TOWN AND COUNTRY.

Now kick off the clothes!

Seasonable advice: Keep cool!

93 DEG. in the shade on Tuesday.

Beautiful patterns in Regatta shirtings at Bean & Gee's.

GREAT Jupitor! Mercury, hold up, before the top of our themometer is busted!

WOOL.—As high as 23 cts. has been paid for wool in the Listowel market this week.

Don't forget that Bean & Gee are the only firm in town making shirts to order and guaranteeing perfect fits.

J. W. SCOTT, Esq., Mayor of Listowel, is spending a short holiday season in Kansas. He will return next week.

O i! for a lodge in the garden of cucumbers;
Oh! for an iceberg or two at control;
Oh! for a vale which at mid-day the dew cumbers;
Oh! for a pleasure trip up to the pole.

REV. J. G. SCOTT's incumbency of the C. M. Church here will close on Sunday evening next. He leaves for Hamilton next week.

MR. C. J. GUNDRY has placed an attractive show case in the window of his jewellery store. It contains an elegant display of silver ware.

It is always the big fellows that get to the front in a crowd. Look at the strawberry boxes for instance; the little ones are always at the bottom.

MESSRS. BELL & DAVIDSON have a new bread wagon. It is a handsome vehicle. Little Bros. & Co., were the builders. The Vienna Bakery prospers.

A TRAIN of six cars containing excursionists to the Falls, passed through Listowel on the G. W. R. yesterday morning. A number got on board the train at this station.

Cherries, strawberries, rhubarb, hot weather, ice-cream and, and—well that's enough to make the average man indisposed. No wonder all our medicos "smole" a smile just now.

THE ten mile walking match at the Rink on Friday evening last, between Will. A. Damer, and R. M. Kay, was won by the latter, Damer only gaining 6½ laps upon his opponent. He should have gained eight laps to win.

Two "drunks" were up before Justice Climie this week and fined $5 each for disorderly conduct on the streets. Both of them hailed from the county of Huron. When next they "go off upon a spree," they had better steer clear of Listowel.

THE death of Mrs. Gowing, recorded in another column, occurred very suddenly. She was in apparently good health only a few hours previous. Cholera Morbus is attributed as the cause of her untimely demise.

The boundary line bridge committee of the Wellington County Council have recommended that a new bridge be built on the town line between Maryboro and Wallace, on condition that the County of Perth bear one half the cost.

EXCURSION TO PT. DOVER.—On Dominion Day an Excursion will be given over the P. D. & L. H. R. to Port Dover. The train will leave Listowel at 6. a. m. Fair for the trip, $1. The usual holiday attractions will be in vogue.

FUNERAL SERMON.—The funeral sermon of the late Mrs. Tremain was preached on Sunday last by Rev. H. Norris. The congregation was very large. The corpse was subsequently interred in the Listowel cemetery, being followed to the grave by a lengthy funeral procession.

FIRE! FIRE!—Mr. R. F. Brook being determined to rebuild the Listowel Woollen Mills, and needing capital, desires all persons who are indebted to him, to call and settle accounts within two months; otherwise his accounts must be placed in other hands for collection. 22.

STRAWBERRY SOCIAL.—A strawberry social will be held at the house of G. S. Climie, Esq., corner of Havelock and Napier streets, at 7.30 o'clock on Monday evening next. A cordial invitation is extended to all. Proceeds to be applied to the Organ and Choir fund of the Congregational Church.

MESSRS. BEAN & GEE have received a large line of Cornwall grey cotton s, which they are offering at a very low figure, notwithstanding the late advance in cotton goods. The London House has earned a distinction for honourable dealing and giving customers good satisfaction for their money.

SATURDAY EXCURSIONS.—To morrow the G. W. R. will again commence running cheap Satur day excursions to Kincardine, and Southampton. From Listowel to Kincardine and return the fare will be $1. From Palmerston to Southampton, fare $1.25. Tickets good to return by any regular train on the Monday following.

ATTENTION is directed to the advertisement of Mr. Wm. Milne, proprietor of the sash and door factory formerly known as Dunham, Wilson & Co's. The factory, under the able management of Mr. E. B. Sutherland, is now in full blast, and prepared to fill orders in the building line with promptitude.

A correspondent writes: Last week, at the County Council Mitchell was not the best used place in the world. If we were not pretty well settled, this town might be inclined to move into some more healthy climate. They only gave a grant of $250 to the iron bridge to be built in this town, and cut off the township grants to High Schools.

THE 12TH.—We understand that the Orangemen of this district have altered their intention of celebrating the Boyne anniversary in Listowel this year. The county lodge of South Perth intend going to Goderich; whether their brethren in this district will join with them, or go to Wingham on the 12th, we believe is as yet undecided. It is thought probable that the latter place will be chosen.

A LITTLE child of Mr. Draper's narrowly escaped being run over by an engine on the mill siding the other day. Fortunately the little fellow was noticed by one of the men on the engine, who ran forward and lifted him out of danger. Too much caution cannot be exercised to prevent children from playing in the vicinity of the mills, where accidents are liable to happen almost any day.

It was at a cheap boarding house and a sorrel whiskered boarder took his seat at the breakfast table and called for a comb and brush. "Comb and brush!" repeated the landlady, "what for?" "Well, I'm a little peculiar about some things," answered the boarder, "and I just took it into my head that I'd like to see how that roll of butter would look with its hair parted on the other side." Landlady didn't faint.

CHEAP EXCURSION TO ERIE, PA.—The P. D. & L. H. R. Company announce a cheap excursion from Listowel to Erie city, Pennsylvania, on Dominion Day. The fare for the round trip is only $2.25. To those who would like to take a trip to the American side of Lake Erie, this excursion will furnish them with a good chance and at small cost. An excellent steamer is to be provided for crossing the lake.

INSPECTOR.—The High School Board have appointed Mr. William Hess inspector of the new building. Mr. Hess is "right man in the right place," and his appointment is an indication that the work on the building will be executed in accordance with the specifications of the architect. A thoroughly competent inspector is very desirable in the erection of a building of the importance of the new High School.

GOOD DIVIDEND.—The British Mortgage Loan Co. of Ontario, whose head offices are at Stratford, announce a half yearly dividend at the rate of 8 per cent. per annum. A fair amount of the earnings has also been placed to the reserve account. This speaks well for the successful management of the company. A Stratford contemporary says the company is doing a safe and profitable business. Depositors are availing themselves of the liberal rate of interest allowed on savings bank deposits, and its investments, for the most part on the best property in the country, are at very remunerative rates of interest.

EQUALIZATION.—In accordance with the report of the Equalization Committee, the County Council have raised Listowel to $350,000, which we believe is $26,000 more than last year. Query: Is Listowel the only municipality in the county that has increased in value during the past year? Good bye, little Mitchell! Stratford, look out, as the county seat may be spirited away some of these days to the "hub of the north!"

NEW GROCERY.—A new grocery and crockery store is being opened out in the Livingstone block on Wallace street, by Messrs. Tallman & Lenentine, of Ridgetown. The new-comers have had experience in the business, and bear good recommendations from their former location. Their goods will be opened out in a day or two, when they hope to gain a share of patronage from the public of this vicinity.

CRICKET.—Last Saturday the Listowel cricketers went to Hawkesville to play a friendly match with the club of that place. Somehow or other, and of course altogether unaccountable, our boys came out "second best," the willow slashers of the neighboring hamlet having got away with them by a score of 116 to 71. We understand that a match is arranged to come off here on Saturday between the Listowel and Harriston clubs. May the home team give a better account of themselves.

DRAYTON village Council is submitting a by-law to raise $2,500, on 20 years debentures, for street improvements. No doubt the children of the Drayton village fathers will ever be filled with gratitude for the legacy which is about to be left them. And won't they "be proud or nothing" when they are called upon to pay for the sidewalks that will have succumbed to the pressure of their fathers' cowhides in the days then gone by perhaps a decade or more?

DOMINION DAY EXCURSIONS.—The G. W. R. will run an excursion train over the Southern Extension to Kincardine on Dominion Day. The train will leave the Listowel station at 7.50 a. m., fare for the round trip $1.00, children under 12 years 50cts. Special attractions in the shape of boat races, horse races, firemen's parade, etc., are offered to pleasure seekers at Kincardine on that day. An excursion train also leaves Palmerston at 7.35 same morning for Port Elgin.

ACQUIRING MORE ROOM.—S. Bricker & Co., have recently removed the stove and tinware department of their extensive hardware store into the new store on the west side of their establishment. This step was found necessary in order to make room for the very large stock kept by the firm, their former premises being inadequate for the purpose. As the entire ground floor of the Osborne block is now occupied by Messrs. Bricker & Co. they will be able to display their wares and conduct their business to much better advantage.

By a typographical error in last issue a birth notice which should have read, "the wife of John *Shy*" was made to read, "the wife of John *Shy*." Errors will sometimes creep into print, and occasionally the misprint of a single letter will convey an entirely different idea from what was really intended. The present instance, as will be noticed, would lead one to believe that Mr. Shy was the happy parent, and the instance is all the more misleading on account of both of these gentlemen being residents of Wallace township.

THE CROPS.—The prospects of the crops in this neighborhood are most encouraging, and already parties are speculating that the fall wheat will yield from 25 to 30 bush. per acre. Grass, though heavy on the sole, will be in general short. The gardens, which, owing to the late rains and fine weather, have recovered from the effects of the frost, now promise well. Strawberries and other small fruits are likely to yield an abundant crop. Strawberries are now in season, and the gardens in this vicinity are likely to supply the local demand for some time to come.

LECTURE.—Many of our readers will be pleased to learn that Rev. James Carmichael, formerly of Montreal, now of Hamilton, intends coming to Listowel on Wednesday evening next, 2nd proximo, when he will deliver his popular lecture on "Temperance" in the Osborne Hall. The name of the lecturer should be sufficient in itself to attract a large audience, as Mr. Carmichael is admitted to be one of Canada's most able divines. The rev. gentleman is also noted in the lecture field. The subject of temperance is one with which he is thoroughly conversant, and all who go to hear him on Wednesday evening may expect something well worth listening to.

BUILDING.—Messrs. D. D. Hay and J. P. Newman's new brick block on Main street is well under way, the brick work of which is well nigh completed. Mr. James Lee, harness marker, and John Welch, shoemaker, are erecting a brick block immediately west of the above, the contract for which has been let to J. & J. Large. Mr. H. T. Thrift is at present busy laying the foundation, which calls for twelve feet of stone work. Work has been commenced on the new High School, which will furnish employment to a large number of mechanics for some time to come. There is also considerable building being done in the way of private residences throughout the town. Altogether, there is fair promise of the present building season totaling up a creditable record of improvements, not withstanding the general depression of the times.

ALMA COLLEGE.—Rev. W. G. Brown, of St. Thomas, is in town this week, his mission being to extend the subscription lists of the Alma College. This college is established at St. Thomas. It is under the care of the Methodist Episcopal Church of Canada. The college is at present designed for the education of young ladies in the higher departments of science, literature and art; its charter also grants it power of enlargement by the addition of a school for boys. The corner stone of Alma college was laid on the 24th of May, 1878, and it is expected to be in readiness for opening about the first Tuesday in september next. The total cost of the building is estimated at $50,000. Something over $27,000 are already raised. Rev. Mr. Brown has met with encouraging success in his canvass; we learn that in Listowel he is also likely to obtain a considerate support.

PESENTATIONS.—On Wednesday evening the members of the Methodist church choir met at the residence of Rev. Mr. Scott on Dodd street, and presented him with an address, accompanied with a gold headed cane. The address was expressive of the kind feelings entertained by the choir towards their pastor, and the regret caused by his departure, coupled with well wishes for him in the larger sphere to which he was about to remove. Mr. Scott accepted the tokens of esteem with characteristic modesty feelingly replying to the sentiments conveyed in the address. After the presentation the choir was entertained a short time with sociable converse, music and other resources of pleasure. On the previous evening Mrs. Scott was made the recipient of an elegant silver card receiver, which was presented to her by the young lady members of her Bible class. These farewell gifts will no doubt be treasured by the reverend gentlemen and his lady as lasting *souvenirs* of their warm hearted friends in Listowel.

FIRE INQUEST.—An inquest was opened at the town hall on Friday last, before coroner Nichol, into the origin of the late fire which caused the destruction of James Maneer's residence. Mrs. Maneer, Wm. Strain, John McCance, Jas Maneer, and several other parties were up for examination. The inquiry was conducted by Mr. Hughes on the part of the Waterloo Mutual Insurance Company, in which Company the building was insured for $400. No direct evidence was adduced at the inquest by which the incendiary could be traced, although the testimony of some of the witnesses was given with such reluctance as to leave grounds for suspicion. It is however due to Mr. Maneer to state that evidence was produced exonerating him from having anything to do with the fire. Upon wholly reliable evidence it was proven that the owner of the building was at Edwardsville—some three miles distant—when the fire occurred. The investigation lasted the greater part of two days, when the parties who had been taken in custody during the inquest were liberated. Should anything transpire that will help to trace the matter home to the guilty party, the inquest will probably be re-opened. As the circumstances of the fire point conclusively to incendiarism, the protection of the town from a recurrence of such fires demands that vigilant measures be adopted to ferret out and punish the party or parties implicated in the burning of Jas. Maneer's residence.

HIGH SCHOOL BOARD.—A meeting of the Listowel High School Board was held at the Grand Central hotel on Monday afternoon, at which the following members were present: Geo. Draper, A. Hemsworth, R. Ferguson, A. D. Freeman, and D. D. Campbell, Sec. Treas. Mr. Sheard, of Toronto, the architect of the new High School building, was also present. It was moved by D. D. Campbell, seconded by A Hemsworth, that the tender of E. B. Sutherland be and is hereby accepted, and that the sureties offered being considered good, are hereby accepted, that the chairman and Secretary-treasure be and are hereby authorized to sign the said contract on behalf of the Board. This resolution was carried after a warm discussion, Messrs. Ferguson and Freeman dissenting thereto. A resolution was also passed appointing Mr. William Hess inspector of the new building. The names of A. D. Freeman, A. Hemsworth and D. D. Campbell were added to the building committee. The contract for the new school was subsequently signed by Mr. Sutherland, contractor, and by the chairman and the Secretary of the H. S. Board.

DOMINION DAY.—Tuesday next will be the 12th Anuiversary of the confederation of the Provinces of Canada into one Dominion, an event which it behooves all loyal Canadians to commemorate. It does not necessarily follow, however, that expensive demonstrations must be indulged in at every "clearing," whether hamlet or city, in order to attest the existence of a patriotic spirit. Our own town has not seen fit to provide any special celebration this year, but there is little reason to doubt that the people of Listowel will honor the birth of the Dominion fully as much as some of their more demonstrative neighbors. Business will most probably be suspended, and the day will no doubt be generally observed as a holiday. For those who wish to spend the day abroad, the railways afford them the opportunity of doing so at small cost. Cheap excursions are offered to lakes Huron and Erie, and it is likely that they will be liberally patronized. The dedication of the new Oddfellows Hall, and its attendant festivities, will doubtless keep many of our citizens at home, and furnish them with entertainment of a highly interesting and pleasant character. The new hall, which occupies the entire third flat of the Campbell block, has been expressly designed and finished for Listowel Lodge, No. 160, I. O. O. F. The frescoe painting and furnishings of the interior are elaborate, and have entailed a considerable cost. The formal dedication is to take place at 2.30 p. m. J. T. Hornibrook, Esq., Grand Master, of Toronto, assisted by other officers of the Grand Lodge, will conduct the dedicatory ceremonies. A procession will be formed at the conclusion of the ceremonies, and march to Mr. Hay's grove, where addresses will be delivered by the Grand officers of the Order, resident ministers and others, interspersed with vocal and instrumental music. The Listowel band will be present. Dinner is to be served in the grove at 6 o'clock. The members of the lodge have devoted themselves diligently to make the entertainment enjoyable, and we trust they will be rewarded with complete success.

THE DEATH OF PRINCE NAPOLEON.

He won', an ex'le from a foreign shore
To fight for England in the foreign land;
He went, destined to return no more,
For he has fallen by a savage hand.

The cruel assagei has pierced his heart;
He fell, a victim to a soldier's zeal;
The foe he sought, he met; death them did part;
Now Britain's legions at his fate may wail.

His widowed mother at his fate may weep;
Her hopes are fallen, never more to rise;
Around his tomb she may her vigils keep,
And hope to meet him in the distant skies.

The dark Zulus may at his fall rejoice,
For by their weapons he was caused to die;
But who will heed their patriotic voice,
Or at their downfall ever breathe a sigh?

For homes and freedom they may fight in vain;
The world heeds not their sadly mournful cry;
But many a heart for him whom they have slain
Will throb with sorrow, 'neath a tearful eye.

A star has fallen from the Imperial sky,
To shine no more upon this mortal scene;
And France's proud Napoleon dynasty
Will never more be what it once has been.

Old Bona' died in St. Helena's Isle;
His father slumbers on the British strand;
And now young Louis in his manhood's prime,
Falls by the savage in a foreign land.

Great men, and nations, at his fate may mourn;
But why for him should tears of sorrow fall;
For all are doomed to enter death's dark bourn;
His fate is but the common lot of all.

TOWN OF LISTOWEL.

BY-LAW NO. 43.

To enable the Municipal Council of the Town of Listowel, in the County of Perth, to raise money by way of loan for the erection of a High School in the Town of Listowel, to the extent of ($6,000) Six Thousand Dollars, and to issue Debentures therefor, and to authorize the levying of a special rate for the payment of said Debentures and the interest thereon.

WHEREAS the Municipal Council of the Town of Listowel finds it necessary to raise, by way of loan, the sum of six ($6,000) thousand dollars, by the issue of Debentures for that amount, for the erection of a High School in the Town of Listowel:

And whereas it will require the sum of seven hundred and twenty dollars to be raised annually, by special rate, for the payment of said Debentures and interest thereon, as hereinafter mentioned;

And whereas the amount of the whole rateable property of the Municipality, irrespective of any future increase of the same, and also irrespective of any income to be derived from the temporary investment of the sinking fund, or any part thereof, according to the last revised assessment roll of the said municipality, being for the year One thousand, eight hundred and seventy-eight, is the sum of ($797,675) seven hundred and ninety-seven thousand, six hundred and seventy-five dollars;

And whereas the amount of the existing debt of the said municipality is, for principal, the sum of ($59,333.40) Fifty-Nine Thousand, Three Hundred and Fifty-Three Dollars and Forty Cents, and interest, the sum of ($62,889.12) Sixty-Two Thousand, Eight Hundred and Eighty-Nine Dollars and Twelve Cents, no part of which principal or interest is in arrear;

And whereas, for paying the instalments of principal and interest as they respectively become due, as hereinafter mentioned, it will require an equal annual special rate of nine and one-quarter tenths of a mill in the dollar, in addition to all other rates to be levied:

Be it therefore enacted by the Municipal Council of the Town of Listowel:

1. D. 1879, at the hour of two o'clock, p. m., at the Council Chamber, in the Town of Listowel, the appointment of persons to attend at the various polling places and at the final summing up of the votes by the Clerk, respectively on behalf of the persons interested in, and promoting or opposing the passage of this By-law, will be made;
