INFANTS' HOME ELECTS OFFICERS.

Inmates Are Increasing and Finances Are Flourishing.

Highly encouraging reports were presented at the 26th annual meeting of the Infants' Home and Infirmary yesterday afternoon. The meeting took place in the board room of the institution at No. 21 St. Mary's-street, and was attended by a large number of those interested in the work. The chair was occupied by Rev. John Pearson, rector of Holy Trinity Church. Among those present were Sir William Howland, Rev. Armstrong Black, Dr. G. S. Ryerson, Dr. Parkin and Rev. Dr. Potts.

In opening the meeting, Rev. Mr. Pearson referred to the satisfactory work carried on by the Home last year, and paid a tribute to the Board of Managers for the excellent manner in which they had conducted the affairs of the institution.

Mrs. McMurchy presented the report of the Board of Managers. On Oct. 1, 1900, there were 48 inmates in the Home, and, since then, the number had increased to 161. At the close of the year, on Oct. 1, there were 22 mother nurses and 51 children in the Home.

Fewer Paid Officials Now.

In the secretary's report, mention was made of the Maternity Act, passed by the Legislature, in 1898, which placed homes of this kind in Toronto under the care of an inspector. The secretary expressed the hope that this example might be followed by other cities. The inspection of the Home also resulted in a decrease of the number of paid officials.

According to the treasurer's statement, presented by Mrs. W. H. B. Aikins, the total receipts were $6,136, which includes donations of $118 and $1267 collected by subscriptions. The expenditure was $5850. Dr. G. B. Smith presented the medical report.

The report of the sewing-room was read by Miss Greig. It showed that 982 articles of clothing and 42 pairs of stockings had been made.

The following officers were elected: Honorary president, Mrs. John Ridout; president, Mrs. William Boultbee; first vice-president, Miss Hill; second vice-president, Mrs. J. B. YORK COUNTY AND SUBURBS

Toronto Junction Liberals Will Meet Saturday Nights From Now Till Victory.

DR. LYND OR ARCHIBALD CAMPBELL

Selected as the Possible Candidate in West York—Council Wants Its Own Light Plant.

Toronto Junction, Oct. 24.—Several members of the Horticultural Society assembled to-night at the residence of Mr. F. C. Colbeck and listened to a paper on "Bulbs for Fall Planting" by Mr. Annadale of Toronto. The members decided to furnish bulbs for a tulip bed in front of the High School, and will also purchase bulbs for indoor and outdoor decoration to be distributed among the members.

The Executive Committee of the Town Council met to-night in the Council Chamber to discuss the proposition made by Joseph Barrett to the Fire and Light Committee to furnish the town with 100 electric arc lights for $6000 per year he to purchase the town plant at a valuation and pay back $2000 per annum until the plant is paid for. The Executive Committee refused to endorse the proposition to-night, the general feeling being in favor of the town retaining its own plant and purchasing electrical energy from Mr. Barrett. A new proposition will be discussed at the Property Committee meeting on Tuesday night.

Rev. Rural Dean Langtry will preach at the thanksgiving services to be held in St. Mark's Church on Sunday.

F. C. Colbeck, B.A., principal of the High School, is receiving the congratulations of friends upon his election to the senate of Toronto University.

The High School football team, which has entered series "B" of the Intermediate Collegiate League, will play a team from Jameson-avenue School on the Varsity campus Saturday afternoon.

The fowl supper at Islington on Wednesday evening was a credit to the ladies who so successfully managed it. From a financial and social point of view it must have been very gratifying to them. Mr. Chester Ferrier presided. Miss Wass gave recitations, Miss Ida Simpson furnished a solo and Mr. Treleaven gave an address. Mr. Lawrence made the hit of the evening in a well-rendered sailor song.

The Toronto Junction Liberals are as active as mosquitoes in June, despite the icy eye which the idol of their hopes cast upon them less than a year ago. A meeting is to be held on Saturday evening in Thompson's Block, and every Saturday thereafter for an indefinite period. In Toronto Junction the Liberals have hope that Archie Campbell will secure the nomination in the West York bye-election, whilst in Parkdale the icy eye struck them bad, and they want Dr. Lynd to run.

RICHMOND HILL.

The Rev. Dr. Teefy of St. Michael's College, Toronto, returned to the city last night from visiting his father, the postmaster and village clerk and treasurer. The reverend doctor is a native of Richmond Hill.

The hotel property at Oak Ridges, part of the estate of Asa Curtis, was offered for sale on Wednesday, but was not sold, the amount offered only reaching $1050. The property stands at the terminus of the proposed new Schomberg railway, now in course of erection, and the reserve price is said to be $2000.

Mr. Jay Sanderson returns home to Atlantic City to-day, after visiting his brothers.

Mr. Charles Mulcahy, junior clerk in the Standard Bank, has been transferred to the Parkdale branch. His position here will be filled by a local resident, Mr. F. Storey.

Dr. Chown will preach at both services on Sunday at the re-opening of the Maple Methodist Church, and address the Sunday School in the afternoon. A sacred concert with a lecture by the Rev. A. C. Crews will be given on Monday.

NORTH TORONTO.

The first entertainment of the present season given under the auspices of the St. Clement's Literary and Musical Society took place last evening, under the chairmanship of the Rev. T. W. Powell. A large number of membership tickets were taken, and the evening was most pleasantly spent in playing games, social intercourse and musical selections.

The Eglinton Public School football team will play the Davisville P.S. team tomorrow morning on the Eglinton School grounds.

A petition is being largely signed by residents of the town, asking the Toronto Street Railway to run their cars going north up to the C.P.R. crossing without going into the Price-street Y. The petitioners proposed that the cars should run into the Price-street Y on the trip south. This would, of course, be a boon to passengers traveling on the Metropolitan cars, and need entail very little expense to the Toronto Railway.

EAST TORONTO.

A lively runaway took place yesterday. John Brown jr., was driving a butcher's wagon, when the horse took fright and ran away thru the village to the Kingston-road, where it turned south into the bush and ran between two trees, demolishing the cart, but the driver escaped unhurt.

Commissioner Bates and his workmen are busily engaged repairing the sidewalks in his district.

Mr. and Mrs. Levi Dunn, who twenty years ago farmed in Scarboro and then left for the neighborhood of Barrie, have been the guests of Mr. and Mrs. Ira Bates.

LITTLE YORK.

The new Meriden carbon arc lights ordered by the York Township Council at their meeting last Monday arrived here yesterday, and five were placed in position on the Danforth-road and Dawes-road. These lamps will replace the old coal oil lamps, which have only given an apology for a light. Two others have been placed at Norway in addition to the six gas lamps—one on Woodbine-avenue, near Mr. Sydney Jones' residence, and the other on the north side of the bridge on Berkeley-avenue. These lamps were purchased by the Council in consequence of a very large petition of the ratepayers,

A division of the Sons of Temperance, with thirty members, has been formed at Walters' Falls by Organizer S. Holland.

Trade Inquiries.

Canadian manufactured goods are in great demand, judging by the numerous enquiries received by Secretary Russell of the Canadian Manufacturers' Association from British firms. Yesterday Mr. Russell was notified that Mr. James Whitby, representing a Liverpool house, will arrive in New York to-day en route to Canada, where he will look into the opportunities for opening up business relations with Canadian manufacturers of the following lines: Wood pulp, box shooks (particularly in spruce; also pine and oak), maple blocks, maple spool squares, birch spool squares, birch square seats, birch square seat stock, spruce bars for cases, ash pale stock for reaping machinery, 3-ply wood for boxes, cabinets, etc., third-grade doors and broom handles.

A letter received from Harrison Watson of the Imperial Institute, London, Eng., introduces to the association Mr. Woodhead of England, who will shortly give Toronto a call in the interests of the firm he represents. A London firm wishes to be placed in communication with a large firm in Canada manufacturing bright steel rounds, horseshoe nails, plates, etc. The latter firm, in the event of their getting a low figure, would probably order 500 tons. A firm of engineers and exporters of machinery in London, Eng., wants catalogs, price lists and other information about general machinery, pumping machinery, pumps, engineer's machine tools.

Another firm in London wants to purchase old newspapers, uncut and unread, packed in bales of 560 pounds. Samples are required to show the size of papers, with probable quantities per month stated.

SIMCOE COUNTY NEWS.

The Town Council of Alliston has taken steps to prevent the sale and use of cigarets by small boys.

Owing to the voters' list in West Huron not yet being prepared, the writ for the bye-election in that constituency has not been issued.

COMPANY WANTS CROSS-TOWN LINE

New Schedule of Additional Cars to Be Operated.

The City Engineer and the Toronto Railway Company seem to be getting closer to each other in the matter of a more satisfactory service, and on Monday next the company proposes to put on the following extra cars, and the City Engineer will watch results:

Route	Add'l'n'l cars	Headway in mins.	Round trip in mins.
Queen	2	5	60
Queen & Dundas	2	5	75
King	3	5	1.05
Carlton & College	1	7	63
College & Yonge	1	7	56
Bloor & McCaul	2	6	66

The above table does not include trailers or other extra cars, which will be brought into service during the busiest hours of the day. The City Engineer does not think the company will be able to prevent overcrowding at 6 o'clock, but he thinks a satisfactory solution of the difficulty could be arrived at if a cross-town route was made via Arthur-street, St. Patrick-street, Agnes-street and Wilton-avenue, and if the Queen-street cars ran right thru from east to west as the King-street cars do. The Avenue-road line might also be extended thru University-street to King-street. Mr. Rust says the company is anxious for a new cross-town line.

Dickens Lecture Was a Treat.

It was a genuine treat which the lovers of Dickens were given last evening at the Conservatory of Music Hall, in Mr. E. S. Williamson's illustrated talk, "An Evening With Dickens."

Early in the evening the seats were all occupied with an expectant audience familiar with the stories of this great author, and who thru his beautiful characters had learned to love him. One of these admirers is Mayor Howland, who acted as chairman, and in a few happy sentences introduced the lecturer, Mr. Williamson.

Against the great organ at the rear an immense curtain was stretched, and on this were thrown by a powerful limelight the views, which were a specially pleasing feature of the lecture. As each was focused, the story was told in simple language by the lecturer. Often, as when some familiar character such as Dolly Vardon, Mr. Micawber, Mr. Peggoty or Uriah Heep, was shown, the story was given in the simple, masterly and humorous words of Dickens himself. Bob Cratchitt was shown, and Scrooge and Tiny Tim; all the familiar friends of our youth, with their stories, were recalled, and when in the closing scene was shown the empty chair of the master, the emotions of the spectators were hardly to be restrained.

Between scenes the audience was favored by Miss Edith Scott, accompanied by Miss Rundle, with solos, the words of which were of Dickens' own composition, "Little Nell" and "The Ivy Green," which were very appropriately introduced and well received.

WITH THE STUDENTS.

Yesterday afternoon there was a well-attended meeting of the Varsity Y.M.C.A. Mr. D. J. Davidson, B.A., gave an interesting address on "Mission Study," and Mr. F. W. Anderson, B.A., spoke on the work of the Canadian Colleges' Mission.

The usual hallowe'en dinner will be held at Varsity at 7.30 p.m. The committee that has charge of the arrangements is now busy completing the details.

To-night the women's residence proposal will come before the Senate of Victoria College, and will be definitely decided upon, one way or the other.

Social at Jarvis-Street Baptist.

About 600 members of Jarvis-street Baptist Church sat down to supper in the basement of the church last evening, on the occasion of the social in honor of the entry of Dr. Thomas upon the twentieth year of his pastorate in that church. After the supper an informal program was furnished, and the members had an opportunity to become more closely acquainted.
