At the Bar of the House.

PETITION PRESENTED BY UNEMPLOYED.

At 2 p.m. yesterday a great gathering of the unemployed assembled in the Casino Theatre, preparatory to parading to the House of Assembly, where a set of resolutions were to be presented to the Government to act upon. Before leaving the Hall the Chairman of the Committee, Mr. E. Whitty, addressed the assembly, cautioning all to be calm while the Committee were inside the House getting an answer to their petition. The speaker then called upon ex-Pte. F. Jordan to come forward and bear the Union Jack. The meeting then adjourned and ranks were formed and the march began. The line of route was up New Gower Street, Hutching's Street, thence to Cochrane Street, via Water Street. Some members of the Cadets made up a scrap band and played a few airs during the march. The procession was followed by a large number of teamsters with their horses. Arriving at the Assembly grounds the band played the National Anthem, after which the Committee entered the building and proceeded to the bar of the House. Mr. Whitty addressing the Speaker said that they had come with a set of resolutions, which he wished the Government of His Majesty the King to consider and give answer to. Thus addressed he craved permission to say a few words further. "They had brought with them to the bar of the House the flag that protected them all, and the man that bore it had only one arm, the other was in France. We are here as law-abiding citizens to do our business in a proper manner, and it is not a plot against the Government. We men are only in need of employment. With your permission Mr. Speaker, I will now read the resolutions. The Speaker gave his assent and Mr. Whitty read the following:—

TO THE HONORABLE THE HOUSE OF ASSEMBLY IN LEGISLATIVE SESSION CONVENED.

May it Please Your Honorable House.

WHEREAS WE, the Workingmen of St. John's held a meeting on April the sixteenth and discussed the unprecedented conditions which at present prevail among the working classes of the city and country;

AND WHEREAS at the said meeting, which was largely attended, and which was non-political, it was the unanimous opinion that these conditions were largely brought about by the Fishery Regulations Act, whereby the foreign markets were closed to the sale of our fish, the staple product of the country, with the result that about four hundred thousand quintals of fish, valued at four or five million dollars are at present in the country unsold, thereby causing coopers, blacksmiths, sailmakers, shipwrights, labourers and others who earn their livlihood through means of the fishing industry to be without employment, to the great hardships of themselves and those dependent upon them,

AND WHEREAS the condition of the country brought about by these Fishery Regulations are such that fish buyers and fish exporters are not inclined to supply for the coming fishery,

AND WHEREAS owing to lack of employment many of our people are forced to leave the country and seek employment elsewhere,

AND WHEREAS the fishery is not likely to be properly prosecuted and if so the result will be most disastrous to the country and its people,

AND WHEREAS it was also clearly shown that sugar could be purchased, imported and sold in this country for twelve cents per pound and even less, but the people of the country have to pay the sum of twenty-five cents per pound to their great loss, hardship, and detriment and especially so now where there is so little employment and money is so scarce, and further that owing to the high cost of sugar, candy and other factories have to discharge their employees and those kept on are only working at half time,

AND WHEREAS peace has been proclaimed and all other countries have repealed their War Measures Act, and in the opinion of the said meeting it is desirable that our Legislative should also repeal its War Measures Act,

AND WHEREAS at the said meeting it was unanimously resolved "That the Fishery Regulations Act and the War Measures Act should be repealed."

AND IT WAS FURTHER RESOLVED "That the Food Control Board should be abolished,"

Now therefore your petitioners pray that your Honourable House will accede to the request of the Workingmen as expressed in their resolutions passed at said meeting and repeal the said Fishery Regulations and the War Measures Act and will abolish the Food Control Board.

And as in duty bound they will ever pray, etc.,

Signed on behalf of the Committee representing the said workmen.

EDWARD J. WHITTY, Chairman,
PATRICK KAVANAGH, Secretary.

Dated at St. John's this 18th day of April one thousand nine hundred and twenty-one.

The Sergeant-at-Arms took the resolutions to the Speaker, who asked the Clerk to read them to the House, after which they were handed to Premier Squires, the latter after extending a "hearty welcome" to the delegation, assured them that the matters contained in the petition had been considered and the requests granted.

Sir Michael Cashin followed and said it surprised him to hear the Premier express such a hearty welcome, as in reality it was occasion for shame and grief. It was the first time in his 30 years' experience in the Assembly that the Union Jack had to be brought to the bar of the House by a needy people. After Sir Michael had assured the Committee that the Opposition party had pledged themselves to render all the assistance possible, Mr. Whitty asked the Premier some questions about employment and the position of the Government as regards guaranteeing of a loan to be raised by the Municipality. When the replies were received the Committee withdrew and from the Assembly steps informed the waiting multitude that the resolutions had been favorably received and that an Employment Bureau would be opened at the Municipal Council Office, where the unemployed would be registered. Photographs of the Committee were taken by Mr. J. C. Parsons, after which the gathering dispersed. Mr. George Ayre, B.L., who was present at this never-to-be-forgotten scene, kindly gave the bearer of the Union Jack a five dollar bill. Mr. Whitty's effort at the House was highly commented on by all. The Committee as well as all concerned are to be complimented on the manner in which the affair was conducted.

THE EVENT OF THE SEASON.—(By permission O.C.)— C. C. C. Indoor Sports, C. C. C. Armoury, Monday, April 25th, 8 p.m. C. C. C. Band in attendance. Secure your tickets now.

Police Court.

Fined $30.—A man was charged with loose and disorderly conduct on the public street. Accused pleaded that he was under the influence of drink at the time. He was fined $30 or 30 days.

Gets 20 Days.—A woman who was found in company with the defendant in the previous case was charged with a similar offence. She had no defence to make. A doctor's certificate stated that she was suffering from the effects of various dopes. She was sent to the penitentiary for 20 days, where she would be well looked after. His Honor regretted having to send the prisoner there, but as there was no home for unfortunates such as the accused, he had no other course open to him. This only serves to show up more and more, the need for such a home.

A drunk was discharged as it was his first offence.

NEWFOUNDLAND IS GOOD ENOUGH TO LIVE IN—Newfoundland is good enough to buy in — Newfoundland-made products are good enough to invest in.—apr18,6i

Wedding Bells.

A very pretty wedding took place last night, at 8 o'clock, at St. Patrick's Church, when Maurice Gillingham and Miss Monica Blackmore where united in the holy bonds of matrimony, by Rev. Dr. Kitchin. The bride looked charming in a suit of cream silk and hat to match. Mr. Leo Gillingham, brother of the groom, acted as best man, while Miss Lizzie Meaney performed the duties of bridesmaid. After the wedding service the happy couple proceeded to the groom's home, Queen Hotel, where a reception was held, attended by a large number of friends, including Mr. and Mrs. Broderick from the bride's home, Gambo. We wish Mr. and Mrs. Gillingham a very pleasing voyage over the sea of matrimonial bliss.
