Rev. Thomas Bates, of Port Williams lectured under the auspices of the Young People's Society, March 30th, on 'Latimer and His Times.' Mr. Bates delivered this lecture in the storm and stress of election times four years ago in the Mother Country. It was written to remind the people how they had gradually come out of the heathen darkness and gross superstition into the glorious liberty of the children of God. Any thoughtful mind must listen to such a lecture with both pleasure and profit. A hearty vote of thanks was tendered the Rev. gentleman at the close for this illuminating history of the Martyrs and their times.

March 25th Parker's Hall and Division room put on its festive attire and determined to 'know beans' before the out-going of Brother and Sister Bigelow. A festival of wit and beans and delicious cream pies got in all together, and in the midst of this Deputy N. W. Eaton presented the Brother and Sister with a box containing some pretty silverware both useful and ornamental and in a witty speech wished them bon voyage. Bros. Blenkhorn and Parker, also the Patriarch, Bro. Ira Cox, Bro. Crowell, Sister Eaton and others all followed suit, although the minor chords of sadness showed in the clever addresses. Music was furnished by Bro. and Sister Greenough, Bros. A. Rooney and G. Greenough. Sister Bigelow was overcome with the parting and referred the Division to her husband whose ready answers to the sallies of Bros. Blenkhorn and Parker 'brought down the house.' He thanked everybody for their sympathy and kindly rememberances. The meeting closed by singing God Save the King. COM.

Any lady reader of this paper will receive, on request, a clever 'No-Drip' Coffee Strainer Cupon privilege, from Dr. Shoop, Racine, Wis. It is silver-plated, very pretty, and positively prevents all dripping of tea or coffee. The Doctor sends it, with his new book on 'Health Coffee' simply to introduce this clever substitute for real coffee. Dr. Shoop's Health Coffee is gaining its great popularity because of: first, its exquisite taste and flavor; second, its absolute healthfulness; third, its economy—14th 25c; fourth, its convenience. No tedious 20 to 30 minutes boiling. 'Made a minute' says Dr. Shoop. Try it at your grocer's, for a pleasant surprise. T. L Harvey.

Sudden Death.

The community was shocked on Monday evening to learn of the sudden death of Mr. Samuel C Moore, a highly esteemed citizen of this town. He had gone from his residence to the office of Dr. DeWitt to consult him concerning his health and while waiting for the return of the doctor who was absent at the time quietly expired. When Dr. DeWitt arrived home, some twenty minutes after Mr. Moore was admitted, he saw the deceased sitting upon the lounge with his head upon the arm as if asleep. The doctor raised Mr. Moore's head and found him quite dead. Two weeks previous the deceased had consulted Dr. DeWitt, who had told him that he had a serious heart disease, and that he had better not go about alone. The deceased was a native of New Brunswick, and came to Wolfville to reside about 35 years ago. He was a man of sterling qualities and was held in high regard by all who knew him. He was sixty-six years of age and a man of robust appearance, apparently good for many years of useful life. He is survived by his widow, who was Miss Rachel Bishop, and four children, all of whom are absent. They are Prof. Warren I. Moore (Acadia, '94) of Arkansas; Samuel Moore, engineer at Winnipeg; Howard Moore, now on his way to Texas, and Mrs. Frank Brown, of Bisbee, Arizona. Mr. Moore will be much missed in this town and will be sincerely mourned by a large circle of friends.

The funeral took place on Tuesday afternoon and was largely attended. The service was conducted by Rev. Mr. Webber, pastor of the Baptist church, of which the deceased was a consistent member. The address was most appropriate and encouraging. Music was rendered by a quartette, and the floral tribute were very pretty, including a wreath from the family, a a spray of flowers from Mrs. B. G. Bishop, a spray of flowers from Mrs. Watson Duncanson, and a pillow from Mrs. Fred W. Woodworth and Miss Ida Woodworth, The interment was in Willow Bank. The bereaved widow and sorrowing family have the sympathy of a host of friends.

Letters to the Editor.

To the Editor of THE ACADIAN.

Announcement has been made of the annual meeting of the Alliance to be held in Berwick on Tuesday, Apr. 6th, which is a call to everyone interested in the welfare of humanity through the temperance and moral reform cause. This is the place for every Christian worker and thinker in the country on that day. The success of the great work undertaken depends upon the united, earnest and well directed efforts and sympathy of the individual life embodied in what is vital of church and organizations standing for the principles of righteousness. It is the unifying of the temperance and religious forces that will bring the result purposed. Surely there can be co-operation in an effort to save wrecked lives, restore character and protect homes and people from what is worse than death. Our citizenship is not what it should be under present conditions, and happiness and prosperity is closed to many on account of the liquor curse. Rev. H. R. Grant, gen. secy. of the Nova Scotia Temperance Alliance, will be present to report on the progress of the work generally. It is of the utmost importance that we have a representative meeting on this occasion. Let us do our part in the great work of temperance and moral reform. R. B. NEWCOMB.

MR EDITOR,—The man who has something to sell often intrudes upon our busy moments, and without waiting to know if he is welcome or not, launches at once into the merits of the article which he tries to induce the purchaser to buy. Once in a while, however, our attention is arrested with a practical demonstration which appeals to our intelligence and is suggestive of its importance and value.

The Empire Steel Ladder now being shown to the people by Mr. Steeves, simple and strong in its construction, durable in its material and convenient and easy of handling, is an article indispensable to all who own buildings. The ladder being made in sections with joints, can at once be suspended from a window, or drawn over the roof of a barn, or attached to any roof of house, barn or outbuilding. In case of accident by fire the ladder is indispensable.

The writer has no interest whatever in the company or firm who make and sell this ladder. But because of serious loss of fire several years ago and of the practical value and utility of the ladder in case of fire, and in many other conditions in which the cumberous wooden ladder is used, he has no hesitation in endorsing it. G. E. DEWITT.

Spring Millinery Opening.

A bright spring day and good walking brought out the ladies of Wolfville and vicinity on Wednesday in force. The centre of interest was J. D. Chambers' new millinery parlors. The new rooms are bright and attractive. The decorations and finish harmonize in an artistic manner, to arrest the attention. About twice the floor space of the old rooms is utilized to advantage with show tables and cases. Adjoining the main room a section of the carpet department has been fitted up as a rest room with beautiful rugs, cosy chairs and curtains and draperies. This adds much to the comfort of customers.

About thirty five or forty show hats were exhibited, besides trimmings and ready-to-wear hats. These were evidently appreciated judging from the large number sold and orders taken for Easter.

Hats are shown to suit all ages and styles of beauty, from the small, neat effects to the large picture hats. We do not attempt to describe the details of their construction, only to say that the universal opinion was expressed that they are certainly stylish and pretty and very moderate in price.

Children's Colds Must be Cured

There will then be less weak lungs and consumption in later life.

Did you ever think of it in this way? It is the neglected cough and cold that leads to the dreadful lung disease sooner or later. From repeated colds the lungs are weakened and there comes pneumonia or consumption with their dreadfully fatal results.

Because it is prepared from linseed, turpentine and other simple but wonderfully effective ingredients, Dr. Chase's Syrup of Linseed and Turpentine is particularly suitable as a treatment for children's coughs and colds.

Croup, bronchitis and even whooping cough yields to the influence of this great medicine.

Mrs. John Chesney, Innerkip, Ont., writes: "Dr. Chase's Syrup of Linseed and Turpentine cured my little girl of whooping cough when the doctor had given her up and since then we always keep it in the house as a treatment for coughs and colds. It is the best medicine we ever used."

There is no getting round statements such as this. Dr. Chase's Syrup of Linseed & Turpentine, 25 cts. a bottle, at all dealers, or Edmanson, Bates & Co., Toronto.
