SPANISH RIVER BROKE OUTPUT RECORDS IN 1923.

(Financial Post, Jan. 15th.)

MONTREAL.—Spanish River Pulp and Paper Mills broke all records for production during 1923. Production of newsprint at the three mills totaled 238,353 tons. This figure compares with 197,116 tons in 1922 and 172,231 tons in 1920. In the year 1921, when a strike occurred, newsprint production at the mills went down to 138,412 tons.

TIRE OUTPUT INCREASES.

Akron Production Running to 95,000 a Day Compared to 72,000 Early Last Month.

(Boston News Bureau, Jan. 14th.)

AKRON.—Tire production in Akron district is approaching 95,000 a day, compared with 72,000 early in December, 1923. Increase of 23,000 tires a day is divided between the Goodrich Tire & Rubber Co., now approaching 30,000 tires a day; the B.F. Goodrich Co., now making 18,000 tires a day; Miller Rubber Co., increased 3,000 in past two months; Mason Tire & Rubber Co., increasing to 6,000; and Seiberling Rubber Co., which has moved up to 18,000 tires.

Production of Ohio factories is estimated at not less than 105,000 tires a day.

MOUNT ROYAL HOTEL.

(Financial Post, Jan. 15th.)

Version, O. Barry, manager of the Mount Royal, expects a record year for the hotel.

"Business during 1924," he said,

"gives every indication of being satisfactory. The past year was a record one from the point of view of travel and conventions, but the coming year which is in its infancy, promises to exceed, from every point of view, last year's record."

UNION PACIFIC.

(Boston News Bureau, Jan. 14th.)

N. Y.—January earnings of the western roads will probably reflect the severe weather which has prevailed this month, regarding freight movement, said Pres. Gray of Union Pacific.

"It does not mean that the amount of traffic offered has fallen," he said. "On the contrary, it is holding well with better outlook than exists for carriers in the Middle West and East. We look for a better year in the Northwest generally, whereas out here there seems to be hope that 1924 will be as good as 1923."

He said Union Pacific's December gross revenues were about equal to those for December a year ago, about \$17,100,000. This would make the year's gross revenues \$212,000,000, against \$192,900,000 in 1922. Net operating income is estimated at \$40,000,000, against \$32,339,000 in 1922.

BRAZILIAN AND MILREIS.

(Financial Post, Jan. 15th.)

Brazilian Traction shares have been in demand on a rising market during the past week, owing to the marked improvement in Brazilian exchange which has sent Milreis up to the highest value in some time. Brazilian is very much at the mercy of the exchange situation. A great deal of its revenue is in milreis. To pay dividends these must be converted into Canadian funds. Also, most of its purchases have been in Canada and the low standing of the Brazilian funds ran up the cost of supplies materially. Every rise in milreis means money in Brazil's treasury.

DOMINION CANNERS.

(Financial Post, Jan. 15th.)

DOMINION.—Cannery industry during the past week in making over a 10 point jump. It opened the week at 20% and closed at 33% on sales of 1510 shares. The preferred moved up one point. The explanation advanced is that the share crop of many vegetables, particularly tomatoes and corn, two of the staples, prices have been advancing. There will be a fairly heavy holding over of cans and labels until next year, but with advancing prices the prospect for increased profits are considered bright.

DEMPSY AND GIBBONS TO MEET IN JUNE.

Tommy Gibbons, who stayed 12

rounds with Jack Dempsey in Shelby last summer will get another chance at the title here next summer.

Tex Rickard made a proposition which was accepted by Eddie Kane, manager of Gibbons.

No contracts were signed. No date was set and the champion hasn't agreed to the proposition but Rickard apparently was sure of the bout. The bout is sure to be held in New York because of Kane's insistence on a decision. The date was not announced but to fit in with the program Rickard has outlined, it will probably be on Memorial Day or early June and will be staged in the Polo Grounds.

Rickard and Kane refused to discuss the terms, but it is known that Kane got a lot more than the premises that he carried out of Shelby at his end.

Before leaving for Hot Springs, Jack Kearns, manager of the champion, seemed to be only casually interested in the bout.

"You know," he said. "We have been wanting a return fight with Gibbons, Rickard knows our terms, and when he made the proposition to Gibbons he certainly had our price in mind."

RICKARD.

"Rickard hasn't talked to me, but he does not need to. All that is necessary is for him to put the paper on the table and I'll sign it. The date is of no importance, as the champion is training now and could step into the ring in three weeks time."

Kearns repeated that Dempsey wanted to take on three contenders for the title this summer and he said he was pleased that arrangements had been made for the starter.

Kane said Gibbons was in good shape now, but that he would start at once to get ready for his second chance at the title. He said that Gibbons would train on fights and that he was prepared to take any fight offered him. Rickard after announcing he had made the match took back the statement he had made that Gibbons should not get out of the lightweight class.

"I tried to get McTigue, Tunney, Russell and Greb to fight Gibbons and they just laughed at me. He is the hardest man to match I ever dealt with," Rickard said.

CARPENTIER AFTER BOITS.

New York, Jan. 8.—George Carpen-Pumps at SMALLWOOD'S.

hier, colorful French boxer probably will essay an American comeback attempt before the close of the indoor ring season. His manager, Francois Desamps, to-day cabled Tex Rickard that Carpentier was anxious to come here in February or March, to fight Mike McTigue, or Gene Tunney, holders of the world's and American lightweight titles, respectively.

If successful Georges would like to fight Tommy Gibbons in June or July.

Rickard did not indicate what reply he would make to Carpentier's proposals but he probably will offer the Frenchman terms for at least two fights here.

WINNER TO MEET DEMPSY.

New York, Jan. 12.—Jack Dempsey may meet Firpo or Harry Wills in defense of his world's heavyweight championship title on Labor Day next, if the plans for a Wills-Firpo bout here in July materialize. Tex Rickard, fight promoter, held a conference with Wills and his manager Paddy Mullins, here yesterday afternoon at which the proposal for a bout between the negro challenger and the South American was discussed. The winner, it is understood, would meet Dempsey.

THOMAS DENOUNCES BRITISH FOREIGN POLICY.

LONDON, Jan. 19.

J. H. Thomas, British Railwayman leader, continued the Labor Party's attack upon the doomed Baldwin Government to-day, scoring it and the preceding Government's attitude to France on the Reparations Question, and declared that all friendship did not consist in pretending that all was well when it was not. Britain's vacillating foreign policy was causing France to treat her with contempt.

Neville Chamberlain, Chancellor of the Exchequer, warned the Liberals that it would be on their own heads if they were ground to pieces by Socialism which they intend to support on Monday. Mr. Thomas declared that was only after four years pleading by Labor that something be done that Baldwin had suddenly concluded that protection was the only solution for unemployment. "That's all humbug," declared Mr. Thomas. "How can you cure unemployment by restricting trade labor?" The single desire, he said, was to make the country worthy of citizens who had showed patriotism during a period of its greatest peril.

He charged that the Conservative government had brought Britain's prestige abroad to the lowest level. Referring to France, he said "While France was in Rühr, she left money to Rumania, Czechoslovakia, and Jugoslavia, while we were paying obligations to America and a situation was created in Europe that necessitated expenditures in our own defence. France can point to her devastated fields, but I can point to devastated homes in Britain and the misery and ruin of unemployment." In connection with Winston Churchill's letter published yesterday forecasting disaster if the Labor Party were permitted to take office, it is noteworthy that the Parliamentary industrial group is submitting an amendment that as an overwhelming majority of the Commons membership was returned definitely pledged against Socialism, it would be a violation of the expressed wish of the electorate to place in power a Government which manifestly cannot on its own declared policy effectively carry on the administration.

In connection with Winston Churchill's letter published yesterday forecasting disaster if the Labor Party were permitted to take office, it is noteworthy that the Parliamentary industrial group is submitting an amendment that as an overwhelming majority of the Commons membership was returned definitely pledged against Socialism, it would be a violation of the expressed wish of the electorate to place in power a Government which manifestly cannot on its own declared policy effectively carry on the administration.

He charged that the Conservative government had brought Britain's prestige abroad to the lowest level. Referring to France, he said "While France was in Rühr, she left money to Rumania, Czechoslovakia, and Jugoslavia, while we were paying obligations to America and a situation was created in Europe that
