SUMMER IS NIGH.

The richest of perfumes and jewels are mine—
While the dog-roses blow and the dew's spangles shine;
And the softest of music is wakened for me,
By the stream o'er the pebble—the wind in the tree.
Nature, kind Mother, my heart is content
With the beauty and mirth thou hast lavishly sent:
Sweet summer is nigh, and my spirit leaps high,
As the sun travels further along the blue sky.

If murmur, it is that my home is not made
'Mid the flowers and drops in the green coppice shade.
If sigh, 'tis to think that my steps cannot stray
With the breeze and the brook on their wandering way.
Nature, kind Mother, I long to behold
All the glories thy Blossom-ringed fingers unfold.
None like thee can I meet, for all others will cheat
With a portion of bitter disguised in the sweet.

The earth, the wide earth, will be beautiful soon,
With the cherry blooms wreath, and the nightingale's tune:
And the dreams without sleep with strange magic will come,
While the wood pigeons coo, and the heavy bees hum.
Oh, Nature, kind Mother, 'tis only thy breast
That can nurse my deep feeling and lull it to rest:
For my soul is too proud to be telling aloud
What to thee it can utter all weeping and bowed.

I see the rife buds on the wide-spreading bough,
Soon, soon, they will shadow my thought-laden brow:
I see the bright primroses burst where I stand,
And I laugh like a child as they drip in my hand.
Nature, love! Mother thou hearest me breathe
My devotion at shrines where wild flowers wreathe;
None other o'er knows how my warm bosom glows,
As I watch the young daisy-fringe open and close.

I see the blue violets peep from the bank;
I praise their Creator—I bless and I thank—
And the gossamer insect at play in the beam,
I can stoop that bide me adore the Supreme.
Nature, kind Mother, my heart is content
With the beauty and mirth thou hast lavishly sent:
Sweet Summer is nigh, and my spirit leaps high,
As the sun travels further along the blue sky.

Great Saving in Soap & Labour.

Royal Letters Patent—Granted March 4, 1844.

Patent Washing & Cleansing POWDER.

ONE great advantage which this Powder possesses over others, consists in its not injuring the hands of the persons using it. Other Washing Powders contain Carbonate of Soda in its free state, which by acting upon the skin, inflames the hands, and renders them sore and wrinkled.

Other advantages peculiar to this Powder, may be stated as follow, viz:

A saving of at least one half of the Soap which is necessary when Soda is used.

A great saving in the labour of washing.

The colour of linen and other fabrics turn out far superior in whiteness to that which is given by any other means.

N. B.—Warranted not to injure articles though made of the finest materials.

☞ Sold in packets at 1½d each, by

EXTENSIVE MILL PROPERTY
To be sold by Private Bargain.

ALL, that large and extensive MILL PROPERTY, situated about a mile and a half from the mouth of the Nashwaak, nearly opposite Fredericton and consisting of one MILL, containing six saws by single Gates; with a GRIST MILL, in good order, driving two pair of stones.

The Saw Mills are capable of containing as many Gangs as there are now single Saws, which could be substituted at little cost; they are in perfect order, and some of the Gangs could be driven throughout the entire year, as there are always several of the Saws kept going during the entire Winter; and the Grist Mill has the same advantage. The Dams are perfect and complete order, having been completed at very great expence, and runs entirely across the river Nashwaak, thus securing the whole waters of the river for the driving of the Mills.

Connected with the Mills there is a fine large Store, well adapted for the business of the country, also a Blacksmith's Shop, and a good Cottage and Garden attached, well suited for the manager of the Mills besides a number of Houses suitable for the Workmen at the Mills.

There is also a tract of Land on the Eastern side of the river, containing 500 acres, and about 200 acres on the western side, the latter embracing the Hollybrooke Farm, and the whole highly capable of cultivation, and precluding any interference by other establishments on the river. These valuable Properties will be sold along with the Mills, and reasonable accommodation will be given to the purchaser. There can scarcely be found within this Province such a valuable Water privilege, and it is therefore well deserving the attention of any party wishing to embark in the Lumber trade; the whole can be seen at any time, and full particulars given on application to W. J. Bedell and Co. Fredericton, Charles Perley, Esquires, Woodstock, or to the subscribers at St. John. ROBERT RANKIN & CO.
