THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

mode of judging was new to Canadians, and certainly not in favor with them. The judges never compared one animal with another, but with book and pencil in hand and trying to look very wise, began to mark down so many in points, the beast getting the highest number in points from a majority of the judges, getting a medal or diploma. But I believe the judges handed in their books and many of them were away to their far of homes, while some expert in point lore will sit down at his desk and make the awards from this jumble of figures. Now while a great number of cattle will be awarded medals, the tens of thousands of people that went to see those cattle will never know which were the best animals. What brought Mr. Ackers across the Atlantic, or Canadians across the border, but to meet in the prize ring and carry off the prize cards, or be fairly beaten? One part of the programme the American board would not carry out, although the Canadian commissioners and exhibitors insisted that it should be. It was a sweepstake prize for the best bull, any age or breed, also for the best cow or heifer any age or breed, but as these high honors were likely to come to Canada, and being the only part of the programme the world could understand, they acted meanly in the extreme, as they do in all their dealings with Canada, by withholding the competition, as R. & J. Hunter's bull would undoubtedly have carried off the highest honors. We were warned to bring out our bulls at certain times, at the sound of the bugle, and as there was a band it had the effect of drawing in the crowd. Mr. Rudd disposed of his two Devon bulls, but a notice, without one hour's warning, was posted up, prohibiting all sales within two days of the close, or it would detain all the stock for at least two days after, so the consequence was that Mr. Rudd had to bring his bulls home, one of them having to go back to Lancaster county, within forty or fifty miles of Philadelphia. Now why should this be the case, for there is no duty on breeding stock and there were only three cattle on the train that came under the tariff. Why should there be so much red tape that a clearance could not be got in less than two days. I should like to have the commissioners explain. Another thing I would like to know is why we were run over the different roads as way freight, for it took us about five days each way. We only travelled at the rate of five miles per hour. Why this should be so I would again ask the commissioners to explain.

Yours truly,
GEO. HOOD.

## THE DIAMOND FIELD.

### The Tecumsehs to Fly the 1876 Championship Pennant.

THE DAILY HERALD of October 19th contained the record of the Maple Leaf Club, of Guelph, for the season of 1876. No remarks were then offered by this journal regarding the matter of the championship for this year, as the Judiciary Committee were to meet at Hamilton on the 27th to decide to which club it belonged, and any discussion would have been decidedly out of order, as the case was then *sub judice*, in consequence of the peculiar circumstances the playing for the season had assumed. The HERALD was content to let the home club stand on its own merits, feeling sure that the Committee would do, as far as the members of it saw, what was right and just. From the report of the Guelph representative, this seems to have been the case, and at the meeting the best of fraternal feeling prevailed, notwithstanding the different opinions held. The Committee is composed of the following gentlemen:—E. M. Moore, London; W. McPherson, Toronto; T. Harris, Hamilton; E. Collins, Dundas, and A. Weir, Guelph, and they were all present with the exception of Mr. McPherson, of Toronto. The first business was to receive the records of the clubs which had contested for the championship, which were as follows:—St. Lawrence, of Kingston; Standards, of Hamilton; Tecumsehs, of London; and Maple Leafs, of Gifelph. As no record had been received from the Toronto club, the games played with it were not taken into consideration, it being evident that its managers believed it to have no claim on the championship. With the consent of the Committee, Mr. H. German and Mr. Adam Weir were allowed to appear on behalf of the Tecumsehs and Maple leafs respectively. When the Committee took up the business which next followed, that of deciding according to the records presented, Mr. German protested against the records of the St. Lawrence and Standard clubs. He

copies of the constitution and congregation, and a number of tickets were also secured. * * * I hope the members will work more co-operatively for the promotion of the good work of the Association, and there is no doubt that if we put forth our best efforts God will bless our endeavors, however weak. It is with feelings of regret and sorrow that I have to report the death of one of our members, H. Newton Cossitt, the circumstances of which are so well known. At the last meeting a motion of condolence was passed to the parents and relatives of the decrared. And now as I retire from this honorable position, it is my earnest prayer that God may bless and prosper the work of the Association abundantly.

Respectfully submitted.
W. W. McALLISTER,
Secretary.

The election of officers was then proceeded with, Messrs. Somerville and Watson being scrutineers. The ballots declared the following elected as officers:—

President—Mr. John Rogers.
Vice-President—Mr. Wm. Bruce.
Secretary—Mr. W. W. McAllister.
Treasurer—Mr. Geo. Wardlaw.
Managing Committee—Miss McNaughton, Miss N. Inglis, Miss McIntosh and Messrs. Gee. Bruce, jr., and Joseph Bruce.

The question, "Resolved, that gold exerts a greater influence than beauty," furnished the topic for an impromptu debate, the leaders being, affirmative, Mr. W. J. Watson; negative, Mr. John Rogers. Mr. Alex. Grey spoke on the affirmative side also, and the audience decided that the negative had presented the best arguments.

The usual devotional exercises brought a most successful and pleasant meeting to a close. The next meeting will be held on Friday evening next.

The Walkerton people are agitating for further railway facilities and connection with London and Stratford.

FARMS SOLD.—Mr. James M. Adie has sold the end half of lot 8, con. 3, Garafraxa, to Mr. Milne, from near Ocillia, brother of Mrs. Hill, of Douglas, for $5,500. It contains 100 acres of excellent land, 85 acres nearly clear of stumps. There is a good dwelling, frame barn 30x50, good stabling, root house, orchard &c., on the premises. Mr. Michael Burns has sold the north-east 50 acres of his farm, lot 8, con. 2, Garafraxa, to Mr. Wm. Rennie for $1,900. There are no buildings, and only very middling fences, but the land is of first quality, and the price is not too high.

ORANGEISM IN NASSAGAWEYA.—The Toronto *Orange Sentinel* says:—"And still they come. Truly has it been said 'That the Gunpowder Plot shall ne'er be forgot.' This time it is L. O. L. No. 1184, located in the township of Nassagaweya, which will celebrate this ancient anniversary, on Monday, November the 6th, in the Township Hall, and we are happy to learn that the proceeds accruing from the source are to be appropriated towards a fund for the erection of an Orange hall. Bro C. Acton Burrows, of Guelph, and other prominent members have consented to be present and address the meeting. Bro. J. A. Stokes has been appointed secretary of the committee, and every arrangement necessary to make this entertainment a great success will be made by the committee. We hope every person with Orange sympathies in Nassagaweya will make it their business to be present, as the object is worthy of their most hearty and entire support. We hope to see this movement adopted far and wide in this Dominion. Let the brethren everywhere unite in raising homes for Orangeism, and our word for it, the day will soon come when Orange incorporation will be an accomplished fact in Ontario."
