DIVIDE CITY INTO WARDS WITH SIXTEEN ALDERMEN

Sub-Committee Favors Making a New Ward—Board of Trade Proceedings—Water Rates,

HAMILTON, Oct. 4.—(Special.)—In view of the fact that there will be four controllers in next year's council, it is proposed to redivide the city into wards and cut down the representation from three to two aldermen for each ward, and instead of 21 aldermen from seven wards, have 16 from eight. The suggestion is to divided ward seven and make the district east of Wentworth-street the eighth ward. That at least is what is favored by the sub-committee of the finance committee, which considered the subject this afternoon. Final action was deferred until Wednesday evening. The consent of the Ontario Railway and Municipal oBard will have to be obtained.

The members of the police force this evening presented a watch and a pipe to Constable Lachlan McLean, who is retiring from the force.

Board of Trade Meet.

The board of trade this afternoon complained about the nuisance caused by the fact that the different cities held their civic holidays on different days. The subject was referred to the council of the board. It was decided to ask the Dominion Government to enquire into the trade relations with Germany, with a view to improving them. The board decided to take no action with reference to the suggestion of the Canadian Peace and Arbitration Society, that the United States and Canada should hold a joine celebration of the one hundred years' peace between the two countries. It was suggested that such a celebration might be held at Stoney Creek, but in view of the fact that the United States had broken the peace twice, in 1866 and 1870, it was decided not to take any action with reference to the peace celebration.

Schools For Foreigners.

The separate school board this evening decided to allow the top floor of St. Anne's School to be used for classes of the education of foreigners. Part of the classes will be rented for playgrounds.

The water rates revision committee had another session this afternoon, and while it did not finish its task, the feeling seemed to be that all they could do this year was to wipe $1 a year off the charges for baths and closets, and that further reductions might be made after it was seen how this change would affect the revenue of the city.

Goodale & Goodale were awarded the contract, at $300, of moving the sand-sucker from the filtering basins to the bay front behind the revetment wall.

A Nasty Charge.

Walter Henderson, 5 West Hunter-street, a bricklayer, 44 years of age, was arrested this evening on a warrant charging him with incest. His wife laid the complaint. His alleged victim is his 10-year-old daughter.

The annexation committee this evening decided that the terms of annexation for the district of the Township of Barton, it is proposed to take into the city, should be as follows: East of Sherman-avenue to Troyyel-street, shall pay city taxes as soon as taken into the city; east of Trolley-street and south of the G. T. R. to have the township rate for 13 years; north of the G. T. R. to have the township rate for 15 years. A meeting with the township people will be held Saturday evening.

Harvey Boyle, who rode his own harse, Waterway, in the steeplechase to-day, and who was thrown, was taken to the City Hospital, where it was found that he hadescaped with a severe shaking up.

W. H. Mosby Dead.

W. H. Mosby, turfman, died rather unexpectedly this morning at St. Joseph's Hospital. He contracted a cold at the spring meet here, and after the Windsor meet was forced to enter the hospital. He was 53 years of age, and for years was trainer for the Hendrie farm. Afterwards he had a string of his own, which he disposed of lately.

Crown Attorney Washington this morning notified T. C. Robinette, K.C., that the trial of the alleged Blackhand men, Ernest Speranzo, Camelo Colombo and Sam Wolfe, would take place before the county judge next Friday. It is hinted by the authorities that the defence may spring a sensation.

Must Refuse Police Liquor.

The police commissioners to-day passed a resolution asking the license commissioners to refuse a license to any hotelman who supplied liquor to constables in uniform. Mayor McLaren again made the charge that some of the constables while on duty were drinking at the expense of hotelmen, and he said the practice ought to be stopped. The magistrate agreed with him ,tho he complained that the license commissioners had renewed the license of a hotelkeeper who was fined $200 for giving a constable liquor. A constable who got drunk when sent to serve summonses was fined a month's pay.

The committee dealing with street railway reconstruction will meet the company Tuesday morning.

Autoed Too Fast.

Paul J. Myler, James Moodie, S. Greening and other prominent citizens have been summoned on the charge of exceeding the speed limit with their automobiles on the Plains-road near Aldershot.

G. Courto, an Italian, was committed for trial on the charge of stealing $100 from Mrs. Taglerino.

Thomas Renton, proprietor of the Halfway House, Dundas-road, was fined $25 at Dundas for having more liquor in his establishment than the law allows a house that has lost its license.

Wm. Irwin's Tragic Death.

A Detroit despatch says: In a delirium fro ma high fever, Wm. H. Irwin, a member of the police force, hurled himself from a third storey window of Harper Hospital this morning and was instantly killed. He was injured in a saloon fight, which he undertook to quell, a week ago Saturday night. Pus formed in a wound in his head. He was removed to the hospital and seemed to be recovering. He was one of the largest men on the force, being six feet tall and weighing over 270 pounds. He was a native of Hamilton, where his father died recently.

Loses a Leg

Henry Hannah, Gage's Inlet, had his leg so badly crushed at the steel plant this afternoon that it had to be amputated at the city hospital.

John Bargie, 373 North MacNab-st., was taken from the bolt works this afternoon suffering from a severe salp wound.

The resignation of E. E. Fisher as superintendent of the T., H. and B., has been accepted, and he will accept a position in Arizona.

Eight cases of typhoid fever have been reported from Aldershot. Complaint is made that typhoid fever cases taken to the hospital are not reported to the medical health officer.

S. D. Biggar, K.C., and Freeman Trelevan have entered into partnership.

The Knockabout Club presented Dave Tope, who will be married shortly, with a cut-glass service.

Dentists Are Angry.

Some of the dentists whose offices were robbed are making a big kick because the police did not start to make investigations until 3 hours after the robberies were reported, and they threaten to lay their complaints before the commissioners.

CLEVELAND CONCERN COMING

Carbon Company Will Erect Factory on Davenport Road.

Joseph Thompson, commissioned of industries, received word yesterday that the National Carbon Co. of Cleveland will locate a factory in Toronto, to employ 300 hands. Thru Robins Co., Limited, the company has purchased three acres on the northern division of the Grand Trunk, south of Davenport-road, from Samuel J. Culhane, for $4500 an acre, and will begin soon the erection of a factory. The National Carbon Co. is a particularly strong one, employing 1000 hands in Cleveland. It has been shipping 1,000,000 dry batteries yearly into Canada, being the largest manufacturers of carbon products on the continent.

The Robins Co., Limited, has also put thru the sale by Robert W. Harrison, to the Imperial Auto Co., for a garage, of the property at Nos. 87-95 East Richmond-street. The company will erect a large building immediately, and will handle the Oldsmobile and Rapid Trucks. The price paid for the property is $150 a foot.

HERE TO BUILD THE NAVY

Two Royal Navy Officers Have Arrived at Ottawa.

OTTAWA, Oct. 4.—The Canadian navy is in process of organization. Two officers of the British navy arrived in Ottawa this morning to cooperate in the work of organization. They are Commander J. D. D. Stewart, R.N., who has been appointed temporary chief of the naval staff of Canada during organization, and P. J. Ling, paymaster of the Royal Navy who will assist him.

The duties of both officers will, for the present at least, be of an advisory character.

About 5000 people attended the funeral service of the late Justice Curran at St. Patrick's Church, Montreal, yesterday. The cortege was a mile in length.

Best Investment of the Year

FOR THE MAN WHO IS ENDEAVORING TO LOCATE A HEALTHY SPOT UPON WHICH TO BUILD A HOME, OR FOR THE INVESTOR, "OAKWOOD", MUST HAVE A HEAVY TEMPTATION.

There isn't in Toronto to-day such a location at the price. "Oakwood" is situated on the crest of the hill overlooking the city from its northern environs. A Dovercourt street car brings you within four minutes' walk of it. For eighty-eight years it has been held as a gentleman's estate. "Oakwood" is thickly wooded with oak and pine, and has now been surveyed into picturesque roads and crescents.

The Toronto Board of Education have completed plans for the erection of a modern Collegiate Institute on the block marked upon the plan. This ensures an immediate installation of city conveniences, such as water, sewerage and light.

TO QUARRYMEN, BRICK MANUFACTURERS, SUPPLY MEN, ETC.

TENDERS will be received, by the Minister of Public Works until 3 p.m., on October 11th, for the supplying of the undermentioned materials in connection with the erection and reconstruction of the portion of the Ontario Parliament Buildings, Toronto, recently destroyed by fire.

Tenderers will be requested to estimate for the supplying of the material in quantities as may be required from time to time, viz.:

(1) For hard building brick, per thousand.
(2) For red Credit Valley stone, per superficial yard, suitable for random masonry work, similar to what has been formerly used in connection with the erection of the buildings, stone to bed from about 9 to 14 inches.
(3) For red Credit Valley stone in promiscuous sized blocks per cubic foot.
(4) For red Credit Valley stone in dimension blocks, per cubic foot.
(5) For building sand, per cubic yard.
(6) For grey lime, per hundred pounds.

The whole of the above materials must be of first-class quality, subject to the approval of the architect. The prices submitted must include all charges, such as freight, cartage, handling, etc., necessary to deliver material upon the works.

Plans of the present buildings and all other information can be had at the offices of the Architect, E. J. Lennox, 164 Bay-street.
