MARKET IN HOGS VERY UNSETTLED

Prospects Weakened by Mistake in Shipping Poor Quality.

CATTLE CLOSE STEADY

Week of Large Receipts and Values Did Not Change Much.

The receipts of live stock at the Union Stock Yards yesterday numbered 111 cars, including 324 cattle, 41 calves, 1757 hogs, 675 sheep and lambs and 1287 horses.

Butchers' cattle: Yesterday's market was a typical Thursday's, being made up of a few fresh arrivals and those left over from previous days. The closing was fairly steady considering the offerings of odds and ends. This has been a week of large receipts and values did not change much from last week. Two loads of fresh cattle of the good to choice butchers sold yesterday at $7.45 and $7.50. Butchers' cows and bulls closed well at prices quoted Monday. Medium and common classes were established at Wednesday's easier prices.

Stockers and feeders: Good to choice yearlings (dehorned reds and roans), weighing 600 to 650 lbs., were in great demand yesterday, one dozen orders remaining unfilled. These are in a good strong market and quoted at $6 to $6.25. There was more activity in the closing days of this week's market, in this division, than for some time, and the tone was strong.

Milkers and springers: Firm and unchanged with a demand for springers.

Lambs, sheep and calves: This section had a strong, active week in all kinds and closed with the same feeling.

Hogs: The market here was very unsettled at the finish yesterday. A number of decks of half-finished hogs were present, and this was a mistake on the shippers' part, as it will tend to weaken their prospects. Caution in paying extravagent prices in the country is well advised, as the prices quoted on this market are not well established. A forecast would be hard to make on account of the unsettled feeling at the close.

BOSTON CREEK CAMP SHOWING UP WELL

Dominion Reduction Co. and Others Are Doing a Good Deal of Development Work.

BOSTON CREEK GOLD CAMP, Oct. 5.—There is probably more activity around this camp than any other new camp in the north country. The latest arrivals with a big gang of men are the Dominion Reduction Co., who are also operating with such phenomenal success in Munro Township. A 200 foot shaft is being sunk on their claims just a little east of the railroad, and from the assays they have obtained it looks like they again have struck it rich.

The claims owned by Sherwin-Williams Paint Co. are being worked night and day, where they are putting down two shafts, one being down about 30 feet and the other about 80 feet at the time of writing. The vein upon which they are sinking is about 7 feet wide, with a pay streak of 30 inches, and has been stripped probably 900 feet.

Jim Hughes of Haileybury is also located at this camp and has a big gang operating with very good success, plenty of free gold being in evidence.

C. Foster of the Foster-Tough-Oakes it is understood has purchased some claims at a big figure and has started operations on same.

S. Doble of the Leyson-Doble was a visitor at the camp lately and it is rumored is negotiating for some claims.

C. S. Gzowswi, of Toronto, well known in British Columbia as a railroad contractor and placer miner, has also purchased some claims, and has been at the camp for some time.

T. Flynn of the McIntyre and Vipond has purchased some claims and is very well pleased with the camp in general.

One of the big Cobalt mines is reported to be endeavoring to option a group of claims near the railroad track.

New gold discoveries are being made in the camp every day and seeing the camp is scarcely six months old the writer is not far wrong when he says it is just in its infancy.

It is the consensus of opinion that with some more development work this camp is bound to make good.

Every available piece of ground has been staked.

GOLD CAMPS ACTIVE

Frank Loring, M.E., who is engaged in Goose Lake by capitalists, was in the city yesterday and is most optimistic of the New Ontario gold camps. The present activity all thru the north country, he says, surpasses anything since the early days of Cobalt.

OLD SWASTIKA MINE WILL BE DEVELOPED

New Owner Has Gang of Men Pumping Out Shaft.

Special to The Toronto World.

SWASTIKA, Ont., Oct. 7.—Frank Culren of the Beaver Consolidated Mine, who recently purchased the Swastika mine, has a gang of men pumping out the shaft. It is understood that development work will be started shortly.

The Swastika was the first gold mine in this section, but was forced to close down about three years ago. Little development work was done by the old management, but the proving up of Kirkland Lake as a gold camp rivaling Porcupine has put a different light on Swastika's possibilities.

It is rumored that the Lucky Cross mine here will also reopen shortly. The company is said to be on a good financial basis.

BIG BULLION SHIPMENT FROM NIPISSING MINE

Over a quarter of a million ounces of silver were despatched by the Nipissing Mine from the camp Tuesday. The bullion was consigned to England and went by way of New York. A special car was needed for its transportation and it was loaded during the forenoon. The car left on No. 2 train, shortly before 2 o'clock. The details are: 202 bars, 250,790.37 fine ounces and $120,976.40. Since the year began Nipissing has shipped almost four and a half million ounces of silver in the form of bullion.—Cobalt Nugget.
