DUTTON WON BY 6 TO 2 FROM RIDGETOWN CREW

Game Was Fast all Through and One of Best Seen on Dutton Ice This Year.

DUTTON, Feb. 21.—Dutton defeated a team from Ridgetown here on Friday night by the score of 6 to 2. The play was fast from start to finish, although at time both teams were inclined to mix it a little. Penalties were numerous at time, as Referee Bambridge tried to keep the play clean.

This game is one of the best that has been seen on the local ice this winter, although the locals had the edge on the visiting team all through. Crawford and the Saunders brothers played a fine game for the home team, while West and the Davis brothers did likewise for Ridgetown. The line-up:

STRATFORD AND LONDON TEAMS MEET TONIGHT

The local Y team will meet the Stratford intermediate O. B. A. team tonight in this city. The game should be a good one, as the Classic City team is in good shape, and is out to give the London boys a hard tussle. London is also out for a win, and is confident that it will give a good account of itself.

There will be a preliminary game between two girls' teams, but it is not known at present who they will be.

CINCINNATI, Ohio, Feb. 23.—Outfielder Earl Neale today signed his 1920 contract with the Cincinnati Nationals. The remaining holdouts of the world champions are Roush, Ruether, Eller, Kopf, Daubert and Groh. Roush, however, has intimated that he will go south with the team, and President Herrmann believes the others will sign in a few days.

The Value of Charcoal

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, and after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much-improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets." 23k-y

A. M. C. AND SANTA CLARAS WIN GAMES

In the City Indoor Baseball League games last night the C. A. M. C. and Santa Claras were the winners. The medical men took the first game from the P. P. C. L. I. by the score of 9 to 6, while Dowlers went down by the score of 7 to 5. The games were fast throughout, as all four of the teams were out for wins.

More patronage should be given these games, as they are well worth watching and there is no charge. Some good games are promised for Thursday, when the Grand Trunks meet the Public Utilities in the first game, and the Technical School and the Army and Navy Veterans clash in the second.

The batteries for last night were: C. A. M. C., Orr and Arnott; Pats, Bailey and Edgar; Santa Claras, Binga and Housego; Dowlers, Taylor and Downs.

STECKER TAKES TWO FALS OUT OF DRAEK, HOLLAND

Stecher got the first fall in 1 hour, 9 minutes and 33 seconds with a body scissors and back hammerlock, and the second in 13 minutes and 10 seconds with a headlock and body scissors.

GEORGE WINTERBOTTOM IS PIANIST AT THE ALLEN

It was stated in error that A. D. Jordon had been engaged as pianist at the Allen Theatre. It is impossible for Mr. Jordan to take on any other work than he has at present, and the announcement should have read that George Winterbottom, Mus. Bac., who studied both the organ and piano with Mr. Jordan, had been appointed as pianist with the fine orchestra under the direction of Maurice Poure.

"STRANGLER" LEWIS WILL MEET GREEK CHAMPION

New York, Feb. 24.—Ed ("Strangler") Lewis, who is matched to wrestle Jim Londos, the Greek champion, to a finish next Tuesday night at Madison Square Garden, is due to arrive in town today. The "Strangler" is keen upon securing a return match with Stecher. He also wants to prove that he is the Greek's master, and even up for the two-hour limit match that Londos wrestled him some time ago.

SCHOOL LEAGUE

Lorne Avenue last night defeated the Chesley Avenue school team by the one-sided score of 16 to 2. This gives the group to Lorne, who will play their first game in the semi-finals in the school league in the near future. Black of Lorne was the star of the game. The line-up.

CANADIAN DOGS' SHOWING.

Boston, Feb. 24.—Several Canadian dog owners are showing at the eighth annual show of the Eastern Dog Club, which opened here yesterday. The first day's judging, Ridgeway Bark Boy, owned by Mr. John F. Strachan of Montreal, was given the reserve in the wire-haired foxterrier dog class.

DUTCH BICYCLIST ARRIVES.

New York, Feb. 24.—Vanneck, Holland's long distance bicycle champion, arrived here from France yesterday on the steamship La Savole, to compete in the coming six-day race. Oscar Egg and Goullet also arrived for the grind. Egg will team up with Eddie Madden. He expected to ride with Vanneck, but made the change on hearing that Goullet and Madden were at odds.

BIG LEAGUERS MAY BE BARRED.

Chicago, Feb. 24.—The flat statement was made here yesterday that three major league players of some prominence would not be seen in any championship games this year, as the result of a secret investigation which has been carried on for some time, and which had to do with betting.

No names were mentioned for obvious reasons, but it is understood that contracts were sent to these three players calling for so much less than they received a year ago, that there is little or no chance of their signing.

Rumors of this came out at the baseball meeting in Chicago two or three weeks ago, but from what could be learned today the matter has now come to a head.

WINNIPEGS ARE CHAMPIONS.

Winnipeg, Feb. 24.—(Canadian Press.)—By defeating the Vics here last night by 8 to 5 in the final game of the schedule, the Winnipegs captured the championship of the Winnipeg senior amateur hockey league, and the right to meet Falcons, Manitoba League champions, in a two-game series for the right to represent Manitoba in the Allan cup play-downs.

BARNEY ADAIR WINS.

New Orleans, La., Feb. 24.—Barney Adair of New York was given the decision over Young Denny of New Orleans, at the end of the fifteenth round in their fight here last night.

VANCOUVERS WIN 10 TO 4.

Vancouver, B. C., Feb. 24.—At the end of 12 minutes in the third period, Vancouver had Victoria stopped by a count of 9 to 1 last night. Then a Victoria rally brought three goals and the game ended 10 to 4 in Vancouver's favor.

The Aristocrats were handicapped by the worst of the breaks. No team ever played in harder luck than the visitors from start to finish. While Vancouver was very much in form, the game was more evenly fought than the lopsided count would indicate.

ELEPHANTS TRAINING.

LAKE CHARLES, La., Feb. 23.—Manager Cornelius McGillicudy and twelve members of the Philadelphia Americans arrived here last night and entered upon spring training.

U. T. S. WIN.

TORONTO, Feb. 23.—University of Toronto school juniors defeated Stayner in the O. H. A. junior game here tonight by a score of 5 to 1.

GREENWOOD KNOWS OF IRISH BOND SALE

LONDON, Feb. 23. — Sir Hamar Greenwood, under-secretary of state for home affairs, replying to a question in the House of Commons today, said the Government was aware that invitations were being issued through the American press inviting subscriptions for bond certificates of the Republic of Ireland, but that Great Britain had made no representations to the president of the United States on the matter. The latter part of Sir Hamar's reply was greeted with cries of "Why?"

HUNGARY WOULD RETAIN HOLD ON TRANSYLVANIA

Final Documents of Reply Are Presented To Peace Conference.

ANNEXATION TO AUSTRIA

Appear To Be Most Sensitive About Detachment of Western Hungary.

PARIS, Feb. 23. — The final documents annexed to the Hungarian reply to the Allied peace terms were presented to the secretary of the peace conference on Saturday last.

The Hungarian attitude has been represented here as an uncompromising rejection of the proposed detachment of Transylvania and other territories and the economic terms of the treaty. It became known today, however, that the reply is based rather on the principle of self-determination.

Boundaries Favorable.

It is contended by the Hungarians in their answer that the boundaries proposed by the treaty are strategically and economically favorable to the adjoining countries, but are unjust to Hungary, and not defensible on either ethnological nor historical grounds.

The point on which the Hungarians appear to be most sensitive is the detachment of territory in Western Hungary for annexation to Austria.

Plebiscites Proposed.

Promise is made in the reply that should the plebiscites proposed in Transylvania reject the alternative of annexation to Rumania, complete political autonomy with economic union with Hungary would be given to Transylvania. The reply declares that while 43 per cent of the population of Transylvania is Rumanian the territory has belonged to Hungary for a thousand years and the Rumanians who moved in were exiles who found asylum there when they fled before the Turks.

It is added that the Rumanians in that territory had never demanded annexation to Rumania but that they were divided, one party favoring autonomy and another remaining loyal to Hungary. The reply asks for the appointment of a commission to investigate atrocities alleged to have been committed in Transylvania by the Rumanian troops of occupation.

JOURNALS PREDICT GEDDES CHOICE FOR WASHINGTON POST

London Daily News Terms It "Sinster Report."

LONDON, Feb. 23.—(By Canadian Press.)—Journalistic speculation today seems to have generally decided that Sir Auckland Geddes is going as ambassador at Washington, which means a vacancy at Basinstoke. Sir Auckland had a majority of 5,000 over the labor candidate at the last election.

The Daily Express regrets that Mr. Fisher, minister of education, is not going to Washington. The Daily News has rather an acid quarter-column of editorial matter wherein it refers to "the sinister report" of Sir Auckland Geddes going thither. It says that he possesses doubtless all the gifts that would qualify him for Montreal and certainly possesses none qualifying him for Washington.

The Observer considers it a matter of grave regret that Lord Reading cannot go to Washington. It thinks that Mr. Fisher's oratory would have shone on the other side, but concludes:

"The more rugged personality of Sir Auckland Geddes has powers of honest and masterly speech and a moral appeal which may make him a memorable success in America today."

The supporters of the labor candidate at Wreckin are taking legal opinions on the feasibility of challenging the election of Charles Palmer under the corrupt practice act of 1830.

HELD FEET UP TO HANG HIMSELF

PARRY SOUND, Feb. 23.—A most determined case of suicide was disclosed today by the finding of the dead and frozen body of Paul Meinichuck, a Russian, aged about 31, who, with his brother and some compatriots, had been residing here and working at the Canadian Explosives Plant at Nobel.

Meinichuck had been missing since February 7, and today his body was found suspended from a tree near Nobel. In order to commit the act, Meinichuck held his feet off the ground. When found, his legs were bent at the knees and were swinging in the snow.

EVERY WAGE EARNER SHOULD ANSWER QUESTION HIMSELF OR HERSELF

What Does the Future Hold For You If Health Gives Way?

In dollars and cents, what is the worth of the brawn of your arm; what is the value of the staying power that permits continuous labor—what are they worth to you?

Suppose you did something so foolish as to reduce your strength, vitality or judgment one-half, and it were impossible to get them back—how much would you pay to regain the lost portion?

When you let yourself rundown, you reduce your chances for success in life—if sleeplessness comes you score lower still—should appetite or digestion fail, you are stared in the face by physical bankruptcy.

Don't let it go so far, take Ferrozone; it has cured thousands and it will cure you; it builds up bodily strength, makes muscles like steel, replaces spring tiredness by energy and new life. Ferrozone rebuilds sick folks because it contains the strengthening elements that every rundown system requires.

Especially before the hot weather comes, everyone needs a purifying tonic—Ferrozone fills the bill exactly—nothing known that juvenates and uplifts so fast.

At once the appetite improves. You rest well and arise next morning feeling fit and fine.

Headaches disappear, weakness gives way to the vigor that only Ferrozone can supply. Try it, results are guaranteed, 50c per box or six for $2.50 at all dealers or by mail to any address if price is remitted to the Catarrhozone Company, Kingston, Ont.

GRAIN.

Winnipeg, Feb. 24.—Oats opened unchanged to ¼c higher for May at 93¼@93⅝c, and ¼c higher for July at 88⅝c.

Barley 1c higher for May and July at $1 49 and $1 41 respectively.

Oats—May, 77⅝c; July, 70c.

Chicago, Feb. 24.—Some depression in the corn market resulted today from weakness of sterling exchange and from lower quotations on hogs. The fact, however, that receipts of corn were not so heavy as many traders had looked for helped the market to recover. Most of the selling came from speculators. Opening prices, whic hranged from 1c decline to ½ cadvance, with May at $1 30@1 30½, and July at $1 27¾@1 27¾, were followed by a moderate general setback and then by a decided rally.

Further re-selling of American oats for which Canadian oats were substitutted had a temporar ybearish effect on the oats market. After opening ⅝c to 1c lower, including May at 77⅝@77⅝c, the market rallied in sympathy with corn.

MONTREAL STOCK EXCHANGE.

Montreal, Feb. 24.—Trading was dull this morning in the opening of the Montreal market. Breweries being the firmest and most active stock at 53¾. Atlantic Sugar eased off. Investment buying of bonds and preferred stocks constituted the rest of the trading.

WALL STREET.

New York, Feb. 24—Wall Street, 10:30 a.m.—Resumption of trading on the stock exchange after the double holiday was marked by a number of severe declines and a few advances. The early reaction was chiefly attributed to last week's unfavorable showing of the local Federal Bank rush, which fell to a low record, and renewed weakness of foreign exchange. Within the first half hour losses of 2 to 8 points were made by General Motors, Crucible Steel, Republic Iron, Baldwin Locomotive, American Woolen and Royal Dutch. Passage of the railroad bill by the Senate infused moderate strength to the railway list, Canadian Pacific, however, losing 2 points.

Noon.—Supplementary losses of 2 to 6 points during the unsettled morning embraced United States Steel, Bethlehem steel, Mexican and Pan-American Petroleums, American Locomotive, Studebaker, Pierce-Arrow and Chandler Motors, United States Rubber, Endicott-Johnson, Retail Stores and American International. Rails of the better class were 1 to 2½ points lower, but minor issues responded to renewed buying, especially Rock Island, New Haven and Baltimore and Ohio. Irregular rallies followed publication of the favorable export trade figures for January. These were cancelled before noon, however, General Motors and Crucible Steel leading another reversal. Call money opened at 6 per cent.

1:30 p.m.—Pressure eased for a time at midday, but new spots of weakness were uncovered in coppers, equipments and motor specialties. Low-grade oils meanwhile continued to move forward, grangers and coalers making further gains under lea dof St. Paul common and preferred and Baltimore and Ohio.

TURK GOVERNMENT MUST NOT STAY IN EUROPE, SAYS CECIL

Policy Must Be Just, Which Would Entitle Removal.

LONDON, Feb. 23.—In an article in the Evening Standard today Lord Robert Cecil gives it as his opinion that the Turks must leave Constantinople on the ground that maintenance of Turkish sovereignty over that city would be a "menace to tranquility."

The first requirement, Lord Robert Cecil says, is that the policy of the Allies toward Turkey should be just, and he could not conceive that anyone could believe that they were not justly entitled to remove the Turkish government from Constantinople.

He declares that every one of the Armenian massacres and other Turkish outrages has been carried out by direct orders from that city. As to the alleged danger of offending Mussulman opinion in India, he expresses the view that this danger is "very gravely exaggerated."

BRITISH COLUMBIA FARMERS UNLIKELY TO ENTER POLITICS NOW

VICTORIA, B.C., Feb. 23.—A union of all the farmers of British Columbia for political action will undoubtedly be the chief topic of discussion at the great gathering of farmers here during this week, but what action will be taken is impossible to forecast.

"This question never has been discussed by the directors officially," said President Copeland of the United Farmers, whose convention will open today, "and I do not think it will be brought forward by them."

This has been publicly proven by direct comparison—that is, the singer stood and sang with his or her RE-CREATIONS, then stopped, but still the song continued to flow unchanged—perfect, from the diamond needle of the NEW EDISON.

Forty artists have made this test before over two million people throughout Canada and the United States and always have they proved Edison's superiority.

When may we expect you to come and hear the NEW EDISON?
