The Clerk was instructed to glean all possible information about the condition of the main roads in the county and report at the November session, and then they adjourned to meet on Nov. 13.

Pleasant Family Reunion.

Saturday was the fifty-fourth anniversary of the wedding day of Mr. Robert and Mrs. Clarke of Avenue-place, and the occasion was made the gathering of the aged couple and their family at Niagara. Mr. Clarke has reached the 84th milestone. Mrs. Clarke is 77 years, but both are in the enjoyment of excellent health. Among the gathering were included: Mr. W. A. Clarke (Clerk of York Township) and family, Mr. W. R. Clarke and family of New York and Messrs. B. W. Clarke and G. T. Clarke of Toronto.

The Balmy Beach Good Time.

The residents of Balmy Beach had a good time on Saturday night. That the event was well-named was amply borne out by the thousands of persons who thronged every part of the park and enjoyed themselves listening to the dulcet strains from Napolitano's orchestra as the gentle breeze from the lake wafted the notes inland and filled the air with sweet melody, until the gigantic bonfire was lit at 10 o'clock and the flames shot up a hundred feet into the sky, carrying wonder to the babbling throng and casting a bright glare over the lake, where the small craft of the Beachers, viewing the scene from the water, lent a happy combination to the picturesque scene on the shore.

Beach-avenue, which led to the park, was fairyland itself. "Hide-a-wee," the home of Mr. Bonvier; "Leolee," the cottage of Mr. Lyon; "Fernwood," the summer residence of Mr. J. Lumbers; "Hazlehurst," the retreat of Mr. Hurst, and the many other summer residences from Queen-street south were all gaudily illuminated with Japanese and Chinese lanterns, of which there were many thousands, and which, from the variety of their design, their curious and unique shapes and their contrasting colors, lent a decided enchantment to the scene, thanks to Mr. J. L. Hughes, Mr. J. T. Gorrie and Mr. Slater, who formed the illuminating Committee.

In the park the visitor was tempted by stalls, booths and attractions of various kinds. Mrs. Reid superintended the fish pond, Miss Kennedy managed the brand pie, Miss Brevier looked after the pop-corn stand, the Masters Hurst sold gum and peanuts and Miss Lyons handed out ice-cream. There were also cigar stands for the gentlemen, strawberry booths, a photograph gallery and other tents. The rush concert was well patronized. Crowds waited outside until the tents were cleared for the next performances. There were two entertainments going on continuously during the evening, and a capital entertainment was given in each. The program consisted of specialties from the world of wonder and enchantment. There was Mr. J. W. Hurst's singing dog Leo, in his performance of canine intellectuality; Cully Ross' animal show of elephants, bears, swans, etc.; the St. John's Ward piccaninnies, in their unsurpassed cake-walk; the frog dance, Mr. Oakley, in his inimical comic sketches; Mr. Harry Simpson, in his ventriloquial specialties; Mr. Shaver, baritone soloist; Miss Marshall, elocutionist; Miss Campbell, vocalist; Mr. Gledhill, 'cello soloist; the Oakley brothers, boxing contest, two rounds; the Toronto Quartet; Mr. Brown, comic vocalist, and bone solos by Mr. Harry Kennedy.

The bachelors, to whom the success of the affair was largely due, were: Messrs. Lauder, Simmons, Lambert, Bayley, Tremble, Dowthwaite, Austin, Dr. Edwards and A. Mann. Mrs. Lumbers, Mrs. Hughes and Mrs. Barnett composed the Ladies' Committee, but all the summer cottagers contributed to its success, and among them were: Messrs. J. Reid, F. Campbell, Thorne, Alexander, Booth, M. Kelly, Vale, Gorrie, Haywood, Hornby, Oakley, F. Lyonde, McCrea, Kent, Lyons, Bouvier, J. W. Hurst, Barnett, James L. Hughes, James Lumbers and Rev H. C. Dixon.

East Toronto.

East Toronto, June 18.—(Special.)—Saturday afternoon, in a good game, the East Toronto Village team beat the Garretts at baseball by a score of 7 to 4.

The Excelsior Bicycle Club held their first road race of the season on Friday night. The winners came in in the following order: Fred Dunk 1, R. Hewitt 2, Harry Stevens 3, J. J. Norris 4, George Prescott 5. F. Dunk won the time prize and G. Prescott the place prize.

St. Saviour's garden party will be held in Morton's Grove on Thursday, June 22.

Day of Pleasant Outings.

On Saturday afternoon and evening thousands of persons boarded the King-street cars going eastward, and there was not an hour in the evening that they were not taxed to their utmost. In Leslie Park, the adherents of St. Clement's Church were holding their annual garden party, and the celebrated "cake walk," and Band of the Governor-General's Body Guards drew a large crowd to this event. At the Woodbine a shooting match and cricket match between St. Simon's and the Woodbine was in progress. Further on, at Kew Beach, the people of Norway were holding their garden party. Still a little further, the Balmy Beach Bachelors were holding their summer event, and at Munro Park, despite the attractions elsewhere, there was not standing room between the pavilion and the performance stand. There were four private picnics, as well as the school children's picnic party from S.S. No. 12, Scarboro, and another from Buttonville school, Markham. There were also about 50 of the Deaf and Dumb Society, and in all parts of the park were people interpreting to each other the mysteries of the Ferris wheel, the water coaster and other objects, by expressive hand and face motions.

St. John's Garden Party, Norway.

The annual garden party of St. John's Church, Norway, was held on Saturday evening, and was the delight of a large number of people, who find pleasure in the sociability which lawn gatherings afford. The grounds were lit with two electric lights, furnished through the kindness of Major Pellatt, and the music was supplied by the Quarrington Orchestra. Four hundred persons sat down at the tea tables, which were liberally provided with choice viands. Later in the evening many more visitors arrived, and before 9 o'clock the grounds were thickly covered with people. Among the attractions was a Punch and Judy show, managed by Mr. Frank Vipond, in which Mr. Arch. Oldfield acted as jester. An amateur postoffice was carried on by Miss Trebilcock and Mr. W. H. Paget, and Mr. Herbert Maughan furnished selections on the graphophone. The candy stall was supervised by the Misses Long, Daisy Philpott and Hilda Hewlett. The ice cream parlor was looked after by Miss Paget and Miss Williams. The work table was attended by the Misses Morrison and Mrs. W. Maclean, and the bargain table by the following young ladies: Marion Thompson, Maggie Trebilcock, Myrtle Riggall, Ida Leslie, Ettie Keffer.

An excellent program was given in the Kew Beach Fire Hall, among the artists being: Miss Edith Dickson, who, in the "Creole Love Song" exhibited a remarkably sweet soprano voice, and in "I'm Glad My Heart's My Ain," showed her versatility in Scottish accent. Mr. F. Paget sang, "I Fear No Foe" with good effect, and W. R. Smith in "On the Tennessee" and "Because," proved himself to have a cultivated tenor voice. Harold Bayley on the violin, Henry Jordan on the piano, Mrs. Trebilcock and Mr. J. Paget in the duet, "I Sing Because I Love to Sing," were all acceptable numbers. The ladies who lent assistance at the tables were: Mrs. Williams, Mrs. Trebilcock, Mrs. Hogarth, Mrs. Prest, Mrs. Jackson, Mrs. Oyer, Mrs. Thompson, Miss Dorothy Hughes, Mrs. Leslie, Miss Mabel Wallace and Miss Sawden.

Among well-known faces on the grounds were: Rev. Scott and Mrs. Howard, Rev. H. C. Buckland, Rev. Dr. Osborne, Rev. Charles Ruttan and Mrs. Ruttan, Rev. Baynes-Reed, Rev. R. J. Coleman, Mrs. C. F. Gordon, Mrs. F. W. Kingstone, Mrs. Playfair and Miss Playfair, Misses Mary and Jessie Alexander, Miss Cassels, Miss Joseph, Miss Olive Darling, Mrs. S. G. Wood, Miss Wood, Mr. and Mrs. Pemberton, Mr. and Mrs. F. A. Hall, Mr. and Mrs. W. T. Boyd, Mrs. H. C. Dixon, Mrs. O'Meara, Mr. Charles Heath, Mr. and Mrs. B. Morton, Mrs. E. L. Morton, Miss Sewell, Miss Edith Manison, Mrs. H. Morton, Miss Lamb, Mr. and Mrs. Capreol, Mr. Charles Winstanley, Mr. Sloan, Miss Sloan, Miss Linton, Miss Kilner, Mr. A. Martin, Mrs. Lepper, Miss Fuller, Miss Helliwell,, Mrs. Helliwell, Mr. C. Agar, Mrs. Cunningham, Mrs. Simpson, Miss Wray, Miss Bell.

VICTORIA STREET EXTENSION

Joint Report of Two Officials Delayed Because Opinions Differ.

MORE MUDDLING AND DELAYS

In Connection With the Repairing of the King Street Track Allowance.

The joint report which was to have reached the Works Committee on Friday with respect to the Victoria-street extension, was delayed through differences in views between City Solicitor Caswell and Assessment Commissioner Fleming. The former had drawn up a report largely localizing the assessment of the cost, but the committee thought otherwise. He would not let the report go in in that shape. His preference is that the cost be assessed largely to the general public, some small levy of about 1-10 to be apportioned as the value of the benefit to be locally derived from the new hotel and the extended street.

More Meddling, More Delays.

Another muddle has resulted from the carelessness of the Engineer or the Board of Control or both, with respect to the King-street track allowance repaving between Simcoe and Sherbourne-streets. The engineer who got the contract handed it over by permsson of the controllers to Contractor Grant. The Grant Company found there was nothing in it for them, and threw up the job. They must have known what their legal position was. Or at any rate it transpires that the city does not know where it stands. It appears that the only hold the city has on the contractors is a $750 deposit which accompanied the first tender, over which that of the Engineer was preferred. The Engineer having thrown up the contract and the contractor the job, the latter is now asking, What are you going to do about it? The city is still holding the original deposit and trying to get its solicitor to declare that it has a right to do so, although originally Mr. Grant did not get the job.

The work is at a stand still. Had the Engineer recommended or some sagacious Controller urged that before giving Mr. Grant over the contract, some pecuniary hostage should be held as an evidence of good intentions, Mr. Grant would be working now. But as it stands, it looks like a delay of a couple of weeks unless the Board of Control gathers its wits together this week.

Fleming Gets After Incomes.

The assessment of Ward 2 for 1900 reveals a slight upward tendency. The losses in assessment on street railway plant by a recent judgment, and other incidental reductions have been more than counterbalanced by heavy increases in income and personal property.

The returns are as follows:

	1900.	1899.
Land	$ 8,822,320	$ 8,906,215
Buildings	10,900,573	10,065,897
Real Property	19,722,893	19,872,112
Personal property	1,394,517	1,325,808
Income	472,251	362,804
Total	$21,589,661	$21,560,724
Exemptions	2,241,020	2,188,535
Population	35,957	34,778

Still They Come.

The Organ and Piano Makers' Association have written Council asking for a new musical and arts building at the Exhibition Grounds.

THINGS LOOK UGLY AGAIN.

Dreyfus Revision Has Developed a Bitterness Which Cannot be Allayed.

New York, June 18.—The London correspondent of The Times says: "The Dreyfus case is once more assuming a grave aspect. The hopes that the verdict of the Court of Cassation would inaugurate peace are rudely dashed. Incredible as it sounds, there is reason to fear that the Rennes court-martial will undertake to re-judge the whole evidence. The president of the court-martial, Col. de Saxce, is a violent partisan. When M. Pressense, the editor, said in L'Aurore that this disqualified him, he wrote a reply calling Pressense "a filthy scamp," and ordered this reply to be read out on parade to every regiment in his command, and "The Marseillaise" to be played. Transfer to the United States or to England the spectacle of a commanding officer causing such a letter to a journalist to be read to private soldiers on parade, and the national hymn to be played afterward, and you will appreciate the temper of a considerable part of the French army. All the papers to-day reflect the renewed alarm of the revisionists without their battle won."

RIFLES FOR THE CARLISTS.

Yacht Fire Fly, Owned by Lord Ashburton, Seized at Arcachon With 4000 Rifles.

Madrid, June 17.—Official confirmation has been received here of the seizure of the yacht Fire Fly at Arcachon, a popular summer bathing place, 35 miles by rail southwest of Bordeaux, France, with 4000 rifles, said to have been intended for the Carlists. It is claimed the Fire Fly belongs to Lord Ashburton, who is looked upon as being the representative in England of Don Carlos, the Spanish pretender.

A well-known Carlist who has been interviewed on the subject, said: Even if 4000 rifles have been seized, 8000 have already entered the country.

The rifles are of the Chassepot pattern. The Fire Fly arrived at Arcachon from Dartmouth, England.

WAR AND EARTHQUAKES.

The Two Agencies Now Bothering the Philippines.

Manila, June 17.—An earthquake shock was felt at Iloilo at 3 o'clock yesterday afternoon. The inhabitants say it was the severest ever known. It is supposed that the shock was caused by the volcano Conlonn, in Negros, in eruption. An explosion was heard apparently under Iloilo, followed 30 seconds later by shaking of the earth.

British Commercial Agents.

London, June 17.—The Government has decided to appoint special commercial agents at the leading American and Continental industrial centres for the purpose of reporting on methods calculated to develop British commerce.

TROUBLE IN INDIA.

Wazeris Are Raiding the Bannu Districts and Villages Have Been Burned.

London, June 17.—Advices from Simla, India, say that Wazeris are raiding the Bannu districts and a number of villages have been burned. Troops have been sent forward.

Dangerous for Cyclists.

Editor World: At Roncesvalles-avenue and Queen-street a boy had his leg broken two weeks ago by being thrown from his bicycle, owing to the bad state of the road there. I counted six persons thrown from their wheels within two minutes at the same spot yesterday afternoon. Why is not this bad pavement attended to by the City Engineer? A Bystander.

Confirmation Service.

A special confirmation service was held in St. Thomas' Church yesterday afternoon, when His Lordship the Bishop of Toronto confirmed about 30 candidates. Following the ceremony, the Bishop preached, directing his remarks particularly to the newly-made members of the church.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. Those persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for the worst cases. ed
