CONTRACT WITH CATARACT WILL BE READY TO-NIGHT

Aldermen Hope to Rush It Thru in Spite of Its Technical Nature and Importance.

HAMILTON, July 15.—(Special.)—The Cataract aldermen claim to have the contract with the company in shape to be rushed thru the council Thursday evening, and some of them have been working slavishly all day on it. It is not thought, however, that they will core to make a public display of their zeal, or that they will dare to put thru in one night a long and highly technical contract which cannot possibly be presented to the aldermen in its final form before the time of the council meeting if it is ready by that time.

About 6000 joined in the grocers' picnic at Niagara Falls to-day.

C.N.R. IS TO BLAME.

Laying of New Tracks Bothers Street Railway and Delays Paving.

According to City Roadways Engineer Powell, it is the laying down of the C.N.R. tracks at the Queen-street crossing of the Don which is primarily responsible for the delay in the construction of the much-needed brick paving at the intersection of King and Queen-streets. The vitrified blocks are piled up at the side of the roadway in readiness for the work, and complaint has been made by drivers of vehicles that the civic authorities are allowing time to be wasted.

"The new line of tracks will make it necessary to move the protecting gates farther west, and this will not allow room for the cars to stand free of the curve," said Mr. Powell, who thought that the railway might find it necessary to encroach on the hospital trust property in the diamond extending east from River-street. The city engineer is conferring with the C.N.R. and the railway, and, in the meantime, paving cannot be laid, as, says Mr. Powell, it might have to be torn up again.

Through Sleeper to Quebec.

The C. P. R. will run a through sleeping car from Toronto to Quebec, leaving at 10 p.m., daily, July 20 to 27, inclusive, with the exception of Saturday night, July 25. The car will be carried on special train from Montreal (Windsor-street Station), saving passengers a transfer across the city and any delay. Berth rate from Toronto is $3.50. Reservations at C.P.R. city ticket office. Phone Main 6580.

TRAIN THIEF CAPTURED.

Pinkerton Sleuth Arrests Negro for Sleeping Car Pilfering.

NORTH BAY, July 15.—(Special.)—The many mysterious robberies of passengers on C.P.R. trains west of North Bay during last month, which caused the railway company great annoyance, appear to have been solved in the arrest to-day of a negro giving the name of Lamont.

Pinkerton Detective Murray of Boston has been working on the case for several weeks and chased Lamont to Moosejaw, his quarry doubling back from that point and managing to elude the detective until to-day, when C.P.R. Constable Williams nabbed him at North Bay and wired Detective Murray of capture. Murray identified the prisoner as the man wanted. Lamont has been traveling back and forth on night trains, sometimes displaying large sums of money, at other times being broke. When asked his reason for traveling so extensively, Lamont said he was just fishing. Several articles, including a ladies' purse, found on the prisoner indicate his connection with the train robberies.

Lamont was identified by C.P.R. officials as having made his headquarters at Schreiber, where he occasioned the company considerable trouble. Lamont was remanded to jail for eight days. He has been under arrest at London and Toronto at various times.

WM. PRESTON BADLY HURT.

Falls Six Feet at Power House and Has Concussion of Brain.

NIAGARA FALLS, Ont., July 15.—An accident befel one of the Brantford grocer excursionists this morning. William Preston, business manager of The Brantford Expositor, after arriving here with his friend, A. J. Wood, of Brantford, visited the Ontario Power Co.'s power-house. Walking along the cement floor alongside of an opening to the floor below, Mr. Preston stepped into the opening and fell about six feet, striking on his head. He was found to be seriously injured on the head, with two ugly scalp wounds, and was unconscious. At the hospital he was found to be suffering from a fracture of the skull. Mr. Preston is 27 years of age and is a son of T. H. Preston, ex-M.L.A., who is visiting at Asbury Park, New Jersey.

To-day the grocers of Hamilton and Brantford, with their friends and families to the number of seven thousand, held their annual picnic in Queen Victoria Park.

HIGH-PRICED HOGS THESE.

Excessive Compensation for Government Slaughter is Alleged.

OTTAWA, July 15.—(Special.)—Richard Blain, in the house to-day, quoted official records to show that Douglas & Son of Mitchell got $610 for five hogs slaughtered by the department of agriculture as being afflicted with cholera, and J. E. Brethour of Burford $1533 for sixteen hogs similarly diseased. The swine had been exhibited at St. Louis Fair, and were quarantined at Point Edward on their return. Under the Compensation Act, the maximum price for pure-bred hogs slaughtered by officials of the government is $50.

Mr. Fisher, it was shown "at first blush," could not agree to claim for damages. The owners then wrote to Mr. McIntyre, M.P., and after some correspondence the minister changed his mind about the justice of the claims.

The minister replied that altho the hogs might have become infected in the United States they were performing public duty, and it had been the policy of the government to grant reasonable assistance to breeders who exhibit at international fairs.

FIVE YEARS FOR ATTEMPT.

Burglar Gets a Stiff Sentence From Port Hope Magistrate.

PORT HOPE, July 15.—(Special.)—John Malyea of Belleville was sentenced to five years' imprisonment by Magistrate Holland this afternoon for attempt at burglary.

Early Tuesday morning Harold Corbett, a moulder at the Standard Ideal Factory, discovered Malyea in his bedroom. He pursued the intruder to the stairs, where the latter drew a revolver and threatened to shoot.

Malyea had chloroformed the fierce collie dog, which was found in the dining-room.

Malyea and James Whalen, a companion, also of Belleville, were arrested by Chief Bond. Whalen comes up for trial in the morning.

Both men are well known in police circles.

CAR ON RAMPAGE.

Leaves Track and Injures Three Occupants of Buggy and Passenger.

LEAMINGTON, July 15.—(Special.)—A car on the Windsor, Essex & Lake Shore Electric Railway ran off the track and crashed into a buggy containing Collingwood. Foster, a Mersea farmer, and his two daughters. The horse was killed and the occupants quite badly injured. A passenger named W. W. Boynton of Buffalo was pinned between the car and a large brick building, into which the coach crashed with terrific force. Boynton is believed to be seriously injured.

VERY SERIOUS ACCIDENT IS NARROWLY AVERTED

Fall of Smokestack Not According to Plans—East Toronto Wants to Know—County News.

WEST TORONTO, July 15.—The Lumen Bearing Company installed a new smokestack at their plant to-day. The old one had been getting pretty shaky at the foundation and was even tipped to one side, as was shown yesterday by what occurred when the smokestack was being pulled down. With ropes attached, a team of horses tried their level best to pull the chimney westward over the roof of the coke-shed, but it resulted in a failure. With a terrific crash the perpendicular tunnel fell in the yard on the east side, in spite of everything that could be done to divert its direction. Luckily, the workmen had time to see what was going to happen, and, consequently, no one was hurt. The smokestack is made of galvanized iron, lined on the interior with brick. It is about 70 feet in height and has an outside diameter of nearly 5 feet.

John Bowles, an old and respected resident of West Toronto, died this afternoon at his residence, 143 Pacific-avenue, aged 83 years. Born on Yonge-street, Toronto, Mr. Bowles spent the better part of his life in the United States, but became a resident of this city some twenty years ago. He leaves a grown-up family of two sons and two daughters. All are residents of West Toronto except one daughter, who lives in St. Thomas. The funeral will take place on Saturday at 2.30 p.m. to Prospect Cemetery.

The seventh shoot of the summer series of the Toronto Junction Gun Club was held this afternoon on the club's grounds at Lambton. There was a large attendance, and in spite of the wind the scoring was very good. The scores were:

First event (ten birds)—Smith 7, Taylor 6, Dixon 6, Jones 7, Elliot 8.

Second event (ten birds)—Albert 10, Mason 7, Ingam 8, Ellis 7, Walton 10.

Third event (ten birds)—Mason 9, Ingam 7, Albert 10, Smith 10, Elliot 8.

Summer series (25 birds)—Alberts, 23, 23, with 2 extra birds; Mason, 22, 23, with 1 extra bird; Ingam, 22, 21, with 2 extra birds; Walton, 21, 17, with 2 extra birds; Taylor, 18, 18, with 4 extra birds; Smith, 19, with 4 extra birds; Roberts, 18, 16, with 1 extra bird; Elliot, 14, 10, with 4 extra birds.

The first annual picnic of the West Toronto Festival Chorus will be held on Saturday at Centre Island. As many members as possible will leave the corner of Keele and Dundas-streets at 1.30 p.m., and the Bay-street wharf at 2.30 p.m. Badges will be distributed at both these places by members of the chorus.

The property committee of the school board will meet to-morrow evening. The principal business will be the opening of tenders for the repairs to be made in the different schools.

A pleasant time was spent last night on the lawn of Capt. Alberson's residence on Lakeview-avenue, where the Epworth League of High Park-avenue Methodist Church gave a lawn social. Readings, songs and recitations whiled the time away, and refreshments were served. Upwards of 200 were present.

EAST TORONTO.

Opinion is Divided as to Wisdom of Annexation.

EAST TORONTO, July 15.—The action of the city council in the passage of the resolution approving of the principle of annexation is hailed generally with satisfaction thruout the town. While the principal commission will later deal with the matter it is thought that a vote of the property-owners will show a large majority for annexation to the city. When the matter was up some three years ago and submitted to a vote, a large majority was secured in favor of annexation, and sentiment is said to be more favorably impressed with its advantages at the present time.

Ex-Mayor John McP. Ross is delighted with the action of the city council. "It is the only way we will get adequate railway service," said the ex-mayor. At present the Balmy Beach ex-mayor. "At present the Balmy Beach district is poorly served, while in the one question of sewage alone we will benefit immensely."

Councillor Frank Abbott, who has been a persistent advocate of the extension of the suburban railway over the G.T.R. bridge to Ward 3, is not so sanguine as to the benefits. "East Toronto must know what to expect before we will join with the city," he said. "As part of another Ward we would get no fair proportion of our taxes. What advantage will it be to Ward 3 if we are not guaranteed car service and other things? The city must show cause."

For the most part the residents and property-owners of Ward 1 are said to be willing to come into the city unconditionally.

WOODBRIDGE.

Ladies Show What Can Be Done by Earnest Action.

WOODBRIDGE, July 15.—At the quarterly meeting of the Woodbridge Methodist church, held in February last, under the pastorate of Rev. G. R. Kitching, it was decided to either build or lease a residence suitable for a parsonage, and a trustee board was appointed to take the matter in hand. Subscriptions were asked for with the result that the board was able to purchase and practically arrange for the payment on May 1. Possession has been given and now the Ladies' Aid propose to hold their first annual social tea at the new parsonage on August 27, when a nigh class concert will be given.

Mrs. J. N. Stong is president of the Ladies' Aid Society. Don't forget the date, August 27.

JACKSON'S POINT.

JACKSON'S POINT, July 15.—(Special.)—From all appearances the Liberal Conservative picnic to be held here on Tuesday, July 21, will be one of the memorable events of North York. On all hands the greatest enthusiasm is manifested, and given anything like good weather at all, it is safe to assume that anywhere from 10,000 to 15,000 people will be there. Beside lacrosse, baseball and football, there will be a long list of athletic sports, for which liberal prize swill be awarded.

Of music there will be no end, as Newmarket, Aurora, Sutton and Barrie brass bands will be present. Among the speakers will be: Hon. J. J. Foy, M.L.A., Hon. F. Cochrane, M.L.A., R. R. There will be special rates and service on the G.T.R. and Metropolitan.

NORTH TORONTO, July 15—The open air meeting, held on the grounds of J. J. Gartshore this evening and which was a joint meeting of the congregation prayer meeting of the Eglinton Presbyterian church and the Women's Foreign Mission Society, was well attended.

LAMBTON MILLS.

Local Public School Makes Creditable Showing.

LAMBTON MILLS, July 15.—The high standing of Lambton public school has again been shown in the results of the recent entrance examinations held at Weston and West Toronto, all pupils from Lambton school but one being successful. Among those especially deserving was W. Creech, passing fourth highest with honors at Weston, but the highest honors were won by Florence V. Campbell at West Toronto, she having won the general proficiency scholarship also the scholarship for reading and composition, and the silver medal given by York township council.

This exceptional high standing is most creditable to the Lambton public school and Principal McKinnon.

TAKING OVER ALGOMA CENTRAL

Canadian Pacific Said to Have Bought the Line.

SAULT STE. MARIE, Ont., July 15.—It is reported on reliable authority that the Canadian Pacific is to buy the Algoma Central from the Lake Superior Corporation interests.

The road was built by the Clergue syndicate, involved in the crash of five years ago, and was never completed. It is expected that when the Canadian Pacific takes control it will extend the road to the main line, north of Lake Superior, and tap a rich ore district.

The branch will be built to Michipicoton, where gold and iron mines are being worked successfully.

The Canadian Pacific officials went over the road recently and took a complete inventory.
