HUNDREDS CURED DAILY IN CANADA

BY THE

DIAMOND

RHEUMATIC

CURE.

This statement is substantially a FACT based upon evidence in the office of the agent, in the shape of numerous testimonials from past sufferers in all the walks of life, and particularly from some of the most respectable and trustworthy families in the Dominion.

DIAMOND RHEUMATIC CURE.

In the history this Invaluable Medicine occupies the most honourable position possible for any remedy to attain. A few years since it was known only to the friends and neighbours and patients of the proprietor, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and though their favourable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietor to increase his facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of inquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way the merits of the DIAMOND RHEUMATIC CURE became known and appreciated alone—unaided by "tricks of trade" and special efforts—it has risen to its present enviable position. Wherever introduced, it has received the most flattering testimonials, and the treatment of all rheumatic complaints, in this way we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, do we say this, but because we open a new field in Medical Science, and cure a complaint that the best medical practitioner have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor; we restore the laboring man to the use of his injured limb, and save the sorrow of thinse its cost in doctor's bills; we carry contentment and gladness into the home of the poor, and consequently are remembered by many with grateful souls. Thousands have already testified to the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy and happy men and women; and sufferers cannot reasonably hesitate to give it a trial.

This medicine is for sale at all the Druggists throughout Canada. It happens that your Druggist has not got it in stock, ask him to send for it to
