SWEET VILLAGE HOME.

Sweet village home! I love thee well,
I love thy woods and flowers,
The vine clad cot, the hidden dell,
Fit haunt for summer hours:
I love the free and merry song
Of brooklets as they foam;
I love thee as I've loved thee long,
My happy village home.

Sweet village home! in other climes,
In halls of power and pride,
For thee and for thy peaceful times
In lonely thought I sighed;
Not all the mirth and revelry,
Beneath the loftiest dome,
Could win my constant heart from thee,
My happy village home.

Sweet village home! that day will bring
No happiness to me,
When I must fly on restless wing,
Far, far away from thee;
If she, whose beauty makes thee fair
Will not consent to roam
From thy green fields and rosy air,
My happy village home.

A DIALOGUE.—The following confab occured yesterday between a couple of amusement hunters:—

Jim—Where you steering, Bill?
Bill—Up to the State Theatre.
Jim—*State Theatre!* what play house is that?
Bill—You must be green—why the Senate Chamber to be sure
Jim—Oh! ah! yes! Whats the play this morning Bill?
Bill—The Melo Drama of "*The Political Janus; or How to Cook and Baste a Barn Burner.*"
Jim—who's the 'Star?'
Bill—CLARK is the chief actor to day.
Jim—What part will he take?
Bill—Head Cook's assistant, in which he will 'spit' a Barn Burner, turn and baste him, and show the spectators how to cook a col. brown.
Jim—I'll go up and see the fun.

James Paterson, L. L. D.

AS an elementary work very great care has been taken to avoid two very common evils—that of extreme brevity on the one hand, and of too great prolixity on the other. As a Class Book for British Colonial Schools it is certainly unequalled, being the only one ever got up expressly for their use. It is printed on good paper, from a clear and distinct type, and substantially bound, for the astonishing low price of Five Shillings.

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.

THE most celebrated and infallible remedy for Colds, Coughs, Asthma, and every form of Pulmonary Consumption, is the HUNGARIAN BALSAM OF LIFE, discovered by that eminent medical chemist, Dr. Buchan, of London, England, and extensively known as the 'Great English Remedy.'

It has been tested for upwards of seven years in Great Britain and on the continent of Europe, where it is universally considered the great and only remedy for this awful malady, and is now introduced to the public under the immediate superintendence of the inventor. Within three years it has been distributed from Maine to Florida, and from Canada to Wisconsin, and its effects are every where alike ASTONISHING AND TRIUMPHANT.

As a preventive medicine, and an antidote to the consumptive tendencies of the climate, it is invaluable. As a remedy for severe and obstinate coughs, Inflammation of the Lungs, Croup, &c. it is unrivaled. But the Proprietor is so confident of the merit of this great remedy, in the worst forms of consumption, that he prefers to have it used by the DYING INVALID, rather than by persons afflicted with some simple and less dangerous disorder of the throat and lungs:—this may seem strong language, but it is the result of experience in thousands of cases, sustained by the most intelligent and unimpeachable testimony. It is not pronounced an infallible remedy in all cases, but it is THE MOST INFALLIBLE remedy known to the civilized world. It is the best preventive of hereditary consumption—it is the best defender against the influences of climate—it is the best remedy for incipient consumption—and it is the great and only remedy for that fearful *softening of the lungs—inflammation of the membrane, and tuberculous decay*, which are the last effects of that dreadful scourge, and which are erroneously supposed to be beyond the reach of medical aid:—the agent or proprietors of other medicines dare not claim for their preparations a power like this: they know that in no case have such effects been produced:—the grand object and purpose of the common 'remedies' is simply to *give relief—not to cure:* this is easily done by an intelligent Physician or Druggist; but while daily rapidly declines, and every day places him farther and farther beyond the reach of hope.

Such is not the case with the Hungarian Balsam: It is always salutary in its effects—never injurious. It is not an opiate—it is not a tonic—it is not a mere expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy—a grand healing and curative compound; the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto unconquerable malady. It is in fact the *best remedy in the world!*

[From the John Bull, newspaper, London.]

There is certainly some mysterious and occult virtue in the famous "Hungarian Balsam of Life," which the medical faculty are unable to discover, or Dr. Buchan would not be permitted for so many years to enjoy the magnificent monopoly of the treatment and cure of Consumption in Great Britain. No satisfactory analysis of this famous compound has ever, to our knowledge, been offered to the public.

EXTENSIVE MILL PROPERTY.

To be sold by Private Barigan.

ALL that large and extensive MILL PROPERTY, situated about a mile and a half from the mouth of the Nashwaak, nearly opposite Fredericton and consisting of one Mill, containing six saws in single Gates; with a GRIST MILL, in good order, driving two pair of stones.

The Saw Mills are capable of containing as many Gangs as there are now single Saws, which could be substituted at little cost; they are in perfect order and some of the Gangs could be driven throughout the entire year, as there are always several of the Saws kept going during the entire Winter; and the Grist Mill has the same advantage. The Draw is perfect and complete order, having been completed at very great expence, and runs entirely across the river Nashwaak thus securing the whole waters of the river, for the driving of the Mills.

Connected with the Mills there is a fine large Store, well adapted for the business of the country, and a Blacksmith's Shop, and a good Cottage and Garden attached, well suited for the manager of the Mills besides a number of Houses suitable for the Workmen at the Mills.

There is also a tract of Land on the Eastern side of the river, containing 500 acres, and about 200 acres on the western side, the latter embracing the Holybrooke Farm, and the whole highly capable of cultivation, and precluding any interference by other establishments on the river. These valuable Properties will be sold along with the Mills, and reasonable accommodation will be given to the purchaser. There can scarcely be found within this Province such a valuable Water privilege, and it is therefore well deserving the attention of any party wishing to embark in the Lumber trade; the whole can be seen at any time, and full particulars given on application to W. J. Bedell and Co. Fredericton, Charles Perley, Esquires, Woodstock, or to the subscribers at St. John. ROBERT RANKIN & CO.
