MARKET FAIR BUYERS SCARCE

Peculiar State of Affairs on the Local Market This Morning.

HAY SUPPLY WAS SMALL

Prices Ranged Between $11 and $14.50 a Ton—Other Quotations.

There was a moderate-sized market on the local square this morning, but the buyers were conspicuous by their absence, and consequently sales were very slow. The supply of hay was very small. One load this morning sold for $11, but it was of very poor quality. Any loads of first-class quality sold at $14 50, but the ruling price was $14.

There were upwards of half a dozen loads of oats. The prices offered varied from $1 40 to $1 55.

There was an immense supply of fruit offered, if anything even more than yesterday. Plums sold for from 30 to 40 cents; peaches, No. 1, from 70 to 75 cents; No. 2, 45 to 65 cents; pears, at 35 cents, and grapes at from 25 to 30 cents.

There was no change noted in the price of vegetables. Tomatoes were plentiful and sold at 15 to 20 cents. There were also some very fine cauliflowers sold at 35 cents.

HARRIS-SAUNBY CASE IN TORONTO COURTS

Famous Suit of Water Commissioners Kept Green by Present Litigation.

The Saunby dam is again in the courts.

Today the case of Harris vs. Saunby is being heard by Chief Justice Meredith, Osgoode Hall, Toronto.

Application is being made for a perpetual injunction to restrain the owners of the Saunby mill property from encroaching and trespassing on the land of Mr. Geo. B. Harris, for the purpose of deepening and widening the mill race.

Some time ago, application was made for an interim injunction, and the injunction was granted. That prevented work on the mill race. The present application is to make the injunction a perpetual one, thereby preventing all work on the mill race. Meredith & Fisher are acting for Mr. Harris, and Mr. C. H. Ivey is acting on behalf of the Saunby people.

In the meantime, nothing has been done regarding the expropriation of the mill. A report will be made at the next meeting of the Board of Water Commissioners relative to the best methods of precedure.

It is quite likely that the Commissioners will recommend the purchase of the mill.

WEST INDIAN COMMISSION

Lord Balfour of Burleigh, and Sir John Dickson Arrive at New York.

Ottawa, Sept. 16.—The British members of the commission on trade between Canada and the West Indies have arrived in New York, and are expected at Ottawa shortly. They are Lord Balfour of Burleigh, and Sir John Poynder Dickson.

Hon. William Fielding will be here at the end of this week.

Hon. Mr. Brodeur is expected to reach Ottawa next week.

Sir Frederick and Lady Borden are expected in Ottawa the end of this month.

ON ROBBERS' TRAIL.

Montreal, Que., Sept. 16.—Detective Dan McLaughlin and a Pinkerton detective have gone to Quebec in connection with the arrest of a man believed to have been one of those concerned in the recent provincial bank robbery at Yamachiche. The man had been changing provincial bank bills and when arrested was found to have several hundred in his possession. A package he sent by express to Portland, Maine, will be held up. It is believed to contain money.

MORE TALK OF THE P. M. LEASE

Negotiations Looking to Its Extension Will Likely Be Opened Up Shortly.

THE LAW AND LEASE

It Is Said a Vote of the People Will Not Be Necessary, as Lease Is Not a Franchise.

No definite information has been received regarding the proposed extension of the lease of the London and Port Stanley Railway to the Pere Marquette, but a communication on the subject will be received within the course of the next few weeks.

At one time it was thought that the bill passed at the last session of the Legislature relative to franchises would prevent the extension without a vote of the people, but it was stated at the city hall today that such is not the case.

Way to Get Around It.

It is pointed out in support of this contention that the leasing of the railway does not come under the head of franchises, but is merely the leasing of property.

The agreement is made between the London and Port Stanly board of directors, and the Pere Marquette, and the city merely ratifies the lease as shareholders in the road.

Thus some of the aldermen are of the opinion that an extension can be granted the company, if a majority of them are willing to extend it.

Will Open Negotiations.

An opinion on that score will be submited to the L. and P. S. R. board and then negotiations will be opened, it is said.

Superintendent Pyeatt and the solicitor of the Pere Marquette have been in the city several days of late, and it is said that after looking into the question they have satisfied themselves that they can lease the property for a term of years, provided, of course, their terms are suitable to the city.

A number of businessmen are interesting themselves in the matter, and it is to be expected that intresting developments will take place very shortly. One gentleman says he will block the extension if he has to take it to the courts.

SIDEWALK SCORCHER IN A CIRCUS ACT

Leads Policeman Merry Chase Around Block and Tries to Climb a Fence.

William Clark a young man who resides in South London, did some particularly fancy stunts in the line of riding a bicycle on the sidewalk yesterday, with the result that his performance cost him $2.

An officer who was on duty saw Clark riding on the sidewalk and gave chase at once. Clark scorced around the block by way of Elmwood avenue, Cathcart street and Bruce street. When he reached the South London fire hall Clark climbed a fence and pulled his wheel over after him. He lost too much time in doing this, and was captured. Clark was found guilty of riding on the sidewalk, and of immoderate riding, and was fined $2.

BUILDING BUSINESS IS STILL MOVING

Sixteen Permits Issued Thus Far During the Month by City Engineer Graydon.

Building continues to boom, and the month of September will make as good a showing as the preceding months.

So far 16 permits have been issued since the beginning of the month. Fifteen of these show a total of $17,370 for the month, but there is no sum mentioned for the alterations and improvements necessary to restore the Parisian Steam Laundry buildings, for which a permit has been taken out.

It was estimated that this work will cost approximately $10,000, so it can be seen that the building for September will be rather respectable.

SCOTT AT THE FUNERAL

Continued From Page One.

and interment was made at the Clipperton cemetery.

Can This Be True?

The story is currently reported in West Nissouri and the neighborhood, that when High Constable Hughes and Constable Corsaut were bringing Mrs. Scott to the city on Monday evening after the murder, they were stopped on the road by two women, who are well and favorably known in the locality who congratulated Mrs. Scott on what she had done, and remarked that she should have done it long ago. This story is vouched for in several quarters. High Constable Hughes refused to either admit or deny the story.

Mr. Scott in London.

Wesley Scott, the husband of the accused woman, was in the city this morning, and was seen by an Advertiser reporter.

He practically admitted that the revolver used in the shooting, was not kept in the front room of the house nor yet in the upper story, which he said, was very little used, which would make it seem that the weapon was kept in one of the rooms directly behind the main room which is used as a kitchen and sitting room combined.

Mr. Scott had evidently been cautioned to say nothing concerning the case, and would give very little information regarding it.

KNOCKED FROM ENGINE.

St. Thomas, Sept. 15.—Frank McArthur, of this city, a Pere Marquette brakeman, was struck in the face by the spout on a water tank at Ridgetown, last
