Latest Probabilities.

Toronto, April 26—10 a.m.—Probabilities for the lower lakes region for the next 24 hours: Fine today and on Friday. A little higher temperature.

LATE LOCAL ITEMS

The painters and decorators have commenced their harvest.

—Police Constable Downs shot a mad dog on Ridout street this morning.

—In all probability the Seventh Battalion will spend May 24 in Brantford.

—Mr. C. C. Young, superintendent of the L. E. and D. R. R., is in Toronto.

—Evangelist Pierson speaks tonight at the Gospel Wagon Mission, Wellington street.

—Mr. E. de la Hooke is in Hamilton, attending a meeting of the Canadian Ticket Agents' Association.

—J. J. McCarthy, of the West Shore Railway, Chicago, is in the city. Mr. McCarthy is an old London boy.

—The Toronto horse show opened today with a large crowd in attendance. Quite a number of Londoners were present.

—Robert Hogg, a former West Londoner, and a one-time employe at Hyman's tannery, is lying seriously ill in Detroit with smallpox.

—The four men who are alleged to have been implicated in the Glencoe outrage were taken there today for their preliminary hearing.

—Mr. P. Walsh will erect two brick story and a half veneer houses, with stone foundations, at the corner of Maitland and Oxford streets.

—Frank L. Archer, of the M. C. R. St. Thomas, returned home on Monday after visiting his mother, No. 70 Askin street, South London, for a few days.

—The farm stock and implements belonging to the estate of the late John Coote were sold by public auction yesterday afternoon. A large crowd attended, and fair prices were realized.

—The labor mass meeting to be held in the Jubilee Rink, on Tuesday night next will be addressed by Messrs. Samuel Gompers, president of the American Federation of Labor, Mr. Mahon, of Detroit, and others.

—At a meeting on Tuesday night, the Oddfellows passed a hearty vote of thanks to Rev. Dr. Sowerby, of the Talbot Street Baptist Church, for his eloquent discourse on the occasion of their annual church service.

—At a meeting held on Wednesday afternoon of those interested in getting up an entertainment in aid of the children's pavilion it was decided to have a lunch each day during the second week in May and a large promenade concert one evening, at which Mrs. F. Mackelcan has promised to sing.

—The plan for the grand concert to be given tomorrow evening at the Auditorium by Mlle. Antoinette Trebelli, Alfred Hofmann and W. J. A. Carnahan, is now open at the Y. M. C. A. office. All lovers of music should attend what promises to be the most interesting and enjoyable concert of the season.

—Mr. G. E. Jacques, of Montreal, representing the Merchants' Montreal boats, was in town last week. Mr. Jacques informed Mr. F. B. Clarke, their agent here, that the Merchants' will be in a better condition this year to handle passenger business than ever before. Their boats will this year call at Hamilton, and they are also newly refitted.

—The Blanche Walsh and Melbourne MacDowell Company will likely disband at Detroit on account of the illness of Miss Walsh. Many seats had been reserved for the night's performance in this city, and a large audience would have been present. Several have inquired if the date would be played later on, but it is now announced that Miss Walsh will separate from Mr. MacDowell as a co-star, and travel in Europe for a year after May 19.

STRUCK BY A SHUNTING ENGINE.

An accident that might have been attended with very serious results occurred at noon today at the G. T. R. crossing on Adelaide street. Mr. and Mrs. James H. Homister, of the Hamilton road, were driving across the tracks, and were run into by an engine that was shunting. Both were thrown clear of the rig. Mr. Homister escaped without any injury, but his wife was bruised and badly shaken up. The carriage was badly smashed. The horse was not injured.

ENGINEER GRAYDON'S "DON'T" RULES.

Engineer Graydon recently drafted a number of "Don't" rules, that have been printed by the board of education, and will be posted in all the public schools in the city, and possibly in the Sunday schools. The rules say. "Don't use profane or obscene language; don't throw orange or banana skins or anything else on the streets, but put them in the garbage cans; don't fill the ash barrel too full; don't throw water on the streets in frosty weather; don't prevent water from running in the gutter; don't throw sticks or stones in the gullies; don't touch the fire alarm boxes; don't deface public or private property; don't spit on the sidewalks; don't walk on the grass in the park; don't cut the bark or limbs of trees; don't walk on the grass on the boulevards." It adds: "Everyone can help to make London the most healthful and beautiful city in Ontario by observing these hints and getting others to keep them."

INTERESTING PHOTO FROM GREECE

A Picture Which Shows Greek Sympathy To Be With England.

Mr. J. S. McDougall, city, has received from a friend in Greece a photograph which is especially interesting as showing that in at least one European monarchy the sympathies of the people are evidently with Great Britain in her present struggle. The photo shows a commemorative obelisk erected in the Greek Cathedal in Patras, Greece, on the occasion of a memorial service held on Jan. 7, 1900, for the British soldiers who had fallen in the Transvaal. The memorial is a massive monument of white marble, bearing an inscription in modern Greek, which runs as follows: "The City of Patras, to the Warriors of the Administration."

Underneath the inscription is the figure of Britannia, holding the trident-scepter, and bearing the shield carrying the Union Jack. The monument is half covered with mourning wreaths of cypress, bound with white and black ribbons, and supported by crossed spears, while at each side of the manument are stacked guns with fixed bayonets. The photograph is on view in The Advertiser office window.

RICH "SOLUTION"

What the Defense of the Dynamiters May Be.

Niagara Falls, Ont., April 26.—The solution of the dynamiters has just come to light.

It is now positively stated here that the men charged with the work were on one of the islands of the river and were using dynamite for fishing purposes, and while under the influence of liquor decided to try the same method for fish in the canal.

It is said they thought they would make a large catch in the lock.

Washington, D. C., April 26.—The state department has heard nothing further from Mr. Brush, the United States consul at Clifton, Ont, respecting the attempt to blow up the Welland Canal lock, and consequently no representations touching the nationality of the men now held under arrest on suspicion of complicity in the outrage have been received. Regarding the report that the prisoners intend to set up a claim to protection by the United States, on the ground that they are American citizens, and that the offense charged was political, it is said that such a plea would be of no service, as they were arrested in Canada, where the offense was committed, the men are subject to the operation of Canadian law, the same as if they were born Canadians, and if they are guilty their American nationality cannot save them from punishment, according to the views of officials here.

FRENCH CANADA

Stirred Up Over the Cures Dodd's Kidney Pills Are Making.

Hilaine Derosters, of St. Edwidge, the Latest Reported—Formerly a Delicate Man—One Box of Dodd's Kidney Pills Instituted a Change.

St. Edwidge, Que., April 25.—Nothing has ever taken place in Quebec that has caused such a universal sensation among all classes of people as the miraculous cures performed by the world-famous remedy, Dodd's Kidney Pills.

From all over the province new cases are reported every day. First we hear of a case of chronic rheumatism, down in Drummond, cured by Dodd's Kidney Pills; then a man in Sherbrooke is cured of Bright's disease. Then another cured of this formerly incurable disease in Richelieu. Then away down the river a woman in the county of Rimouski is cured of dropsy.

In Montreal the cases of cures of various forms of kidney disease by Dodd's Kidney Pills are legion.

Diabetes, bladder and urinary troubles, women's weakness, blood disorders—all the kidney diseases, including Bright's disease, have been permanently eradicated in scores of cases.

It is claimed that wherever Dodd's Kidney Pills are honestly used they never fail to drive kidney disease out of the human system. This has been found absolutely true by thousands of people throughout Quebec.

Hillaine Derosier, of St. Edwidge, a village near the Grand Trunk line, in Compton county, is the last reported. He was tortured with kidney disease. He was naturally delicate, never having been very strong. He was treated by numerous and various doctors, but they availed nothing. He was then living out west, but came home east to be treated. Here he heard of Dodd's Kidney Pills. One box sufficed to show him that he could be cured if he kept on. This spring he is returning with his wife and family to his home in Western Canada, Dodd's Kidney Pills having made a strong man out of him. Similar cases are coming to light from all over the province.

In Flames

The City of Hull in Danger of Destruction.

Over One Hundred Houses Already Destroyed.

Flames Close Up to the Eddy Mills—Fire Crosses the River—Still Burning.

[Special to Advertiser per C. P. R.]

Ottawa, Ont., April 26.—Another disastrous fire visited the unfortunate city of Hull at noon today.

OVER ONE HUNDRED HOUSES have already gone up in smoke, and the flames are close upon E. B. Eddy's mills. A strong wind is blowing northward, and at 1 o'clock the

FIRE CROSSED THE OTTAWA RIVER,

and the Bronson's wharf and lumber piles are in the vicinity of the flames.

There is danger, besides a large part of Hull being burned down, that the whole lumber mills will be, and a great part of what is known as the flats.

It looks now as if the principal part of the city will be swept away.

At 1:30 the fire is close to Eddy's paper mill, and it will be a miracle if it is saved. On the Ottawa side of the river the fire is reaching out from the lumber piles, and the danger is that the whole Chudiere flat will be burned. So far, the lumber mills are safe.

The wind is falling.

ANOTHER ACCOUNT.

[Special per G. N. W.]

Ottawa, Ont., April 26.—Probably the most disastrous fire that ever occurred in Hull broke out this morning about eleven o'clock, and up to 1 this afternoon about 50 families had been rendered homeless, and the loss figured up in the vicinity of $75,000.

The fire is still raging, and it is thought that the whole city of Hull will be destroyed.

OTTAWA ITSELF IS THREATENED and the fire has come across the Ottawa River, and part of

BOOTH'S LUMBER PILES ARE ALREADY IN FLAMES.

The fire started in the residential portion of Hull, among a lot of frame houses. A burning chimney was the origin. The flames finally reached Main street, the business portion of the town, and many of the stores became its prey.

FLAMES STILL RAGING!

Ottawa, April 26—1:45 p.m.—The fire is still raging. It started on the Chelsea road, and swept that part of the city to the Ottawa River. It crossed the Ottawa River, and the lumber piles of Bronson & Co are in flames.

There is danger of all the lumber mills at the Chaudiere being burned.

BRITISH HOUSE

Conduct of the War Comes Up for Discussion.

Over 44,000 Remounts Have Been Sent to South Africa.

London, April 26.—The House of Commons reassembled this afternoon. James M. Barrie, the novelist, has accepted the invitation of a committee to contest the seat for the Edinburgh and St. Andrew's Universities, provided the Liberals of the constituency generally approve of his candidacy.

James Lowther (Con.) was heartily cheered when he gave notice that he would call attention on May 22 to Lord Roberts' recent Spion Kop dispatches, and move the production of further papers on the subject.

George Wyndham, parliamentary secretary of the war office, replying to questions, declared Lord Roberts had made no complaint whatever on Gen. Lord Methuen's Magersfontein operations. Neither, he continued, did Lord Roberts' dispatches indicate that the advance was either retarded or modified by the scarcity of remounts. At the same time, the secretary declared, it was true that the expenditure of horseflesh had exceeded all the estimates, and that the war office had invariably exceeded the requisitions from South Africa.

The difficulty in procuring ships, Mr. Wyndham said, had handicapped the authorities, but already this year they had sent out 27,041 horses and 17,143 mules as remounts, in addition to those accompanying the troops, and by the end of May the remounts would number 42,000 horses and 23,000 mules. Steps had also been taken to supply the necessary rolling stock for the result, but as far as the government was aware, the military problem before Lord Roberts had not turned on the question of remounts, or rolling stock, but on the fact that Lord Roberts had shifted his base from Cape Town to Bloemfontein, thus necessitating the recapturing and repair of the railroad and the clearing of the line of communication for a distance of 750 miles on a single track, with a rise of 4,500 feet.

MAFEKING.

Regarding the relief of Mafeking, which, Mr. Wyndham asserted, all had at heart, the secretary would realize that its speedy relief would not be aided by divulging the objective of any of Lord Roberts' forces.

CABLE NOTES.

As the result of the rebellion of the Military School of Medicine at Stamboul fourteen medical students have been ordered into exile without trial, the others being released.

A movement is afoot among the Manchester Conservatives to nominate Winston Spencer Churchill, the war correspondent, for parliament, to succeed the Marquis of Lorne.

WHEEL.

The second annual meeting of the Southam P. and L. Cycle Club was held in the offices of the Southam Printing and Lithographing Company on April 25, when the following officers were elected: Honorary president, Mr. R. Southam; honorary vice-president, Mr. A. D. McIntosh; president, John McDonald; vice-president, Fred Stallard; secretary and treasurer, H. W. Southam; captain, James Yates; lieutenant, George Wright; bugler "Joker" Aldis. The club decided to change their colors to red, white and blue, each ribbon to have the club's name printed in gold. The secretary-treasurer's report for last season was very satisfactory, and it is hoped by the 38 members of the club that they will have as many pleasant runs this year as they did last.
