CURTIS JETT TO DIE

He Murdered a Kentucky Town Marshal.

Cynthiana, Ky., Sept. 23. — After a trial lasting eight days the jury in the case of Curtis Jett, charged with the murder of Town Marshal Thomas Cockran, at Jackson, Ky., July, 1902, rendered a verdict of guilty, and fixed the punishment at death. Jett's mother had gone away under the impression that no verdict would be reached. The reading of the verdict did not affect Jett, but his brother was very much distressed. After the clerk had read the death sentence, Jett was given over to the custody of th deputy sheriffs. Jett's lawyer will file a motion for a new trial tomorrow, and if the motion is overruled, he will appeal. This was the second trial of Jett on the charge of murder. At the first trial, which was for the murder of J. B. Marcum, Jett and Thomas White were sentenced to life imprisonment.

CONTRACTOR TALKS

Of How His Lame Back Vanished for Good When He Used Dodd's Kidney Pills.

Norwood, Ont., Sept. 21.—William N. Baskin, the well-known lumberman and contractor of this place, is among those who heartily recommend Dodd's Kidney Pills. Speaking of them Mr. Baskin says:

"For two years I was laid up with Lame Back and Kidney Disease. I would at times become so weak as to have to leave off work entirely. People who knew me as contractor on the C. P. R. and Parry Sound Railway, know how sick I was.

"Reading of cures by Dodd's Kidney Pills led me to try them. Three boxes cured me completely and I have had no pains since."

Lame Back is the first stage of Kidney Disease, and Bright's Disease is the last stage. Dodd's Kidney Pills cure Kidney Disease of any stage.

THE PANAMA CANAL

The Colombian Congress Fails to Come to Terms.

Washington, Sept. 23. — When the American state department closed yesterday it was agreed that the Panama Canal treaty was dead, although eight hours yet remained within which the Colombian Congress might take affirmative action upon it. Nothing, however, had been received during the day which gave the slightest hope of a favorable issue. A report is current that the Colombian Congress in secret session has clothed President Marroquin with full power to negotiate a treaty. If this report is true, President Marroquin, who is a friend of the treaty, could proceed untrammeled by the fear of future reckoning with his congress. In any event President Roosevelt must now take the next step. He can proceed under the Spooner act and take up the Nicaragua route, or he can allow matters to drift for the present in the hope that a way may yet be found to straighten out the difficulties in the path of the Panama route.

Catarrh

Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

Hood's Sarsaparilla

Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs.

Read the testimonials.

No substitute for Hood's acts like Hood's. Be sure to get Hood's.

"I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." WILLIAM SHERMAN, 1030 6th St., Milwaukee, Wis.

Hood's Sarsaparilla promises to cure and keeps the promise.

BEN HOLMAN ACQUITTED

Is Completely Vindicated of Embezzlement Charges.

Windsor, Ont., Sept. 23.—Ben Holman, ex-C. P. R. and Dominion Express agent in this city, was acquitted at the Essex assizes yesterday afternoon on two charges of embezzling the sums of $800 and $30, respectively. Mayor Drake, of this city; Mayor Swift, of Walkerville; ex-Mayor Girardot, of Sandwich, and ex-Mayor Smyth, of this city, with whom the accused had intimate business relations, during his term of office here, were called to give evidence as to Holman's character, all spoke of him in the highest terms.

BEATEN AND TURNED OUT

A Sensational Story of Brutality From St. Thomas.

St. Thomas, Sept. 23. — Beaten and shamefully ill-used, wandering in the woods for two days and a night without food, is the sad story of a girl 21 years of age, who was found by a kind-hearted old lady in her doorstep Monday morning. The girl's father lives on a farm west of St. Thomas, and is married a second time. This is the third time the poor girl has been compelled through cruel treatment to run away. On former occassions she went to an aunt, but was compelled to return by her stepmother, but on Saturday night, after wandering about the woods the previous day, she dropped on the doorstep of the woman who had once befriended her, a mass of rags, her flesh bruised and lacerated from the effect of the terrible beatings she had received. Friday night and Saturday the girl suffered severely, being scantily clothed and ill-fed. It will be remembered that on Friday night was the first white frost of the season. The girl, from continued ill-treatment, is not at all bright, which is not to be wondered at, and the kind-hearted woman who is caring for her is at a loss to know how to dispose of her. If the facts are as represented, it is probable that the parties concerned in the ill-treatment of the girl will be prosecuted.

PRAISES CANADIANS

Says They Are Sober, Thrifty and Enthusiastic.

London, Sept. 23.—Sir William Holland, M. P. for Manchester, speaks in the highest terms of the reception which the delegates to the Chambers of Commerce Congress received in Canada. They were particularly struck by the loyalty displayed everywhere in Canada, and were deeply impressed with the potentialities of Canada as a food-producing country. Canada's old men, of whom Lord Strathcona is the most striking type, seem to possess all the enthusiasm of youth, and are brimful of hopefulness for the future of the country. "One cannot live a brief period among Canadians," he says, "without noticing the evident sobriety and thriftiness of the people." Sir Wm. Holland is grateful to the Canadian delegates to the Congress for the patient attention and consideration paid to the views expressed on behalf of Manchester.

Trinity Restrained.

Toronto, Ont., Sept. 22.—The injunction order restraining Trinity University from entering into federation, which was obtained a week ago by Rev. Dr. Lantry and others, was today continued for a week without argument.

Non-Suit Entered.

Stratford, Ont., Sept. 23.—In the case of Albertina Birkett vs. Grand Trunk Railway, in which the widow of Conductor Birkett sought damages from the company for the death of her husband, who was killed in the local yards at London, a non-suit was entered. It is more than probable that an appeal will be made from this decision.

I. O. O. F. Convention.

Baltimore, Md., Sept. 23.—The sovereign grand lodge of the I. O. O. F. yesterday unanimously elected Gen. M. A. Raney, of Marengo, Iowa, commanding-general of the Patriarchs Militant for a term of four years. The competitive prize drills of Patriarchs Militant took place in the Fifth Regiment armory.

THE BALKAN WAR CLOUD SCATTERS

Turkey and Bulgaria May Reach Amicable Agreement.

IN REGARD TO MACEDONIANS

The Sultan Is Willing to Guarantee the Safe Protection of the Refugees.

Sofia, Sept. 22.—Within 48 hours the question of peace or war will probably be settled. Premier Petroff had an interview today with Ali Feruk Bey, at which the whole Macedonian situation was discussed. As a result a much better feeling prevails and confident hopes are expressed that a satisfactory adjustment will be reached. This news is strengthened by a report from Constantinople that the council of ministers is within measureable distance of an agreement on the chief points at issue. The Premier complained to the Turkish diplomatic agent of the situation created by the arrivel at Burgas of thousands of destitute and starving refugees from the Losengrad. After a discussion an understanding was practically reached that Turkey should guarantee the safe protection of the refugees and take steps to reinstate them in their homes. The war ministry has taken steps to strengthen the Bulgarian frontier forces, and it is reported that troops will occupy all the commanding positions, thus making it almost impossible for bands to cross the frontier. Some regiments of the second and third divisions have been ordered to the Adrianople frontier, where the Turks have massed strong bodies of troops. Revolutionary bands are reported to be active in the district of Reslog, where they hold all the mountain passes. The Turkish population is fleeing toward Salonica.

The following is the latest Turko-Bulgarian negotiations: The Porte recently manifested a disposition to consider proposals for a direct understanding, and Bulgaria advanced the following conditions: First, the Porte to grant a general amnesty and stop the persecution of the Bulgarians in Macedonia; second, a mixed commission to be formed, the Bulgarian members of which should be nominated by the Bulgarian exarch, and never be in a minority on the commission, to elaborate administrative reforms, arrange for an extension of local administrative autonomy, insure the safety of the highways and the equality of Christians and Mussulmans before the courts, reform the taxation and gendarmery and provide for personal security. After the accomplishment of these tasks, the commission, which would probably sit at Salonica, would become the council of the inspector-general, and would depute one of its Bulgarian members to report to the Sultan on the progress of affairs. Bulgaria also asked that the burned villages be rebuilt with Government assistance, the refugees repatriated and an especial ordinance issued providing for the organization and administration of the Bulgarian schools and churches. These proposals seem to have been accepted in principle, although nothing difinite has yet been decided. Proofs of good faith would be required in case of an agreement. A list compiled from official sources is published giving the names of and details regarding three villages in the district of Malkoternovo, eighteen in the district of Kirkkiless, four in Vasiliko and three in Vezene, which have been the scene of pillage, murder and outrage by Turkish troops.

PETROLEA FAIR A SUCCESS

Indications Are It Will Prove a Record-Breaker.

Exhibits of a High Standard — Results of Several Speed Events.

Petrolea, Sept. 23. — A most successful opening has already marked this year's fair at Petrolea. It is expected that the fair will prove the record-breaker for the Petrolea and Enniskillen Agricultural Society, as the entries are away ahead of last year, and extra efforts have been put forward to make the fair a great success. Yesterday was the opening day and the directors were favored with ideal weather. With the beautiful weather of today there is no doubt but that the crowd will exceed any of any previous occasions in the oil city.

The exhibits are all up to the high standard that has been set by this fair, while in every department the number is greater than before. As great an attraction as the exhibits are the events on the race track. This track is one of the best in the province and always attracts good horsemen. Yesterday was no exception, and almost every event proved of much interest. The following is the result of the races:

TESTED BY TIME.—In his justly-celebrated pills, Dr. Parmelee has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea, and that would purge without pain, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alterative and curative powers which place it in the front rank of medicines.

SAULT STE. MARIE FEELS THE PINCH

Price of Property Is the Same as Six Months Ago.

HUNDREDS ARE LEAVING TOWN

Mr. Clergue in Interview at Ottawa Says Works Will Be Running "Right Away."

Sault Ste. Marie, Ont., Sept. 22.—It is estimated that between 200 and 300 wage-earners have left the "Soo." The price of property is absolutely unchanged from what it was six months ago. In these two facts can be seen how the "Soo" regards the tieup. The casual stranger might wonder at the number of houses with the blinds down, but would never conclude that the town's industries were under temporary paralysis. The men who cannot afford to await the end of the paralaysis are leaving. They do not know how far off the end may be, but they are as confident as the property owners that the restoration will be complete.

There has been no disorder and the feeling, even of the laid-off ones, does not appear to be strong.

Resentment against the clique now in control, and personally represented here by Mr. Coyne, predominates. Some ill-considered points in the order for suspension, which have since had to be canceled, led to a suspicion as to the sincerity of the whole performance. Originally the order laid off some 1,500 shantymen and others in Michipicoten and outlying points, and a virtual panic seized the town at the idea of invasion by these men, who could not be paid off until the end of the month. But representations by the mayor and clergy, backed, it is said, by Messrs. Francis and B. J. Clergue, secured cancellation of this order.

The utmost enthusiasm was aroused yesterday by the rumor that F. H. Clergue would again assume control. He left town in a sphinx-like silence, rival rumors giving his destination as New York and Ottawa respectively. His influence in the "Soo" is undiminished. He is the most popular man in town today. While he will state nothing as to the future, it is known that a party of English capitalists have been looking over the ground very carefully, and that they held a close consultation with him before their departure. One of the party is Mr. W. Harvey, promoter of the Harveyized nickel steel process.

It is not thought that there is any hope of Canadian capital being raised sufficiently to save the Consolidated plant from the bondholders foreclosure, and Mr. Clergue's English connections are the chief reliance.

Outside of the money market the prospects of the "Soo" industries were never brighter.

The municipality is seriously threatened by the exodus, and alarmists talk of a cut of one-half in the civic revenues. No expenditure is curtailed as yet, however, and there is a desire to do nothing that will hurt the town's credit until absolutely necessary.

It is surmised that F. H. Clergue is endeavoring to persuade the Government at Ottawa to better the treatment of the steel rail industry, which is now the crucial point with the Consolidated Company.

CLERGUE AT OTTAWA.

Ottawa, Sept. 22.—F. H. Clergue arrived here from the "Soo" this morning, and a big batch of telegrams preceded him. Mr. Clergue registered at the Russell House, and shortly after breakfast was closeted with certain French capitalists from Paris. Mr. Clergue is quite sanguine that the trouble will blow over. He told his interviewers that the works at the "Soo" would be running "right away." He stated that the plant had been closed down without the authority of the directors. Although the works were being operated at a profit of $150,000 a month, these figure did not represent the full productiveness of the Consolidated Lake Superior Company, because for some time a large part of the plant had been idle. This was particularly the case with the steel plant, which was handicapped by having to wait for its battery of charcoal furnaces to be completed. Mr. Clergue is in touch with a number of capitalists, and fully expects that assistance will be forthcoming to relieve the situation. He has no fear that the mortgagees will be allowed to get a $117,000,000 outfit for a trifle like $9,000,000.
