Cumminger, and Charles Burns, to be members of the School Board for the District of St. Mary's.

John Cumminger to be a Justice of the Peace.

In the County of Victoria:

G. J. A. McKeen, M. D., to be a Coroner and Health Officer of the Port of Baddeck.

Alexander Munro and Alexander Cameron, to be Commissioners of Schools.

J. W. Burke, Jesse Roper, W. L. Brown, Jas. Sparling, and Alexander Cameron to be Justices of the Peace.

Donald McLean, and James Sparling to be Commissioners for giving relief to Insolvent Debtors, and for taking Affidavits to hold to Bail in the Supreme Court.

In the County of Lunenburg:

Edward Knock, Benjamin Himmelman, and Lewis Anderson to be Justices of the Peace.

In the County of Pictou:

Robert Fraser, John Halliday, Wm. Mickle, and John McPhee, to be Justices of the Peace.

In the County of Shelburne:

Thomas West Wilson, Israel S. Crowell, and Wm. B. Smith to be Justices of the Peace.

In the County of Colchester:

Ebenezer Fales, Amos Fountain, and Ferguson McNutt, to be Members of the Board of Health.

His Excellency the Lieutenant Governor, by the advice of the Executive Council, has been pleased to establish the Port of Five Islands, in the County of Colchester, to be a Port of Entry and Clearance, and to appoint Andrew Y. Corbet, to be a Collector of Colonial Duties at that Port.

SHAMEFUL.—On Monday night last, during the time the Victoria Rifles were drilling, some mischievous person threw a stone through one of the panes of glass, covering some of the men with its fragments, and shortly after the gas was turned off, leaving the Volunteers and onlookers in darkness. Such proceedings are a disgrace to the young men of the city, and we trust that any recurrence of the same will be severely punished, so as to make an example of the offenders.—*Rep.*

SABBATH SCHOOL SOIREE.—The children belonging to Poplar Grove Presbyterian Church were treated to a Soiree on Saturday night last. There were about one hundred children present, besides teachers and grown-up friends. At about half-past six the youngsters commenced the attack on the tables, after which they amused themselves in their own peculiar way for some time. Some beautiful pieces were then performed by the choir, aided by a melodeon; and the children sang several rounds and songs with good effect. At nine o'clock the Doxology was sung, and shortly after, all separated highly pleased with the evening's enjoyment.—*Ib.*

TRIAL OF VICTORIA.—The first trial in Halifax of the "Victoria" Steam Fire Engine took place yesterday in front of No. 6 Engine House. She acquitted herself with throwing a continuous stream from a 1 1-8 nozzle, to an immense height. His Excellency the Earl of Mulgrave, General Trollope, and many other celebrities were on the ground, and expressed themselves well pleased with the performance.

To-day the "Victoria" had another trial on the Grand Parade, and her performance gave much satisfaction. No one who experienced the working of this beautiful piece of machinery, could fail to admit its vast superiority over the old hand engine.—*Ib.*

A TELEGRAPH ROUND THE WORLD.—Information has been received in Washington, showing that under the sanction of the Russian Government, lines of telegraph have been established from Moscow to Kazan, and thence are extending eastwardly through Siberia, in order to connect with the numerous Russian military posts and settlements along the Amoor to the Pacific. A company has also been chartered by the Canadian Parliament, with a large capital, to connect Quebec with the trading posts on the Hudson Bay Company in the territory north of the Columbia river, from whence, as it is believed, it will not be impossible to unite the American and Asiatic lines by a submarine cable across Behring's Straits, and thus bring the network of telegraph lines on the two continents in connection with one another.—*Ib.*

"The Rev. J. A. Richey, lectured before the "Sydney Mechanics' Institute," on Monday evening last. Subject:—*The undistinguished Great.* The Hall was crowded with members and visitors. Among the latter were many from the neighboring villages, and settlements. The lecturer, who is a highly popular and most successful preacher, delivered on this occasion one of the best lectures of the present Session. In this brief newspaper notice, it is impossible to offer even an epitome of the subject, which was treated in two distinct and separate forms—the practical and metaphysical. Each department bore the impress of a master mind; and as the several points were presented, the logical sequences became clear, highly instructive, and elevating. It was contended that in the ranks of all classes were to be found vast numbers of the undistinguished great, who are fulfilling their destiny and mission in the pursuit of work of unpretending character, but of surpassing usefulness and merit. Three prepositions were ably upheld by the Lecturer, namely:—that the fact that some persons intrinsically great, never become distinguished in this world, is not inconsistent either (1) with their possession of true greatness; or (2) with the nature of man; or (3) with the Providence of God. At the close of the lecture the subject was taken up and spoken to very successfully by the Rev. Messrs. Uniacke, Huestis, and Gelling, and by the President."—*Cape Breton News.*

New Brunswick.

PROVINCIAL LEGISLATURE.—The Government were sustained on the motion to go into Supply by a vote of 20 to 16. The division took place on Wednesday last, and the House has since settled down to business. Several Bills have been agreed to, though none of them are of an important character. Among them we observe a Bill to extend the power of Sheriffs in certain cases; a Bill relating to levying and assessing rates in the City of St. John; a Bill to divide Wellington Ward, the election to take place this year on the first Tuesday in June; and a bill to consolidate acts relating to St. Andrews, Railroad granting extension of time for one year, and confirming grants of land already made. The House was informed yesterday by the Provincial Secretary, that it was the intention of the Government to send three persons to the Mother Country to encourage immigration, and that he would endeavour to get Mr. Brown to go to Scotland.

The Committee of Investigation of Land Jobbing submitted the long looked for Report yesterday. It amounts to nothing, or, in other words, contains nothing new. It is certainly a novelty to be told that "the Government is responsible for the judicious management of the public domain," as if so plain an axiom was anywhere disputed. It now appear, however, that the use of fictitious names began immediately after the auction system was introduced, as far back as the times of Mr. Baillie; that Inches holds 26,000 acres in Westmorland, Albert, and Kings—9,000 of which were acquired upon the instalment system; that the lands sold along the line of Railway have only realized to the Government £2,400; that 26,000 acres yet remain unsold along the line; that the reserve for actual settlement known as Monteagle has been sold to speculators, and that the orders of the head of the Crown Land Department have been disregarded.—*Church Times.*

The Rev. William Ferrie, St. John has received and accepted a Call from a Presbyterian congregation in New York. Mr. Ferrie is one of the most accomplished scholars and one of the most effective pulpit orators in these Provinces. He has always been prominent in every Protestant and evangelistic movement. We bid him a cordial God-speed now that he is entering on a wider field of usefulness and into a sphere where his talents and accomplishments may command a more adequate influence. We regret to lose him from the Lower Provinces, but we cannot find fault with his determination to go to New York.

The people of Chatham Miramichi, have subscribed between £11,000 and £12,000 for the purpose of establishing a local Bank.

P. E. Island.

CHARLOTTETOWN ITEMS.—The merchants have adopted the early closing movement.—Speculators are purchasing potatoes for shipment.—The decimal currency bill has been defeated in the P. E. Island Legislature, for the present session.—The bill for taking the Census passed the House on the 8th ult.—Hon. Jos. Hensley has been elected for King's County, (P. E. I.)—no opposition.—The Committee of Supply has granted £6,000 for Roads, Wharves, and Bridges, for the ensuing year.—On the 11th ult., the Volunteer Artillery and rifle Corps, had their second target practice at St. George's Battery, with 9-pounder Battery Guns. The target was pitched at 1400 yards,—the practice was good. On the 18th they met for rifle practice, and acquitted themselves well. *Vive le Volunteers!—Jour.*

West Indies.

ROYAL HIGHNESS PRINCE ALFRED'S ARRIVAL IN THE WEST INDIES.—Demerara papers of the 27th ult. inform us that His Royal Highness Prince Alfred arrived at Bardadoes on the 20th ult. On the following day His Royal Highness went ashore on duty in charge of the market boat for fresh provisions. Afterwards he paid a private visit to the Governor, and spent some time at the Government House. In the evening His Royal Highness dined with Admiral Milne on board the Flag Ship. On the 23rd The Prince made his formal visit to Bridgetown, and was received with great enthusiasm. At the Wellington Stairs a grand triumphal arch was erected, and here, while the guns poured forth a Royal Salute, Governor Hincks awaited and welcomed the royal Midshipman. The Governor read an Address, to which the Prince responded.

A Levee at Government House, and a display of fire-works in the evening, concluded the business of the day. The Governor was to give a Ball in honour of the Prince, and the Merchants were to give another.

After leaving Barbadoes the St. George would proceed to Antigua and Jamaica, and we presume her next calling place will be Bermuda. She would have left Barbadoes on the 27th Feb., but required some repairs, having sprung her foreyard on the outward passage in a gale.

The people of Demerara are deeply mortified at learning that after all the costly preparations made for giving His Royal Highness a welcome worthy of his august birth, the Royal traveller will not condescend to pay them a visit. The *Colonist* reckons the outlay, public and private which would be rendered useless by this alternation in His Royal Highness' route, at upwards of sixty thousand dollars.—*Bermuda Royal Gazette.*

The steamer "Delta" arrived from Bermuda on Saturday. Alexander Forsyth, Esq., has kindly furnished us with a file of papers, down to the 26th.

Governor Murray and Lady came passengers in the Delta, on their way to England. The Governor has been six years at Bermuda; his Excellency and lady now leave it, carrying with them the best wishes of the people.

The brigt. George Albert, of New York, from Cuba to Falmouth, England, arrived at the Quarantine, Granaway's Deep, on Friday week, having the mate sick with small-pox. The vessel had experienced severe gales, lost some of her spars, and sprung a leak.

The brigt Retriever, of St. John, N. B., from Almeira, Spain, bound to Boston, out 70 days, anchored off the West-end of the Bermudas on Wednesday week, from whence she was taken to Hamilton by the Jasper, gun-boat. The Retriever had experienced severe weather, and was much injured.

Late United States News.

NEW ORLEANS, March 26.—In the State Convention, resolution have been introduced in favor of the Free Trade between Western States, and the Southern Confederacy.

An Ordinance has passed, transferring the public property which formerly belonged to the United States, to the Southern Confederacy.

A Banking Ordinance has passed, prohibiting the issue of notes of less value than Ten Dollars.

General Houston, Governor of Texas, has resigned his office, but still claims to be Chief of the Executive, and protests against all acts of the Convention, in the name of the people.

WASHINGTON, March 27.—The Commissioner to Fort Sumter reports that there are sufficient provisions to last until 15th April.

The Southern Commissioners are on the best terms with the Ministers plenipotentiary of England and France.

The President has sent a message to the Senate, declaring it is inexpedient to communicate the despatches of Major Anderson, at present.

The Virginia Convention, sitting at Richmond, has rejected the Constitution adopted by the Southern Confederacy.

ARRIVAL OF THE "CITY OF BALTIMORE."

NEW YORK, March 28th.—The Steamship "City of Baltimore" has arrived, with dates three days later.

Cotton, firm. Breadstuffs, quiet. Consols, 91 7-8.

Messina, in Sicily, had surrendered to the Sardinian forces.

It was announced, that the Grand Trunk Railway of Canada, would be unable to meet the payment of the amount that would be due, on the 15th March, upon the Lease from the Atlantic and St. Lawrence Railway, for which Line the Grand Trunk had agreed to pay a heavy rental.

[The Atlantic and St. Lawrence Railway is the line from Portland to the Canadian frontier, at, or near, Island Pond.—EDITOR COL. EMP.]

The East Indian Mail had arrived. All quiet in Japan, and also at Pekin. Allied troops healthy. The Chinese Treaty working satisfactorily. Trade dull.

In Africa, a war had broken out between the English and the Mandingoes. The natives had been defeated, with great loss. The British loss, slight.

At Constantinople, a difference had arisen between the British Minister, Sir Henry Bulwer Lytton, and the American Minister. Sir Henry declined attending the American Minister's reception, on Washington's birthday.

There are 31,000 miles of railway in the United States. Their average cost and equipage is $36,000 per mile. The cost of operating a mile of railway paying a dividend is $2,000 per mile a year. The roads which pay ten per cent. dividend—gross—$6,000 per mile. The operating of the latter—repairs included—is fifty per cent. of the earnings. Though business is essential to the success of a railroad; increase of distance to accommodate way points is detrimental to its success. Every mile of *detour* distance discourages capitalists, as it adds to the cost of operating.

MAYORS OF THE GREAT CITIES.—We, the undersigned Mayors, hereby certify that the Druggists, Apothecaries and Physicians, of our several cities have signed a document of assurance to us, that the Remedies of Dr. J. C. Ayer & Co., of Lowell, (Ayer's Sarsaparilla, Pills Ague Cure and Cherry Pectoral) have been found to be medicines of great excellence and worthy the confidence of the community:

James Cook, Mayor of Lowell Mass; A. H. Bullock, Mayor of Worcester, Mass; Nath. Sillsbee, Mayor of Salem, Mass; F. W. Lincoln, Mayor of Boston, Mass; Willard Nye, Mayor of New Bedford, Mass; J. C. Blaisdell, Mayor of Fall River; Alvin Beard, Mayor of Nashua, N. H; E. W. Harrington, Mayor of Manchester N. H; John Abbott, Mayor of Concord, N. H; Wm. M. Rodman; Mayor of Providence, R. I; Wm. H. Cranston, Mayor of Newport, R. I; Amos W. Prentice, Mayor of Norwich, Ct; J. N. Harris, Mayor of New London, Ct; D. F. Tiemann, Mayor of New York; R. M. Bishop, Mayor of Cincinnati, Ohio; S. H. Crawford, Mayor of Louisville, Ky; Chas. S. Rodier, Mayor of Montreal, C. E; H. McKinstrey, Mayor of Hamilton, C. W; Adam Wilson, Mayor of Toronto, C. W; James W. North, Mayor of Augusta, Me; Henry Cooper, Jr., Mayor of Hallowell, Me; J. S. Beck, Mayor of Fredericton, N. B; John Sloan, Mayor of Lyons, Iowa; Jno. Hodgden, Mayor of Dubuque, Iowa; Fred. Stahl, Mayor of Galena, Ill; J. I. Lyndes, Mayor of La Cross, Wis; Sr. Don Antonio Echeveria, Mayor of Havana, Cuba.

The mayors of the Chief cities of the United States, Canadas, and British Provinces, Chili, Peru, Brazil, Mexico, and in fact of almost all cities on this continent have signed this document to assure their people what remedies they may use with safety and confidence. But our space here will not admit any considerable portion of them, and we only publish those in this more immediate vicinity.

Ayer's Sarsaparilla, Cherry Pectoral, Ayer's Pills and Ayer's Ague Cure, prepared by DR. J. C. AYER & Co., Lowell, Mass.

January 9. 4m.

A TRAVELLING COMPANION.—If the lady reader is about travelling or wishes to make a most acceptable gift to a friend about doing so—if she proposes visiting a watering place, or would like "something nice to have in the country," let her try one of Burnett's Toilet Companions, containing a bottle of his Cocoaine, which dresses the hair perfectly, without greasing, drying, or stiffening it—a flacon of Florimel, one drop of which perfumes the handkerchief deliciously—one of Kalliston, the best cosmetic in the world, and one of the Orientol Tooth Wash. These preparations are of approved usefulness and all that they profess to be.—*Philadelphia Bulletin.*

April 3. 1m.

Latest from Europe.

MERCHANTS' EXCHANGE, April 1.

Steamer *Africa* arrived at New York yesterday. Dates from Liverpool 15th, Queenstown 17th March.

The Duchess of Kent died on the 16th.

Parliamentary proceedings unimportant.

The Bullion in Bank of England has increased within the week, two hundred and seventy thousand pounds.

Consols closed at 92 to 92 1-8; for money 92 1-4 to 92 3-8.

Cotton closed 1-8 of a penny in advance.

Flour steady at 28s. to 30s. Wheat and Corn firm.

Provisions quiet.

Political and Foreign news unimportant.

Very Latest.

The R. M. S. America arrived this morning at 10 o'clock, just as were going to press. A hasty glance at the latest papers gives very little additional news to those announced above.

The death of the Duchess of Kent, the mother of Queen Victoria was published.

The Galway packet line is again unfortunate. The new steamer Hibernian was disabled off Cape Clear and bore up for Dublin—she was on a trial trip on her way to Galway.

The famine news from India are discouraging.

Political disturbances still continue in Poland.

No further news from Italy.

Nothing special from France.

The British Parliament had adjourned for the Easter Holidays.

Newfoundland District.

The regular Annual Meeting of the Committee of the Newfoundland District, is appointed to take place in St. John's on Wednesday, May 22nd, at 10 o'clock. A. M.

E. BOTTERELL.

Dr. H. E. Howell, of New York, says that the most effectual remedy to improve the tone and energy of the stomach is the *Oxygenated Bitters.* For Dyspepsia and Indigestion the Bitters are unparalleled, as testify numerous cures.

Wesleyan Conference Office.

Agents in Halifax, G. E. Morton & Co.

TIME the true Test, EXPERIENCE the best Guide.

An Old Standard Remedy,

For COUGHS, COLDS, and CONSUMPTION, and all Pulmonary Complaints, use the

VEGETABLE PULMONARY BALSAM,

Which has maintained its high reputation for nearly forty years, and is recommended by many of the most eminent physicians and gentlemen in the country, among whom are Revd. Josiah Litch, Phila.; Rev. Dr. Lyman Beecher, New York; the late Prof. Leonard Woods, Andover Theological Seminary; L. P. Thompson, former Secretary of State, Vt.; Drs. Merrill, Perry, Abell Parker, Barry, and many others; by the Press, and by the largest and oldest dealers in drugs and medicines in the United States and Canada.

Extracts from Letters received from Physicians.

"I with confidence recommend it as superior to any other preparation for the above complaints."

"It has a superiority over every kind of medicine used, and has been used for lung complaints with wonderful success." "I am satisfied it is a valuable medicine." "It is a safe, convenient, and very efficacious medicine." "To my knowledge, it has never disappointed the reasonable expectations of those who have used it." "I confidently recommend its use in all complaints of the chest, as equal, if not superior, to any other medicine within my knowledge." "Of all the principal remedies used for coughs, I am satisfied yours is the best, and hope it will be better known and more generally used." "I have prescribed your balsam, and regard it as the most valuable and effective remedy within my knowledge."

Price,—Small size, 50 cts.; Large size, $1. Be careful to get the genuine, which is prepared only by REED, CUTLER & Co., Boston, and sold by dealers generally.

Dec. 5. 6m.

"*The Life of the Flesh is in the Blood,*" was said by inspiration long before Harvey's discovery of its circulation had brought to light its purposes and uses. Now we know not only that "life is in the blood," but that disease inhabits it also. Many of the disorders that pervade the human frame, have their home in it, thrive and grow in it. The celebrated Dr. J. C. Ayer, of Lowell, has had regard to this important fact in making a Remedy to cure these disorders. His Extract of Sarsaparilla purges out the impurities of the blood and induces a healthy action in it that expels disease. This looks reasonable, and it is true, for we know by our own experience. Seldom as we take any medicine, we have nevertheless several times been under obligations to the skill of Dr. Ayer for the relief which his remedies never fail to afford us when we are obliged to have recourse to them.—*Catholic, Halifax, N. S.*

FAITHFUL MINISTERS OF HEALTH.—In examining the vessels at the various wharves we find among the curiosities of our commerce the brig Miranda, just in from Truxillo with a cargo of Honduras Sarsaparilla for Dr J. C. Ayer & Co., of Lowell. So particular are this firm as to the articles used in compounding their various remedies, that they have this drug, like some others they consume, gathered for them by a skilful agent of their own in the tropical regions of its growth. He informs us that there are many species of this plant, but two of which are really valuable in medicine; the qualities of these are also affected by the time of gathering, mode of curing, etc., operations which in that region of unreliable workman imposes a heavy labor upon him. One of the inert varieties of Sarsaparilla grows wild in our own forests, while several others, nearly worthless, abound in Central and South America. The intelligent agent assured us that the virtues of this drug had never been fully told, and that the reason of the low esteem in which many hold it is mainly due to the importation of such immense quantities of the worthless varieties. His accounts of his trips to Honduras and his business excursions along the Gulf of Dulce and the river of Montague and Satiago and among the adjacent mountain were of intense interest. We can but commend and honor his employers for the faithfulness and energy with which they execute their trust as ministers to the public health, and we suspect that this course is at least one of the reasons why their medicines are held in such extraordinary favor throughout the civilized world.—*New York City News.*

April 3. 1m.

Holloway's Pills and Ointment.—The philosophy of Health. Asthma, Bronchitis and affections of the chest. Disease is frequently the effect of circumstances, neglect, exposure, want of precaution being among its most active causes—trifles, light in themselves, often lead to the most distressing results. Colds and coughs, for example, are sometimes unnoticed until they settle on the lungs, and consumption is the consequence; the same is applicable to asthma, bronchitis and diseases of the rispiratory organs. Holloway's Pills and Ointment should be used on the first symptoms of colds and coughs—the Ointment well rubbed into the regions of the throat and chest will give freedom to the breathing and nip in the bud all tendency to inflammation; while the pills will fortify the system against the rigors and inclemencies of the season.

MRS. WINSLOW VS. CRYING CHILDREN.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of Mrs. Winslow's Soothing Syrup. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who had ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the drescription of one of the oldest and best female physicians and nurses in the United States. Price 25 cents. Office 13 Cedar-street, New York. Sold everywhere.

April 3. 4w.

DAVIS' PAIN KILLER.—No medicine is more prompt in its action in cases of Cholera, Cholera Morbus, &c., than Perry Davis' Pain Killer. It is the acknowledge autidote which seldom fails if applied in its early symptoms. No family should be without a bottle of it always on hand.

The stain on linen from the use of the Pain Killer is easily removed by washed it in alcohol.

Davis' Pain Killer seems particularly efficacious in cholera morbus, bowel complants, and other diseases to which the natives of Burmah, from their unwholesome style of living, are peculiarly exposed. It is a valuable antidote to the poison of Centipedes, Scorpions, hornets, &c.

Rev. J. Benjamin, late Missionary in Burmah.

Sold by druggists and all dealers in family medicines.

April 3. 2w.

REDDING'S RUSSIA SALVE.—*It soothes, heals, and cures.*—In all cases of Inflammation of the skin, Swollen Joints, Eruptions, Burns, Scalds, Flesh Wounds, etc., this vegetable ointment effects certain cures by its emollient and penetrating qualities. It is an universal remedy, applicable to all classes of society, and should be found in every home, for where do not accidents occur? Climate does not affect it—it retains its virtues for any length of time, and nothing but good can possibly follow its use, as it contains no noxious ingredients. Price 25 cents per box. Sold everywhere.

REDDING & Co., Proprietors, 8 State Street, Boston; Barnes & Park, Wholesale Agents, New York.
