A LARGE AUDIENCE AT MAJESTIC DELIGHTED WITH BRUCH AND THURSTON.

It was a large and appreciative audience that greeted Pauline Thurston and Fritz Bruch at the Majestic Theatre last night. The scarf dance surprised and delighted all: it was the first time a St. John's audience had an opportunity to witness this latest creation, which is in effect a whirlwind of entrancing figures produced very effectively by an appropriately costumed performer. Fritz Bruch was repeatedly encored by a delighted audience who seemed captivated by his Andante from A minor concerto by Goldsmann and Guitierrez by Moss Kowski; the latter, a difficult number. The celebrated Cellist well deserved the applause which followed his rendition of this masterpiece. The recitation, "Mother Machree," by Pauline Thurston won the plaudits of all. Every word was heard distinctly even by those who were compelled to stand near the entrance. The performer was favoured with repeated requests for encores.

CHINESE BANDITRY.

PEKING, Dec. 6.

Bandits scaled the walls of Likwan, a southwestern Honan Province, and looted and burned the town some days ago. According to advices received here to-day two thousand dead and wounded were left behind. The isolated position of the town prevented the news coming down to larger centres.

INTERNATIONAL SEIZURE OF CANTON CUSTOMS HOUSE.

HONG KONG, Dec. 6.

Parties of marines from a foreign ship, anchored off Canton, are reported to have taken possession of the Customs House there. Troops are said to be equipped with machine guns. Six foreign gunboats are known to be anchored off Schanghaï. They include two American, two British and two French. Canton has been the scene of much internal disturbance during the past few months. A News Agency despatch from Hong Kong says the action of the Powers in sending marines ashore here was taken for the purpose of preventing Sun Yat Sen from seizing the Customs House, as he had threatened when visited by the British Commander-in-Chief and French Admiral. Sun Yat Sen is quoted as promising non-interference "if the measures you take are sufficient to prevent me."
