### LET US GIVE THANKS.

BY ELIZA COOKE.

Let us give thanks, with grateful soul,
To Him who sendeth all;
To Him who bids the planets roll,
And sees a "sparrow fall."
Through grief and tears may dim our joys,
And care and strife arrest,
'Tis Man, too often, that alloys
The lothly Maker blest;
While sunshine lights the boundless sky,
And dew-drops feed the sod—
While stars and rainbows live on high—
Let us give thanks to God.

We till the Earth in Labour's health,
We plant the acorn cup;
The fields are crowned with golden wealth,
The green tree springeth up;
The sweet, eternal waters gush
From mountain and from vale;
The vineyards blush with purple flush,
The yellow hop leaves trail;
And while the harvest flings its gold,
And cowslips deck the sod—
While limpid streams are clear and cold,
Let us give thanks to God.

The flower yields its odour breath,
As gentle winds go past;
The grasshopper that larks beneath
Chirps merrily and fast;
The ring-dove coos upon the spray,
The larks full anthem pour;
The bees start with a jocund lay,
The waves sing on the shore;
Hosannahs fill the wood and wild,
Where human steps ne'er trod;
And Nature, like an unweaned child,
Smiles on its parent, God.

Say, Brothers, shall the bird and bloom
Thus teach, and teach in vain?
Shall all the Love rays that illume,
Be lost in clouds or pain?
Shall hearts be dead and vision blind
To all that Mercy deals?
Shall Soul and Reason fail to find
The shrine where Instinct kneels?
Ah, no!—while Glory lights the sky,
And beauty paints the sod—
While stars and rainbows live on high,
Let us give thanks to God.

Mind your own business—call on business men, in business hours, only on business—transact your business, and go about your business, in order to give them time to finish their business.

Justice Abbott, in the court of king's bench, (England,) decided, and laid it down as law, that *a tenant* has no right to remove the trees and shrubs he has planted on the premises he occupied

If a man does not make new acquaintances as he advances through life, he will soon find himself alone A man should keep his friendships in constant repair.—*Johnson.*

At a crowded lecture, the other evening, a young lady, standing at the door of the church, was addressed by an honest Hibernian, who was in attendance on the occasion, with, "Indade, Miss, I should be glad to give you a sate, but the empty ones are all full!"

Miss Bremer tells us that the life of a rich bachelor is a splendid breakfast, a tolerably flat dinner, and a most miserable supper.

An old footman having heard Lindley Murray, was afterwards very precise in the announcements when ushering in visitors. On one occasion, a gentleman named Foot with a daughter on each arm, was ushered into the drawing room with this introduction:—"Mr. Foot and the two Misses Feet."

A courteous Frenchman, in reply to the question why women were not admitted into the Chamber of Deputies, said that to be a member it was requisite to be forty years old, and it was impossible to suppose that any lady could reach that unseemly age.

## HOLLOWAY'S OINTMENT.

**EXTRAORDINARY CURE OF A CASE**

ABANDONED BY

*Guy's, the Metropolitan, King's College, and Charing Cross Hospitals.*

SUMMARY OF AFFIDAVIT.

Wm. BROOKE, Messenger, of 2, Union street, South wark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April 1841, where he continued for nearly four weeks. Unable to receive a cure here, the deponent sought relief at the three following Hospitals; King's College Hospital, in May, for five weeks; at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital, at the end of August, for some weeks more; which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BARNSBY COOPER, and other medical officers of the establishment, had told deponent *that the only chance of saving his life was to LOSE HIS ARM!* The deponent thereupon called upon Dr. Bright, chief physician, of Guy's, who, on viewing deponent's condition, kindly and liberally said, "*I am utterly at a loss what to do for you! but here is half a sovereign; go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again.*" This unprejudiced advice was followed by the deponent, and a *perfect* cure effected in three weeks, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed!!! When Dr. Bright was shown by the deponent, the result of his advice and charity, he said, "I am both astounded and delighted, for I thought that if I ever saw you again alive, it would be without your arm. I can only compare this cure to a charm!!!"

Sworn at the Mansion house of the city of London, this 8th day of March, 1842. } WM. BROOKE.
Before me, JOHN PIRIE, Mayor

IN ALL DISEASES of the Skin, Bad Legs, Old Wounds, and Ulcers, Bad Breasts, Sore Nipples, Stony and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles, the Pills, in all the above cases, ought to be used with the Ointment; as by this means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bites of Musquitoes, Sand-flies, Chigo-foot, Yawns and Coco-bay.

Burns, Scalds, Chilblains, Chapped Hands and Lips also Banions and Soft Corns, will be immediately cured by the use of the Ointment.

THE PILLS are not only the finest remedy known when used with the Ointment, but, as a General Medicine there is nothing equal to them. In Nervous Affections they will be found of the greatest service. These Pills are, without exception, the finest purifier of the Blood ever discovered, and ought to be used by all!!!

N. B.—Directions for the guidance of Patients are affixed to each Pot.

**Chloroform Tooth ache Drops.**

A Celebrated Chemist, (and one of the first manufacturers of Chloroform) has discovered that "Chloroform" with other simple preparations, will instantly cure the TOOTHACHE. After testing it in many cases has never failed to give instnt relief; there is no possible danger in using it, as it will not injure the sound teeth a particle. All that is necessary in using these drops is to saturate well a bit of cotton or lint, and place it in the cavity of the tooth Relief will be immediate.

TRIUMPHANT SUCCESS OF

**Buchan's Hungarian Balsam of Life,**

THE GREAT ENGLISH REMEDY FOR

*Colds, Coughs, Asthma, and Consumption.*

THE most celebrated and infallible remedy for Colds, Coughs, Asthma, and every form of Pulmonary Consumption, is the HUNGARIAN BALSAM OF LIFE, discovered by that eminent medical chemist, Dr. Buchan, of London, England, and extensively known as the "Great Eastern Remedy.

It has been tested for upwards of seven years in Great Britain and on the continent of Europe, where it is universally considered the great, and only remedy for this awful malady, and now introduced to the public under the immediate superintendence of the inventor. Within three years it has been distributed from Maine to Florida, and from Canada to Wisconsin, and its effects are every where alike ASTONISHING AND TRIUMPHANT.

As a preventive medicine, and an antidote to the consumptive tendencies of the climate, it is invaluable. As a remedy for severe and obstinate coughs Inflammation of the Lungs, croup, &c. it is unrevaled. But the Proprietors so confident of the merit of this great remedy, in the worst forms of consumption, that he prefers to have it used by the DYING INVALID, rather than by persons afflicted with some simple and less dangerous disorder of the throat and lungs:—this may seem strong language, but it is the result of experience in thousands of cases, sustained by the most intelligent and unimpeachable testimony. It is not pronounced an infallible remedy in all cases, but it is THE MOST INFALLIBLE remedy known to the civilized world. It is the best preventive of hereditary consumption—it is the best defender against the influences of climate—it is the best remedy for incipient consumption—and it is the great and only remedy for that fearful *softening of the lungs—inflammation of the membrane, and tuberculous decay*, which are the last effects of that dreadful scourge, and which are erroneously supposed to be beyond the reach of medical aid;—the agent or proprietors of other and farther beyond the reach of hope.

Such is not the case with the Hungarian Balsam It is always salutary in its effects—never injurious It is not an opiate—it is not a tonic—it is not a mere expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy, a grand healing and curative compound; the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto unconquerable malady. It is in fact the *best remedy in the world!*

[From the John Bull, newspaper, London.]

There is certainly some mysterious and occult virtue in the famous "Hungarian Balsam of Life which the medical faculty are unable to discover of Dr. Buchan would not be permitted for so many years to enjoy the magnificent monopoly of the treatment and cure of Consumption in Great Britain. No satisfactory analysis of this famous compound has ever, to our knowledge, been offered to the public.
