The date for the high school entrance examinations this year has been set for June 21. The examinations will last for three days.

The pupils of Miss Gough's room in the public school have been notified of a two weeks' holiday owing to the illness of their teacher with measles.

R. Clanahan, postmaster, is able to be at his office again, after a severe illness. Mrs. Clanahan, who was quite seriously ill for some weeks, is recovering.

The baseball club have engaged the Royal Welsh Ladies' Chorus for one concert, to be held April 26. Plan at Lumley's. Madam Melba says:—"The Welsh Choir is magnificent. They are perfectly splendid, and you may say I said so."

Spring work commenced in earnest on Western Ontario farms last week. In the vicinity of Glencoe the land is in excellent condition for ploughing and seeding. Much needed showers fell the latter part of the week, with the first thunder and lightning of the season.

The bounty on wolves in Canada will be raised from $15 to $20. This, of course, only has reference to the four-footed variety. Legislation dealing with the biped specie has been too long deferred, and revelations recently disclosed prove that they are a decidedly worse menace to mankind.

Mr. and Mrs. Parrott entertained at dinner and cards on Tuesday evening in honor of Mr. and Mrs. J. Huston, who are returning to their home at the Soo after spending several weeks with relatives and friends in Glencoe and vicinity. The evening was a most enjoyable one. Mr. and Mrs. Huston left last evening.

George Lethbridge, who for seven years has been organist and choirleader of the Knox Presbyterian church, Galt, has announced his acceptance of that position in the First Presbyterian church in London. He will take up his duties there in about six weeks. He went to Galt from Knox church, St. Thomas.

Glencoe council has decided to try oil on the streets this season, and an order has been given for a tank of some four or five thousand gallons of crude. It is estimated that the cost of oiling the streets will be but little more than what has heretofore been paid annually for watering them, and the results will, it is hoped, give better satisfaction.

The Ontario Provincial W. C. T. U. workers are circulating a strongly-worded petition among the wives and mothers of the province, asking that the Premier, Sir Robert Borden, and his Government shall use their utmost endeavors with the Imperial authorities to have the sale of alcoholic liquors discontinued among our Canadian soldiers.

On Friday evening last Mrs. Harry Singleton gave a linen shower in honor of Miss Jessie Precious, of Winnipeg, who is to be married shortly at Edmonton. A large number of beautiful articles were brought and in the absence of the bride-elect her mother, Mrs. George Precious, opened the parcels. A pleasant evening was spent in music, and lunch was served at the close.

Tom Riley, of Everton, Missouri, a young railroader, who was sentenced less than a year ago at London to serve 15 years for the shooting of George Blackburn, a bartender, has been pardoned, released from penitentiary at Kingston and deported to the United States. Announcement of his pardon came as a distinct surprise, and it now turns out that the man was released in mistake for another prisoner of the same name—so we read.

The various committees having in charge the preparations for the semi-jubilee celebration of Glencoe Presbyterian church are actively engaged with the arrangements. It is proposed to have special services on Sunday, June 13, and Sunday, June 20, morning, afternoon and evening, conducted by Rev. Dugald Currie, D. D., and Rev. James Wilson, B. A., former pastors. A social reunion and picnic will be held on Wednesday, June 16.

Instead of placing a war stamp on their tickets as proposed the railways will increase the price of the ticket to cover the war rate, and the auditors will turn the war money over to the government. The war tax comes into force today, and a person buying a ticket at $1.01 will have to pay $1.06, this rate being graduated until the tax on a ticket from $95.01 to $100 will be $1. There is no tax on tickets costing less than $1. On tickets costing over $100 the tax will be 5c for each $5 or portion thereof.

Wm. Siddall, sr., treasurer of the Glencoe Plowing Match Association, which has been defunct for some years, has turned over the balance of cash in his hands to the three churches in Glencoe, an equal share to each. It is some twenty-five years since the last plowing match was held, and the small balance on hand at that time has increased with bank interest to about $40. A a recent meeting of the old Plowing Match board it was decided to make this disposition of the funds, and the church treasurers wish to acknowledge the donation with thanks.

Mrs. Wallace Smith's home was the scene of a very pretty reception on Saturday afternoon given in honor of Miss Jessie Precious, of Winnipeg, a bride-to-be of this month. Mrs. Smith was wearing white embroidered marquisette with a corsage of yellow roses, and Miss Precious was very pretty in black silk crepe over white satin. Mrs. J. E. Hurst presided over the tea table, and assisting were Miss Jessica McLellan, Miss Helen Hurst, Miss Flora McLellan and Miss Lena Parney. The drawing room and tea room were fragrant with yellow daffodils.—Edmonton Journal.

Some 200 oil leases have been recorded at the West Middlesex registry office since the oil boom started at Delaware a few months ago. Mr. Dunlop, registrar, and his deputy, Miss Blackburn, have been kept quite busy lately, the number of documents of all kinds being left for registration exceeding anything in the past for several years. Real estate transfers have been numerous, particularly in Caradoc township, and the prices of farm lands show a decided increase over recent years. There have been many discharges of mortgages, also, which would indicate that farmers have been experiencing a season of prosperity.

The apportionment of the legislative grant to rural schools will be made this year on a different basis from that of former years, which will be the assessed value of the several school sections. The portion payable on teachers' salaries will be a smaller percentage than formerly and the margin on which it is payable has also been reduced. That payable on the qualification of teachers applies only where the teacher has a permanent certificate, first or second class. Interim certificates and third class certificates are not recognized for this grant, owing to the present financial conditions. The amount at the disposal of the educational department is less than that of former years, and grants will be necessarily reduced in proportion.

Dr. McLachlan, one of the local municipal auditors, presented some figures at the council meeting on Monday evening, showing an estimate of the cost, earnings, profits and losses of the electric light plant, and explaining by blackboard chart a system of book-keeping recommended that would give certain information demanded annually by the Provincial Bureau of Industries. He estimated the value of the plant at 31st December last as only $8,256.87, and we would hate awfully to publish for general public reading his figures of the profit and loss account for the five and one-half years that the plant has been in operation. You may see them on the blackboard in the council chamber. The doctor also made some timely recommendations as to the safe-keeping of municipal documents and the desirability of a more thorough system generally in other departments of our municipal clerical work.
