There is a continued movement of low grade butter for export at from 3c to 10c per lb., and stocks of this quality are being pretty well cleaned out. The Financial Situation.

The shrinkage of failures down to about their usual volume is accepted as very direct evidence that in trade circles affairs are fast returning to a normal condition, say Henry Clews & Co. in their weekly financial review, and that the injury to the commercial class arising from the crisis has not been so radical as to very seriously interfere with the spring trade. Again, we have evidently reached an advanced stage of recovery in credit circles. Banks are abating their late extreme caution and foresee a probable early abundance of money, which is inducing them to give more encouragement to borrowers. Their attitude towards Wall-street houses is more liberal, and there is no difficulty in getting money on four to eight months, upon good collaterals, at 5½ to 6 per cent., which removes the late important obstacle to stock houses encouraging large operations.

It is mainly from reasons of the above character that prices have been steadily creeping up during the two last weeks. The improvement has extended to corporate bonds as well as to stocks. A few weeks ago, the prices of a large mass of railroad bonds ranged at figures that would yield about 6 per cent. to the buyer; the subsequent rise has put them upon a 5 per cent. basis. This recovery in mortgage investments has laid the foundation for a corresponding improvement in the stocks of the same corporations, which, however, has as yet been only partially realized, and therefore leaves a legitimate margin for future advance.

The silver faction in Congress, unsatisfied with the large concessions to its demands made last summer, now asks for everything that could by possibility be granted—the free coinage of silver up to the full limit of the United States production; and it is by no means certain that a majority in Congress will not be procured for the proposal. Such a law, if allowed to run for a few years, could hardly fail to drive gold out of the country and put it at a premium, leaving our entire paper currency (excepting gold certificates) convertible into a depreciated silver legal tender. Opinions can differ only as to when that result might come; the ultimate consequence is inevitable. The adoption of the bill therefore would be likely to have an immediate effect upon all long-dated obligations not made payable specially in gold, and thus might make gold itself a subject of speculation much sooner than is now anticipated.

A few thoughts concerning

ASTHMA

Its Cause and Cure

Must interest every one afflicted with this terrible disease. To describe this disease to one that has suffered for years the untold agonies of suffocation and distress night after night and who (in many extreme cases) would only gladly welcome death in order to be relieved from such suffering with no prospects of ever being any better is not pleasant to contemplate. All the boasted remedies heretofore claimed to cure Asthma have failed or only given temporary relief. The smoking of leaves and barks, saturated paper and pastles has been resorted to as the last means for only a temporary relief anything being considered a blessing that will release the grasp of the fingers of death (even for a short time), which seems to be tightening every moment more and more; the sufferer knows that this is Asthma.

To-day suffocating, in a few days relieved, and no good reason can be given as to the cause of these sudden changes and return of suffering, only by the poisonous blood acting on the nerves producing the disease. In Asthma there is a

SPECIFIC POISON in the Blood that must be DESTROYED

before Asthma can be

CURED

This poison is oft-times inherited and passed through many generations, like Scrofula, never losing its power to produce Asthma and oft-times affecting the lungs and bringing the sufferer down to a Consumptive grave. Location, with surrounding causes will arouse and set to work this poison in the blood, so that in some sections of the country an Asthmatic cannot live, even in one part of a city their suffering is intense, move to another part and they are entirely free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the Atmosphere in many localities will develope this poison in an unusual degree thereby affecting the NERVES, producing spasms and difficult breathing, which every Asthmatic has had such sad experience with, suffering, and no hope of being cured; for having tried every known remedy, exhausted the skill of the physicians, have given up in despair.

After years of study and patient research and watching this disease in all its various phases under various circumstances we present a cure for Asthma known as **DR. TAFT'S ASTHMALENE,** which will entirely destroy this poison in the blood and restore the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the nerves restored to perfect health. **ASTHMALENE** is unlike all other so called Asthma cures, as it **CONTAINS NO** Opium, Morphine, Ipecac, Squills, Lobelia, Ether, Chloroform or any other Anodyne or Narcotics, but its combination is of such a nature that it will destroy every particle of this poison in the blood and eliminate it from the system, effect a cure and give a night's sweet sleep. We have received thousands of testimonials from every State in the Union of the marvelous cures from the use of the **ASTHMALENE.** We have never published them, for testimonials have been manufactured so extensively and sold so cheap that people have no confidence in them.

WE DO NOT WANT YOU TO SEND US MONEY

We do not make out a long list of prying, personal and impertinent questions, nor do we resort to any clap-trap or any nonsense of any kind in order to make monthly or permanent patients; we only ask any one suffering from Asthma to **TRY A FEW DOSES** of Asthmalene. We make **NO CHARGE FOR** a trial bottle to sufferers from this terrible malady. Send us your name on a postal card and we will mail

FREE

enough of Dr. Taft's Asthmalene to show its power over the disease, stop the spasms and give a good night's rest, and **PROVE TO YOU** (no matter how bad your case) that **ASTHMALENE CAN CURE ASTHMA,** and you need no longer neglect
