From THE DAILY COLONIST, October 2.

THE CITY COUNCIL

Refer to the Collection of Those Two Fares Within the City Limits.

Sewer Work on Douglas Street to Be Done by Contract and At Once.

The regular meeting of the city council was held in the city hall last night, the Mayor and eight aldermen being present.

Mr. E. Crow Baker, for the Victoria Electric Company, stated that the company would heartily co-operate in the movement for permanent pavements as indicated in a recent communication from the council.

Secretary B. Williams, for the school board, called the attention of the council to the desirability of levelling off some of the bank near the South Ward school so as to afford additional grounds for the children. Received and referred to the park committee.

The formal notice of the result of the school trustee election was received and ordered spread on the minutes.

Ald. Baker's motion on the Douglas street work was taken up. This asked that the former action of the council be rescinded and that the contract be awarded to the lowest tender complying with all the requirements.

Again came all the old discussion as to the legality of recent movements of the council in this matter, and the relative merits of contract and day labor.

ALD. LEDINGHAM was of the opinion that the motion was out of order as action had already been taken in the matter.

ALD. BAKER defended the motion on the ground that the board could always rescind its motions.

ALD. MUNN—It has been repeated in this hall over and over again that the people of this city will not spend money for sewers unless the work is done under the commissioners. In this case the commissioners have expressed themselves as positively in favor of doing the work by contract, and I don't think that we should try to take the matter out of their hands.

THE MAYOR—I rule the motion perfectly in order.

ALD. LEDINGHAM—The basis of the committee report was illegal, and what springs from it is illegal.

The motion was put and carried.

ALD. KEITH-WILSON wished to point out that the Trades and Labor Council were laboring under a wrong impression so far as he could judge from their letter. In this work the individuals along the line of the sewer on Douglas street have to pay for the work. The council only acts as an agent—this is not really civic work.

The finance committee asked for $2,780 27 to pay sundry bills. Ordered paid, as was $874 30 out of the electric light fund.

The streets committee reported on several minor matters, chiefly that there were no funds for further sidewalks. Adopted.

ALD LEDINGHAM—Before the council adjourns I wish to call attention to the action of the tram company in collecting two fares within the city limits. I had a man go out to-day, and they tried to collect two fares from him. He refused and they did not press it, but the two fares were collected from all the others. They have no right to try to collect the second fare until the car passes the city limits. The Foul Bay road is only about 150 yards from the end of the line, and that is the city limit. I move that they be warned not to try to collect the two fares within the city limits any more.

ALD. BAKER—I second the motion, but I think that if the company should be called upon by the Mayor and informed of the wishes of the council they might give a five cent fare to the grounds.

HIS WORSHIP—I talked the matter over with the president and he said that if the city would re-plank the bridge by the power house the company would make a single fare to the fair.

When the board recovered its combined breath someone moved to adjourn—and it was so ordered.

THE CITY.

HALIBUT are reported very scarce just at present off the Vancouver Island coast.

THE fire department responded to seven alarms during September, the total loss being $2,025.

THE registrations of births, marriages and deaths during September have been numerically light. The figures are: Total for births, 22; marriages, 15, and deaths, 23.

THE bark Archer, which has undergone a thorough overhauling and repair at Port Blakeley, is likely to sail under the Hawaiian flag, and form part of the same fleet as the barque R. P. Rithet. Hereafter the Archer will be barkentine rigged.

THE election of a school trustee vice Mr. J. S. Yates, resigned, was held yesterday, resulting in the return of Mr. E. A. Lewis, who polled 161 votes to his opponent's (Mr. J. R. McKenzie's) 123. The contest was an eminently friendly one, and there was no excitement whatever at any stage of the proceedings.

THE harvest festival services held at St. Mark's church, Boleskine road, on Sunday were especially beautiful and impressive. The interior of the church was a bower of beauty with harmonious masses of exquisite flowers, the artistic arrangement of which reflects great credit on the ladies who had charge of the decorations.

THE search for the body of the late J. B. Carmichael has so far been without the slightest encouraging result. Not only has the body not been found but no trace has been discovered of several small articles which would have floated and which were in the canoe at the time of the accident. A party of four canoe loads went out on Sunday but the weather was again unfavorable and the search was unsuccessful.

MAGISTRATE MACRAE had a full house yesterday, eight drunks occupying reserved seats in the police court dock and two cases of "supplying" being heard afterwards and netting the corporation just $100 and costs. A young Northern man named Olsen, who came down by the Boscowitz on her last trip, was assessed $10 and costs. He enjoyed an elaborate drunk and made himself conspicuous by taking possession of a street car and endeavoring to run it to meet his own ideas.

SUNDAY was an occasion of more than usual interest to the residents of Strawberry Vale, owing to the opening of the new Methodist church, which is also to be used for the Union Sunday school that was some time ago begun in that neighborhood. Rev. J. J. Ashton, B.D. preached in the morning and Rev. S. Cleaver in the afternoon, while the children of the Sunday school under the direction of Miss Aubin assisted in the singing. Notwithstanding unfavorable weather both services were well attended and enthusiastic. The church is a plain, neat structure of frame, with seating capacity for about 100 and entirely free of debt. The proceeds of the opening tea on Wednesday (tomorrow) evening will be devoted to building a shed for horses and other improvements.

THE Salvation Army are arranging for some special demonstrations during fair week. This evening they will hold an "Exhibition Jubilee," and to-morrow evening a "Musical Blizzard" will hold the boards. January 2 and 3 next have been fixed as the dates for General Booth's visit, and already preparations for the event are well under way.

THE Presbyterian congregation of Cedar Hill have decided to erect a place of worship of their own. Lots have been secured in a very suitable locality, at the junction of the Mount Tolmie and Gordon Head roads, Mr. MacCrimmon has received the contract and work has already been commenced. The new church is to be named after St. Adrian, the celebrated Scottish missionary to England.

A MEETING of the Natural History Society was held last evening in the legislative library rooms. There was no paper read, but a number of interesting natural history subjects were discussed, the debate arising principally out of observations made by members since last meeting. It is the intention, it is understood, to make arrangements for a series of interesting papers during the winter months.

A QUIET wedding was celebrated at Christ Church cathedral at 4 p.m. on Saturday last, only the bridal party being present. The ceremony was performed by Rev. Canon Beanlands, the contracting parties being Mr. R. H. McMillen, a popular commission merchant of this city, and Miss Floria K. White, the youngest daughter of Madame Laird. The groom was supported by Mr. R. E. Cooper, and Miss Leontine Hartnagle was bridesmaid. The bride was daintily attired in her going away gown of tan and blue-grey. She wore a tan hat with pink roses, and carried a bouquet of lilies. Miss Hartnagle, the bridesmaid, wore a pongee gown trimmed with Nile green silk, and also carried a bouquet of lilies. Mr. and Mrs. McMillen left for California on the Umatilla Sunday evening accompanied by the good wishes of many friends.

THE Christian Guardian of September 26, the official organ of the Methodist church in Canada, contains the report of the court of appeal held in London and presided over by Rev. A. Carman, general superintendent. Two appeals taken from British Columbia were disposed of. One was an appeal by the Rev. Joseph Hall, of the Centennial Methodist church of this city against the decision of the B.C. conference, to the effect that in the election of society representatives nominations by the superintendents is not necessary, as provision is made in paragraph 174 sec. 7 sub sec. 8 for such election. Appeal dismissed. The other was an appeal taken by Rev. Mr. Tait of this city, against the action of the B.C. conference in receiving into full connection and admitting to ordination two men who had not complied with the requirements as to terms of probation and examination. Appeal sustained.

THE Christ church cathedral harvest home services were very largely attended last Sunday. The church was very attractive, as all the midweek decorations remained in place, and, mingling with the glorious first fruits of the field, orchard and garden, formed a very pleasing combination of beauty and utility. In the evening the Bishop addressed the congregation, and the following service of music was rendered:

Processional Hymn—"Come Ye Thankful."
Proper Psalms—LXV, CXIV and CL.
Magnificat } —Clare in D.
Nunc Dimittis }
Anthem—"Ye Shall Dwell in the Land."—Steiner.
Offertory Hymn—"We Plough the Fields."
Recessional Hymn—"Rejoice Ye Pure in Heart."

Mr. Herbert Kent also rendered a solo in his usual finished style. Special prayers were offered for Divine guidance for the New Westminster synod, which convenes in a few days for the purpose of selecting a successor to the late lamented Bishop Sillitoe. Altogether the cathedral services during the day were unusually eloquent and impressive.

THE anniversary services in St. Paul's Presbyterian church, Victoria West, last Sunday, were attended by large congregations. Rev. W. L. Clay preached in the morning and the pastor in the evening, the latter reviewing the past history of the congregation, which has been one of steady progress and increasing prosperity. The anniversary social in the church under the direction of the Ladies' Aid last evening, in point of attendance and general character proved one of the most enjoyable occasions of the kind in the history of the congregation. Especially pleasing features of the concert programme were the violin duets of the Masters Fisher, the songs by little Miss Frances and Miss Lawson's reading. The complete programme is appended:

Anthem—'Loud Thro' the World Proclaim"....Choir
Duet—"Beautiful Home,"
....Mr. Moir and Miss McArthur.
Anthem—"Praise Ye the Lord,"....Choir.
Anthem—"How Lovely is Zion,"....Choir.
Violin duet,—
....Masters Robbie and Ralph Fisher.
Vocal solo....Miss Frances.
Reading....Miss Lawson.
Vocal solo....Mr. Watson.
Reading....Rev. R. G. Murison.
Address....Rev. W. L. Clay.

CALIFORNIA'S LABOR DAY.

SAN FRANCISCO, Oct. 2.—Business was generally suspended here yesterday, and bankers, public officials and wholesale merchants celebrated Labor day, which, as such, is a legal holiday by virtue of an act of the last legislature. The "laboring classes" ignored the holiday, however, and there was no parade or public demonstration. In other words, labor organizations continue to boycott the legislative holiday, which was declared in spite of strong petitions asking that the first Monday in September be set aside, in conformity with the national Labor day law. On account of Admission day coming in September, the State Solons refused to declare a second holiday in that month.

WANTON OUTRAGE.

SACRAMENTO, Oct. 2.—Great indignation is expressed in the city to-day over the action of some unknown person who, under cover of the darkness, last night, defaced the fence surrounding the convent of the Sisters of Mercy with the letters "A. P. A." The letters are in some places three feet high, and the fence which incloses the entire block is marked every twenty or thirty feet. The work was evidently done with some preparation. After the fences had been lettered in this manner, the parties threw a bucketful of black paint over the door into the convent inclosure. The sisters have for 35 years been doing acts of charity in this city and have earned the respect of people of all creeds.

JUBILEE HOSPITAL.

Suggestion to Provide an Operating Theatre Instead of the Proposed Maternity Ward.

Necessity for Fire Protection—Pauper Funerals—The Contract for Vegetable Supplies.

A regular meeting of the Jubilee hospital board was held last evening, the president, Mr. Joshua Davies, in the chair, and there being also present Messrs. W. M. Chudley, G. H. Brown, Thos. Shotbolt, J. L. Crimp, Alex. Wilson, Chas. Hayward, J. S. Yates and F. B. Pemberton.

Reports from the hospital officials and from the committee of the month were read and discussed.

With respect to the desired fire protection, to which the attention of the corporation had been called by the president, the committee for October were requested to continue to urge the matter.

It was resolved to have the front doors painted, as they are badly in need of this, and to have a stove provided for the female ward, there being at present no means of heating water there.

The city council was by resolution requested for the future to relieve the board of the charge for pauper funerals.

The special committee on vegetables reported having received tenders from white people (some of whom employ Chinese help) as below, the prices carried out giving the following approximate figures: G. A. Knight, $296 25; Mrs. Wilson, $304; Campbell & Fraser, $314; C. Woodward, $396. The lowest tender formerly received was from See Sing, amounting to $215.55. In view of the difference in price between the Chinaman and the white people the committee made no recommendation but simply reported the fact to the board.

It was moved that the contract be awarded to Mr. Knight (who, it was stated, employs no Chinese), and, in amendment, that it be awarded to See Sing. After discussion the matter was laid over so that some members who had before spoken against buying from Chinese might have an opportunity to attend.

The special committee on the proposed maternity hospital reported through Mr. Pemberton that, after an examination of the plans submitted, they found that a proper building could not be erected for anything like the amount of $3,500 at their disposal. The cost of maintenance of such an institution if erected they estimated at $4,125 a year, and they considered it inadvisable to undertake the responsibility of this extra permanent expense in view of the present condition of the hospital finances. The report proceeded:

"A suggestion has been made to your committee which we look upon with favor, viz., an addition be made attached to the present surgical ward, this addition to contain an operating theatre and a dressing room and instrument room, which should be fitted up with the latest asceptic table. By building this the hospital would be a direct gainer; the rooms at present used for these purposes would be free for pay patients, the need of more rooms being at present badly felt, the hospital at times being full and applicants having often to wait their turn to get in. Such an addition could no doubt be built for the amount of the late Mr. Pemberton's bequest, and if Mrs. Pemberton could be induced to consent to the appropriation of her former generous offer of $1,500 to this purpose also, an operating theatre and adjuncts could be built that would be fully in keeping with the Jubilee hospital and its reputation as a surgical institution."

The Chairman suggested that a copy of the report be furnished to each member of the board and to Mrs. Pemberton so that the matter might be discussed at next meeting. An informal discussion showed general indisposition to proceed with the maternity hospital scheme in view of the financial difficulties presented. The suggestion was adopted, and Mr. Pemberton having stated that the house surgeon, Dr. Davie, had expressed his readiness to meet the board to give his views on the subject, it was resolved to invite his attendance at the meeting of the board to be held on Monday next.

After transacting considerable routine business the board adjourned.

IMPORTANT DECISION.

CHICAGO, Oct. 2.—Judge Jenkins' strike injunction has been overruled by the U. S. court of appeals, and the case remanded with directions to strike from the restraining order of the court the clause which resulted in the Boatner investigating committee of congress. The intervenors, representing the leading labor organizations of the country, asked that two sections of the injunction be eliminated. The court of appeals decided that no court could hinder a man or body of men from quitting individually or in a body the service of an employer. The court said that Judge Jenkins had exceeded his powers when he enjoined the employes of the receivers of the Northern Pacific from quitting the service of said company, with or without notice, so as to cripple the property or hinder the proper operation of said road. He held, however, that the section should stand in which the men were prohibited from combining and conspiring to quit with or without notice the service of said receivers with the object and intent of crippling the property in their custody or embarrassing the operations of said road.

CAPITAL FOR CANADA.

MONTREAL, Oct. 2. — (Special) — Thomas Moore, proprietor of Land and Water, London, England, who wrote the first pamphlet on Canada for distribution in Great Britain some years ago, and Mr. Thomas Cleve, a native of Richmond, Que., but who now owns the largest condensed milk factory in Great Britain, are in Canada to invest a quarter of a million in Canadian interests of a nature which they cannot at present divulge. They leave for Winnipeg to-day, after which they are proceeding to the Coast.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Heart Disease Relieved in 30 Minutes.—All cases of organic or sympathetic heart disease relieved in 30 minutes and quickly cured, by Dr. Agnew's Cure for the Heart. One dose convinces. Sold in Victoria by D. E. Campbell.

THE DOMINION FRANCHISE.

Those Who Are Entitled to Exercise It and How They Should Assert Their Rights.

Registration Offices Opened in the Suburbs—What the Revising Barrister Has Done.

A great deal of misapprehension exists as to the procedure being followed by the revising officer under the Dominion franchise act as to the preparation of the lists now in progress and which will close on the 15th instant. On the erroneous supposition that all the names appearing on the provincial list used in the recent elections will be transferred to that now being made up a great many voters are refraining from registering, and many of these are apt to lose their votes unless they pay attention to the requirements of the Dominion law. Under this the applicant for registration must be of the full age of twenty-one years, and a British subject, and possess one of the following qualifications:—

The owner or occupant of real property in the electoral district of the value of $300 in a city, $200 in a town, or $150 in the country.

A tenant paying not less than an annual rental of $20.

The possessor of an income of not less than $300 a year.

The son of the owner of property of value sufficient to give the owner and his son or sons the right to vote in respect of such value if equally divided between them.

A fisherman owning gear or shares in a fishing outfit to the extent of $150.

Any person not qualified as above, but who on the 20th July, 1885, was of the age of 21 years, a British subject resident in this province, and entitled to vote under the laws then in force, has the right to be registered as a voter and to vote, so long as he continues to be qualified under those laws.

Those entitled to have their names upon the voters' list would do well to ascertain without delay whether or not their names are on the list, and if necessary make the declaration requisite to have them placed there. The Liberal-Conservative Association have arranged for the taking of these declarations at the following places:

At the office between the COLONIST and Morris' tobacco store, daily from 3 to 6 p.m.

Victoria West—At the post office, Watson's store, from 7 to 9 30 p.m., on Monday, 1st instant.

James Bay—At John Richards' store, corner Michigan and Menzies streets, Oct. 6, from 7 to 9 30 p.m.

Esquimalt—At Howard's hotel, Friday, Oct. 5, from 5 to 8 p.m.

Spring Ridge—At J. A. Richfield's shoe store, 218 Cook street, near North Park street, Tuesday, Oct. 2, from 7 to 9 30 p.m., and Saturday, Oct. 6, from 7 30 to 9 30 p.m.

Besides the above places voters may register at any time during the day at the offices of H. E. A. Robertson, W. Ducker S. D. Schultz, barristers-at-law, Langley street, or at the office of the revising barrister, E. E. Wootton, of McPhillips, Wootton & Barnard, in the Board of Trade building. Declarations will be received up to the 15th instant, after which the revising officer will proceed to the posting and publication of the lists, which will be subject to revision at a court to be held within not less than five weeks.

The revising officer has taken some trouble to put upon the list a number of persons of undoubted qualification, whose names appear on the municipal assessment roll or on the provincial assessment roll as owners of real estate or as possessors of an income of $1,500 or more. There are, however, thousands of persons eligible to vote whose names do not appear on either of the rolls mentioned, who will have to make formal application to be registered, and even those who are on the municipal or provincial assessment rolls would do well to make sure that their names have been transcribed, as the responsibility is in each case upon the voter himself.

SPORTS AND PASTIMES.

TORONTO, Oct. 1. — The twenty mile bicycle team race for the Dunlop challenge trophy took place Saturday afternoon. The race was five miles on the Woodbine track and fifteen on the highway. The result was a tie for the Atheneums and Royal Canadians, each club scoring 216 points. The time was 1.02½, which is considered fast. Robertson, for the Atheneums, finished first. The tie will be run off next Saturday.

CRICKET.

AT THE CANTEEN GROUNDS.

The last match of the season was played at the Canteen field a day or so ago between an eleven of the Flagship and a scratch team captained by Lieut. Holme-Sumner (H.M.S. Satellite). The scores:

FLAGSHIP ELEVEN.

1st Innings.		2nd Innings.	
C. F. Petch, b Barraclough	2	b Kelly	13
W. R. Napier, b Kelly	11	b Barraclough	1
Lt. Davy, c Heyman, b Barraclough	15	b Kelly	4

THE GUN.

PHEASANTS ARE LAWFUL GAME.

Yesterday was the opening of the pheasant season and the man with a gun was everywhere. The birds this year are very shy, and no large bags are reported. Several gunners are likely to get into trouble through not studying the city map before starting out. Pheasant shooting on Second street and Hillside avenue while it may be fashionable is not according to the by-law in such cases made and provided.

THE OAR.

SHE'S A BEAUTY.

The new shell for the James Bay Athletic Association has at last been unpacked, having arrived a few days ago on the ship Eaton Hall. The shell, which is 41 feet long and 20 inches wide, was built by J. H. Clasper, of Putney, England, and in every way does credit to that well known builder. The boat has been purchased by subscription of the members and a few friends for presentation to the Association. It will be presented probably during the week, when everyone who desires to see the first shell of the kind owned in Victoria will be welcome to take a peep.

FOOTBALL.

COWICHAN RUGBY MEN REORGANIZE.

The Cowichan Rugby Football Club organized for the season on Saturday last. The meeting was held at Duncan. Mr. W. W. Ferris occupied the chair and read out the financial statement from last season, which showed a balance to the credit of the club. The election of office-bearers then took place as follows: President, F. Maitland Dougal, J.P.; vice-president, J. M. Mutter, M.P.P.; captain, J. Musgrave; vice-captain, H. Holton; honorary secretary-treasurer, D. Broadwood; committee, E. Price, P. R. Johnston, W. W. Ferris and H. Richardson. Several other matters were discussed and the meeting adjourned with a vote of thanks to the chairman. The first practice is to be held at Somenos on Saturday, 13th instant, North v. South Cowichan.

SAMOAN SITUATION.

SAN FRANCISCO, Oct. 1.—Mr. Brice, city inspector of Brisbane, Queensland, and grand district secretary for the Scottish Rite of Free Masons in that colony, who arrived here on the steamer Monowai, speaking of affairs in Samoa, said: "I found that the natives detested the Germans, who have been carrying things with a high hand. They did not speak very kindly of the English. All their sympathies are with America. They regard Americans as their friends and have very little use for any other nationality."

A press correspondent thus summarizes the situation: "Those who are rebelliously inclined outnumber the royal party and are well supplied with food, none of which they will give to the government people, who as far as native food is concerned are little more than on quarter rations.

"The government has little or no money to purchase rice and biscuits for their people, the time is approaching when ships of war cannot remain continuously in Apia harbor or indeed in any other harbor in Samoa except Pago Pago, whose waters are very limited. The natives have commenced reprisals against the British by the exceptional action of destroying the property of men allied to them by blood, and who have lived among them all their lives, and there is absolutely no protection to the value of one cent for any foreigner here to be obtained from the existing authorities.

"The government forces are re-assembling in consequence of the continued friction in Aana. A 'taalolo' (feast) is to be held to-day (steamer day) in Muliunas, the usual prelace to a 'fono' (political meeting) to-morrow to consider what course to pursue. W. L. Chambers, American land commissioner, arrived from San Francisco by the last boat, and a session of the commission will now be held in Saval to consider the land claims there. A proclamation to that effect has already been issued.

THE TERMINAL CITY.

VANCOUVER, Oct. 2.—(Special)—A movement is on foot among the different railroad and steamboat companies to issue coupon tickets from San Francisco, Tacoma and all the Sound cities, good for admission to the Westminster fair and a flying visit to Vancouver on the tram. Why not have a detached coupon for Victoria as well? The Capital should certainly be visited by all tourists to B.C.

The fire brigade had practically nothing to do during the month of September. Police Magistrate Jordan dealt with 50 cases. There were 16 births, 15 marriages and 22 deaths. The inland revenue returns were $8,149 40. The customs entries were, free, $17,747; dutiable, $64,482; duty collected, $21,267; other revenue, $4,395. The exports were valued at $94-637.

On Wednesday the by-law for the purchase of an electric light plant for the city is to be voted upon. There is more interest taken in this by-law than any that has yet been before the city. The parties interested for and against are distributing literature throughout the city, and a comparatively large vote will be polled as both sides are working hard.

TO SUCCEED BISHOP SILLITOE.

NEW WESTMINSTER, Oct. 2.—(Special)—The clerical and lay members of the diocesan synod of New Westminster meet at ten o'clock to-morrow morning in Holy Trinity cathedral, for the purpose of electing a bishop to fill the vacancy created by the death of Bishop Sillitoe. The proceedings will commence with the celebration of the Holy Communion, after which the order of business will be decided upon. The Venerable the Archdeacon of Columbia will preside. The greatest interest in the election is taken by all churchmen, and it is expected the attendance of delegates will be large.

QUEBEC, Oct. 2.—Mayor Parent, besides offering a reward of $100 for the conviction of some of the rowdies who attacked the French Baptist mission on Friday last, has instructed the clerk of the Recorder's court to take action against two parties supposed to have been mixed up in the affair.

THE MOST SUCCESSFUL REMEDY FOR MAN OR BEAST.
Certain in its effects and never blisters.
Read proofs below:

KENDALL'S SPAVIN CURE.

BOX 32, Carman, Henderson Co., Ill., Feb. 26, '94.
DR. B. J. KENDALL CO.
Dear Sirs—Please send me one of your Horse Books and oblige. I have used a great deal of your Kendall's Spavin Cure with good success; it is a wonderful medicine. I once had a mare that had an Occult Spavin and five bottles cured her. I keep a bottle on hand all the time.
Yours truly, CHAS. POWELL.

KENDALL'S SPAVIN CURE.

CANTON, MO., Apr. 3, '93.
DR. B. J. KENDALL CO.
Dear Sirs—I have used several bottles of your "Kendall's Spavin Cure" with much success. I think it the best liniment I ever used. Have removed one Curb, one Blood Spavin and killed two Bone Spavins. Have recommended it to several of my friends who are much pleased with and keep it.
Respectfully,
S. R. HAY, P. O. Box 243.

MRS. FISHER.

A Splendid Remedy.

STRS.—I think it my duty to make known the great benefit I received from B. B. B. I was troubled with constipation and debility, and used three bottles of Burdock Blood Bitters, which relieved me from suffering. I esteem this splendid remedy above all others and recommend it to all suffering from constipation.
MRS. E. FISHER, Brantford, Ont.

Take B. B. B.

VANCOUVER'S ELECTRIC LIGHTING.

VANCOUVER, Oct. 2.—(Special)—An enthusiastic mass meeting was held at the market hall on the eve of the submittal of the $100,000 by-law for the purchase of an electric light plant. A letter was read from the Electric Light Company offering to light the city under a ten years' contract for 37½ cents a light. A number of speakers addressed the meeting. At times bedlam reigned owing to statements being contradicted by the audience. Literature pro and con is scattered like leaves in autumn all through the city. The keenest excitement prevails owing to the fight the present company is making to prevent the passage of the by-law. The local evening paper comes out to-morrow with a special morning edition against the by-law, giving a verbatim report of the speeches to-night.

A NEW SENATOR'S FAMILY.

The Mississippi Statesman Has a Wife and Eight Children.

Senator McLaurin of Mississippi has a family of which he may well be proud. Mrs. McLaurin was Miss Laura Rauch, born at Trenton, S. C., but brought up in Mississippi. Her father, of German descent, was one of the finest classical scholars of the state. Mr. and Mrs. McLaurin fell in love when they were children at school together. She was married when she was not quite 20 and he two or three years past, and they have remained devoted lovers ever since.

Mrs. McLaurin looks very youthful to be the mother of eight children. She is fair, with blue eyes, abundant silky light brown hair, and has a slender figure of medium height. Her manner is pleasant and winning.

There are eight children—seven daughters and one son, Anselm J., Jr., a bright and clever lad of 11, wonderfully unspoiled considering how many sisters he has to pet him.

A. J. M'LAURIN, JR.
MRS. M'LAURIN. MISS DAISY M'LAURIN.

The three eldest daughters—Stella, Delta and Daisy—have graduated with high honors and are accomplished beyond the average well educated girl. They are all pretty, with beautiful complexions and fine figures. Stella, who became last April the bride of Dr. Berry of Jackson, Miss., was considered one of the most perfectly beautiful girls in the south as well as one of the most talented.

Delta Upsilon, the second, has diplomas in four languages besides her own, is well read in ancient and modern literature, takes a deep interest in the leading questions of the day and talks well about them, but is rather reserved. She is a graceful and fearless horsewoman too.

Daisy Ellen made her debut last winter and became a belle at once. She is somewhat taller than her sisters, with a beautiful, erect figure and fine carriage. Her complexion is exquisite, her expression bright and animated, and there are pretty dimples in her cheeks. She sings and plays well and recites finely.

The other girls are Mary, Irene, Grace and Jean, schoolgirls yet, and Laura the baby, a blond fairy 5 years old.

RAILWAY CONDUCTORS ARRESTED.

TORONTO, Oct. 1.—(Special)—The arrest at Montreal of a number of Grand Trunk railway conductors charged with "knocking down" fares has been followed by the arrest in this city of two of the oldest conductors on the road. It is stated that the company have discovered a plot of considerable dimensions to defraud them and that a number of other arrests will follow. The clue which resulted in the arrests was furnished by two men who were arrested in Montreal a few days ago on a charge of forging railway passes.
