Gleaned by the Way.

The famous writer of coon songs pocketed $10,000 in royalties.

"Rag-time is money,'" he said to himself thoughtfully.

Dense—Knocker called me a dilapidated old mule. What shall I do?

Sense—Well, don't come to me about it. I'm no veterinary surgeon.

Jess—I wouldn't stand for it if I were Jack. Why, you treat him shamefully.

Bess—Oh, that's all right. We're engaged.

Nurse Tells of Eczema Cure.

MISS C. STANLEY-JONES, professional nurse, 283 Simcoe Street, Toronto, writes:—"In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face, after her doctor had given up."

Yes, doctor, one of Willie's eyes seems ever so much stronger than the other. How do you account for it?

Knothole in the baseball fence, most likely, madam.

Wife—Did my voice fill the salon at the musicale?

Husband — Apparently — and the dining-room and smoking-room, too, as everyone fled there.

'Life,' remarked the sententious bachelor, 'is like a game of cards.'

'It's more like a game of chess from my point of view,' rejoined the married man. 'I invariably move once a year.'

Mrs Noobride—Yes, dear, O I was married last month. I'd like you to call on me and see the pretty little flat I have.

Miss Jellusse—I've seen him, my dear!

There's Danger in Every Cold.

Once you come to realize the danger of neglecting coughs and colds you will not run the risk of depending on any "cough mixture" the druggist may choose to hand you out and will insist on getting a medicine with a reputation, such as DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE. Croup, bronchitis, asthma and coughs and colds are promptly and thoroughly cured by this treatment.

'Moving', inquired a neighbor, as a furniture van stopped in front of Kerlect's house.

'No, indeed,' replied Kerlect. 'A friend wants to borrow our collection of souvenir postcards.'

Young Mr. Jones—Dad, you're all right in your way, but you're an old fogy.

Old Mr. Jones—Well, it comes natural. I remember that my father was one when I was your age.

CAPT. F. R. DESJARDIN,
Schr. "Storke," St. Andre, Kamouraska.

An amateur authoress, who had submitted a story to a magazine, waited for several weeks without hearing from the editor concerning it. Finally she sent him a note requesting an early decision, because, as she said, she had other irons in the fire.

Shortly after came the editor's reply:

Dear Madam—I have read your story, and I should advise you to put it with the other irons.—Harper's Weekly.

Dust Spray for Cabbages.

Dust sprays have been tried with considerable success. They have the advantage over liquid sprays, being much easier and quicker applied. Liquid sprays have the objection that frequent applications are necessary, and this requires considerable time and labor, making the work expensive Dust sprays may be applied rapidly and with greater ease. While the dust process (says the Canadian Horticulist), is somewhat new as yet, it would seem that it is very effective for leaf-eating insects such as the cabbage worm and the potato beetle. The dust spray is easily prepared. It consists of one pound of Paris green to which 15 lbs. of common flour or air-slaked lime are added. The flour is to be recommended, as it is more adhesive than the lime. Care should be exercised to fight cabbage worms when the plants are quite small, as they are most destructive then.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. To-day he is as healthy a child as parents could wish for.'—Mrs. B. J. Johnson, Linton, Miss. For sale at Rand's Drug Store.

A United States authority says:—'The potato bug is estimated to have cost the farmers of the United States last year $8,000,000; the army worm cost $15,000,000; the bollwevil, $20,000; the San Jose Scale, $10,000,000; the codling moth and the grasshopper, $50,000,000. Now here is an annual loss of $123,000,000, besides what other insect pests have done, and the situation is growing worse. It will cost a lot of money to organize the force and knowledge of science, and wage a war of extermination on these foes of the farmer. But it will cost more not to fight. Some farmers are terribly wrought up at times at the cost of public service in their behalf, and to hear them talk one would conclude they thought it would be cheaper to die than to live, and make the insects die.''

It Does Cure Womanly Ills.

'I feel it my duty' writes Mrs. S. Mead, of Fraserville, Ont., 'to let you know that sometimes previous to the change of life I suffered more than I could tell. I safely passed the turn, and now enjoy perfect health and rest. No womanly medicine can be better than Ferrozone.' Instant relief is found in Ferrozone for female weakness of every kind. 50c. per box at all dealers.

The favorable impression which Japanese make upon people of other nations is largely due to their courtesy, good manners, and the taste they display in doing the most ordinary things. When the crews of the Japanese warships which lately visited New York, were allowed shore liberty, they had their choice between spending the day on the Bowery, the delight of every sailor's heart, and visiting Grant's tomb. They went to the tomb. Is there any other nation the sailors of which would use their shore leave in paying their respects to a national hero of the people they are visiting?

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the 'inside nerves.' Also, for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Mike is a married man—a very much married man. He has married no fewer than four times, and all his wives are still to the fore.

According to Michael's own account at the Dublin Assizes, where he was tried for bigamy and found guilty, his experiences have not been altogether satisfied. The judge, in passing sentence, expressed his wonder that the prisoner could be such a hardened villain as to delude so many women.

'Yer Honor,' said Mike, apologetically, 'I was only trying to get a good one, and it's not so aisy!'

Many Children Sick.

Get their feet wet, catch cold or cramps, and give mothers an anxious time. With the first shiver or sneeze rub the little one's chest with Nerviline, gargle the throat, and give ten drops in hot water at bed-time. Next morning all is well. No cold, no time lost at school. If Polson's Nerviline isn't in your home get it there at once. Dealers sell it in large 25c. bottles.

Paid the Wrong Man.

A builder in Pennsylvania having heard that the men did not start work at the proper time, thought he would drop down about 6.20 one morning and see. Going up the yard he caught sight of a joiner standing smoking, with his kit not even opened. Simply asking his name which he found to be Jake Robertson he called him into his office, and handing him four days' pay told him to leave at once.

After having seen the man clear of the yard, he went up to the foreman, and told him he had made an example of Jake Robertson by paying him off for not starting to work at the proper hour.

Jumping Jupiter, sir! ejaculated the foreman, that chap was only looking for a job.

Remedy for Diarrhoea Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past twenty-five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world." —S. Jemison, Spring Grove, York County, Pa. This remedy is for sale at Rand's Drug Store.

Costs Like It.

War is not only hell, as Gen. Sherman said, but it is an expensive hell. The world is to-day paying for the cost of two recent and highly expensive wars, and yet some persons wonder where all the money goes.

The South African conquest cost GreatBritain a cool $1,200,000,000 and the Boers must have spent a sixth as much more in defending their little republics. To get a foothold in Manchuria and drive back the Russian armies took a tidy $1,100,000,000 from the Japanese treasury, while the ambition for a greater empire cost the Czar $1,500,000,000. In these two wars, not counting the many millions which Germany is still paying out in Southwest Africa, the stupendous total of $4,000,000,000 was expended. A large part of this may be set down as utter waste of capital.

It Actually Destroys the Cause.

That's why catarrh is invariably cured by inhaling 'Catarrhozone.' The healing vapor spreads to every part of the breathing organs. Germs infecting the tissues of the nose, throat and lungs are killed. Nothing is left to cause inflammation. Spots that are sore are healed. Discharge is cleared away and catarrh becomes something of the past. Use 'Catarrhozone' and your recovery is guaranteed. Two sizes, 25c. and $1.00 at all dealers.

Stories about Ian Maclaren are being scattered in profusion just now. When he was last in Toronto, he told of how he was impressed with the American's fondness for his daily paper. On one occasion, a Chicago man was talking to him (Ian Maclaren) and the conversation turned to the subject of the Holy Land.

Are You a Woman Needing Strength?

Not long ago you were able to enjoy life.

You had vigor, strength, ambition—did everything with zest and pleasure.

Upon your cheeks was the hue of health, in your eyes the sparkle of vim and animation.

To-day—all is a drudge.

Not actually sick, but if your work were less imperative, how gladly you would rest.

You are breaking down.

Nervous system is out of gear.

Digestive powers are weak.

Blood lacks nourishment.

Just one thing to do—BUILD UP—Win back your health with Ferrozone.

No remedy restores so fast, builds up so permanently, instills such vigor or surplus strength like Ferrozone.

A case showing how Ferrozone acts is illustrated by the following from Mrs. H. Wright of Enfield, N. S.

"Six months ago I experienced a serious illness. It commenced with splitting headaches, dull pains through my chest and shoulders. I found it hard to get satisfying sleep—would roll and toss and in the morning felt tired all over. Then I grew nervous, lost flesh, got pale and had heavy dark circles under my eyes. My strength got so low I couldn't do housework. I was worried and unable to eat and feared I would not get well. Ferrozone braced me up in a few weeks. It seemed to supply wonderful strength. I gained in flesh, looked better and was able to sleep. In all I took twelve boxes of Ferrozone and my cure was complete."

If Ferrozone does'nt help and cure you—then nothing ever will; your druggist sells it in 50c. boxes—Better try Ferrozone

'I can tell at a glance,' said the heavy weight thinker, 'that the baby is going to grow up an economical man.'

'Because he is biting his little pink toes?'

'Exactly; he is trying to make both ends meet.'

Had an Awful Time.

BUT CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY CURED HIM.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord, Ga. For sale at Rand's Drug Store.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. This tablet—called Dr. Shoop's Headache Tablets—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell 44 25 cents, and cheerfully recommend

Helping the Weak.

One of the most beautiful things Prof. Drummond ever did was to meet a man every evening at a time when he was struggling against an appetite for drink, and walk with him on his way home, till he was safe past the public-houses with their temptations. It is in little things, even more than in great things, that the Christ-like spirit reveals itself.

A Grave-Digger's Testimony.

'What tools are oftenest used in digging graves?' inquired a gentlemen of an aged gravedigger. 'Sir,' replied the old sexton, 'there are different ways, and I've seen people who dug graves, most if not all, of those ways; but, sir, if you look through even this quiet village, you will find that the commonest way of doing it is for people to dig their own graves, and that with gin, rum, brandy and whiskey!'

I Am Not That Man.

Dr. Taylor, during his visit to Ireland some years ago, was dining with a merchant at Sligo. 'He had eight beautiful children. He had his wines and brandy on the table, and, of course, asked me to drink, and I had to give my reasons for declining. This gave me an opportunity to put in a little temperance, and while I was making my little speech by way of apology, I made this remark: 'I would like to see the man who could truthfully say, 'No relative or friend of mine ever fell through intemperance.' I saw that this had struck him; his knife and fork fell from his grasp, and he remained silent for some seconds.

'Well,' said he at length, 'I am not that man. My first Sunday-school superintendent was a man of genial spirit and noble mien. He entered the wine trade, and died a drunkard before he was forty. My first class leader, I believe, was a good, intelligent, useful man; but he too, yielded to the habit of intemperance, and died a drunkard. My own father suffered through intemperance.'

'Yes,' I exclaimed, 'and you yourself are spreading before your friends and your children the instruments of death which slew your first Sunday-school teacher, your first class leader, and your father. The very rope with which they were hung you are adjusting to catch your children. I cannot afford to put my head into such a halter as that.'—Selected.

Thoughts for Tipplers.

The Lamp and the Pitcher.

Those who profess to follow Christ and say that God's Word teaches the use of strong drink are making God (Who cannot lie, Heb. vi., 18), out to be a liar. They may try to cover it up by saying 'The Hebrew teaches this end and the Greek teaches that,' in order to have their fleshly indulgence gratified, but when they do so they are only making God out a greater liar by their show of learning. God never changes, Mal. iii., 6; therefore God's Word does not teach us to use strong drink. Here is my proof for it:

And I have led you forty years in the wilderness. Ye have not eaten bread, neither have ye drunk wine or strong drink; that ye might know that I am the Lord your God. Deut. xxix., 5, 6.

And the Lord spake unto Aaron, saying: Do not drink wine nor strong drinks, thou, nor thy sons with thee, when ye go into the tabernacle of the congregation, lest ye die; it shall be a statute forever throughout your generations. And that ye may put difference between holy and unholy, and between unclean and clean. Lev., x., 8-10.

Here are a few passages for tippling ministers and church members to consider seriously. Mark the words are 'not wise,' that means all tipplers are foolish:

Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise. Prov. xx. 1.

Who hath woe? who hath sorrow? who hath contentions? who hath babbling? who hath wounds without cause? who hath redness of eyes? They that tarry long at the wine; they that go to seek mixed wine. Look not thou upon the wine when it is red, when it giveth his color in the cup, when it moveth itself aright. At the last it biteth like a serpent and stingeth like an adder. Prov. xxii., 29-32.

No drunkard shall inherit the kingdom of God. Gal. v., 19-21; 1. Cor. vi., 10.

St. Louis, Kansas City, and the other cities of Missouri have abolished the Sunday saloon traffic, with notable results. In St. Louis the police court figures show a decrease of 71 per cent. in cases of Sunday drunkenness, and 55 per cent. decrease in the total number of Sunday arrests. Chief of Police Hayes, of Kansas City, declared that the chief results of the first year of Sunday prohibition were a decrease of 80 per cent. in arrests for drunkenness and 75 per cent. decrease in total number of Sunday arrests. In Omaha, Indianapolis, Louisville, Columbus, Pittsburg, Philadelphia, Baltimore, Rochester, Boston and many other cities similar results have been obtained.

Tells of Cure 30 Years of Piles

Mr. G. A. Swayze, Copenhagen, Elgin Co., Ont., writes:—"I have been afflicted with piles for more than thirty years and have tried various remedies. in most cases with very unsatisfactory results. None of them effected a permanent cure. Six months ago I decided to give Dr. Chase's Ointment a trial, and was surprised and delighted with the result. A few applications only were necessary, when the trouble disappeared, and there has been no return thus far. I don't much care to have my name appear in print in connection with any patent medicine, still I would like to tell everyone who is afflicted as I was to try Dr. Chase's Ointment, and if they do and don't find it to be all that is claimed for it I miss my guess. For many years I had severe itching on my arms and legs, especially during the winter months. The ointment drove it away like magic."

Dr. Chase's Ointment seems to be the only treatment obtainable which actually cures every form of itching, bleeding and protruding piles; 60 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.
