SPORTING NEWS

EDMONTON CAPS WON FROM S'CONA

In Game in Strathcona, Score 6-3. Edmonton Looks to Have the Goods.

Edmonton defeated Strathcona in the first lacrosse match of the season yesterday afternoon by a score of 6 to 3. The game was not fast, but it was a good exhibition of lacrosse, and showed that both cities have first-class lacrosse players and team worthy of their support. At no stage of the play were Edmonton's chances in danger. The players did not bestir themselves to their limit but contented themselves with the comfortable lead secured early in the game. They showed what they could do once in a while and look to have the best team that ever went on the warpath for the Capital. Their combination work and passing was the winning article all right.

It would be hard to pick the best of the bunch. It would be easier in a good hard contest. The new-comers Turner, McCarrey and McKinnon, can travel with the fastest and add greatly to the strength of the team. The old reliables are faster than ever "Gladdy" Thompson, Glass and Leask played lacrosse of the star variety, while Jones, Harris, Kelly Shaw and Crowe all played fast reliable games. Shanks, in goal, is a dandy and made some hair-raising stops. Captain Powers had a surplus of players and was content with watching the game from the side.

The outside attractions proved too strong for some of the Strathcona men, and the full team did not play. This seriously affected their showing and chances for a win. Strathcona have a good lot of players, and with the regular line-up the score might have been changed. Sheppard and Dixon, of the Capitals, helped to fill up the line, and both played a good game, Dixon getting two of the Strathcona goals. Jamieson, the point, is a crack defence man, and pulled Strathcona out of many a hard place by clucking and intercepting the swift passes of the Edmonton home. Humeston was a hard proposition to pass, generally stopping his man. Laidlaw and the two Mains played well. The others played hard, effective games, but Edmonton had it on them in team work.

This is how they lined up:

Edmonton—Shanks, goal; Leask point; McCarrey, cover; Shaw, Glass and Crowle, defence; Turner, centre Kelly, 3rd home; McKinnon, 2nd home; Harris, 1st home; Jones, outside home; Thompson, inside home.

Strathcona—Renton, goal; Jamieson, point; Horibou, cover; N. Main Grundy, Humeston, defence; Sheppard, centre; P. Main, 3rd home; Laidlaw, 2nd home; Clarridge, 1st home; Armstrong, outside home Dixon, inside home.

Referee: Dr. Buggins.

Umpires: Mitchell and Jackson.

Timekeepers: Kemp and Hill.

The Play.

First quarter—Leask secured, made a great run, passed to McKinnon, who ran through a deluge of sticks, but his shot was high. A few swift passes and Thompson slammed the ball into the net. Edmonton was playing a great game, and Harris scored on a pass from Thompson. Strathcona got possession and a mix-up ensued near Edmonton goal. The ball travelled behind the nets, and on the pass out Dixon scored for Strathcona. The next was easy for the Capitals, and Thompson scored in a minute. Strathcona fell down on a good chance. Edmonton 3, Strathcona 1.

The second quarter was the fastest of the game. Edmonton started in with a rush. Their combination was great, and Turner added another. McCarrey starred by a dodging run through the Scona line. A few lightning passes and Jones was rewarded by the bulging of the nets. Sheppard worsted Turner in the draw, and a goal shot by Dixon. Just to show there was no hard feeling, Harris put in another for Edmonton. Things looked promising for Edmonton when the whistle blew for half time. Edmonton 6, Strathcona 2.

There was nothing doing the third quarter. Strathcona was playing the game, and Shanks was called to save several times. He was cool as ice, and kept his head, stopping some hot ones with ease. Clarridge had an easy chance, but shot poorly. Edmonton made a few rushes, but Jameson and Renton kept them out, and no scores resulted.

Strathcona started the fourth with a determination to win. They scored in a minute by a pretty bit of team work, in which Laidlaw, Sheppard and Main were conspicuous. Edmonton had an opening, but Kelley missed. Renton got a call, but saved. Hueston was playing hard, stopping promising rushes effectively. Edmonton tried to notch another, and kept Scona's defence busy for a while. Time was called with the teams trying for possession in midfield. Score—Edmonton 6, Strathcona 3.

It was a beautiful day for lacrosse and a good crowd witnessed the game.

FOOTBALL.

The second match of the Intermediate football schedule will take place this evening on the Exhibition grounds at seven o'clock between the Caledonians and the St. Paul's.

The Thursday evening football match between the Intermediate All Saints and Edmonton resulted in a win for Edmonton by a score of 3 to 2. All Saints had the better of the play at the start and at half-time were leading 2 to 1. The game was a good article of football, and most of the players showed senior form. E. W. Dodds refereed, and Messrs. Marsden and Short acted as linemen.

MEDICINE HAT WON BOTH GAMES

Trimmed White's Bunch Thursday 5-1 And Victoria Day 3-1

Edmonton lost both Thursday and Friday to Medicine Hat. Thursday's game the Hat won on its merits, but yesterday's game was a hard-luck loss for Edmonton. The Deacon's contingent hit oftener than the Hat, but the bunching of three errors in the third lost the game for Edmonton.

Calgary won both games from Lethbridge.

Edmonton 1, Medicine Hat 3.

Medicine Hat, May 24—Fate seems to smile on Medicine Hat, for they won today's game with only three hits off Crist by a score of 3 to 1. Edmonton took eight hits off the Hat's crack twirler, but they were scattered so as to do no good. Crist was certainly unlucky. Three errors were made in the innings on apparently easy chances, and with two hits the Hat sent three runs across the plate. Wessler and Grimes made excusable errors as the grounds were in bad shape. Wheeler dropped a fly in left field, but later he made a grand catch.

Crist was invincible after the third innings. Edmonton had men on bases every innings but luck was against them. In the fourth innings, with bases full, Wheeler cracked out a long line drive right at the centre fielder. Ten feet either side and the bases would have been cleared. Grimes scored Edmonton's run in the first innings. Alexrud will pitch tomorrow. White expects to be in the game next week if either short or second. Nagle is improving. Score by innings:—

		R.	H.	E.
Edmonton	100000000	1	8	4
Medicine Hat	03000000x	3	3	2

Medicine Hat, May 23.—Deacon White and his all-star team were up against it good and hard to-day, when the Hat town batted McClair out of the box by hitting at opportune times in two innings, and then went after McGuicken even harder, scoring five runs in the four innings in which they played.

The score does not indicate the hard hitting which was done, the field being credited with many errors. Edmonton got one run in the fourth, through Ford cleverly stealing home, while Wessler was conducting a kick against being called out at second. Only three Edmonton men faced the pitcher in their half of the fifth, and none of them reached first. The game was then called on account of rain. Ford made a wild throw to second in the third inning, which on luck let in two runs and cinched the game for the Hat.

McClair's exhibition was bad. He walked man after man, the rain and the cold apparently affecting his control. He was taken out in the third. Twice Edmonton had the bases filled with only one out, but the hit that was needed was wanting. The score was:

Edmonton	0	0	0	1	0	0	0	1	0	1
Medicine Hat	0	2	0	2	1	x				5

Batteries: McClair, McGuicken and Ford; Pennington and Benny. Umpire: Priest.

TEST CASE OF A CITY BYLAW

Potter And McDougall Institute Proceedings Against Rival Teamster

At the police court yesterday afternoon an adjourned case preferred by A. E. Potter of Potter & McDougall, against John Trott, a bus driver for Gray Bros., Strathcona, came up for hearing. The charge was that Trott left his bus standing in front of the premises of Potter & McDougall, contrary to the city bylaw. D. H. McKinnon appeared for the defendant.

The case, which was only started last evening, promises to be a test one, as no provision is made in the bylaw for bus stands in the city, and no question of a like kind has previously been raised in the city.

Mr. Poter was the only witness yesterday afternoon. He testified that the defendant pulled up at his corner. A police officer ordered him to move off, and later witness came out and also ordered him to move, telling him he had no right to allow his horses to stand there. He stood there half or three-quarters of an hour and said he had been sent to test the case.

At this juncture the chief of police proceeded to further examine the witness, whereupon Mr. McKinnon interrupted and desired to know if the chief was going to conduct the case for the city.

The chief replied that he was, whereupon the solicitor remarked that he had on a previous occasion withdrawn the charge and allowed Mr. Potter himself to prosecute.

"I just want to know," Mr. McKinnon proceeded, "if the city of Edmonton is to be behind the prosecution."

A moment later one of the city commissioners entered the chief's office and he withdrew from the court.

Magistrate Cowan, who was conducting the case, wished to know why the complainant did not have counsel to represent him. "The case is a technical one," he said, "and you run the risk of an appeal to a higher court and additional expense if the evidence is not properly presented."

The magistrate in continuing further stated that in previous cases he had been doing considerable cross examination to bring out all the evidence. This he was going to stop in future.

Mr. Potter replied that he had made complaint to the city and did not think it necessary to employ a solicitor to prosecute and obtain his rights.

The magistrate—"Well, I am only warning you now so that you may ask for a further adjournment, and I further warn you that if the evidence is not in proper shape the case may be dismissed."

Mr. Potter—"I don't propose to get any solicitor. I appeal to the city for protection, and if I am turned down this time I will appeal again. If the law is any good I will have protection, and if it is no good we had better get one that is some good."

After considerable further argument in which the attorney for defendant joined, Mr. Potter asked for another adjournment, and the case was set down for Saturday afternoon.

EDMONTON MEN IN WINNIPEG.

W. S. Weeks and A. W. Taylor of Edmonton left this afternoon for Winnipeg after spending a day in town. Mr. Weeks, who has been living so long in the West, has not been to Winnipeg for eighteen years.—Saskatoon Phoenix.

TRIAL ON JUNE 28TH.

The trial of Charles Bunn, charged with doing grievous bodily harm to the man Pruden, whom he hit with an axe at Athabasca Landing has been set down for the supreme court session at Fort Saskatchewan on June 28th, but it is doubtful if Pruden will be in condition to attend court at that date.

The injured man is still progressing favorably towards recovery, and is now able to talk a little. Bunn is still under arrest at the Fort.

GOOD CROP AT MEWASSIN.

Mr. Fritz Frederic, of Mewassin, was in the city yesterday and left for home today. Mr. Frederic is a most enthusiastic Albertan. He had several samples of last year's crop of potatoes. One variety which he calls the "Big Busheler" yielded 700 bushels to the acre. An interesting variety among his samples is a little red potato grown in moss, which produced 24 to 28 to a hill.

Last year Mr. Frederic succeeded in growing some fine samples of corn. He says that sugar beets can be grown in that district to equal the best in Germany. The timothy at Mewassin is four inches high, and the farmers are confident of good grass and grain crops.

Mr. Frederic was in Germany this winter and in parts of Russia, where he says there are hundreds of good farmers anxious to come to Western Canada, but have no financial means to do it.

No Sympathy For This Strike.

Associated Press Despatch.

Hamburg, May 22.—The strike declared here yesterday by the German Seamen's union is without public sympathy because of the suddenness of the decision, which was taken without awaiting result of the demands sent as an ultimatum to the Ship Owners association May 20, the brunt of which was an increase from 10 to 12 1-2 cents per hour for overtime work.

Grape Crop Ruined By Eruption.

Associated Press Despatch.

Messina, May 22.—Frank Alvard Perret, of Brooklyn, N.Y., assistant director of the Royal Observatory on Mount Vesuvius, telegraphed to-day from Stromboli, saying that the grape crop had been entirely ruined by showers of wet ashes from the volcano and adding that the explosive force of the eruption is diminishing.

CELEBRATION AT CAMROSE

Two Year Old Town Entertained Several Thousand. New School Opened.

Victoria Day in the thriving town of Camrose will be long remembered by the throngs of people who journeyed there from other places, as well as by its own good citizens, as a milestone on the road to prosperity which this town has been travelling since its inauguration two years ago. The energetic citizens of the town are to be congratulated on the success which crowned their endeavors to make Camrose known as a town destined to be one of the best in the province. It was also a grand opportunity to celebrate its second birthday for but two years ago waving fields of wheat stood where now runs the main street and one small frame building was all that gave indication of the progressive little town which was to be.

Fully 2,500 people attended the celebration, and enjoyed it. One of the features of the event was the formal opening of Camrose's fine new two-storey, four-roomed public school building. The opening ceremonies took place at 6.30 in the evening and the prominent speakers present were Hon. Frank Oliver, Minister of the Interior, and Dr. McIntyre, M.P., of Strathcona.

The success of the entire celebration was primarily due to the citizens of the town, who dug down deep into their pockets and subscribed $1,000 in cold cash, with which to do the preliminary work.

The weather for the occasion was all that couldd be desired, bright sunshine, fine roads and enough breeze to make it just right. The crowd from the surrounding district and towns came in early and the regular train from Hardisty, Bawlf and Daysland on the east soon swelled the population. A special train consisting of five coaches was run from Red Deer, and connecting with the regular south bound from Strathcona at Wetaskiwin reached Camrose at 12 o'clock. This train carried a thousand people and when they poured into the town it was full to overflowing. In fact the two hotels which were the only places where meals could be procured were so rushed that many had to hie themselves to confectionary and fruit stores.

The town was gaily decorated with bunting. Huge streamers were strung across the street bearing the inscriptions "Welcome to Camrose" and "Watch the Camrose grow". On the latter was displayed the huge design of a rose, for Camrose means "a wild rose" and was called so because at one time a certain wild rose grew in great profusion on its present site. The "Camrose Mail" also had a large streamer in front of Captain Thomas' welcome to the visitors.

A long list of athletic events, foot races, jumping, pole vaulting, etc., were run off in the morning each event bringing out some good material and showing some very close contests The most interesting contest of the day was the baseball match between Wetaskiwin and Camrose for a prize of $100, which was won by the former the score being 10 to 6. The first ball of the game was pitched by Dr. McIntyre, M.P., for Strathcona, who struck out Mayor Dahl of Camrose. The batting order of the teams was as follows:

Wetaskiwin—O'Keefe, 1st; Barrett, 2nd; Moyne, 3rd; Barry, ss.; Walcott, c.f.; Murray, l.f.; Gouchee, c.; Martin, r.f.; Pitman, p.

Camrose—Jamieson, 2nd; Grady, c; Dahl, 1st, Stokes, 3rd; Price, ss.; Bowman, l.f.; Stong, c.f.; Hardy, r.f.; Vining, p.

The game was played on new grounds at the south western side of the town and a temporary grandstand capable of holding five hundred people and which had been erected for the day afforded excellent accommodation for the fans.

Immediately after the game a good exhibition of difficult feats on the horizontal bar was given by two local men, L. Larson and L. Maland lately out from Europe. The next event was a hotly contested football match between Strathcona and the All Saints of Edmonton which ended in a draw neither side having made a score. Two 20 minute halves were played and as the field was rough and heavy good football was impossible. Marsden of All Saints was injured and in the second half had to retire. The line up was as follows:

Strathcona—Goal, Borden; backs, Carmichael and Holloway; halfs, Kent Spilstead and Byres; forwards, Lamb, Hardy, Judge, Shepherd and Frume.

All Saints—Goal, Tyler; backs, Niblett and Garrett, halfs, Howland, Jensen and Chatter; forwards, Shrewel, Marsden, Allen, Magee and Moore.

A bucking contest next took place which showed one of the cowboys to be the master of the horse in any mood.

The Camrose baseball team again took the field this time against New Norway the prize being a silver cup but the latter team proved the stronger and won by the score of 11 to 6.

The running races which took place in the evening proved very exciting and some very close contests resulted showing that Camrose can develop speedy horses, as well as enterprising citizens. The new fire hall which was opened yesterday was used as a place for dancing.

About 6.30 a procession headed by the Wetaskiwin band, which furnished

(Continued on Page Six.)

WITNESSED OUTRAGE.

Becker Confesses Knowledge but Denies Personal Guilt.

New York, May 24—On being confronted tonight with the corpse of Amelia Stafeldt, Henry Becker, who was arrested yesterday on suspicion, confessed that he had witnessed the assault that preceded the murder of the fifteen-year-old Elmhurst girl. The crime was done by a companion, the prisoner said. He asserted his own innocence.

CALGARY MOB ATTACKS POLICE

Released Prisoner and Threaten to Burn The Police Station.

Calgary, May 24.—To-night a crowd mobbed a policeman and rescued a prisoner whom he had arrested for striking a woman in a theatre. The mob afterwards went to the police station five or six hundred strong, and threatened to burn it down, but went away quietly when they found the man wanted had not been recaptured.

There are a large number of strangers in the city, a larger number than ever before.

Mrs. McKinlay Dying.

Canton, May 23. — Mrs. McKinley has suffered a stroke of paralysis and the attending physician Dr. O. E. Portmar said this afternoon, that she is unconscious and there is no hope of her recovery.

FLOUR FOR THE ORIENT.

Ogilvie's Winnipeg Mills accept a Contract for More.

Winnipeg, May 23.—The demand from the Far East for Canadian flour is still on the increase. The Ogilvie Flour Mills Company today closed a further contract for 10,000 sacks for July shipment from their Winnipeg mill to China. Recent sales have been made at steadily advancing prices and additional offers are under consideration. Ogilvie's sales to the Orient have now crossed the 200,000 mark.

Thief Cut Live Wire.

Hamilton, Ont., May 23.—A nervy thief appeared in the police court this morning. He was Harry Smith, an electrician, and the charge against him was for stealing 700 feet of copper feed wire from the H. G. & B. Electric Ry. Co. Smith climbed a pole east of the city limits and cut the wire while the current of several hundred volts was passing over it. He protected himself by the use of a pair of rubber gloves. He pleaded guilty to the theft charge, and was remanded for sentence.

Laurier Will Leave on June 1st.

Paris, May 23.—Sir Wilfrid Laurier, Premier of Canada, spent the day making official visits. He will sail for home on June 1st.

Two Suffocated in New York Hotel.

Utica, May 23.—The fire in the Metropolitan Hotel shortly after midnight, caused less than $5,000 damage. Mrs. Hannah S. Zintzmaster, an employee of the hotel, and George James, a guest were suffocated in their rooms and died before the firemen got them to the street. Six or seven persons were overcome with smoke and had to be carried out by the firemen.

Funeral of W. F. Luxton.

Associated Press Despatch.

Winnipeg, May 24.—The funeral of the late W. F. Luxton took place this afternoon at 2 p.m. from the residence on Graham avenue, to Holy Trinity church, and thence to St. John's cemetery. Archdeacon Fortin conducted the services at the church. The members of the typographical union and the "Old Timers Press" attended the funeral in a body. The pall-bearers were R. H. Roblin, Hon. Robert Rogers, Hon. William Hespeler, James Fisher, Sheriff Inkster and Professor McDermid.

Two Halfbreeds Drowned.

Selkirk, May 23.—A fishing boat, containing five halfbreeds from St. Peter's reserve near here capsized and two of the men were drowned. The othrs were saved by the crew of the tug, Frederick, which was nearby.

STRAYED from the farm of W. Brazil (56-2 w 5), 2 light grey horses, about 1,150 lbs., one branded 10 on hip, other not branded. $10 reward. Address above, Sion P.O.

STRAYED from the farm of Alfred Grey, Onoway, Sunday last, a dark brown gelding five years old, weight 1,300, white star on forehead, branded 3S on left hip; 70 on right hip; had halter on. $10 reward for return.

STRAYED—From the farm of T. A. Brazil (56-2w5), one Bay Horse, 1,300 lbs; one Dark Brown Horse, 1,300 lbs., both branded Q on shoulder, and one Roan Horse, about 960 lbs., white face and markings, branded W on hip. $10 reward for return of said horses. Address Sion P.O.

WANTED—For Egg Lake, S.D., No. 429, female teacher, Catholic preferred. Duties to begin June 1st. Apply with references to T. J. Dwyer, Secretary, Egg Lake P.O., Alta.

CANADIAN OF CANADIANS

An Appreciation of Sir Wilfrid Laurier in the English Magazine Canada.

All Canadians do not approve of the politics of Sir Wilfrid Laurier, and when some vexed question of domestic policy is being threshed out at Ottawa very hard things are sometimes said against him in the opposition press. But even the bitterest of he statesmans' opponents have no bitterness for the man himself, whose sweet reasonableness and fine courtesy and singular gift of saying the right thing at the right time in the right way have earned the affectionate regard of every citizen of the empire. None of his predecessors, not even "Sir John A." or Sir John Thompson, or any of our high commissioners, has ever been such an ideal representative of the twofold Canadian nation. In the eyes of the staya-t-home Briton he does more than represent Canada; he is Canada. As in London, so in Paris—he is admired as a man of the world, combining in his person all the characteristic gifts of both the English-speaking and the French-speaking types of Canadian. During his present visit to the mother country he has made many speeches, non of them very long and on each and every occasion he has contrived to say just what every Canadian present would like to have said, had the opportunity and the orator's genius been given to him. At the great lacrosse match at Lord's on Saturday, in which a scratch English twelve put such a good fight against the fine team-play of the Capitals, his speech consisted of four sentences, and each of them went straight to the mark. Another instance of his power of setting forth happy thoughts in happy words occurred when h ereturned thanks in Westminster Hall for the hospitality of the Mother of Parliaments. He had to follow Sir Henry Campbell-Bannerman and Mr. Balfour, both of whom are admirable speakers on ceremonial occasions when party controversies are forgiven and forgotten, but his speech lost nothing by contrast with the more elaborate efforts which preceded it. What could be better than his description of the time-honored hall as "the cradle of British freedom, in which the British constitution, to use the expression of Tennyson, has broadened down 'from precedent to precedent,' until it now embraces a world-wide empire?" At times it is forgotten that, of all the statesmen of Greater Britain, Sir Wilfrid has the widest and deepest knowledge of the long political history of the mother country; that, in the opinion of the ablest students of the evolution of parliamentary government, he is equal in this respect of any British statesman now living. "I would say," he remarked, alluding to his early studies, "that the first time I visited this hall, and especially those other buildings of the two houses, the whole of my youthful reading came back to me with an intensity never expressed before. It seemed to me that I saw and heard those masters of statecraft and eloquence—Fox and Pitt, Burke and Sheridan, Canning and Peel, O'Connell, Disraeli and Gladstone."

In conclusion, he expressed his belief in the utility of the labors of the conference: "We shall go back to our own countries more impressed than ever—more impressed than ever, I repeat—with the sense of Imperial unity, coupled with and based upon local autonomy." We wish it were possible to convey to our readers at home beyond the Atlantic a clear impression of the compelling charm of the speaker's manner. The cold black-and white of print is altogether inadequate for such a purpose. We can only warn those who have not seen and heard Canada's representative day by day in the Imperial city that they can have no idea whatever of the value of one who thinks and speaks always in the "grand style" to a new country eager to have the prestige it deserves among the makers of western civilization.

Butter Direct From Milk

The Ideal Butter Separator will take Butter direct from Sweet Milk in Seven Minutes. It will also take it from Sour Milk and Sweet and Sour Cream. It costs but $24.00 for 7 gal. size; $35.00 for 15 gal. size; and $40.00 for 24 gal. size. If you are interested write for particulars. This Butter Separator does away with the Cream Separator and Churns of all kinds. It separates the butter direct from the Sweet Milk in less time than a Cream Separator separates the Cream from the Milk. Our Ideal Butter Separator combines both the working qualities of the Cream Separator and the Barrel Churn at a less cost than either one or the other.

EVERY SEPARATOR GUARANTEED TO DO AS REPRESENTED.
AGENTS WANTED.
