The Appreciation of Diamonds

More and more diamonds are bought, sold and worn every year. And this in spite of the fact that the tendency of diamond prices is steadily upward.

Which last fact makes the purchase of a good diamond a worth-while investment.

Our diamond display to-day is away above the average. We import our diamonds direct from the cutters and set them in our own workshop.

We are positive we can save you money.

It says:

"In England and France falsehoods are being spread broadcast. You Germans have too much faith in your government to accept rumors too easily. The English accuse us of having suggested partition with Holland in exchange for her neutrality. Such charges are beneath contempt and demonstrate the righteousness of our cause and the wickedness of our enemies.

"You Germans also are spreading rumors of victories and defeats such as the German ocupation of Belfort and the destruction of French regiments, wholesale.

"Everything will be published at the proper time and we have given our word that nothing shall be exaggerated and nothing minimized. "Few except those who are experienced in warfare, can know or show with what difficulties victories are won."

John P. Holland, inventor of the submarine which bears his name, died at Newark.

A number of the Paris Bowlers returned yesterday, after participating in an interesting bowling tournament in Toronto. Owing to the rain, the game was not finished until Friday morning. In the semi-finals the game was won by Armitage's rink (Paris) by 13 shots to 12.

Mr. and Mrs. James Cook are celebrating their silver wedding anniversary this evening at their residence, Walnut street. Their many Paris friends extend hearty good wishes.

What might have been a serious accident occurred on the Brantford road Thursday afternoon. Two large automobiles were coming along at a good speed, one going to Brantford and one coming into Paris. Just at the curve of the road turning into the town the two cars smashed into each other, as neither of the motorists noticed the approach of the other car in time. Fortunately no one was hurt, but one of the cars had to be towed to a garage for repairs, the front axle being broken.

A number of the Boy Scouts left to-day to enjoy camp life for a couple of weeks at Selkirk. Acting Scoutmaster W. B. Clark will be camp commandant; Scoutmaster Earl Barker quartermaster, and Scoutmaster Edgar Harold is camp adjutant.

If conditions are favorable for an outdoor service to-morrow evening, the Methodist Church will hold their service in the King's Ward Park, opposite the church.

Yesterday Mr. Arthur E. Cullem was ordered to report to the Dufferin Rifles, he having been accepted and will sail with the first contingent for active service at the front. He was a Sergeant in the first battalion of Scots Guards in London, England. He went through the Boer War and carries two medals with four bars for engagements. Paris mills are now working full time in many of the departments. The Penman firm received a capital order early this week for nearly 5000 dozen of men's underwear. This order was from the Dominion Government, and is a further gift from this country to the Imperial authorities in England for use among the troops. This will keep the Paris mills busy for awhile in rushing the order out. We understand that Mr J. H. Fisher, M.P. interested himself with the military department at Ottawa in connection with the above.

It is also said that a large order for flannel has been received by the Wincey Mills.

A bad runaway took place yesterday at noon. A runaway horse and buggy collided with Donald Sinclair's wagon breaking the same and later the horse crashed into the race bridge, wrecking the buggy and harness.

STILL SENDING ODE.

OTTAWA, Aug. 14.—Messages sent out from Sayville, Long Island, to Carthagena, Central America, and thence to the Carolina Islands in the South Pacific, from which point it is believed they are being cabled to Berlin, have been picked up by the military wireless station here. They are in the German code. The Canadian Government has taken the matter up with Washington, which placed an officer at the Sayville station, but notwithstanding this more code messages have been heard going out. The United States Government will again be appealed to.
