LISTOWEL STANDARD.

FRIDAY, NOVEMBER 11, 1881.

TOWN AND COUNTRY.

REV. JOS. F. JOWITT, of Toronto, assisted in the services at Christ Church on Sunday last.

DENTISTRY.—J. G. Yemen, M. D., L. D. S., of Stratford, will visit Listowel every Thursday of each week. Rooms at the Grand Central Hotel. 41c

THE Y. M. P. B. A. assembly in Osborne's hall on the eve of the 5th Nov. was a success.

PALMERSTON Orangemen celebrated the 5th with a supper at the Commercial hotel in that town.

TROWBRIDGE.—Ladies' button boots, overshoes and rubbers—a large stock just received; also gentlemen's long and short frost-proof boots—at bottom prices. Not to be undersold by any house in the county. WM. WELCH. 44b. Trowbridge Boot & Shoe Store.

IT gives us pleasure to announce that Mr. Albert Ecker, who recently was unfortunate enough to lose a foot at Listowel by a railway accident, is rapidly approaching convalescence. He arrived home in Stratford on Wednesday.—*Herald.*

THE railways are doing a rushing business in freight these days. Neither the Great Western nor Grand Trunk are able to furnish cars fast enough to meet the demands of shippers, which is a source of no little annoyance and inconvenience, particularly to the millers and grain dealers.

WE learn with regret that G. S. Climie Esq., License Inspector for North Perth, has been confined to his bed for several days through illness. We are sure that it will be the earnest wish of every one who is acquainted with his many excellent personal qualities that he be restored to health.

THE Grand Trunk Railway are running a parlor car on the trains leaving Stratford at 9.30 a. m., and Toronto at 3.45 p. m. As these are the trains that are generally used by people from this town, this arrangement to secure the comfort of passengers should be appreciated by our citizens.—44a.

TRIAL OF SULKY PLOW.—A trial of a sulky plow from the South Bend manufactory will take place on the farm of Mr. John Barber, near the Grand Trunk station, on Monday next, at one o'clock. Farmers and others are invited to inspect the working of this new implement of agriculture.

PIANOS AND ORGANS,—Gardiner Bros. have just opened out at their show room, Osborne's Block, Main street, a number of Weber and Dominion Pianos; also a large number of Organs, including all the latest styles. These instruments will be sold at a small advance upon cost prices. The public are cordially invite o call and inspect them.

"BLACK LIST" AGAIN.—Application was made at Osgoode Hall on Tuesday morning to Mr. Justice Osler, on behalf of the License Inspector of the North Riding of Perth, for leave to appeal to the Court of Appeal, from the judgment in demurrer, holding that the Inspector was not empowered under the License act to issue the lists. His Lordship granted leave.

THE cattle fair on Friday last was well attended by both buyers and sellers. Nearly 200 head were offered, and quite a number of sales were made at good average prices. Steers and heifers brought from $25 to $35, according to their condition. From $30 to $40 was asked for milch cows, withbut few sales.

FARM SALES.—Mr. John Switzer has sold his farm, lot 17, 6th con. Elma, 100 acres, to Mr. Grey, for $4,500. Mr. Switzer intends returning to California. Mr. Andrew McClellan has sold his farm in the 7th concession Wallace, lot 26, to his son, John McClellan. He will dispose of his stock and implements by auction, the sale of which will take place on Thursday, 17th inst.

LARGE SALE OF CATTLE.—Probably the largest sale of cattle that has ever taken place in this section was made a few days ago by Mr. R. J. Armstrong, cattle dealer, of this town. The sale comprised 180 head, and realized nearly $7,000, the average price per head being something over $41. Mr. H. Happel, of Zurich, was the purchaser. The entire lot were shipped from here on Saturday by Grand Trunk to the American market. The cattle were all raised in this vicinity.

RESULT of monthly examination in Division II, Listowel Public School—maximum 500: *Boys*—R Kay 345, S Walton 344, A Drewry 326, R Ferguson 321, E Bolton 261, H Large 241, A Coutts 228, T Hess 211, R Hess 208, R Young 202, E Kirk 198, E Large 195, N Hay 86. *Girls*—C Barber 332, U Henderson 326, A Sutherland 325, L Hess 307, I Austin 296, N McConnell 296, L Hardman 276, F Draper 261, M Winter 204, J Riggs 200, E Hess 169, S Collison 168, J Page 168, M Blair 158, A McColl 154, J Tollman 146, M Austin 134, R Livingstone 113, G Hay 107, M Benneweis 70.

CONSERVATIVE CONVENTION.—The attention of the Conservatives of North Perth is directed to the announcement which appears in our advertising columns calling meetings in Listowel and Stratford on Monday next for the purpose of appointing delegates to represent the party in this Riding at the Convention to be held at Toronto on Tuesday, 22nd inst. It is intended that the Convention will include representatives from every constituency in the province. The business of the Convention will be followed by a banquet to Sir John Macdonald, Premier of Canada. We trust that our Conservative friends in North Peath will heartily respond and attend the meetings on Monday next in good numbers.

CHANGE OF TIME.—The opening of the Durham branch, has caused a change of time in the runing of trains on the G.B.& L. E. division of the Grand Trunk. A mixed train now arrives in Listowel from Stratford at 9.45 a. m. The day express arrives here at 1.12 p. m., and the evening express at 9 p. m., as formerly. For the south trains now leave at 8 a. m., 1.05 p. m., and 4.45 p. m. By the new arrangement parties from either north or south can have the greater part of the day in Listowel, and return by evening trains. The day express north connects with the mail train from Toronto at Stratford, which enables the Toronto papers to reach Listowel an hour earlier than formerly. We trust that the post office authorities will not delay in establishing a mail route on this line. The advantage which it would be to Listowel and the many other places of importance along the line, which are now very inefficiently supplied with postal facilities, would be very great; it is to be hoped, therefore, that the interests and convenience of these places will engage the immediate attention of the Post Office Department.

OPENING OF THE DURHAM BRANCH.—On Monday the Durham Branch of the Grand Trunk, Georgian Bay & Lake Erie Railway was formally opened. An excursion train was ran up from Stratford, conveying a large number of the leading citizens of Stratford, Listowel, Palmerston and other places along the line, to Durham, at which place a befitting celebration took place. The branch, which extends from Palmerston to Durham, is a little over 26 miles in length. It was originally projected by the Wellington & Georgian Bay Railway Co, but when partly built was handed over to the Grand Trunk on condition that the latter company should finish the road and operate it. The first part of the agreement has been carried out most satisfactorily, a splendid road bed having been made and furnished with steel rails. The road is now open for regular traffic, two daily trains each way having been placed upon this branch, which connect with trains running north and south on the Wiarton division. The opening of this branch must prove a great boon to the people of Durham and Mt. Forest and the adjacent municipalities; and will also no doubt be of considerable benefit to this and other towns to which it affords direct communication with a district hitherto cut off so fas as railway connection is concerned.

SKEDADDLED.—George Donnelly, foreman and occasional traveller for Messrs. Hess Bros., furniture dealers of this town, is missing, and from the developments of the past few days it is pretty evident that he has been playing the rogue and has departed for the other shore—of the lakes. From information received by the firm early this week, it appears that he got the manager of the Bank of Commerce at Durham to honor his draft upon Messrs. Hess' Bros. for 100.00, under the pretence that he intended to buy cherry lumber for the firm in that neighborhood. He also appears to have obtained cash to the amount of 40.00 or 50.00 from Halsted's Banking House in Mt. Forest through a similar pretext. Information has also reached here that in London Donnelly got one of Hess Bros. customers, Mr. T. Brenton, to endorse a bill upon his employers for 150.00. After this transaction Donnelly appears to have "skipped," as nothing has been heard of him since. This rascality on the part of Donnelly has caused no little surprise here, as he has been a leading employee in Hess Bros. establishment for a number of years, and has always been looked upon as a person of trust. We understand that Messrs. Hess Bros. are losers to the amount of sixty or seventy dollars of rent, etc. Several others about town have been left with unsettled accounts. As the bogus drafts were not accepted, the banks where they were negotiated and Mr. Brenton will likely be the losers by those amounts. It is to be hoped that Donnelly will yet be overtaken and made to disgorge.

HIGH SCHOOL BOARD.—Board met on Nov. 3rd, the following members being present: Geo. Draper, chairman, R. Ferguson, A. Austin, W. McKinney, D. D. Campbell, secretary. The head master, Mr. McCallum, sent in his report, showing the attendance to be 72 pupils—35 girls and 37 boys, and showing the classification and progress of the school highly satisfactory—report received and adopted. A Committee was appointed to arrange a basis of settlement with Mr. Perry *re* the painting of the High School fence, and report to the chairman. Accounts were received from A. B. McCallum, $12.50, for conducting entrance examination; from Ferguson & Elliott, for printing, $6.75; Hess Bros. for sundries, $23.25. On motion the above accounts were ordered to be paid. The present staff of teachers were re-engaged for the ensuing year, as follows: A. B. McCallum, head master, salary $900; W. F. Morphy, first assistant, salary $600; Miss Charles, second assistant, salary $450. Board then adjourned. Board met again on the 8th inst., when the account of Mr. Perry for painting the High School fence was again considered. It was moved by D. D. Campbell, seconded by R. Ferguson, that tho' believing that the report of the Committee offering Theo. Perry the sum of $70 in full of his account for painting High School fence, still in order to effect a quiet and amicable settlement, the Sec-Treasurer be authorized to pay Mr. Perry the sum of $75, if accepted in full of his claim—carried.

S. S. ENTERTAINMENT.—The entertainment given by the children of Christ Church Sunday School on Tuesday evening was a very pleasant and successful affair. The church was literally packed to the door, principally with little folks. Rev. G. B. Taylor, the incumbent, presided, and delivered an able and very appropriate address. This was followed by singing, readings, recitations and dialogues by the children of the school, all of whom acquitted themselves very creditably. Several of the pieces were exceedingly well rendered, and would have done credit to persons much their superior in years. "Little Willie" was sang very sweetly by Aggie McLean, a little girl who possesses a musical voice of unusual compass. "The Reapers," by Miss Lizzie and Emily Draper was nicely rendered. Miss Wilson and Essie Martin sang also with good effect "Chorus of Praise" and "I Love the Sunday School." Addie and Minnie Clayton sang very nicely "Kind Words can Never Die." "The Cooking Club," a dialogue by Addie Fennell, Florence Woods and others, was given with a naturalness which indicated that the little members of the club had a faithful comprehension of their parts. Several other little folks executed their pieces exceedingly well. Some excellent remarks were made by Mr. Rothwell, in the course of a short address. All present seemed well pleased with the way they were entertained, and manifested their appreciation by contributing liberally when the collection was taken up. The proceeds amounted to nearly sixteen dollars.

TOWN COUNCIL.—Regular monthly meeting held in Council chamber Monday evening 7th inst. Present, the Mayor in the chair, the Reeve, Deputy Reeve, and Councillors Binning, Deavitt, Woods, Riggs and McDonald. Minutes of previous meeting confirmed. A circular was read from the Reeves of Bracebridge, McAulay and Monck, asking the Council to collect subscriptions in aid of the sufferers by the late fires in Muskoka—referred to chairman Board of Health. A number of accounts were read and referred to Finance Committee. A communication was read from E. B. Sutherland, asking exemption from taxes for five years—laid over for consideration. John Riggs moved, seconded by R. Woods, that the chairman of the Fire and Gas Committee call on all the tinsmiths of the town, requesting each of them to make a tender to construct lanterns suitable for street coal oil lamps, and that he give an order to the party who makes the best offer, and have them made at once and placed on the posts; and that he also arrange with J. J. McConnell to have them lighted every night that the gas lamps are lighted—carried. A. McDonald moved, seconded by R. Woods, that the Mayor and Clerk, on behalf of this Council, petition the Post Office authorities to put on a mail service in connection with the express trains north from Stratford on the Grand Trunk Railway—carried. A. S. Deavitt moved, seconded by Geo. Hess, that Wm. Hagon be appointed pound keeper for the West Ward for the remainder of this year—carried. On motion, Council adjourned to meet again on Tuesday evening, 15th inst., for general business.

TROWBRIDGE.

THE 5TH.—The orangemen of this place celebrated the anniversary of the defeat of the Gunpowder Plot by having a dinner at Mr. Searls' hotel. Notwithstanding the rain and disagreeable weather a good many turned out to commemorate the day. Gowanstown, Molesworth and Listowel lodges were represented, and the lodge of this place was out nearly in full force. A new departure was made by having the celebration in daylight instead of at night. This action commends itself as being a step in the right direction. It is far better to have such celebrations in the day time than to stay up all hours of the night, when people should be at home with their families. The dinner, which reflects credit upon mine host and hostess, Mr. and Mrs. Searls, was served at 2 o'clock. Afterwards the time-honoured music of orangemen, namely, the fife and drum, was brought into requisition, and a few appropriate tunes were played. About 4 o'clock the Gowanstown brethren, among whom we noticed R. G. Roberts, John Willoughby, John English, and other prominent members of the order, were obliged, on account of the distance and bad state of the weather, to start for home. The remainder formed themselves around the festive board and organized their meeting by appointing Dr. Burgess, County Master North Perth, to the chair, and Andrew Morrow, District Master of Elma, to the vice chair. Speeches were made appropriate to the occasion by Dr. Burgess, A. M. Morrow, Charles Cosens, T. G. Fennell, Joseph Johnston, W. Burnett, W. H. Nesbitt, Wm. Gibson, W. Giddons, and others, interspersed with songs. About an hour and a half was pleasantly spent in this way, when all returned to their homes, well satisfied with the day's proceedings.

Our enterprising knight of the awl, Mr. Wm. Welch, is doing a rushing business. He has lately received a very fine stock of boots and shoes. The people of Trowbridge and vicinity need not, therefore, be troubled with cold feet this winter.

A large general store will shortly be opened here by a gentleman from the neighborhood of Woodstock.—COM.

R. Munro, of Milverton, has been appointed principal of Paisley public schools.
