a dose of the oil of cedar, taken with her own hand, but not with suicidal intent.

We also recommend that druggists be more careful and comply with the Pharmacy Act in regard to the sale of poisons.

Mrs. Graham had been married a year.

HEAVY STONE FELL ON HIM.

Charles Turner's Leg Was Fractured in Two Places.

Charles Turner of 108 Shaftesbury-avenue was seriously hurt yesterday afternoon while at work in the C.P.R. yards near the King-street subway. He was assisting to unload a heavy stone weighing several tons from a freight car, when it fell and jammed his right leg. Two compound fractures were inflicted to his leg, and it was also badly crushed. The ambulance removed him to the Emergency Hospital, where he is now resting easily. Turner is 31 years of age and married. He is an employe of Brutnell & Company, stone merchants.

Mrs. John Neil Dead.

Yesterday morning Mrs. John Neil passed away at the home of her son, Rev. John Neil, pastor of the Westminster Presbyterian Church. Deceased was 82 years of age, and was the widow of the late John Neil of Mono Centre. She had resided with her son at 18 Charles-street for several years. The funeral will take place to-morrow from the manse to Mono Centre.

Mosquitoes and Black Flies

Are harmless if you use Bingham's Mosquito Oil. Tourists, campers and fishermen should never be without it. Bingham's Pharmacy, 100 Yonge-street. 1357

Technical Education.

The Committee of the Board of Trade on Technical Education met yesterday morning and received the report of the subcommittee dealing with that important question.

FLAHERTY ON GOLDEN OTIS.

Report of the Mine Manager Read at the Meeting of Shareholders Held Yesterday.

MINE DEPLETED OF BEST ORE,

But More Development Might Pay—How the Directors Are Said to Have Averted a Wreck.

"If I had known the position of affairs, $5000 would not have taken me on the directorate."

This statement was made by Mr. Hugh Blain at a meeting of the shareholders of the Golden Star Mining Company, held in the board room of the Queen City Insurance Company yesterday afternoon.

There were fully 200 shareholders and mining men present, and those of the former who had purchased their stock on the boom were inclined to "roast" the directors for not placing before the public the true condition of affairs of the property when the change in the directorate took place. It was alleged that the actions of the officials were suspicious, and reports were referred to which gave shareholders the idea that the directors were getting out from under what they knew was a failing proposition.

President Wood's Explanations.

Hon. S. C. Wood, president of the company, in answer to the question whether since the reorganization any of the directors had sold their stock stated that there was not one, and proceeded to give the shareholders an account of what had taken place since the new directors were appointed, and the reason for the meeting in calling a meeting of shareholders, and the cancelling of the dividend of 1 per cent. The delay in bringing the books, accounts and vouchers from Duluth to Toronto and their examination took up a lot of time, and from the statement of affairs it was shown that the company could not pay 1 cent. On advice of Mr. Lash the dividend was cancelled, and ½ cent declared. Then it was decided to wait for the report of the mine manager, Mr. Flaherty, and when this was received the meeting was called. Mr. Flaherty's report does not make it look bright for the future of the company.

Is There a Pinch?

With the exception of the extension of a few feet of drifts, on two levels, practically no development work has been done since Dec. 1, 1898. On what date the ore on the surface ore from the 375-foot sinking and 1000 feet of drifting, and the mine was fairly opened up for stoping. The higher grade ore, with the exception of a slight amount remaining in levels 7 and 8, has all been milled, and on the fourth level work at a distance of about 100 feet from the shaft was encountered rich ore that gave such high values on the upper levels that, contrary to reports, this rich streak has not pinched between the third and fourth levels, and there is every indication to warrant us to believe that it continues down indefinitely, although swinging north from the shaft.

In a Depleted Condition.

"The mine is in a depleted condition," says the manager, "as far as the better quality of ore is concerned. There is a certain amount of chance of the ore body continuing lean for a certain depth, but it is altogether unreasonable to assume that the rich body of ore, showing every indication of permanency, encountered from the first to third levels, and carrying high values, should be isolated in this one ore body, and, in my opinion, the mine holds forth far greater inducements to prosecute a reasonable amount of further development work than it ever did since its first inception as a mining prospect. My only apprehension is that we may not get the sinking opened up before the ore we have in sight is exhausted."

What Mr. Blain Says.

It was during the discussion of this report that Mr. Blain told of how he became connected with the Board, and stated that at the next annual meeting he would retire. He was confident that if Mr. Wood and the other directors had not acted in the manner in which they did, the company would have been wrecked long ago. The meeting, after the explanation of the directors, passed a vote of thanks to the officers for taking the steps they did to avert the trouble.

WILL MILK TRUST MATERIALIZE?

Members Don't Think So, and May Therefore Form a Joint Stock Company.

Apparently the members of the Toronto Milk Dealers' Association place but little reliance in the offer of the Benjamin Calcraft syndicate for the purchase of their routes, as at their meeting held in Shaftesbury Hall last night a committee was appointed to consider fully the advisability of forming a joint stock company.

The following is the committee: W Sylvester, H Dobie, D J Craig, John Ward, J Green, A Anderson, R Dockray, J Meyers, H Rawlinson, T Brennand, A Rundle, R Graham, W Miles.

She Slaked Lime in a Bottle.

Watertown Times: Mrs. J. Washburn, who resides in the rear of 98 Arsenal-st., was seriously injured in a very peculiar manner yesterday afternoon. She desired to slake some lime, and, not being familiar with chemistry, placed the stuff in a heavy bottle, filled the bottle with hot water and tightly corked it.

The lime soon set the water boiling and generated a quantity of cream that exerted an enormous pressure. The bottle burst with a report like an eight-inch shell, and pieces of the glass struck Mrs. Washburn in the face and neck, terribly lacerating the flesh. One large fragment of glass cut a gash in the left side of the neck that extended to within an eighth of an inch of the jugular vein. The flying lime penetrated Mrs. Washburn's eyes, and they were seriously burned. Dr. Hoyt sewed up and dressed the wounds in the neck and face, and Dr. Cannon cared for the eyes. It is probable that the sight will be saved.

Borne to the Grave.

The remains of the late Mrs. Emma Kirbyson, who died at Ogdensburg, N.Y., while on a visit to friends, were brought to the city and removed to 10 Bolton-avenue. The funeral took place yesterday afternoon to St. James' Cemetery, and was largely attended.

The funeral of Catherine Mills took place from the residence of Mrs. J. Devlas, 51 Niagara-street, to St. Mary's Church, where mass was celebrated.

In St. James' Cemetery the remains of Charles Lawrence, son of John and Rachel Lawrence, were interred. The funeral took place from 877 Palmerston-avenue.

Smoke Manhattan cigar, 10c. Try it

Committed for Trial.

The four young men who went to Oakville on the holiday and were arrested on a charge of wounding James Leopold in a row outside a saloon appeared before an Oakville justice on Wednesday. George Clark and James Sullivan were committed for trial in two sureties each of $200, and Daniel Sullivan and Albert Windsor were acquitted.

THAT TERRIBLE HURRICANE.

Some Details Have Been Received About the Destruction Caused in Porto Rico.

LOSS AWAY UP IN THE MILLIONS.

Hundreds of People Have Been Killed and Americans Have Suffered Along With Natives.

San Juan de Porto Rico, Aug. 10.—A hurricane broke over the south coast at 1 o'clock Tuesday morning and swept northwest. There was no abatement for nine hours, the greatest damage being done between 8 and 10 a.m. The wires were down, and communication with the interior was for a time impossible. It is now chiefly carried on by couriers. Here at San Juan, four natives were drowned in the harbor; 80 houses were demolished and hundreds were unroofed. The damage to property is estimated at $500,000. Commissary stores to the value of $50,000 were destroyed.

Ponce Almost Destroyed.

A despatch by cable from Ponce, sent at 10 o'clock this morning, says that town was almost destroyed. Almost all the frame buildings are down; the bridge is swept away, and there is no communication between the port and the city proper. The damage to the Port is estimated at $250,000. Two natives are known to have been drowned. The records and property of the customs house are ruined, and all the vessels are aground.

At Albo Nito very little remains standing except the cathedral and barracks. Four natives perished, and three United States soldiers were badly injured. As the town is without food, Government relief has been despatched thither.

E. Cayey was levelled to the ground, 200 houses being demolished. Two United States soldiers were injured there, and many cavalry horses were killed.

Standard Oil Co. Hit.

At Catano the entire plant of the Standard Oil Company was ruined. The loss on the property is about $200,000.

At Bayamon a majority of the houses were destroyed, and the rest were flooded. Two hundred cattle were killed, and the railway was seriously damaged.

The village of Carolina was literally razed. At Caguas four persons were killed.

Half a Million Loss.

A courier who has just arrived from Humacao, capital of the province of that name, on the eastern coast of the island, reports awful destruction there. The loss to property is estimated at $500,000, but this is the least item of the disaster.

Forty-Six Bodies Recovered.

The courier brought an official report from Capt. Eben Swift of the 5th United States Cavalry, who says: "Humacao was totally destroyed by the hurricane. Forty-six bodies have been recovered, and there are many more in the debris. Eight privates of Troop C were injured, two fatally. Sergt. King of the 11th Infantry was injured. North, a discharged private, is missing. At the port of Humacao 15 bodies have been recovered. Eight thousand people are starving here."

Three persons were killed at Las Piedras and five at Junco.

A Loss of $7,000,000.

Couriers from the other districts are anxiously expected at the palace. The steamer Slocum, Captain Thomas, en route from Mayaguez to San Juan, was caught in the hurricane off Ponce, but her passengers and crew were saved through the heroism of Mr. Single, the first officer. The coffee crop is ruined and the loss will reach $7,000,000. Very great injury has been done also to the orange crop.

No definite returns have yet been received from the southern section of the island, apart from Ponce. It is certain, however, that the food supplies in the stricken districts have been destroyed.

Gen. Wood, the Governor-General, has cabled to the War Department an appeal for assistance.

Truly It Was Awful.

St. Thomas, D.W.I., Aug. 10.—As later advices come in from Montserrat it is seen that the first reports conveyed only a faint idea of the suffering of the people and their deplorable condition. The administrator appeals for help. At La Pointe-a-Pitre, island of Guadeloupe, immense damage was wrought, and according to a report not yet confirmed 102 persons were killed. In the island of St. Croix, the largest of the Virgin Islands, the destruction was appalling. Thirty persons were killed and the inhabitants are in great distress.

LOOKS LIKE MORE CORRUPTION.

Five More Lackner Votes Killed With a Pencil Under a Finger Nail.

The inspection of the ballots in the North Waterloo election case was continued yesterday at Osgoode Hall, and ten polling sub-divisions were completed.

In polling sub-division No. 11, Berlin, five ballots were found to have been rejected on account of having been marked for both candidates similar to the eighteen ballots in No. 3, Berlin, referred to in yesterday's issue. The allegation is that the ballots were marked first for Lackner and destroyed later by the mark being placed opposite the name of Breithaupt. The inspection will be continued to-day.

DEER TRAIL NO. 2 DIVIDEND.

A Quarter of a Cent Per Share is Declared Payable on Aug. 25.

Spokane, Wash., Aug. 10.—(Special.)—Deer Trail No. 2 Mining Company to-day declared the fifteenth dividend of quarter of a cent per share, amounting to $2500, payable Aug. 25 to stockholders of the record of Aug. 21. Eastern stockholders will be paid through the Bank of Montreal.

ENTERPRISING MONTREALERS

Propose to Do an Electric Business in British Guiana.

Montreal, Aug. 10.—(Special.)—A company has been formed here, with W. B. Chapman, James Hutchison and B. F. Pearson as provisional directors, to do an electric business in British Guiana. The British Guiana Light and Power Company, and the Georgetown Tramway Company have both been purchased, and a modern trolley road will be installed.

What Men Will Wear.

"Plates" for the early fall styles in gentlemen's garments are coming in, and if you call on Henry A. Taylor, Draper, the Rossin House Block, he will be pleased to show them to you and give you the first hints of how you are to dress during the coming season—if you want to dress correctly

TRANSVAAL NEWS IS RATHER SCARCE

It is Suspected That the Censorship of Despatches is Again Active.

STILL TALKING ABOUT WAR.

It is Said Kruger Will Not, However, Try to Make Englishmen Fight Englishmen.

BOER COMMANDING OFFICERS

Have Notified Volunteers to Be Ready and There is Military Activity at Pietermaritzburg.

London, Aug. 11.—There is little actual news this morning, concerning Transvaal affairs. From the silence of the despatches regarding Mr. Chamberlain's last speech it looks as though the censorship were again active. It is evident, however, that the amendment to the constitution empowering the Government, in the event of war, to call upon all inhabitants, without distinction, to assist in the defence of the state, has created some amount of alarm. The German outlanders are said to have applied to their consul to interfere in the matter, while The Standard and Diggers' News (the Boer organ) publishes a statement that the Government has sanctioned assurances being given through the press, that there is no idea of calling upon Englishmen to fight Englishmen, or, in any other way, of ignoring international sentiment, traditions or customs.

Despatches from Pietermaritzburg report considerable military activity there. The commanding officers have held a meeting and issued circulars notifying the volunteers to hold themselves in readiness for active service.

Five Years' Limit Mooted.

London, Aug. 11.—The Pretoria correspondent of The Times says: "In order to avoid interference with the Transvaal's internal affairs, which is the strongest objection to the proposed conference on the franchise bill, the adoption of a five-years' residence limit is probable.

At the protracted secret session of the Volksraad, President Kruger has failed to obtain the consent of the members to the removal of religious disabilities, without the consent of the burghers, but it has been left to the President to publish the bill for consideration next session."

Kruger Stands by the Lord.

The Johannesburg correspondent of The Daily Telegraph says: "In the Volksraad to-day (Thursday) Mr. Kruger declared he was glad they had all agreed to stand by the Lord, as the head of the state. The Raad, he continued, was afraid to go off the right path and away from the Lord."

WHAT IS THE C.P.R. DIVIDEND?

Much Interest Manifested in Money Circles in Montreal as to What Mr. Shaughnessy Will Do.

EARNINGS HAVE BEEN ENORMOUS.

Atlantic and Lake Superior Road is to Be Extended to Gaspe.

Montreal, Aug. 10.—(Special.)—A great deal of interest is being manifested here in financial circles over the probable action of the Canadian Pacific directors on Monday next. Will they declare a half-yearly dividend of 2½ per cent., or will it be 2 per cent.? This is the question the street is now discussing. Some say President Shaughnessy, who is always prudent, will stick to the 2 per cent. dividend, arguing that it is good to leave well enough alone, while others affirm that, the road having earned the increased figure, the new president will give the shareholders the benefit of the splendid earnings. There can be no doubt about a half-yearly dividend being fully earned, and a good margin to the rest.

The total earnings of the Canadian Pacific Railway for the last six months ending June 30 reached $11,857,089, against $10,673,706 for the same period of '98. The net earpings for the half year ending June 30, 1898, were $3,980,162, which this year had reached no less than $4,906,185, and for this reason some of the brokers believe 2½ will be declared. A few days will settle the whole story.

Atlantic and Lake Superior Road.

The extension of the Atlantic and Lake Superior to Gaspe is now an accomplished fact, or at least it seems very like it. At a meeting of the directors of that company, held here to-day, reports were read from the locating engineers and from the company's financial backer in England and it was decided to proceed with the construction of the line at once. Work will be started 20 miles up the York River from Gaspe Basin and in about the same distance between Paspebiac and Port Daniel; the intervening 50 miles will be inland, running down the peninsula midway between the shores of the St. Lawrence and the Baie des Chaleurs. It was also stated at the close of the meeting that the contract for the full 90 miles had already been awarded.

Delegates should not fail to try a sample pound or special 10c candies at Bazaar, 146 Yonge St.

New Fall Favorites at Dineens'.

The latest importation of fall hats for ladies and gentlemen received at Dineens' consists entirely of the newest shapes in soft felts in the new "Army Gray," shades. It's a serviceable and very fashionable tint, and is enriched by the different effects of new trimmings. Among the ladies' hats in this style there are a variety of novel and very swagger shapes trimmed in the most aggressive richness, and some are designed in more quiet tastes—but all are very elegant, and they are the very newest fashions brought to Toronto from New York.

Cook's Turkish Baths—204 King W.

Rev. Armstrong Black, New St. Andrew's new pastor, has been delayed a week in starting for Canada, hence his induction will have to [illegible] the usual length of time.

LAURIER WILL BE INVITED.

Canada's Premier Repudiates the Alleged Interview Given Out by Mr. Fitzpatrick.

EXPLAINS TO H. H. KOHLSAAT.

Promises Courteous Consideration to Any Invitation Sent by Chicago Authorities.

Chicago, Aug. 10.—In a personal letter to H. H. Kohlsaat of The Chicago Times-Herald, Sir Wilfrid Laurier, the Canadian Premier, denies the truth of an interview recently given out by F. W. Fitzpatrick of the Treasury Department, Washington, in which Mr. Fitzpatrick asserted that Premier Laurier had stated to him that he would not accept an invitation to the Chicago autumn festival, believing the somewhat strained relations between the two countries might result in some unpleasant incident during his visit. In his letter Premier Laurier says: "You are at liberty to say that I have paid no attention to an interview published recently in a Washington paper, in which the reporter purported to give the public words not spoken to him by me, but to somebody else. Life is too short for a busy man to take notice of this kind, or any kind of hearsay evidence. If I had any communication to make to the public, I would prefer to make it directly, and in my own words.

"It seems to me that I need hardly add that the invitation of the Chicago authorities will receive from me the most courteous consideration."

A meeting of the Committee on Invitations and Arrangements will be held Friday, at which time Chairman Truax, who has been in Washington, where he went to call upon the invitation to attend the festival to President McKinley, will be present, and the Canadian Premier will then be cordially invited to attend the festival. This will be the first invitation extended to Premier Laurier, as the members of the committee deny that Mr. Fitzpatrick had any authority to invite the Premier, or that he is in any way connected with the festival.

ALLEGED IMMORAL LITERATURE.

Inspector Archibald to Liven Up His Department During the Hot Season.

Staff Inspector Archibald has at last decided to take some action against the sale of obscene literature in Toronto. The papers referred to are American publications, which grace the windows of many local stationery shops. They contain illustrations of actresses and women. The sale of these papers has grown to a large extent in this city of late, and the Morality Department will make a strong effort to prohibit, not alone the sale, but the exposing of them in store windows. To further this end summonses were yesterday served to the following nine well-known stationery dealers: Henry Hunniford, 37 West Adelaide-street; John P. McKenna, 151 Yonge-street; Harold A. Wilson, 35 West King-street; George H. Burns, 110 West Queen-street; Mrs. Mary Moriarity, 1426 West Queen-street; Mrs. A. H. Jenkins, 354 West Queen-street; E. Clarke, 440 West Queen-street; Robert Moore, 672 West Queen-street, and Charles DeLorme, 45 West Queen-street. They are charged with publicly selling and exposing for public sale certain obscene books and other printed matter, having a tendency to corrupt morals. The book complained of is Vanity Fair, for August.

COPYRIGHT HOLDS GOOD.

London Times Gets Judgment Restraining a Publisher From Copying Rosebery's Speeches.

London, Aug. 10.—The Hon. Sir Ford North, judge of the Chancery Division of the High Court of Justice, rendered judgment to-day, granting The London Times an injunction restraining a publisher named Lane from reprinting speeches of Lord Rosebery, admittedly taken from The Times. The judge held that the reporter had a copyright in his report, and this copyright had been acquired by The Times.

VICTORIA WILL HELP.

Assembly at Melbourne Pledges the Colony to Join Pacific Cable Scheme.

Melbourne, Aug. 10.—The Assembly of Victoria to-day adopted a resolution pledging the colony to join the Pacific cable scheme.

FRANCE CUTS SUGAR BOUNTIES.

President Loubet Signed Decree Reducing the Figures.

Paris, Aug. 10.—President Loubet has signed a decree fixing the bounties on exported sugars for the season of 1899-1900 as follows: Two francs 75 centimes, instead of 3 cents 50 centimes on sugars of the first category; 3 francs 16 centimes, instead of 4 francs on sugar of the second category; 3 francs 55 centimes, instead of 4 francs 50 centimes on sugar of the third category.

Cook's Turkish and Russian Baths. Bath and bed $1.00. 202 and 204 King W

Was Likely Drowned.

John Jordan, who was missed from the steamer Argyle early Sunday morning, while that boat was on her way to Oswego, has not yet been heard from. It is almost certain that Jordan has been drowned, and his parents and friends have given up all hope of ever seeing him alive again. Every craft that plies between Kingston and Oswego has been asked to keep a look-out for the body.

Take home a pound of molasses candy (each piece in waxed paper) 10 cents, at Bazaar, 146 Yonge St.

Ninety-Six Dead on Montserrat.

London, Aug. 10.—The Governor of Leeward Islands, Sir Francis Fleming, confirms the despatch from St. Thomas to the Associated Press, announcing the devastation caused by the hurricane at the island of Montserrat, and says 74 deaths are already known. He adds that 21 persons were killed at the Island of Nevis. The hurricane was not so severe at Antigua. One death is reported there, but many persons have been rendered homeless.

Defender Beat Columbia.

Vineyard Haven, Aug. 10.—The old yacht Champion Defender won a race against Columbia to-day, if time allowance was given. The margin between the famous sloops was one minute and four seconds in a 37-mile run in most miserable weather.

Read THE WORLD, delivered by our own carrier boys to any address in the city, 25c. per month. Order at Office, or Telephone 1734.

DEAD NOW NUMBER EIGHT.

The Rocheleau Child Succumbed and the Whole Family is Wiped Out.

OTHER VICTIMS LIKELY TO DIE.

The Cause of the St. Polycarpe Accident on the Canada Atlantic is Still Undiscovered.

Ottawa, Aug. 10.—Contranta Rocheleau, the child who was injured in the Canada Atlantic wreck at St. Polycarpe yesterday, died to-day in the Water-street Hospital. His father, mother and sister were killed yesterday, thus wiping out the whole family. They belonged to Montreal. This makes eight victims of the wreck.

The two patients at the Water-street Hospital are Miss McDougall and Miss Ryan. They are still alive, but their recovery is said to be improbable. Two-thirds of Miss Ryan's body is scalded, and she has hardly a fighting chance. Miss McDougall is not so badly burned, but is suffering from shock. Her nervous system has completely collapsed, and it will be very surprising if she survives. The doctors hold out slim hopes for both patients, while the nurses expected death at any moment.

William McQuesdon, the brakeman at St. Luke's Hospital, is suffering from an injured back and scalded head. His injuries are not serious.

Miss Bridget Ryan of Manlwaki, who also was killed, was one of three sisters. In company with her sister Ellen, she had gone on the pilgrimage to Ste. Anne de Beaupre. Ellen, her sister, was badly injured in the wreck. The third sister, Miss Kate Ryan is house-keeper at Manlwaki for Rev. Father Dowdall, the parish priest. The third sister did not go on the pilgrimage.

Edward Starrs, one of the victims, was 27 years of age. He was a son of the late Michael Starrs, and resided with his mother at 259 Bay-street. He was a native of Ohio, but lived in Ottawa since he was three years old. Deceased leaves a mother and two brothers.

Dennis O'Connor, another of the victims, was about 22 years of age, and a resident of Janeville. His father is Hugh O'Connor, patent medicine dealer. Dennis was an iron worker by trade.

George McCuaig, the dead fireman, lived with his parents, Mr. and Mrs. Samuel McCuaig, 97 Canal-road, Ottawa East. He was 24 years of age, had been more than five years in the employ of the railway, and was a trusted employe. He had recently passed the examination for locomotive engineer.

Mr. E. J. Chamberlain, general manager of the company, was seen to-day. Mr. Chamberlain said that the company had nothing new to impart and were as much in the dark as ever, as regards the cause of the accident.

THAT BUFFALO SMOKER

To Boom the Pan-American Exposition Was a Success Last Night.

Buffalo, N.Y., Aug. 10.—An informal meeting of Canadians living in Buffalo was held at the Ellicott Club this evening for the purpose of forming a Canadian-American Club with one of its chief primal objects to aid and exploit the Pan-American Exposition across the border. Many well known Buffalo men were present with guests of honor who are prominent in official life in Canada. John A. Kennedy, vice-president of the Niagara County Bank, presided. He was assisted in the conduct of the affair by John Hood, F. B. Robins, A. E. Jones and W. T. Stewart, composing a local committee.

The chief guests were Mayor Teetzel of Hamilton, William German, M.P., Mayor Slater of Niagara Falls, Ont., Mr. Carscallen, M.L.A., and Warren F. Burton of Hamilton. Mayor Diehl of Buffalo was also present. Many speeches were made, in which the Anglo-Saxon union was glorified. The affair was most pleasant and lasted until a late hour.

WAS FLOWER MURDERED?

Member of the Northwest Mounted Police Died Soon After Being Found—Two Bullet Wounds.

Lethbridge, N.W.T., Aug. 10.—(Special.)—Last night some persons en route to Cardston found Constable Flower of the Mounted Police in a dying condition at the side of the trail. Two bullet wounds were discovered in his head, from which he bled profusely, dying a few minutes after being found. The coroner is making an investigation.

It Was Suicide.

Winnipeg, Jan. 10.—(C.P.R. despatch.)—The coroner's jury returned a verdict of suicide while temporarily insane from injuries received by being thrown from his horse. Flower was a young Englishman and well connected.

Preston's axiom is "give me the appointment of the returning officers and I care not how the people vote."

The man who swallowed a Beck ballot to help elect Garrow had something good in him after all.

Premier Hardy appeared to have a peculiar fondness for Ministers without seats, or with stolen seats.

Because a near and dear friend of his is in the United States, Mr. Garrow is a member of the Legislature and a Minister of the Crown.

"Hardy should face the country" says The Toronto World. But perhaps he hasn't the face.

Bazaar, 146 Yonge Street, headquarters for souvenir novelties. Don't fail to pay us a visit.

Will Investigate the Death.

Coroner Young will hold an inquest this afternoon at 3 o'clock to enquire into the drowning of Murthy Shea in the Yonge-street slip on Wednesday night. The enquiry will take place in Rosar's undertaking establishment, East King-street.

The Major Getting Better.

Major Murray, who has been laid up for the past two weeks, at his home in Scarboro, as the result of an injury he sustained to his leg, is improving, and expects to be out again in a few days.

A Big Real Estate Deal.

The R. Simpson Co., by a deal put through yesterday, are owners of the entire block from Richmond to Queen-streets, with the exception of No. 168, occupied by the Wanless store.

BIRTHS.

KNOTT—On Wednesday, Aug. 9, at 20 Churchill-avenue, Toronto, the wife of J. A. Knott, of a son.

DEATHS.

GELLATLY—On Wednesday morning, Aug. 9, at his residence, 14 Cameron-street, David Gellatly, in his 79th year. Born at Meigle, Forfarshire, Scotland.

Funeral Friday, at 2.30 p. m

AFTER ONE HUNDRED AND FORTY-NINE DAYS

The Parliament of the Dominion Will Be Prorogued This Day at 4 p.m.

UNLESS A SNAG IS STRUCK.

No Formal Announcement Was Made, and the Senate May Develop Some Obstacle.

VOTE FOR PRESTON'S SALARY

Was Attacked by Clarke Wallace, But the Hero of "Hug the Machine" Will Get His Pay.

Ottawa, Aug. 10.—(Special.)—"At four of the clock" to-morrow afternoon the fourth session of the eighth Parliament of the Dominion of Canada will be brought to a close, after a miserable existence of one hundred and forty-nine days, which is just about one hundred days too many for all that has been done. The last working day has not been marked by any very special features. The House sat until 3 o'clock this morning, the whole time being spent in Committee of Supply, the most noticeable things about the proceedings being the ignorance of the Ministers as to the votes they were asking for, and the absence of any intention of calling for tenders for works when it can possibly be avoided.

Concurrence.

At 11 o'clock this morning the House went into supply again, and the votes on supplies went on until about 9 o'clock, when, the last dollar having been voted, the proceedings were slightly varied by the Speaker taking the chair and the "House" then began to "concur" in the votes, which it had been voting in committee. This went on until 12.15, when the last item was concurred in, and the last two measures were read a third time. The House adjourned until 11 o'clock to-morrow morning, when the supply bill will be passed.

No Formal Announcement.

No formal announcement of prorogation was made, but it is understood that unless some unexpected snag is struck in the Senate, His Excellency will have the pleasure of raising his cocked hat at 4 o'clock and telling his "faithful Commoners" to go about their business.

Another Noble Thirteen.

There were three or four divisions in concurrence on votes for wharves, etc., in specific places, and one in the item for immigration. Hon Clarke Wallace moved that the vote be reduced by the sum of $3000, the salary of Mr. W. T. R. Preston of "hug the machine" infamy. The motion was defeated, 13 for to 27 against. The names of "the noble thirteen" are Bell (Addington), Broder, Clancy, Davin, Fosbery, Guillet, Hodgins, Macdonald (Kings), McAllister, Moran, Sproule, Tyrwhitt and Wallace.

Bon Voyage.

Mr. J. W. Langmuir, the popular managing director of the newly amalgamated companies, the Toronto General Trusts Co. and the Trusts Corporation, of this city, is leaving for Europe to-day, sailing from New York to-morrow. Mr. Langmuir, who has been extremely busy of late, purposes seeking somewhat of a relief from his arduous duties and intends sailing by the Alier to Genoa, giving him a few days holiday. On his arrival in England he will arrange all matters in regard to the Farmers' Loan. The World wishes him bon voyage.

Jimmy Boyle Dined.

Col. Sewell, the popular U.S. Consul in Toronto, gave a nice dinner party at the New Arlington Hotel last night to Mr. James Boyle, U.S. Consul at Liverpool, Eng., who is visiting his old-time friends in the Queen City.

Decidedly Warm.

Meteorological Office, Toronto, Aug. 10.—(8 p.m.)—Pressure continues very low in the Northwest Territories and Manitoba, and it is becoming low in the lake region. High pressure is spreading over British Columbia, and decidedly cool weather is indicated for our Northwest country. Heavy rains have again fallen from the Rockies to Manitoba, and showers and thunderstorms have been fairly general in the lake region.

Minimum and maximum temperatures—Victoria, 54—66; Kamloops, 54—70; Calgary, 46—56; Qu'Appelle, 50—70; Winnipeg, 60—82; Port Arthur, 46—62; Parry Sound, 58—78; Toronto, 56—74; Ottawa, 58—70; Montreal, 58—68; Quebec, 54—72; Halifax, 52—74.

Probabilities.

Lakes and Georgian Bay—Fresh southeasterly, shifting to southwesterly winds; decidedly warm, with showers and thunderstorms, but fair intervals.

Ottawa and St. Lawrence Valleys—Fair for the most part, but some local showers or thunderstorms, becoming more general on Saturday.

Gulf—Fair to-day; not much change in temperature; showers on Saturday.

Maritime—Moderate to fresh southerly to easterly winds, and fair to cloudy; local rains, more generally in southwestern portion.

Lake Superior—Fresh to strong southerly shifting to westerly winds; warm with showers or thunderstorms.

Manitoba—Fresh to strong westerly to northwesterly winds; cloudy to fair, with some showers and becoming considerably cooler.

Oak Hall, Clothiers, are selling men's summer trousers cheap this week, before the new stock comes in for fall.
