WILLIAM McMASTER,
CABINET-MAKER AND UPHOLSTERER,

Begs to announce to the public of Montreal, that he has been appointed AGENT for Canada East, for the sale of that invaluable Renovator of Varnished or Polished articles, named

McCOMBIE'S COMPOUND RESTORATIVE, lately discovered by Mr. McCombie, of New York, and of which he is the sole Proprietor and Patentee.

The immense demand for the inestimable Composition throughout the United States, has made it difficult for the Proprietor to keep up the supply; and the Agent feels confident that a few trials of it in this quarter of the Continent will afford such satisfactory results, that the sale will be proportionably large.

It is sold in bottles, with directions for use, price 2s. 6d. for each Bottle, at Wm. McMaster's Cabinet Warehouse, No. 136, Notre-Dame Street.

A beautiful collection of NEW FURNITURE on hand at his Show Rooms.

MOFFAT'S
Life Pills and Phenix Bitters.

These Medicines have been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently restored that uniform enjoyment of health, without which life itself is but a partial blessing. To great, indeed, has been the demand for these invaluable Medicines, that it has appeared scarcely less than gratuitous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and endowing them with renewed tone and vigor, that they were indebted for their fame.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa imminent danger. This effect is the peculiar office of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and by this means, the liver and lungs, this healthful action of which entirely regulates the regularity of the urinary organs. The blood, which takes its rud tone from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, comes freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; FLATULENCY, *Loss of Appetite, Heartburn, Headache, Restlessness, Ill-temper, Anxiety, Languor,* and *Melancholy,* which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within few days.

Bilious Fevers and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the labriotive secretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all internal obstruction in others.

The LIFE MEDICINES have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the obstruction of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, yellow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two over in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica.* He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints, General Debility, Loss of Appetite, and Diseases of Females—these medicines have been used with the most beneficial results in cases of this description.—King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painter's Colic, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the best conducted preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

MINERAL WATERS
OF
POINT DU JOUR, PARISH OF L'ASSOMPTION.

THESE truly valuable WATERS are distinguished for the large quantity of Bromine and Iodine they contain, and are acknowledged superior to all other Medicinal Waters. They are the most agreeable refreshment of the description that have yet originated. They can be used cold to the greatest degree in the most oppressive heat of Summer, and that without altering or affecting injuriously the health of the person using them; upon the contrary, they are found to improve and strengthen. The large number of cures effected by the use of the above Waters, enable us to recommend them to the public as an excellent remedy in a very great number of cases. The names of a few only of the persons of celebrity, who have given their written recommendation of the Waters, are here given. These, however, show the happy results arising from their application:—

R. Evg de Kingston,	A. Nelson, M. D.,
Jos. M. Belanger, Pr.,	J. B. Meilleur, M. D.,
V. C. A. Munro, M. D.,	A. E. Regnier, M. D.,
Amable Simard, M. D.,	A. Rollin, M. D.,
L. G. Cabenseuve, M. D.,	C. Sabourin, M. D.,
E. H. Trudel, M. D.,	F. L. Gesnard, M. D.,
W. Nelson, M. D.,	J. E. H. Lafontaine, M. D.,
R. L. Macdonell, M. D.,	T. Ed'Orsonnens, MD.
G. B. Bibaud, M. D.,	Dr. Dorion.

Persons who have not received the little volume containing these certificates at length, can obtain it at the Depots, where the Waters are Sold; by reading it, they will feel convinced that they have effected wonderful cures in various cases, and that they have been found superior to all others.

SYLVAIN DUL PLESSIS, March 1, 1850.

SIR,—Since you are desirous to ascertain the effect which the Waters of the Point du Jour Springs have produced on myself, I must inform you, that I have used them medicinally at their Source, and have found them highly salubrious. I was at the time so affected by the consequences of a severe disease of the Digestive Organs, that my Physician judged it right to suspend for a time all active remedies, even for the repression of Dyspepsia and an absolute Retention of the Bowels, under both of which I was suffering severely. He prescribed for my relief the Mineral Waters, and I made use of those of the Point du Jour, as being the nearest. I was at the time so weak, that it was with difficulty I kept my feet. However, at the expiration of three weeks, I was restored by using the Waters. These Waters are of a generous nature, containing a large quantity of saline particles, and agreeable in the taste—taken in a large dose they are strongly laxative, but their purgative properties are unattended with griping,—those even who have been using them for a long time have been weakened or enervated in their constitution in consequence; upon the contrary, by using them they find their appetite increased, and their digestion rendered more regular. After a dose of 2 or 4 four glasses, I found that they had the effect of increasing the urinary secretions at first and that these decreased in the same proportion that the alvine secretions increased. The action of the nervous and sanguinary systems were thereby moderately augmented, and, instead of feeling myself exhausted as I had been during some days before then, I perceived myself invigorationally disposed to Exercise and gaiety. Many who, in the same circumstances, made use of the Waters by the recommendation of Dr. Cazenevve, experienced the same effects. To conclude, I am of opinion, in conformity with the Analysis made by T. S. Hunt, Esq., that Physicians might employ it successfully in the same disease for which the Plantagenet Waters are so judiciously recommended.

Yours, respectfully,
AMABLE SIMARD, M. D.

ST. JOSEPH'S CONVENT, May 14, 1850.

SIR,—I observe, with pleasure, that the Mineral Waters, at their source at Point du Jour, Parish of the Assomption, (L'Assomption,) are acquiring the celebrity they deserved. For myself, who am, perhaps, one of the first that availed of the use of the Waters, which I am testifying, but since then I have had occasion to try various Mineral Waters, nevertheless I have never discovered that the Point du Jour Waters were given to those of Point du Jour—having myself had much experience.

The Proprietors have their Depot established at No. 6, Jacques Cartier Place, next door to the Hotel of Serafino Giraldi, Esq. The distance for conveying the Waters to the Depot is so trifling, that we are enabled to have a constant supply fresh, and are consequently in possession of a better market than any other person. Prices, 7½d. per gallon; and 4s. the dozen, (in bottles.) Those persons, unable to pay for it, can have some gratis, by producing a certificate from their Physician, since we are unwilling that any should be deprived of these healing and wonderful Waters, prepared by Providence for his creatures, which are apparently designed for the alleviation and cure of many protracted and dangerous diseases.

ELEGANT AND INVALUABLE
ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE—Sir,—The preparation invented by you for the hair, has been, during the last year, used in my family and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any offensive deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and then the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it softens and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this inimitable soap. It is done up in a neat style, enclosed either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Stanner F. Barrett, Saratoga Street, East Boston.

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only half a bottle, and the very terrible baldness is greatly abated and more regular. I am convinced that the growth of the hair would have been accelerated, if I am, yours respectfully,

SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and yielding. It is equally efficacious in protecting the skin from the hot sun of summer, and freezing blasts of winter, and is the most delightful and delicious article to be found on the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

£100 REWARD.

WHEREAS some malicious person or persons have circulated a REPORT that SEVERAL HUNDRED CHESTS OF DAMAGED TEAS, had in their possession, and from the effects of salt water) plundered from their owner, lately sold in this City, where parties can be found who will bring to conviction the author or authors of such a slander, as such report is false, malicious, and unfounded in fact, and intended to injure my reputation.

I do hereby offer a REWARD of £100 to any person who will bring to conviction the author or authors of such a slander, as such report is false, malicious, and unfounded in fact, and intended to injure my reputation.

It is well known that I and others have been the responsible agents for the Tea and Coffee Trade in Canada, that my (the Canton House) is the only establishment for the sale of Tea and Coffee in either the Upper or Lower Provinces, and, by my unremitting exertions, have been placed in the proud position which it now holds, notwithstanding the immense amount of malicious opposition I have had to encounter. It is also well known that I have never interfered with others; that I have never exposed the known fact of the utter impossibility of keeping Teas in a proper condition where turpentine, sodium, oil, soap, molasses, candles, snuff, tobacco, &c., &c., are kept; but when my good name is so cruelly and wantonly assailed, as in this case, I cannot overlook it, and have only to say, that should this calumnious slander be persisted in, the Public may have a list of the names of the purchasers of the Damaged Teas, above referred to, which is now in my possession, as I again repeat, no man shall sport with my hitherto-of reputation with impunity.

TO THE LADIES.

THE GENUINE BALM OF COLUMBIA FOR RESTORING THE HAIR.

"Long hair is a glory to woman," says Paul,
And all feel the truth of the pious quotation;
Preserve it then, ladies—your glory may fall,
Unless you protect it with this preparation.

If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition, appears to be no obstacle whatever; it also causes the hair to grow on those parts where it has fallen off, and to flow with which the delicate hair tubes is filled, by which means thousands (whose hair was gray as the Asiatic eagle) have had their hair restored to its natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used.—A few applications only are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich glossy appearance, and as a perfume for the toilet it is unequalled. It holds three times as much as other miscalled hair restoratives, and is more effectual.

☞ CAUTION.—Never buy it unless you find the name of Comstock & Co., Proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.

The following opinion of the beneficial effects of the Plantagenet Water, is from the last number of the *British American Medical and Physical Journal,* edited by Dr. Hall. The Doctor recommends the employment of this water to the special attention of the Profession; both in Canada and the United States. Nothing further is required to ensure their general use by all classes of our citizens:—

Remedial nostrums, or matters professing to be such, and depending for their employment upon the extensive spread of the circulation of laudatory advertisements, and the amount of advertising consequently paid by their proprietors for these, have at no time, since we undertook the management of a Journal intended solely for the advancement of medical science, found favor in our eyes. For shall they, we have always adhered to the old maxim, "Ne sutor ultra crepidam." We have always thought, and we daily more convinced of the truthfulness and correctness of our opinion, that all the world was never intended to practise the medicinal, inasmuch as all men—aye, and all women too—are unable to make themselves masters of the science of medicine; and it must be admitted, without a swell, that without a foundation there can be no superstructure. Not that we would dare to question the qualifications of all to become, perhaps, even scientific practitioners of the Healing Art—far from it; but seeing that different gifts have been assigned to different individuals, from the foundation of our world, and that one class is necessarily dependent upon another for its comfort and support—the rich and poor, the educated and illiterate, the professor of science and the simple mechanic, so we hold that the public should be directed, under God, in the maintenance and preservation of health, by men who have grown, and continue to grow, the best energies of their mind to this particular study. It is under impressions of this kind that we direct the attention of our professional brethren to the advertisement of Mr. Lemoine, on the cover. We have, in common with our medical friends in this city, taken occasion, from time to time, to prescribe the Plantagenet Water, the Plantagenet Water, derived from a spring on that gentleman's property, in the Ottawa District. Commendatory certificates from medical men, recently well known to us, have been published in the daily newspapers of this city; our own has appeared among the number. But we now hesitate not to recommend the employment of this Water to the special attention of our readers both in Canada and the United States. Mr. Hall's analysis, as to its constituents, furnishes at once the key of its applicability and efficacy. We are informed that Mr. Lemoine has made arrangements for supplying, during the forthcoming season, the Plantagenet Water throughout our own Province and the United States, by the establishment of accessory depots and the appointment of proper agents.

These waters are to be had only from the Agent, A. MANN, at the Depot 4, *Place d'Armes,* also from Dr. Picault; Mr. Mercier, Quebec Hotel; Mr. Berthe, St. Paul Street; and at the principal Hotels in the City.

A fresh supply of the above Waters have just been received, and for sale by the above Agent

URQUHART'S
CONCENTRATED COMPOUND DECOCTION,
OR FLUID EXTRACT OF
JAMAICA SARSAPARILLA,
As ordered by the
Pharmacopœa of London College of Physicians.
PREPARED BY
ALEXANDER URQUHART,
AT THE
Medical Hall, 7, Great St. James' Street.

THIS Valuable Preparation has been before the public for many years, during which time it has been extensively used, and invariably proved successful in all those diseases in which this medicine is prescribed. It is considered by Physicians of the present day the very best Medicine for re-establishing the constitution after it has undergone the effects of Mercury. In Chronic Rheumatism, the most marked effects have been produced by the use of Sarsaparilla; and its continued use is often attended with improvement of appetite and digestion, increase of strength, the production of a more healthy state of mind, and the pallination, or, in some cases, complete disappearance of various morbid symptoms, as Eruptions, Ulcerations, pains of a Rheumatic character, &c., &c.

Drs. McCulloch, Campbell, McDonell, and Fraser, who have extensively used it in their practice, have kindly favored the Proprietor with the following Certificates:—

ALEX. URQUHART, Esq.—DEAR SIR,—I have much pleasure in bearing testimony to the faithful manner in which you prepare your Fluid Extract of the Compound Decoction of Sarsaparilla. I feel it my duty to do, on account of several of my patients having derived the greatest benefit from its use.

For Constitutional Syphilis and Chronic Rheumatism, I have prescribed it with the most marked effects, I can, therefore, without the least hesitation, recommend your preparation as one possessing all the Medicinal qualities of the Compound Decoction of Sarsaparilla, while it is at the same time more palatable, and less apt to derange the Stomach. Your most obedient servant,

W. FRASER, M. D.,
Lecturer Medical Jurisprudence, McGill College.
