British and Foreign.

RABBINICAL HEBREW is included in the Oriental language course which Columbia College has made part of its curriculum. Dr. Richard Gottheil is at the head of the department.

REV. JAMES WHITE, of Carrickfergus, has been presented with a purse of $1,500 at the celebration of his jubilee. His church is one of the oldest in Ireland, having been organized in 1620.

AMONG the negroes of Georgia there are only five genuine D.D's. In Atlanta, Bishops Turner and Gaines; in Athens, Dr. W. D. Johnson; in Savannah, Dr. Love. Rev. C. C. Fisher, of Atlanta, is also a D.D, we believe.

A WATER famine in Jerusalem has caused severe suffering. A letter of thanks for a cheque sent from London as a gift for water for poor Jews, says that in the Jewish quarters alone nine hundred children died in the summer.

A VETERAN of the Mexican war, a member of Walnut Street Baptist church, Louisville, Ky., receives a pension from the United States government, and he devotes it to sustaining the Baptist missionary work in Mexico.

THE London Salvation Army's self-denial week will probably result in an addition of £5,000 to the fund. Many of the officers have abstained during the week from milk, tea, sugar, or meat, and have devoted the money thus saved to the fund.

THE Omaha *World* says that a High Church rector of New York has concluded to abandon the confessional, as nobody comes to it except a few women just returned from Europe, and he cannot waste three hours a day any longer in listening to smuggling stories.

FRENCH Methodism is rejoicing over the opening of a chapel at Rouen. The opening services were of unusual interest, and drew together a larger congregation than was expected. The building is in the Rue Grand Pont, near the great Roman Cathedral.

THE Czar of Russia has devoted a million roubles and an estate worth three hundred thousand roubles a year to the foundation and maintenance of a blind asylum in St. Petersburg, in honour of his parents, to be called the Alexander-Marien Institute.

SATURDAY, October 13th, was the Feast of St. Edward the Confessor, and in accordance with their usual custom, certain Roman Catholic pilgrims knelt at the shrine of the King in Westminster Abbey, and offered prayers for the conversion of England to the ancient faith.

THE legal question as to whether a Methodist minister, on account of being liable to removal at the order of the bishop from one part of the State to another, and even from one State to another, is a citizen, has just been decided in favour of the Methodist clergy by the Supreme Court of Iowa.

ON the opening day of the College year at Rutgers College, President Gates received from a friend of the college a subscription of $10,000—the first gift toward a new endowment fund. Three new buildings connected with the college work have been begun or finished within the last year.

PREACHING in St. Stephen's Free Church, Glasgow, Rev. A. Ogilvie, of Coatbridge, said he sympathized with those who are afraid the Church is getting to be too much taken up with doctrine. In the early days of the Church it was not so much taken up with doctrine as with Jesus Christ Himself.

THE mission house of the French Protestant churches was recently opened in Paris. This beautiful building, which cost 242,000 francs, is more than the centre of the administrative machinery of French Protestant missions. It is an institution in which missionaries may obtain a training afforded by no other school.

THE eldest son of King John of Abyssinia was lately married to the daughter of the King of Shoa. On the wedding day the bride wore what is said to be the "Queen of Sheba's crown," which, according to native record, has been in the possession of the Ethiopian kings for the last twenty-five centuries.

THE Foreign Missions of the Unitarians of the United States are not extensive. At the late meeting of the American Unitarian Association $500 were appropriated in aid of the Unitarian church, Buda Pesth, Hungary, for the year 1888; and $3,000 were appropriated to pay Rev. Arthur M. Knapp for missionary services in Japan for the coming year.

CANON WILBERFORCE, of England, writes from Dublin, Ireland, to his parishioners, giving some of his observations while in that city. He calls both the Protestant and Catholic cathedrals of Dublin "memorials of drink," St. Patrick's cathedral having been built from the proceeds of porter brewing, and Christ church cathedral from the profits of whiskey distilling.

THOMAS STRAWBRIDGE, an Irishman, resident in Springfield, Ill., at his death left $1,000 each to the Methodist, Baptist and Presbyterian churches of that city upon condition that once each year they cause to be preached from their pulpits a sermon on "The Goodness, Sweetness, Mercy and Unbounded Love of Jesus as the Redeemer of the World." The sermons were preached for this year in four churches there the second Sunday in October.

ONE of the evangelists of the Synod of Kentucky reported to Synod that during the year he had preached four hundred and sixty-six sermons, visited seventeen churches, received four hundred and eighty professions of faith, the mass of whom united with the Presbyterian Church, though at Cattettsburg, thirty of them united with the Methodists. Nine church buildings had been completed, which have cost between $20,000 and $22,000.

REV. F. E. CLARK, of Boston, "Father" of the Young People' Society of Christian Endeavour movement, and president of the National organization, has been elected a corporate member of the American Board of Foreign Missions, and not only that, but was immediately made a member of the Prudential Committee. This probably foreshadows an effort which will be made to arouse missionary enthusiasm *in the Y.P.S.C.E., and make it an instrument* for increasing the constituency of the great missionary boards.

THE appeal of Prof. C. E. Smyth, of Andover, was called at the session of the Massachusetts Supreme Court, full bench, at Salem. A motion was made by appellant's counsel for the appointment of a commissioner to take testimony in reference to the allegation of prejudice and undue influence affecting the decision of Dr. Eustis. If the commissioner is appointed he will probably proceed at once to take testimony; but it is understood that the main case before the full bench will not be reached at this session.

IT is reported that Isaac Y. Williamson, one of the wealthiest men in Philadelphia, would in the near future give to the city an institution similar to Girard College. The institution will be an industrial school for manual and intellectual training, with aims, in one sense, superior to those of Girard College. Its beneficiaries will not only have the advantage of a thorough grounding in a public school education, but will be turned out thorough mechanics, with a perfect understanding of a profitable trade, free of charge.

THE second day of the Conference of Northern Presbyteries—presided over by Rev. W. A. Walton—was mainly devoted to a spirited discussion on the "Proselytising Efforts of the State Church." A paper on "Guilds and Social Gatherings" was read by Mr. Meikle, of Sutherland. The physical training of the young, he said, was important, and young men and maidens, boys and girls, should not be left to their own devices in the matter, and gymnastic exercise should be pursued with a two-fold aim—raising the tone of health and mental stimulus and moral control. This work had, with few exceptions, been neglected by the Christian churches.

SAYS the Glasgow *Christian Leader*:—Dr. Aird, Moderator of the Free Assembly, at a meeting of the church at Lairg to renew the protest against Sabbath desecration, said he had never seen such a large gathering in the church on any ordinary Sunday in his experience. Many were present from the neighbouring parishes of Creich and Rogart, though the night was very wet. The meeting lasted upwards of three hours, during which laymen as well as ministers spoke with vigour in defence of Sabbath observance. Rev. Mr. Noble said Sir Spenser Wilson was the most public Sabbath breaker, though there were others as bad as he. Dr. Aird asked what would Mr. John McKay, formerly minister of Lairg, have done? In his day a man refused to obey the Church, and Mr. John McKay put him upon the island of the loch, and there left him till night. When night came the man feared the fairies would seize him, and cried for pardon till the minister relieved him. Resolutions were passed expressing approval of the action taken by Mr. Noble and the people of Lairg.

THE meeting of the Princeton College Board of Trustees, which was held November 8th, had an important bearing upon the future of the institution. Dr. Patton presided and announced that $80,000 had been given to the College, $50,000 of which was to be used for scholarships, and the balance was to be devoted to whatever the trustees thought proper. It is very probable that the money will be devoted to the building of a new dormitory, of which Princeton stands sorely in need, since the present dormitories are now crowded, and at least two-thirds of the freshmen have rooms in town. Mr. McKay was elected assistant professor in chemistry and mineralogy, and Mr. Marcon Miller assistant professor in English. The following degrees were also conferred:—The degree of D.D. upon Rev. M. L. McAtee, '59; Rev. J. H. McIlvaine, '66; Rev. Howard Duffield, '73, and Rev. Geo. W. Knox, professor in the Imperial College at Tokio, Japan. The degree of Lit. D. upon Rev. Dr. J. M. Ludlow, '61; the degree of Ph.D. upon Fletcher Durrell, '79, Professor in Mathematics at Dickinson College, Carlisle, Pa.; Malcolm McNeill, '79, and Rev. George W. McMillin; the degree of A.M. upon Clinton McCullough, Upton, Jed. The $50,000 was given by Mrs. Susan D. Brown, of Princeton. The rest of the $80,000 was given by friends of President Patton in amounts of $5,000 and less.

Special Notices.

A JOURNAL has been started in Japan, the object of which is to propagate Buddhism in Europe and America.

CATARRH.

A NEW HOME TREATMENT FOR THE CURE OF CATARRH, CATARRHAL DEAFNESS AND HAY FEVER.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists, Tyndall, Huxley and Beale endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal, and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by any application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease.

So highly are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite, of which they no nothing, by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females (whites) this remedy is a specific.

Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—*Scientific American.*

Sufferers from catarrhal troubles should carefully read the above.

THE Cumberland Presbyterians have 286 preachers and 20,210 members in the twenty-three presbyteries composing Texas Synod.

ADVICE TO MOTHERS.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhœa. 25c. a bottle.

DANIEL HAND, of Clinton, Conn., has given to the American Missionary Association $1,000,000 in trust for the education of Southern negroes.

VICTORIA, B.C., October 30, 1888.
Carbolic Smoke Ball Co., Toronto, Ont.

GENTLEMEN,—In reply to your request for a testimonial as to my experience with your Carbolic Smoke Ball and Debellator, I take great pleasure in stating that I have used the Smoke Ball personally two years ago for nasal catarrh and slight deafness, while practicing in San Francisco—at the request of Dr. Spinner—and I frankly confess that my prejudices were removed, and my catarrh completely cured, nor has there been the slightest symptoms of the return of either since the third application. I have recommended its use to hundreds of my patients, and in every single case have experienced the most satisfactory results. I am, gentlemen,

Yours faithfully,
G. HAMILTON GRIFFIN, M.D.

Cures Catarrh, Asthma, Bronchitis, Whooping Cough, Croup, Loss of Voice, Ulceration of the Lungs, Ulcerated Sore Throat, Diphtheria, Quinsy, Catarrhal Deafness, Nervous Neuralgia and Congested Head Ache, etc. Thousands of Testimonials of cures effected. Free test at our parlors. For sale by all druggists. Price $3 00, by mail 8c. extra.

CARBOLIC SMOKE BALL CO.,
164 Yonge Street.

THE Rev. Dr. William C. Van Meter, aged sixty-eight, a well-known evangelist and missionary, died October 31st, at Rome, Italy, where he was engaged in his work.

THE TRIUMPHANT THREE.

"DURING three years' suffering with dyspepsia I tried almost every known remedy but kept getting worse until I tried B. B. B. I had only used it three days when I felt better; three bottles completely cured me." W. Nichols, of Kendal, Ont.

A REVIVAL has been going on simultaneously in different parts of Japan. As a result, the increase in all the churches of Tokio cannot be much less than a thousand. Yokohama has also enjoyed a rich blessing.

FOR FROST BITES.

THERE is no better remedy for frost bites, chilblains and similar troubles, than, Hagyard's Yellow Oil. It also cures rheumatism, lumbago, sore throat, deafness, and lameness and pain generally. Yellow Oil is used internally and externally.

PHILIP PHILLIPS, "the singing pilgrim," as he is familiarly called, is once more making a visit to England, and purposes spending the remainder of 1888 in the north of England and Scotland. Early in 1889 he will hold services in and about London.

AN OPEN LETTER.

Messrs. T. Milburn & Co. Nov. 25th, 1886.

I WISH I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N. S.

AT an exhibition given recently in the Academy of Music, New York city, the Fox Sisters, of Western New York, who have been credited with the origin of modern Spiritualism, publicly avowed their long course of deception. The raps were produced by a peculiar movement of the lady's big toe.

Dr. Pierce's Pleasant Purgative LITTLE Liver Pellets. The Original. LITTLE LIVER PILLS.
BEWARE OF IMITATIONS. ALWAYS ASK FOR DR. PIERCE'S PELLETS, OR LITTLE SUGAR-COATED PILLS.
Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a laxative, alterative, or purgative, these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

$500 REWARD
is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with crabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians. By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "cold in the head," Coryza, and Catarrhal Headache. Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. Hayenes, the famous mesmerist, of Jackson, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning I could hardly speak at all. My friends almost thought I was no more. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. ROBBINS, Esq., 2000 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

SIT ROBBINS, Dunnegan P. O., Columbia Co., Pa., says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

In all the world OPIUM Habit. The Dr. J. L. Stephens Cure is not one of those remedies that, instead of curing, only add another habit to the one you are for. Other treatments are humbugs. We have cured more than [illegible] PAYNE, Cor. Jefferson and Erie, and refer to the Dr. J. L. Stephens Co., Lebanon, Ohio.

Rheumatism Entirely Cured

I suffered badly; pained and stiff at times; could neither raise nor lower my arms, or scarcely write; had to be assisted in putting on my clothing; took different prescriptions, remedies without any benefit. A friend, who had suffered like me, found relief and so advised me to

Use ST. LEON WATER

Thankful I did, so I soon felt relief. Continued to use it freely, and am now entirely cured—free from stiffness and pain. Also my whole system is toned up to perfection; never felt better in my life. With greatest pleasure I recommend ST. LEON.

A NEW LEASE OF LIFE—CURED WITHOUT MEDICINE.

All diseases are cured by our Medicated Electric Belts and Appliances. On the principle that electricity is life, our appliances are brought directly into contact with the diseased part. They act as perfect absorbents, by destroying the germs of disease and removing all impurities from the body. Diseases are successfully treated by correspondence, as our goods can be applied at home.

READ OUR HOME REFERENCES:

Henry Conway, 44 Centre Street, cured of intermittent fever in ten days, one year's standing; used Actina and Belt. Mrs. S. M. Whitehead, 378 Jarvis Street, a sufferer for years, could not be induced to part with our Electric Belt. Mr. J. Fuller, 441 Centre Street, coughed eighteen months; cured in two treatments by Actina. J. McQuaig, grain merchant, cured of rheumatism in the shoulders after all other remedies failed. Wm. Weeks, Parkdale, sciatica and lame back, cured in fifteen days. Wm. Nelles, Thorncliffe, cured of lame back, pain in breast and dyspepsia, after being laid up all the winter. D. K. Mason, 11 King west, cured of Catarrhal stomach by Actina. Edwin Gale, Glencoe, cured of lame back in ten days; belt ordered by his physician. Mrs. C. M. Tyler, 271 Berkeley Street, cured of nervous prostration. D. K. Bell, 135 Simcoe Street, cured of one years sleeplessness in three days by wearing Lung Shield and using Actina. L. B. McKay, Queen Street, tobacconist, cured of headache after years of suffering. Miss Annie Wray, Manning Avenue, music teacher, finds Actina invaluable. Mr. Green, Thorncliffe, cured of pain in the back and kidneys, said to be Bright's disease. E. Biggs, 230 Adelaide west, cured of Catarrh by Actina. G. S. Pardee, 51 Beverley Street, cured of lame back after all medicines failed. Miss Delia Clayton, Toronto, cured of paralysis after being in the hospital nine months. Mrs. Andrews, Thorncliffe, cured of rheumatism and hip disease; could not walk without a cane. John Thompson, 100 Adelaide west, cured of a tumor in the eye in two weeks by Actina. Mrs. Darwent, 266 Clinton street, cured of a long-standing case of pain in the knee.

"Your Belt and Suspensory have cured me of impotency," writes G. A. "I would not be without your Belt and Suspensory for $50," writes J. McC. "For general debility your Belt and Suspensory are cheap at any price," says S.M.C. These letters are on file. Mr. McClinchy, Thorncliffe, cured of rheumatism in back and legs; very bad case; laid up a long time. Many more such testimonials on file.
