TELEGRAPHIC DISPATCHES.

MONTGOMERY, August 3—The discussion of the common carrier bill created great excitement in the House to-day. It was discovered that the original bill had been lost by the committee to which it was referred. The point of order was made that the printed copy could not properly be considered. Great confusion ensued, in the midst of which the House adjourned.

NEW ORLEANS, August 3—A negro named Robbins had been making Democratic speeches for some time past. Several attempts had been made on his life. To-day a large mob of negroes assembled around the building where he took refuge and great excitement was manifested. Governor Wadsworh made a speech to the crowd, which finally induced them to disperse.

ATLANTA, August 2—Last Friday an affray took place between the whites and negroes, in which one was seriously and another mortally wounded.

RUTLAND, Vt., August 3—An atrocious murder was committed at Shawsburg last night. Two families, Plurry and Balch, had a dispute of long standing. WASHINGTON, Aug 6—Gov. Warmouth's official requisition for force to secure order in Louisiana was presented to the President yesterday by Col Deare, of the Governor's staff. Gov Warmouth presents various letters from citizens and officers, setting forth the terrible outrages daily being perpetrated in all portions of the State. He says that in many parishes there exists no protection for citizens in the courts—that men are shot down on the roads and at their homes, without any steps being taken to bring the offenders to justice. The Judge of the Twelfth Judicial District has refused to go to the Franklin Parish without a force is sent to protect him. Prominent Union men in the parish write that their homes are beset by desperadoes, and their lives thus far have been saved by the arrival of men who volunteered to guard them. The Governor has no doubt but that one hundred and fifty men have been murdered in Louisiana during the last month and a half. It seems to be the settled determination by rebels either to kill or drive away Union white men and leading colored, so as to be able to terrify the masses of colored people into voting as they dictate. In conclusion the Governor says he believes a bloody revolution is meditated, and asks for two regiments of cavalry, a regiment of infantry, and a battery of artillery, to enable him to suppress violence, arrest criminals, and protect officers.

CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

his class of diseases may be cured by well rubbing with Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight shortness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a rough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore Throats,
