Local Happenings.

Municipal Council meets at Kentville on Tuesday next.

Add to your telephone exchange the name of Mrs. Rachel DeWolf Archibald, No. 28-11.

The first carnival of the season will take place at Evangeline rink on Wednesday evening of next week.

There will be no exchange of pulpits in Wolfville on Sabbath next, but there will likely be an exchange all round on Sabbath week.

The Browning Club will meet with Mrs. Chipman Monday evening, Jan. 11th. Browning's 'Pauline' has been chosen for the evening's study.

WANTED.—Two sales ladies at the Great Fire sale. Apply at once.

The ladies engaged in work for the Labrador Missions will meet at the home of Mrs. Roscoe, Acadia street, on Thursday afternoon next, at 2.30 o'clock.

Owing to an unusual busy week in our printery we have been unable to devote as much time to our paper this week as we would have liked. Next week we will try and do better.

Those who wish to vote at the coming election for Mayor and Councillors, on the 2nd of February, must have all their taxes, including frontage tax for 1908, paid by Jan. 16th.

The steamer Prince Albert did not make her final trip for the season last Thursday, as advertised, owing to an accident to her machinery. Repairs were made, which enabled her to make the closing trip on Friday.

A dollar will do wonders at the Great Fire Sale—more than two dollars elsewhere.

During the illness of Miss Wells, vice-principal of Acadia Seminary, her place is being filled by Miss Rosamond Aachibald. Miss Archibald's classes in German and French are consequently postponed for a short time.

The time for the annual meeting of the Wolfville Board of Trade will soon be here. The date, we believe, is Wednesday, Jan. 25th. We trust an effort may be made to revive the interest in which should be one of the leading institutions of the town.

TO RENT.—Furnished house on Gaspereau Ave. Possession at once. Apply to C. H. BORDEN, Wolfville.

The union meetings in the different churches of the town this week have been well attended and interesting in character. The last of the series will take place this evening in the Presbyterian church when the subject will be 'Home and Family Life.'—Deut. 6.

Citizens are getting ready for the civic elections which are due now in a few weeks. A requisition has been circulated and largely signed this week to Mr. T. L. Harvey, asking him to allow himself to be nominated for the position of Mayor. Mr. Harvey has already served some time in the Council where he was a good representative, and it is to be hoped he may now accede to the request of his fellow-citizens.

Miss Rosamond M. Archibald, M. A., Smith College, will tutor in all elementary and college preparatory branches. 09 3m.

A London firm gives the following report of the market: 'The British apple markets continue very firm. This is accountable, of course, to some extent to the Christmas trade, but to a greater degree to short supplies. In fact, shipments are coming forward from the Dutch and Belgian ports to cope with the demand, and we confidently look forward to a continuance of these good markets in all the U. K. straight away now through the season.

Following are the officers of Wolfville Division, S. of T., for the current quarter:—

NEW STRENGTH FOR WEAK GIRLS

Can be Had Through the Rich, Red Blood Made by Dr Williams' Pink Pills.

There comes a time in the life of almost every girl when sickness attacks her. The strain upon her blood supply is too great, and there comes headaches and backaches, loss of appetite, attacks of dizziness and heart palpitations, and a general tendency to a decline. The only thing that can promptly and speedily cure these troubles is Dr. Williams' Pink Pills. This is the only medicine that actually makes new, rich, red blood, and a plentiful supply of rich blood is the one thing needed to maintain the health of growing girls and women of mature years. The truth of this statement is proved in the case of Miss Esther E. Sproul, Truemanville, N. S., who says: 'At the age of sixteen years I left my country home to attend high school. The close confinement and long hours of study nearly broke me down. My blood supply seemed to be deficient, and I grew pale and depressed. I was dizzy nearly all the time, and pimples broke out on my face. I was altogether in a miserable condition and it seemed impossible for me to continue my studies unless I found a speedy cure. I tried several tonics prescribed by the doctor, but they proved useless. My mother urged me to try Dr. Williams' Pink Pills, and I finally consented to do so. I had hardly finished the second box before a change for the better took place, and the use of a few boxes more fully restored my health, and I have since been well and strong. I feel that I cannot say too much in favor of Dr. Williams' Pink Pills, and I strongly recommend them to other ailing girls.'

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Miss Alice Huntington, who has taught music in a Ladies' Seminary in Virginia during the past year and spent the year previous abroad, has accepted a position in the musical department of Acadia Seminary.

The educational institutions opened on Wednesday and most of the old and a number of new students are in attendance. The coming term promises to be a successful one. The public school re-opened on Monday.

Rev. W. H. Robinson supplied the Baptist pulpit at Annapolis last Sunday.

Personal Mention.

(Contributions to this department will be gladly received.)

Mr. W. L. Barss, barrister, of Halifax, was in town over New Year's Day, returning home on Monday.

Dr. Salter and wife, of Oxford, spent New Year's the guest of the latter's brother, Mr. Geo. A. Johnson.

Mr. A. J. Watson, who has been spending the holidays at his old home in Kingston, Ont., returned to Wolfville on Tuesday.

Mr. and Mrs. I. C. Archibald spent New Year's at Bridgetown, where they visited at the home of the latter's uncle, Mr. Charles Hicks.

Mrs. Bishop and her daughters, Mrs. Dickson and Mrs. Gould, who have been spending the past summer at their country home at New Minas, expect to leave to-morrow to spend the winter in Florida and other parts of the south. Their many friends will join in wishing them a very pleasant trip and a safe return.

A number of distinguished names appear among the contributors to the January number of The Canadian Magazine. Prof. Goldwin Smith writes a timely and most interesting consideration of 'The Crisis in India,' and Sir Charles Tupper writes on 'An Incident of Confederation.' These two contributions alone would make the number one of more than ordinary interest, but there are as well important features, including 'The Head-hunters of Formosa (illustrated), by Thurlow Fraser; 'Five Famous Empty Chairs' (illustrated), by Frank Yeigh; 'The Lovelie Ladye of Holyrood' (illustrated), by Jean Blewett; 'Plays of the Season' (illustrated), by John E. Webber; 'The Modern Olympia,' by H. J. P. Good; 'Bulgaria: A Study in History' (illustrated), by J. Castell Hopkins, with short stories by Lillian Leveridge, Headon Hill, Carl Ahrens, and poems by Isabel Ecclestone Mackay, Virna Sheard, George Herbert Clarke, E. M. Yeoman, Jean Blewett, James P. Haverson and Louise C. Glasgow.

From Mr. W. T. Stephens, a former resident and business man of this town, we have received a copy of a special holiday number of the Daily Phoenix, of Saskatoon, Sask. We note by scanning its adv. columns that Mr. Stephens has a leading position with the firm of J. F. Cairns, where he has charge of the grocery department with a staff of ten men under him. The firm has a staff of over seventy-five in all. Mr. Stephens' Wolfville friends are glad to hear of his success.

and will not take an imitation. Paroid is admittedly the standard roofing of the world. It has taken the makers nearly one years to perfect it. Any one can lay it in any kind of weather—and it "stays put." Weather proof, wear proof, contains no tar. Made cold. Complete roofing kit in each roll. Before you retain or build send for FREE SAMPLE. It will save you money.

Why Do the Heathen Rage?

Your readers must have been surprised upon reading the recent editorial appearing in THE ACADIAN referring to the demonstration of rowdyism at your residence on the evening of the recent election and the illustrious personage mentioned in connection therewith. It is certainly a most remarkable attitude for any person to assume who is reported to be a striving aspirant for municipal and political honors in the near future. Not only so but the same individual with his Kentville confrer, has of late been masquerading in the role of Reformers. These artistic moralists keep up a sort of criticism through the editorial columns of the Western Chronicle, printed at Kentville, upon the recent campaign as conducted by the Reform Party of this county. These so called criticisms reached the climax in the editorials of that paper of the 24th December, which for unbridled audacity, falsehood and filth is seldom equalled. Were it not that these temporary indulgers in morals have a recent historic past pretty well known to the public, possibly some of the readers of that editorial vomit might be deceived. No person, let alone these vendors of filth, can point to one act of the recent campaign as conducted by the Reform Party that is in any way discreditable. If such is the case let these individuals point out wherein morality or decency has been violated. No bribery or corruption by money or big promises of public works, no debauching the electors by a plentiful supply o rum can be charged to them. Their contention was for purity in our political life. Is this not a proper course to take in this most corrupt period of our national existence? These writers could discourse more intelligently upon such subjects as sandy lands deals, sub-target contracts, mutton contract, etc., than upon moral issues. The editor of the Western Chronicle during the recent campaign, in his extreme efforts to injure the Reform Party and in a moment of weakness, went so far as to charge that a member of the Reform Party was guilty of helping along what that writer unguardedly insinuated was a wicked and scandalous transaction, namely that notorious land deal, but upon receiving his answer from Mr. Allen suddenly and suspiciously ended the controversy upon that subject. Did the truth hurt very much? Let these would be defamers of the Reformers ponder their past record and if conscience returns to them we will hear no more from at least one little tyrant still smarting from his political rebuke at the last local election spitting venom from his low view point of political morality and decency. The mud thrown sticks to none save their own insignificant selves.

REFORM.

To the Electors of the Town of Wolfville.

As we are nearing another Town Council election would it not be well to say a word in respect of the importance of securing for Mayor and Councillors the kind of men needed? It is to be regretted that Mayor Black cannot accede to the wishes of almost the entire electorate to again consent to accept office. His stewardship has certainly been a creditable one. Who shall his successor be? And who shall succeed the three men who retire as Councillors? This is to be an election of supreme importance for Wolfville and the choice of men to conduct the important affairs to be transacted this year should engage our most earnest attention. It is for this reason that citizens should be warned to pause when requisitions are placed under their faces and to summon the courage necessary to say no if they feel that any doubt exists regarding the probity or ability of the nominee. Business men, men who have some business in their heads and with business records, should be selected to fill these positions. The town will have an expenditure of $40,000 to make on electric light after it has succeeded in securing the necessary legislation and this expenditure should be placed in the hands only of men whose records point to success both in civic and private affairs. The battle before the Legislation also, to secure the necessary $20,000, may be a hard one. It stands Wolfville in hand to see that the men who are best calculated to fight that battle are brought to the front. All petty feelings and jealousies should be sunk in our united effort to pick and elect the right men for this occasion. Don't let early requisitions carry us off our feet. Let us sign no requisitions that will commit us to vote other than as our best judgment dictates on election day. Beware of the requisition. It is a delusion and a snare.

How to Secure Farm Help.

As usual, the Salvation Army will be in the position to introduce farm help to the farmers throughout the country during the coming spring. All indications point to a revival in trade, and there is a probability that farm help will be scarce. The army authorities are constantly in communication with new comers and others in the country, who are desirous of locating on farms from time to time, and will be glad to introduce these people to farmers needing help.

It is not the purpose of the army, however, to encourage immigration of farm help to Canada during the coming season, unless the condition warrants such a policy. Therefore, farmers who are like to require help, are advised to communicate promptly with Staff Captain Jennings, Box 477, Halifax, N. S. Application forms and all other information will be supplied on application to the above address.

Are You Bankrupt
IN NERVE FORCE?

If you spend three dollars a day and earn two you are sure to come to bankruptcy and yet this is just what thousands of us are doing in regard to health. By overwork, worry and anxiety the energy and vigor of the body is wasted more rapidly than it is built up and the result is bankruptcy of health. Sleeplessness, headaches, indigestion, worn-out feelings, spells of weakness and despondency are some of the symptoms which tell of the approach of nervous prostration or paralysis.

Dr. A. W. Chase's Nerve Food

supplies in condensed and easily assimilated form the very ingredients from which Nature constructs nervous energy and builds up the human system. It positively overcomes the symptoms referred to above and prevents and cures the most serious forms of nervous diseases. 50 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

Mrs. Edward Schwartz, Ladysmith, Que. writes:

'Nervous prostration was my trouble, I was weak, run down, nervous and unable to do my housework. Dr. Chase's Nerve Food built up my system and cured me of sleeplessness, heart palpitation, headache, weakness and dizziness.'
