## "The City That Never Sleeps"

**Heart Appealing Feature by the Man Who Made "The Covered Wagon," at the Majestic To-night.**

Is a modern girl safer in the full glare of the bright lights than behind the drawn curtain of society homes?

Indirectly, that question is answered in powerful, compelling fashion in the new James Cruze production for Paramount, "The City That Never Sleeps."

The story begins on the Bowery in 1910. Miss Dresser, destined to become known throughout all New York as "Mother O'Day," decides her saloon is no place to rear a child, so she makes secret negotiations with a lawyer to have the child adopted by an impoverished Fifth Avenue society woman. This is Miss Williams.

Years pass, and the saloon becomes a modern jazz cafe. The girl (Virginia Lee Corbin), believes that Miss Williams is her aunt, and Miss Williams herself does not know whose the child is. Every year she receive payment through the lawyer.

Mother O'Day, who has gone along believing her child was being reared in "refinement," suddenly discovers that she has become a modern jazzman, highball-drinking, cigarette-smoking flapper, and that she is engaged to a man Mother O'Day believes to be an unscrupulous fortune hunter.

How can she save her child without disclosing her secret? That is the mother's problem. She solves it in an entirely original and unsuspected way, and Director Cruze builds the story up through a smashing series of incidents to a tremendous climax.

"The City That Never Sleeps," which will be the feature at the Majestic Theatre to-night was adapted to the screen by Walter Woods and Anthony Coldewey from the magazine serial, Mother O'Day," by Leroy Scott. There's a high class supporting cast.

## Fire on S. S. Mary

The Central and East End Fire Companies were called to George Neil's wharf at 11.30 yesterday to extinguish a blaze which was discovered in the engine room of the S.S. Mary. Due to the promptness of Sergeant Nugent, who rung in an alarm on seeing smoke issuing from the ship, the fire had gained but little headway and was easily extinguished with the aid of chemicals.

## Young People's Day at St. Mary's Church

Yesterday was observed as Young People's Day in St. Mary's Church. There was a corporate celebration of Holy Communion at 7.45 a.m. when a very large number of young people, their parents and friends approached its altar. The choir was in attendance and a semi-choral service was rendered. The Rev. A. B. S. Stirling was celebrant, being assisted by Rev. J. Goodland, who gave a brief but most practical address.

At Matins the Rector occupied the pulpit and dealt with the Religious Instinct in the Child, emphasizing the fact that this instinct needs to be very carefully guided and trained, being, as it is the very foundation of religious education and development in child-life. The preacher closed his remarks by asserting that the greatest asset of any community is its Young Life.

It was an inspiring sight to look upon an immense number of young people who gathered in the Church at 3 p.m. for a special service. The full choir attended and led the worship of praise which was most inspiring. An address was delivered by Rev. Canon Facey, Principal of Queen's College. The speaker based his remarks on the story of "The Builders," emphasizing specially the seven pillars which support the enduring structure, viz., Faith, Obedience, Love, Truth, Gentleness, Prayer and Work. Canon Facey earnestly appealed to the young folk to build the structure of their lives on the Sure Foundation, and to erect the lasting pillars referred to.

The closing service of this memorial day was Evensong which was attended by an immense congregation. Rev. J. Goodland delivered an appealing message from the words "Remember Thy Creator." The preacher addressed himself to the two main divisions of his hearers—young people and their parents and guardians. It was a great exhortation and made a fitting close to a day which will long be remembered by all who took part in any of the services.

## Professor W. Seeley

PHYSICAL CULTURE SCHOOL.

I instruct—men, women and children personally, in classes and by mail to all parts of the country. After long study and experimenting I am now able to cure many diseases through fasting and physical culture with my assistant Miss Otilija Leitland, Lady Physical Instructor, Face, Hair and Teeth Specialist.

Any lady who would wish to beautify her form, face, teeth and hair, do not let this opportunity pass. Private office and office hours for lady pupils. Do not be shy or slow about calling for your first lesson, don't worry about any one seeing you come to my office. You want to forget about some of your childish thoughts and worries and try to look for something greater in life. Fear and worry is your worst enemy, health, strength and development is your best friend. I can and will help you in every way if you will let me. I am talking from experience, no other man has ever climbed up the hill in life as fast as I have myself, within the last two and a half years. I was under medical treatment for over 8 years and was in poor health when I first started to exercise about two and a half years ago. I am to-day about ready to meet any man in the world of any weight for a strength contest, but will not be in any hurry about it. I will gain more strength within the next year or so, than I had when I started to exercise. I am telling you this just to show you what can be accomplished through physical culture and don't want you to mistake me in any way, and think that I am boasting. I am just advertising what I have done and can do, and I am not altogether interested in myself alone. It is a great pleasure for me to enroll a weak little boy or man tnd transform his body over into a real strong, well developed boy or man.

**Special Notice to All Pupils**—I will be performing 3 or 4 days a week, one night in each town the next month or so. I will be in St. John's every Friday and Saturday of each week, and would like for you all to make it a point to take your lesson on Friday and Saturday any time in the day or night that suits you.

**Special notice to all people in Bay Roberts, Harbor Grace and Placentia, Nfld.**—I will perform at Bay Roberts Monday night, oct. 19th, Harbor Grace, Tuesday night, oct. 20th, Placentia, Wednesday night, oct. 21, 1925. Don't miss your opportunity of seeing this performance. A free dance following each performance. I guarantee you all a real good time.
