SENATE P O

## "BIG THREE" IN A POOL TO WATCH LEGISLATION

### Jacob H. Schiff of Equitable Says Committee Was at the Mercy of One Man.

New York, Sept. 28.—When the legislative committee on insurance investigation adjourned to-day until next Wednesday it concluded a week in which greater progress had been made than in any week since the investigation was begun.

Alfred W. Maine, an associate auditor of the Equitable Life Assurance Society, to-day disclosed the fact that the Equitable Life, the Mutual Life and the New York Life Companies had formed a pool to look after legislation between the various state legislatures. Andrew Hamilton, to whom President McCall of the New York Life paid several cheques, the purpose of which the chief counsel for the committee, Mr. Hughes, has not yet brought to light, was one of the chief members of the legal staff for these companies and was employed and received money for services from the Equitable. Mr. Maine told of the division of the country to be looked after by Mr. Hamilton in conjunction with E. L. Short and W. P. Thummel. Witness presented vouchers for moneys paid by his company to Mr. Hamilton, and these showed that in eight years, from 1895 to 1903, the sum of $65,596 was paid to Mr. Hamilton for legal services.

Mr. Maine could not give any details of the duties performed by Mr. Hamilton nor of the committees he appeared before beyond the fact that Mr. Hamilton looked after legislative matters for all three companies in the States west of Ohio.

He told of an agreement whereby special counsel was employed by one company in its territory, and the expense was shared by all. He never heard of money being paid to influence legislators.

**Company's Real Estate.**

Edward I. Devlin, the real estate manager of the New York Life for the United States and Canada, was called to testify to the cost of building owned by the society in Paris. It was brought out that the Paris building was carried on the books of the company at a valuation of $1,102,604, whereas with the original cost and improvements $2,533,104 actually was paid, over one million being charged off the valuation on the books of the company.

Mr. Devlin said the net income of the building to the New York Life was 1-12 per cent. on the actual amount invested, or between three and three and a half per cent. on the amount at which it was carried on the books.

**Schiff on the Stand.**

Not the least important development of the day was the appearance on the stand of Jacob Schiff, head of the banking firm of Kuhn, Loeb & Co. Mr. Schiff made an impassioned attack on the state superintendent of insurance and statements he had made concerning Kuhn, Loeb & Co., during the investigation of the Equitable. Mr. Schiff emphasized his remarks frequently with rappings on the table, raising his voice until he almost shouted. During his testimony, too, Mr. Schiff made the charge that the minutes of the finance committee regarding a certain meeting were false. He later qualified this, however, by saying if the transaction under consideration, one in Union Pacific preferred, was actually made, he did not hear of it, tho he was present at the meeting.

**All Hyde.**

Again during his testimony regarding the power of the Equitable finance committee, Mr. Schiff waxed warm in his explanation, and said that the entire committee was at the mercy of one man. "It was all Hyde," said Mr. Schiff. All "Hyde and Alexander." Mr. Hyde wrote the messages regarding the offers made by my firm for participation in syndicates, Mr. Hyde signed all the receipts, Mr. Hyde wrote all the letters."

In the matter of the James H. Hyde and associates syndicate, Mr. Schiff hotly accused Mr. Hyde of trying to shield himself. He said the position of a director in the Equitable was that of an negligible quantity, and that the directors were mere figureheads. He said further that he had never asked favors of the Equitable Society. "I have granted many favors," he said, "I have not done as a director of the Equitable any wrong of commission. I may have done some of omission. It is a case of hindsight and not one of foresight. But my conscience frees me of any censure of wrong. I have been as good a director as I knew how to be and I did my duty."

## CAUSE FOR MORE SUCH CASES.

**Policeman Injured in the Physical Culture Process.**

It was stated at Osgoode Hall yesterday that in 1889, acting under orders from the inspector, ex-Policeman Gummerson attended the Armouries for athletic exercises. These were said to be a little too strenuous for a fat man and Gummerson fell and injured his foot. Was the injury received in the performance of his duty? Such was the question before the court yesterday. "Take the exercise or be fired," was the interpretation which Gummerson's counsel put on the order.

This, however, was pooh-poohed by the lawyer for the other side. A policeman must be directed, for the benefit of his health, to eat salt-water fish and to take a bath. A bone might choke him. He might slip and break his leg when getting into the tub. Would he have pension from the fund then?

Judgment has not yet been delivered.

**MACKENZIE IN WINNIPEG.**

Winnipeg, Sept. 29.—(Special.)—Wm. Mackenzie passed thru the city to-day on his way to Edmonton. He was accompanied by H. McGeorge of Glasgow, Col. Scott of Quebec and Col. Sam Hughes. Mr. McGeorge is senior partner of McGeorge & Penny, brokers and financiers, of Scotland. The "pleasure trip" includes, it is said, the absorption of the Winnipeg, Selkirk & Lake Winnipeg Railway.

Tuckett's "T.& B." 10 cent plugs 46

**The Ideal Roast Beef of Old England**

Have you ever tasted roast Beef cooked in an oven heated with Siche Gas? If not, lose no more time. Write Siche, 41 York-street, for catalog.

The Dutch Grill Room, Rossin House, is pronounced by travellers to be one of the finest. Prices reasonable. ed-7

**Extra Protection.**

The Holmes Electric Protection Company differs from any other method of guarding by electricity, individual wires to every bank, store and warehouse. In fact, they cover the business district, and are constantly adding to their already large number of subscribers. The system has been so thoroughly tested and improved during recent years as to merit the hearty endorsation of the bankers and merchants of this city. ed

TWO P LICEMEN ON THE BEAT

JOHN CHINAMAN: Ha! Ha! Maybe lat will stop Eulopean toughs tlying to bleakee up washee house.

## JAMES BAY BONUS BY-LAW IS BEATEN BY WARD VOTE

### Parry Sound Votes on Two Money Bylaws—Electric Light Improvements Endorsed.

Parry Sound, Sept. 29.—Voting took place to-day on two money bylaws, one to the James Bay Railway for $25,000 to establish a divisional point here; also the erection of machine and car repair shops. The other bylaw was for $20,000 towards the improvement of the electric light plant. The vote resulted as follows:

James Bay Railway—For 143, against 92; majority for the bylaw 51.

Electric light—For 172, against 60; majority for 112.

By the special act of incorporation of this town it is provided that money bylaws to be effective must be carried by each ward. In the present instance the majority in the east ward was against the James Bay Railway bonus. The general opinion seems to be therefore that that bylaw is defeated.

## OUR TRADE WITH ANTIPODES.

**Canada Writes Australia for Preferential Compact.**

(Canadian Associated Press Cable.)

London, Sept. 29.—A Melbourne despatch states that the Australian government has received a communication from the Canadian government, asking whether commonwealth is prepared to establish a system of preferential trade relations with Canada. The federal government is considering the communication.

**DO NOT BE KEPT IN THE DARK.**

**We Can Light Anything From a Tent to a Town.**

Siche Gas is the bright light. Will not asphyxiate. Will not injure plants or silver. Absolutely non-explosive. Write for details of our Frost-Proof Gas Plants. Siche, Winnipeg, Toronto, Montreal. Canadian headquarters, 81 York-street, Toronto.

**INCREASE IN CAPITAL.**

Montreal, Sept. 29.—The shareholders of the Mexican Light & Power Co. held a special meeting at the Bank of Montreal at noon to-day and ratified the plan of the board of directors to increase the capital stock of the company by $4,000,000. The capital has been $12,000,000, and it is intended that it should be increased to $16,000,000.

**CLORAN FOR MAYOR.**

Montreal, Sept. 29.—(Special.)—Senator J. Cloran announces to-day that he will be a candidate for the mayoralty in succession to Mayor Laporte. In 72 years the French-Canadians have furnished 17 mayors, the Protestants 11 and the Irish Catholics 3.

**SUICIDE IN HIGH LIFE.**

New York, Sept. 29.—Wm. R. Travers, a millionaire man of leisure, son of the celebrated Wall-street operator, Wm. Travers, committed suicide to-day by shooting himself thru the head. Mr. Travers married Miss Lily Harriman, a sister of Mrs. W. K. Vanderbilt, jr. The couple separated three years ago.

**C. P. R. STEAMER ON FIRE.**

(Canadian Associated Press Cable.)

London, Sept. 29.—Fire on the C.P.R. steamer Montfort at Bristol is stated to have done considerable damage.

New Billiard Room now open. 62 King St. East. Handsomely decorated. "Saratoga Tables." Latest improvements. Players invited.

**BIG POOL ROOM RAID.**

New York, Sept. 29.—Police with axes chopped their way thru the walls into a pool-room in University-place to-day and captured 200 men in the room.

Delivery of The World at the island will cease after Saturday, Sept. 30. Subscribers will please send their city address to The World Office, 83 Yonge-street. Phone Main 252.

Smoke Taylor's "Maple Leaf" Cigars.

**HAULTAIN MAY RETIRE.**

Winnipeg, Sept. 29.—(Special.)—A sensational rumor is afloat here to-night that Hon. F. W. G. Haultain will retire from the contest for the control of the new legislature of Saskatchewan.

## NEPIGON RAILWAY STARTED.

**Mackenzie and Mann Will Connect With Grand Trunk Pacific.**

Port Arthur, Sept. 29.—(Special.)—It is stated that Mackenzie and Mann have commenced work on the Nepigon Railway, and this work will be rushed along as fast as possible. The line will be built to connect with the Grand Trunk Pacific, and during the construction of the transcontinental railway the branch line will be used as a supply road.

The Nepigon Railway will be built to Nepigon Lake, a distance of 50 miles. A line of steamers will be put on and they will connect with the remainder of the line, which will connect with the Grand Trunk Pacific from the head of the lake. The feeding line will have as its lake terminus, Nepigon, and vessels will bring the supplies to that point, and they will be forwarded to the scene of construction on the Grand Trunk Pacific.

The line, besides proving valuable as a feeder for the transcontinental railway, will open up a large amount of valuable mineral lands, principally iron, as along the proposed line large deposits of this metal have been discovered. These ores will be brought to Port Arthur to be treated at the company's blast furnace now being built here.

## GALLOWS FOR BENNETT JURY CALL HIM GUILTY

### For Five Hours Twelve Men Debate on Verdict—Sentence Will Be Pronounced To-Day.

Brantford, Sept. 29.—(Special.)—The jury in the Bennett case, after being out for over five hours, returned a verdict of "guilty." The charge of the judge finished at 6.30 this evening and the jurymen at once retired. At 11.30 they came back and asked for information regarding the evidence of David Garlow, who contradicted the story of Kick, the backbone of the alibi. This was given and a shudder passed over the crowded court-room as a premonition was seen in this regarding the coming verdict. Five minutes later the jury returned with the verdict of "guilty."

While the foreman pronounced the fateful word, the condemned man sat with impassive countenance and never once betrayed his emotion. No scene was made by the crowd in the court-room.

Justice Anglin declared the court adjourned until 9.30 to-morrow morning, when Doyle and Bennett will receive their sentences. In commenting upon the verdict, he stated to the jury that he did not see how any other verdict could have been reached by them. The afternoon was taken up with the speeches of the counsel and the charge of the judge. L. F. Heyd made a strong appeal on behalf of the prisoner. The judge charged heavily against Bennett.

## SHEPLEY SUCCUMBED TO A FIT MANY ACCIDENTS IN TORONTO

### Terrible Condition of a Boy Whose Stomach Caught on a Nail—Trolley Cars Had Two Victims—Man Blew Out the Gas—Other Casualties.

James Shepley, a gardener, who resided at 374 West Front-street, while working at 41 Wellington-street yesterday afternoon complained of not feeling well. He was given a cup of tea. Shortly afterwards he fell in a fit and was taken to the General Hospital in an ambulance about 4 o'clock. He died a few hours later. He was about 60 years of age.

**BOY TORN BY A NAIL.**

With his intestines badly torn by a nail, eight-year-old Willie Owen is in the General Hospital in an extremely serious condition. When he entered the hospital his abdomen was terribly ripped. His bowels were protruding and his stomach was laid bare. Some of the intestines were badly cut and had to be sewn with silk thread.

The boy was climbing a door at his father's home at 41 McGee-street yesterday. A nail had been inserted in the keyhole in order that he might reach a parcel placed high up. His foot slipped and his hands refused to hold the edge of the door. He fell heavily, the nail tearing his clothes and entering his body.

Mrs. Owens, hearing the boy scream, rushed to the scene of the accident. The sight unnerved her. The lad was immediately removed to the General Hospital, where he was operated on.

Last night he was reported to be in a serious condition, but doing well. It is feared, however, that the injuries will cause death.

**FELL FROM CHESTNUT TREE.**

While picking chestnuts near his father's home at 42 Montrose-street Geo. Hilson, 11 years old, fell about ten feet to the ground, breaking his arm. He was taken to the General Hospital and put under an anaesthetic. It was necessary to put the arm in a plaster cast to prevent the bones, which protruded from the skin, from working with the movement of the boy's arm.

**STREET CARS HIT TWO.**

Jacob Cameron, 141 Centre-avenue, while riding a bicycle in Queen-street, near the city hall, collided with a street car. His leg and arm were bruised and he was taken home in an ambulance.

Maggie McFarlane, 84 Lombard-street, while crossing Church-street, got in front of a street car. Her injuries were not serious.

**BRICKLAYER'S NARROW ESCAPE**

A bricklayer whose name is supposed to be Ross was taken to the Emergency Hospital early last night suffering from suffocation. He was repairing the boiler at the Fred Victor Mission and was overcome by the gas or fumes which escaped from a steam heater. He will recover.

**HEARD FROM HER HUSBAND.**

Mrs. Armstrong, the wife of a confectioner, living at 208 Sherbourne-street, reported to the police that her husband had been missing for three days. Yesterday she received a letter from him, telling her he was on his way to England.

**SOON READY TO DO IT AGAIN.**

George Haggart of Stratford blew out the gas in his room in the Vendome Hotel Thursday night. He was taken to St. Michael's yesterday. He will be well in a few days.

**HAD A LUCKY ESCAPE.**

While working at the G.T.R. roundhouse, at the foot of Spadina-avenue, George Harrell, 74 Lindsay-avenue, fell a distance of 20 feet from a scaffold. He lighted on his head and received a very severe cut. He is doing well at the Emergency.

**BRICKS KILLED VOLPATE.**

Coroner Elliott last night opened an inquest on Giuseppe Volpate, who died in St. Michael's Hospital. The enquiry was adjourned for a week. The deceased was injured some days ago in Port Perry by bricks falling on him while working in a brick kiln.

When you eat Norka it is like getting electricity direct from the coal. You get at once the power making value of the food with a flavor that never tires the taste. Sealed in air tight packages.

## HER LAST DIME FOR POISON CANADIAN GIRL SUICIDES

### Blanche Haines of Ridgetown Ends Struggle Saying "Tell Mother I Love Her."

Detroit, Sept. 29.—(Special)—Discouraged, footsore and heartsick, because of her failure to obtain employment, Blanche Haines, twenty-one years old, who came to Detroit three weeks ago from her home in Ridgetown, committed suicide here to-day by swallowing enough arsenic to kill a dozen men.

With her last ten cent piece she purchased the poison at a drug store late last night and a few hours later was unconscious, dying at three o'clock this morning.

When Miss Haines came to Detroit she went to stay with Mrs. David Ford, on Fort-street West, an old friend of her family. Miss Haines met with no success in her efforts to procure employment. For fourteen days she walked the streets, but met only with rebuffs at every turn. Last night she came home tired, discouraged and desperate. With only fourteen cents in her purse, she started for a nearby drug store shortly before nine o'clock. She wanted the arsenic to kill rats, she told the clerk, and he handed out the poison without a word.

Early this morning Mrs Ford was aroused by groans from Miss Haines' room and rushing in she found the girl in convulsions. Dr. F. N. Blanchard was hastily called and tho he worked assiduously over her was unable to save her life. Her last words were: "Tell mother I love her."

The girl's parents have been notified and the body will be shipped to Ridgetown this evening.

**ONLY ONE CHANCE.**

Chicago, Sept. 29.—It has been decided by the physicians in attendance upon President Harper of Chicago University that nothing will save his life but a surgical operation of a heroic character. It is admitted that there is practically no chance of saving his life unless the cancer which is killing him can be checked by the removal of a portion of the large intestine. It is, however, admitted that the chances are greatly against the permanent relief of the patient if the operation is performed.

**NEW TRIPLE ALLIANCE.**

Paris, Sept. 30.—The Echo de Paris, this morning prints an article signed by Andrew Carnegine, in which the writer argues in favor of an alliance of the United States, France and Great Britain for the safeguarding of the peace of the world. The author denominates the countries named as the "Three republics, two uncrowned and one crowned."

**STEAMER MISSING.**

Manila, Sept. 30.—The British steamer Chang Sha of 2300 tons register, belonging to the China Navigation Co., which sailed from Hong Kong to Manila, was overdue thirty-six hours at noon to-day. A number of passengers and considerable mail were also aboard the steamer. The agents of the navigation company said the vessel encountered the recent typhon.

**FATAL AUTO ACCIDENT.**

Syracuse, N.Y., Sept. 29.—A fatal automobile accident occurred in the Village of Cammillus, N.Y., nine miles west of here to-night, resulting in the death of the chauffeur and the injury of two other occupants. The fourth man who escaped injury refused to reveal the names of his companions or to give details of the accident.

**LARGEST CARGOE.**

Chicago, Sept. 29.—The largest cargo of grain ever shipped out of Chicago was cleared to-day on the steamer George H. Russell. It consisted of 235,000 bushels of corn and 58,000 bushels of barley, aggregating 7972 tons. The cargo goes to Buffalo.

**ICEBERG GROUNDED.**

New York, Sept. 29.—Passengers arriving on the Lucania, from Liverpool, to-night told of sighting a monster iceberg stranded on the banks of Newfoundland.

**TO FIGHT SLIDING SCALE.**

Detroit, Mich., Sept. 29.—At a meeting here to-day of a committee of the Michigan members of the Royal Arcanum, it was decided to raise $75,000 to fight in the courts the sliding scale of rates recently adopted by the society.

**Provincial Death Record.**

The provincial board of health's record shows the total number of deaths in the province during August to be 2200 from all causes. Last year there were 2024 deaths in the same month. There were eight smallpox cases.

**A Recipe for the Blues.**

If your wife, poor woman, be out of sorts,
And everything seem to sadden her;
Keep her supplied with pints and quarts
Of that empress of waters, Radnor.

Hoskins & Westervelt, Chartered Accountants, 27 East Wellington St. Toronto. David Hoskins, F. C. A., J. W. Westervelt, C. A.

**BRANTFORD'S RED LETTER DAY.**

Brantford, Sept. 29.—General Manager Hays will declare the new main line of the Grand Trunk thru this city open for traffic to-morrow afternoon. The city has prepared a reception for the railway and political magnates who will take part in the ceremonies.

The F. W. Mathews Co., Phone M 2571. Private ambulance service. 26

**FINED SIXTY DOLLARS.**

Peterboro, Sept. 29.—(Special.)—Wm. Horton, who conducted a game of chance at the Industrial Fair, was fined $60 and costs by Magistrate Dumble today. Charges have also been laid against several other parties.

**BRANCH IN TORONTO.**

## FEAR OF FINANCIAL BREAKDOWN LED JAPAN TO CONCLUDE PEACE

Tokio, Sept. 29.—Notwithstanding the silence of the government, the real fact is disclosed that Japan made peace at Portsmouth, in fear of a financial breakdown.

The war proved more costly than had been calculated, and the rice and cereal crops seemed doomed to failure.

Instead of sunlight and warmth during the month of August, when the crops ripen, there was continuous rain and exceedingly cold weather.

While some improvement may still be in store, it is certain that the rice crop promises to be from 15 to 20 per cent. below the average, and far below last year's crop, when it was marvelously large.

Six months' more of war would have meant very hard times, for the masses of the people are very poor and rice is their bread and meat.

## University Commission Named by Goverment

### Will Have Full Charge of Administration—Prof. Smith Declines Chairmanship Owing to Advanced Age.

PROF. GOLDWIN SMITH,
SIR WILLIAM MEREDITH,
REV. D. B. MacDONALD,
J. W. FLAVELLE,
BYRON E. WALKER,
A. H. U. COLQUHOUN,
REV. CANON CODY.

The World learned on excellent authority yesterday that the new university commission, which has been under consideration for some time by the government, will consist of the above named gentlemen.

It is understood that the chairmanship of the commission was offered to Prof. Goldwin Smith, who, however, refused to assume the heavy responsibility owing to his advanced years.

When it was found that Prof. Smith would not accept the chairmanship the matter was left open, and will be decided later.

When asked about the matter Premier Whitney smiled and said: "We will tell you all about it on Monday."

So far as could be ascertained the scope of the commission will be wide, and they wil have full charge of the administration of the university.

## THE JEWISH YEAR OF 5666 COMMENCED LAST EVENING

### This Month is Sacred to Jewish People as the Anniversary of the Creation of the World.

The Jewish year—5666—was ushered in with all due solemnity at twilight in this city last evening.

A deeply impressive service was held at the Holy Blossom Synagogue, a large congregation listening to an eloquent sermon by Rabbi Jacobs, "Our days are as a shadow, which passeth away." The rabbi took the psalmist's words. He dwelt on the different metaphors describing life. At one time was likened to a shadow; at another time to a ship sailing on the waters; at another time to a frail bridge and at another time to a vessel storm-beaten and tempest-tossed. The advent of the new year should set all thinking of the frailty of life and how stern the duty to improve was. The poet had said:

"He lives best whose actions are the best."

Several special prayers were offered in English and fine melodies were rendered, the service being chanted by Mr. Sebastian Burnett.

Four names are applied to the solemnization—The New Year, The Day of Memorial, The Day of Blowing the Trumpet, and The Day of Judgment.

The commencement of this month—Tishri—has always been a most sacred period to the Jewish people. According to tradition, it is the anniversary of the creation of the world, and also the anniversary of the offering of Isaac on the altar. Thruout the world Jews celebrate the advent with marked unity. The first day of the new year the first of the ten days of penitence. The last of these penitential days is the great day of atonement, when all Jews abstain from food for 24 hours. Every Israelite sets for himself the solemn task of making peace with his Maker.

## SEE SMOKE, CALL FIREMEN.

**Two False Alarms Yesterday—Horse Under Hose Wagon.**

The busy autumn season for the fire department was apparently inaugurated yesterday, when defective furnaces occasioned two runs. There was no damage in either case, the escaping smoke only being responsible for a scare in both instances. At 5 p. m. there was a still alarm to Bay-street sections from 15 East Adelaide-street and at 11.30 p. m. all downtown sections were called down to the Fletts-Lounds building, on West Front-street.

In responding to this alarm, Hose 1 met with an accident. In turning at King-street, "Jack," one of the splendid team slipped and the hose wagon, which is one of the big new type went right on top of it. Fortunately the horse did not go under the wheels, and tho the wagon had to be lifted up to get him from under the rear axle, as the box is extra high, beyond some severe skin scraping, "Jack" wasn't hurt.

**STORTHING ACCEPTS TREATY.**

Christiania, Norway, Sept. 29.—The special committee of the Storthing, to which the question was referred, decided to-day by 12 votes to 6 to recommend to parliament the adoption of the government bill embodying the draft of the treaty providing for the separation of Norway and Sweden signed at Karlstad Sept. 23.

**FRED CHAMBERS SUICIDES.**

Woodstock, Sept. 29.—Fred Chambers, proprietor of the Dake Hotel at Princeton, committed suicide this morning by taking a dose of carbolic acid.

He was found dead in the bar. No cause is given for the action. He had just completed the purchase of the fine hotel property three days ago, and was well fixed, financially.

## ROBBED INGLIS RESIDENCE BURGLARS IN WEST END

### May Have Made an Important Haul—Many Contents of the House Were Removed.

William Inglis, president of the John Inglis Company, lives at 1286 West King-street in the fall and winter months. During the summer he occupies a villa near Mimico.

Last night he visited his town house and was surprised to find things somewhat different from when he saw it last. It was a surprise party that awaited him, only the party was missing. The party or parties had left, but not empty-handed. They took a lot of the contents of the house with them. Just how much could not be ascertained last night from Mr. Inglis, but it is understood the house was pretty well ransacked.

## SHOT WHILE DUCK HUNTING.

**Herbert Klotz of Toronto University Wounded in the Leg.**

Peterboro, Sept. 29.—(Special.)—Herbert Klotz and Thomas Keyes of Toronto, who are students at Toronto University, have been duck shooting at Pigeon Lake. To-day a hammerless gun in the hands of Keyes discharged accidentally while the young men were in a boat, and the charge entered Klotz's thigh, passing thru his leg. He was brought to St. Joseph's Hospital. His physicians think the leg can be saved.

**LARGE TIPS CAUSE SUIT.**

The question of whether a company is liable for its salesman's tips came out in the division court yesterday where Hornwell Monks was suing R. J. Score & Son for wages amounting to $100. Judge Morgan decided that the tips should be paid by the company. "Monks' expenses were beyond reason," said Mr. Score. The amount claimed was reduced to $50 and the case closed, Monks receiving the money under protest.

**DOES THE WEST CARE?**

London, Sept. 29.—(C.A.P.)—The Manchester Guardian says: "We are hearing what all the world thinks about the Japanese alliance except from our own colonies. There is a somewhat grim blank in the daily masses of telegrams. Where are the extracts from Australian, Canadian and New Zealand papers that there should be? We have been looking for a message from British Columbia to say that the legislature would not pass again the repeatedly adopted bill forbidding Japanese to set foot in the colony."

**CAPTAIN SARGENT OUT.**

For the first time since the fire in the Brown Co. Mills, where Captain Worrell was killed, Captain Sargant left his house yesterday. He will be off duty, however, for three weeks more, in order to recover himself perfectly. His left arm is still sore from the shaking up he received when the floor fell on him.

**Mulvaney Case To-Day.**

This morning Chief Justice Falconbridge will address the jury in the action of Mr. and Mrs. Mulvaney, who are suing the Toronto Railway Co. for damages for the death of their daughter, who was injured last March at Queen and Soho-streets.

**NO DECISION.**

Montreal, Sept. 29.—(Special.)—F. W. Morse stated this evening that no decision had yet been reached as to awarding of the contract for the Lake Superior branch of the Grand Trunk Pacific.

**RENOWNED OCULIST DEAD.**

Quebec, Sept. 29.—Dr. Louis J. A. Simard, one of Quebec's best known and most respected citizens, passed away this morning at 3 o'clock, after an illness that lasted for two years. Deceased was a renowned oculist and aurist.

**BIRTHS.**

JOHNSTON—On Monday, Sept. 25th, to Mr. and Mrs. D. J. Johnston, 807 Palmerston-avenue, a daughter.

**MARRIAGES.**

FRASER—KENNEY—On Thursday, Sept. 28th, by the Rev. Dr. German, D.D., Coral, youngest daughter of Mrs. Jos. F. Kenney, to Mr. George William Fraser, both of Toronto.

**DEATHS.**

DE LA PLANTE—At 29 Homewood-avenue, Maglorie De LaPlante, in his 68th year.

Funeral at 8.30 a.m. Monday, to Our Lady of Lourdes' Church. Friends and acquaintances please accept this intimation. Montreal and New York papers please copy.

F. W. Matthews Co Undertakers.

## INFERNAL MACHINE LAID FOR COALITION LEADERS

### Belief in Hungary That Baron Fejervary May Be Recalled to Premiership.

Buda-Pest, Hungary, Sept. 29.—A box filled with powder of some kind was found this morning under the staircase of an hotel in which the coalition leaders were meeting. The box, which is alleged to be an infernal machine, was taken to police headquarters for examination.

The fact that Count Albin Czaky, president of the upper house of the Hungarian Diet, has been summoned to an audience to-morrow, is not considered here as implying that he will necessarily be invited to form a cabinet. On the contrary there is a disposition in many quarters to believe that Baron Fejervary may be reappointed to the premiership. The latter is now understood to support the contention that Hungary has the right to establish independent customs in her territory. This has created a favorable impression. The nationalist students are demanding the expulsion from the university of all students of Socialistic tendencies. The leaders of the coalition majority and the newspapers are doing their utmost to calm the political passions and prevent a clashing of the factions during the street demonstrations.

## FOR GAYNOR AND GREENE.

**Officers From Georgia Have Papers Signed by Roosevelt.**

Montreal, Sept. 29.—(Special)—Messrs. G. F. White, United States marshal for the Southern district of Georgia, and Joseph F. Doyle, district attorney, arrived in the city to-day to take Col. Gaynor and Capt. Greene back to Savannah for trial on charges of defrauding the United States government. On their arrival the two officers proceeded to the U. S. Consulate, after which they called on Donald McMaster, K. C., who has been conducting the case for the United States government. That gentleman accompanied them to the court house, where after meeting Mr. St. Mars, joint high constable, they proceeded to the sheriff's office and presented their credentials to Hon J. R. Thibaudeau, the sheriff. The warrant they have bears the signature of President Roosevelt himself.

## FELL DEAD ON SIDEWALK.

**Sudden Demise of Mrs. Oake of Sackville Street.**

While taking a short walk Mrs. H. W. Oake of 187 Sackville-street fell to ground and died almost instantly on Thursday afternoon.

Mrs. Oake had been subject to heart failure for some time and had just reached her home when caught by the stroke. Dr. Noble attended Mrs. Oake, but by the time he had arrived life was extinct and the doctor is of the opinion that she was dead before she reached the ground. Mrs. Oake leaves her husband and a grown-up family of five: Percy Oake, commercial traveler for William Bradshaw and Company; Albert Oake, also with Bradshaw's; Sidney Oake of Brampton; Mrs. Charles Aschenbach of New York and Miss Lily Oake. The funeral will be conducted from J. D. McGill's, 300 College-street, to-day at 4.30.

**ENGINEER FOR EUROPE.**

Cecil B. Smith, engineer for the Temiskaming and Northern Ontario Railway, and the Ontario Hydro-Electric Power Commissions, left last night for Europe to gather information. He will especially looke at the electric locomotives in use in Italy, Switzerland, Germany, France and England. It is the intention of the commission to equip the new Ontario Railway with electric locomotives in the near future.

**DARING CLIMB.**

New York, Sept. 29.—To win a bet of $2, John Garrick, a New York steeple-jack descended from the twentieth storey of the Flatiron building, clinging to the inch and a quarter groves in the sheer wall. From the point where he commenced his perilous journey there is a drop of 270 feet to the pavement. Traffic on Broadway and Twentyithird-street was stopped during the performance of the daring deed and women fainted from the strain. Garrick stopped to pose for a photograph and occasionally waved salutation to the crowd.

**MR. ROBERTSON HOME.**

John Ross Robertson of The Telegram has returned to the city after an enjoyable tour in Britain during which he visited the misty Hebrides. He is in the best of health and spirits.

**Simply See the Window.**

This is hat time. It comes twice a year, in the spring and in the fall. Accidents and notions bring it oftener. This is the time of the year when you have just given up your other hat. You wore the straw till the day your folks said it was cold enough for an overcoat. Then you had to dig out last year's hat. It looked tacky. Then you decided to buy another hat.

This is where Dineen reminds you. The window on Yonge-street is full of the what you intend to buy. The latest things in stiff hats are there. They are mostly black, but there are enough brown hats to show that they are to be a soft felt fall style. The fedoras and crush hats are well represented.

Silk hats for Sunday wear are gaining a greater hold every day with the younger man, and Dineen's have what the prospective purchaser wants. The Dineen specials are in the window with the choice of the famous makers, and the prices are there, too.

**FINE AND WARM.**

Meteorological Office, Toronto, Sept. 29.—(8 p.m.)—The weather remains very fine everywhere and continues decidedly warm in Ontario and Manitoba.

**Probabilities.**

**Lower Lakes and Georgian Bay—Winds mostly south and east; fine and warm.**
