NERVOUSNESS

Or despondency caused by weak unhealthy nerves, are responsible for more sickness and suffering than any other disease. If you have a secret drain from early abuse, later excesses or exposure, you cannot expect healthy nerves while your vitality is being wasted. Do not eke out a miserable existence on account of your follies, you are not safe until cured—nature never excuses—no matter how young, old or innocent one may be.

KIDNEYS AND BLADDER.

Have you pain in the back, a dull feeling in the region of the kidneys? Minard's Liniment relieves Neuralgia.

How a Countess Won Her Title.

Countess Marguerite Cassini, the accomplished niece of the well known Russian, Count Cassini, is a countess in her own right, not by heredity, but by special grace of the Czar, and a curious story is told of the manner in which she won her title. It was when Count Cassini had his fateful conference with Li Hung Chang at Pekin, long before the Boxer troubles. The count's interpreter was away, for Li's call was unexpected, and as the Chinese statesman could not speak Russian and the Russian diplomat did not understand Chinese the conference came to a deadlock.

The count's niece who had picked up something of the language, stepped into the breach, and the affair was arranged to the satisfaction of both parties. The Chinese Epress loaded her with presents. The Czar's Government made a note of the service performed, and when there was a question a couple of years ago of the young lady's precedence at Washington, where the count was then ambassador, the Czar himself confounded her rivals by making her a countess. This was something like rapid promotion for the lady.—London Tatler.

How to Get up an Appetite.

Distaste for food often follows Grippe, and fevers, and is associated with a general weakness of the system. To impart a real zest for food, and give power to the stomach to digest and assimilate, no remedy can equal Ferrozone. This is a new and startling discovery. It strikes at the root of disease and by removing the cause, cures quickly and permanently. Ferrozone will quickly enable you to eat and digest anything. Mr. McCall, druggist, can tell you a great deal more about Ferrozone, how it cures and why it cures. Call to-day and see him. Price 50c.

Happiness is a roadside flower, blooming on the highways of usefulness.

Messrs. C. C. Richards & Co.

Gentlemen,—Theodore Dorais, a customer of mine, was completely cured of rheumatism after five years of suffering, by the judicious use of MINARD'S LINIMENT.

The above fact can be verified by writing to him, to the Parish priest or any of his neighbors.

Neuralgia Almost Drives People Mad.

Only those who have suffered know of the darting, distracting pains and aches neuralgia inflicts. Ordinary remedies don't even relieve. It requires an extraordinarily strong, penetrating liniment to drive out the pain. To get relief rub Polson's Nerviline into the spot. Pain can't resist Nerviline, which has five times the strength of any other liniment. Drives out neuralgia in half an hour. Never fails! Never harms! Always successful. Try a large 25 cent bottle.

They really fell in love at first sight, didn't they?

That's what they thought, at the time, but since then they have found that love was blind.

What a splendid type of tireless activity is the sun as the psalmist describes it issuing like "a bridegroom from his chamber and rejoicing like a strong man to run a race." Every man ought to rise in the morning refreshed by slumber and renewed by rest, eager for the struggle of the day. But how rarely this is so. Most people rise still unrefreshed, and dreading the strain of the day's labors. The cause of this is deficient vitality and behind this lies a deficient supply of pure, rich blood, and an inadequate nourishment of the body. There is nothing that will give a man strength and energy as will Dr. Pierce's Golden Medical Discovery. It does this by increasing the quantity and quality of the blood supply. This nourishes the nerves, feeds the brain, builds up enfeebled organs, and gives that sense of strength and power which makes the struggle of life a joy. The "good feeling" which follows the use of "Golden Medical Discovery" is not due to stimulation, as it contains no alcohol, whiskey or other intoxicant. It does not brace up the body, but builds it up into a condition of sound health.

Mrs. William Wells, River Road, Camden, who has been seriously ill in Chatham for some time past, is improving.—Dresden Standard.

Mrs. Young returned Sunday from Chatham, where she has been visiting with friends from her native state, Md. U. S.—Dresden Standard.

Mrs. Phelps, of Dutton, has purchased part lot 19, concession 3, 50 acres, Romney, from Alonzo Collison, for $1,700, and will remove to Romney shortly.—Tilbury Times.

The beet crop is being harvested this week. With a few exceptions those who raised beets this year are satisfied with the results. The yield is expected to average about 15 tons to the acre.—Dresden Standard.

Mr. Jas. Rutherford has purchased a farm on the Middle Road, Raleigh, from the estate of his deceased brother. It is right in the line of the oil belt through the township and may prove a valuable investment.—Blenheim News.

The editor of an exchange thus delivers himself: "The misguided creature who carried off the thermometer from this office had better return it, as it will be of no use to him where he is going, as it only registers 130 degrees."

Rev. T. T. George, of Chatham, will preach in the Methodist church here next Sunday, both morning and evening. The sermons will be of a patriotic nature, in commemoration of the King's birthday.—Blenheim Tribune.

Daniel Sellers, of Dutton, has instructed his solicitor to enter an action for $5,000 damages against the village of Dutton. Sellers alleges he was quarantined during the smallpox scare in Dutton in a tent, and through improper care he contracted lung trouble, hence the action.

Will Cuthbert was quite badly injured on Thursday last at the sugar plant. The accident was caused by a man rolling off a plank above and falling on Cuthbert's back. Several other workmen were injured slightly by being struck by the feet, hands, and head of the falling man.—Dresden Standard.

The Sarnia Canadian of October 29 says: "John Gibson, a Dresden man, was fined $1 and costs for being drunk and incapable. Given one week to pay." Some one has evidently been imposing on the police magistrate of Sarnia, both as to his name and place of residence. The only man of that name in this vicinity is one who never indulges and therefore never gets in the incapable condition mentioned.—Dresden Times.

Jos. Taff, of Chatham, who was engaged in mason work on E. Girouxs house, was seriously injured Monday afternoon by a falling scaffold, several brick falling on him. His face was injured and several teeth knocked out, and was badly hurt in the back. He was conveyed to the home of Alex. Campbell and was taken to his home in Chatham this (Thursday) afternoon.—Tilbury Times.

It is reported that Postmaster Kelly, of Quinn, has resigned, as the result of his reduced salary. It is to be hoped that he will reconsider the matter, but at any rate there should be no difficulty in securing another, as Quinn is too important an office to be without postal facilities. It is reported that P. W. Richards is willing to erect a suitable building. The salary paid last year was $52, and the revenue $74.90.

Mr. George Earl, a well known Blenheim old boy, was in town last week, calling on his old friends and relatives. Since leaving town George has wandered a great deal, and six years ago was only prevented from going to the Klondyke by a severe illness. Five years ago he married, and with his wife and two children, is now located in a town in Southern Indiana, where he is engaged in the tailoring business. He looks well now, and tips the scale at 202 pounds.—Blenheim News.

A quiet but pretty wedding took place on Thursday, October 30th, at 2 p. m. at the residence of Mr. Fred. J. Eaton, Ekfrid, when Miss Margaret A. Eaton was joined in wedlock to Mr. Dugald Campbell, of the township of Dunwich. While the wedding march was being played by Miss Eliza McDonald, the bride was led in and given away by her brother, Mr. Fred. J. Eaton. The ceremony was performed by Elder Carnell, of Dutton, in the presence of the immediate friends of the bride and groom.

Mr. J. B. Clark this week sold the front 50 acres of his farm on the 4th concession, W. C. R., Harwich, to Mr. Sherman Giffin, for the snug sum of $4,500. Mr. Giffin sold his 48-acre farm on the Centre Line, a few weeks ago, to Mr. Enos Watford, for $2,700. Mr. Giffin will take possession of his new farm on March 1st. Mr. Clark has still 50 acres of his old farm left, and he has purchased the 50 acres owned by his father, W. R. Clark, which adjoins this, and he thus has the 100 acres in one block.—Blenheim Tribune.

A bride not very far away from Blenheim recently received the following letter from a young man near here: "My Dear Girl,—You will find in the box a thing-a-ma-jig which has something to do with eating grub off a table. I don't know what it is. It looks like a cross between a harpoon and a hayfork. It may be for spearing pickles, or it may be something for stacking chopped cabbage. I am so old-fashioned that I don't know; and you will be so happy you won't care."—Blenheim Tribune.

AFTER THREE YEARS

Mr. Joseph Rochette Released From Rheumatism.

Suffered Much Agony, His Appetite Failed, and His Strength Left Him—Hope for Similar Sufferers.

Only those who have suffered from the pangs of rheumatism know how much agony the sufferer has at times to endure. The symptoms often vary, but among them will be found acute pains in the muscles and joints, the latter sometimes much swollen. At times the patient is unable to dress himself, and the slightest jarring sound aggravates the pain. Liniments and outward applications cannot possibly cure rheumatism; it must be treated through the blood, and for this purpose there is no medicine yet discovered can equal Dr. Williams' Pink Pills. When given a fair trial, these pills never fail to cure even the most stubborn cases of rheumatism. Mr. Jos. Rochette, a well known resident of St. Jerome, Que., in an interview with a reporter of L'Avenir du Nord, offers strong proof of the value of Dr. Williams' Pink Pills in cases of this kind. Mr. Rochette says: — "For nearly three years I was a great sufferer from rheumatism. The pains seemed at times to affect every joint, and the agony I endured was terrible. Sometimes I could scarcely move about, and was unfitted for work. The trouble affected my appetite, and in this way my weakness increased and my condition became more deplorable. I tried a number of remedies, but nothing helped me until I was advised to take Dr. Williams' Pink Pills, and then relief came. Gradually the pains left me, my appetite improved and I became greatly strengthened. Before I had taken a dozen boxes my health and vigor was such that I felt better than I did before the trouble began. I have not since had an ache or pain, and I feel convinced that Dr. Williams' Pink Pills are the best medicine in the world for rheumatism."

Dr. Williams' Pink Pills are sold in every civilized land, and their enormous sale is due entirely to their great merit as a medicine. They cure all such troubles as rheumatism, sciatica, locomotor ataxia, partial paralysis, nervous headache, kidney ailments, neuralgia, and the weaknesses that affect so many women. Do not let any dealer persuade you to try something else which he may say is "just as good." See that the full name "Dr. Williams' Pink Pills for Pale People," in on the wrapper around every box. If in doubt, send direct to The Dr. Williams Medicine Co., Brockville, Ont., and the pills will be mailed post paid, at 50c. per box, or six boxes for $2.50.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its states, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient health and strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Why Catarrhozone Cures Catarrh.

It goes to every affected part and kills the germs that keep up the diseased condition. Catarrhozone never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive discharges. Catarrhozone contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrhozone is an absolutely certain cure for any form of Catarrh and sells for one dollar at druggists, small size 25c. By mail from Polson & Co., Kingston, Ont.

Only a man with a heap of money can afford to act as though he hadn't a cent.

THREE-QUARTER EFFECTS.

Velvet and Lace Coats—Princess Gowns.

The long three-quarter coat will be the style this winter for those whose height will enable them to wear it. These coats are made of velvet, ribbed silk and even of brocades and are usually worn over a waist or dress which has a full fall of lace. Sometimes the effect of the long coat is also carried out on the skirt in the shape of gored flounces at even distances. These are trimmed on the edges after the manner of the coat.

Loose coats of lace are very smart for theater wear and accompany skirts of pale colored broadcloth or crepe de chine.

The princess dress will be seen a great deal this winter at smart functions, and robes of crepe de chine incrusted with renaissance lace will be utilized for this purpose.

AFTERNOON DRESS.

White in all materials promises to be more popular than ever, and it is particularly becoming to brunettes and women with auburn hair.

The afternoon dress illustrated comes from a well known French house. It is of gray and white liberty silk trimmed with guipure mousseline and ribbon velvet. The shirred skirt is especially worthy of notice, as it illustrates the latest style.

JUDIC CHOLLET.

TAILOR HINTS.

The Basque Coat Coming In—Pedestrian Skirts.

The basque coat is coming in with the shorter skirt much strapped and stitched. Collars and revers are once again braided, and new braids will be used as winter advances.

The lace cravat is a pretty finish to a tailor made frock, while the old fashioned jabot must of necessity be in vogue with anything approaching the swallowtail or cutaway jacket.

There is no doubt that on all practical costumes the skirts will be much shorter, but the really short skirt to show the ankles should be kept exclusively for country wear. For town wear the skirt is cut to escape the ground barely all the way around.

A USEFUL GOWN.

There is no doubt that some women never look well without a wide collar; consequently they must not be deluded by new fashions in this respect. Some of the very latest coats are made without the sailor collar and with the little upstanding military affair, but in all such matters individuality must be considered.

A very useful gown is the one shown in the cut. It is of dark red rough goods trimmed with gold and white braid.
