MANY CHANGES AT WESTERN UNIVERSITY SINCE LAST SESSION

Heating Plant Installed in Arts Building.

NEW FACES ON STAFF

Additional Rooms Taken Over —Electrical Fixtures and Flooring Put In.

When the students of the arts department return this fall for the work of the new session, they will find a very different building from that which they left in the spring, as it has been completely overhauled during the summer months.

A new heating plant has been installed as an auxiliary, so as to insure every room in the building being comfortable, even in the most severe weather. The rooms have been decorated throughout, new floor coverings have been put down, and electric lighting has been introduced. Additional rooms have been secured from Huron College, so that the greater part of the whole building will now be used by the university. A special feature in the new quarters is the suite of five rooms where the departments of biology and geology have just been installed. This will allow for considerable improvement in these departments, and bring them into much closer touch with the rest of the university work.

The Cheapside school, which formerly housed the department of biology, will fill be used by the university. The splendid new library of 40,000 volumes, donated by J. Davis Barnett of Stratford, will be in that building, with Mr. Barnett himself in charge, ready to direct students and others who may wish to make use of the rich treasures the library contains.

There will be two new members on the staff, Irving Brown, M.A., who will begin his work as associate professor of romance languages, in place of Miss Haynes, who was formerly lecturer in French, and Miss Bessie Mossop, B.A., who will be lecturer in the department of biology. Professor Brown has had a few years of successful experience on the staff of the University of Wisconsin, and at Calver Military Academy, Indiana. Miss Mossop has been assistant in biology at Toronto, and is highly recommended.

Altogether it appears that the university will open on the 1st of October most auspiciously, with a good enrollment considering the continued prevalence of war conditions. In the medical department there is already assured a freshman class as large as can be handled, while there have been numerous inquiries in the arts department, indicating a good enrolment in that also.

A Serious Matter

There is a delicacy about mentioning piles. And yet so many suffer needlessly who could be readily relieved and cured if they only knew about Dr. Chase's Ointment.

Men tell one another about his remarkably successful treatment. But many women pine away their health and vitality, dreading a surgical operation and not knowing how easily they can be cured at home by Dr. Chase's Ointment.

DEDICATED TO THE PUBLIC.
"The Pemetine Treatment" for
PYORRHEA

After its proven efficiency in the army, has been put on the open market for the benefit of the people. It is the most successful treatment known for the cure of sore, spongy, bleeding, receding gums and loosening teeth. All druggists, 50c a bottle. Made by The Pemetine Laboratories, London, Ont.

Listowel Lady Recommends

Hacking's Heart & Nerve Remedy

Miss M. H. Savage of Listowel says: "I was all rundown from overwork and my Nerves were in very bad condition. Could not sleep, and that made me worse; in fact, I seemed to have a good many symptoms of a Nervous Breakdown. I do not know what was the trouble, whether it was the heart or the nerves or a general weakening. I took quite a number of different kinds of medicines, but did not feel any better. A friend suggested Hacking's Heart and Nerve Remedy and I commenced to pick up wonderfully right after the first box, and now I feel like an entirely new girl. I am so elated at getting well so quickly that I like to tell my friends about this grand remedy."

Be sure and ask for Hacking's. Price 60c a box, 6 for $2.50. Sold by all dealers or by mail. C. B. Hacking, Phm.B., Listowel. b

RETURNED MEN ASK WOMEN TO "KEEP OFF" THEIR SMOKES

Brains Dulled by Cigarettes Have Been Capable of Fighting Battles—Candy Doesn't Appeal to Men in Trenches.

To the Editor of The Advertiser:

Permit me, on behalf of a few of my chums "over there," and also "over here," to say that we are certainly not in agreement with the W. C. T. U. resolution to send our boys candy instead of their "daily manna" (smokes). For the love of Mike, just imagine a bunch of women trying to dictate to our heroes over in the trenches! They say the boys need something to steady their nerves. Now, don't they think the boys are doing enough for them, without criticising them? Could they tell us how the smokes dull their brain? We have smoked all our lives, and we are back and using our brains yet.

What about us trying to save sugar, and imagine what a supply it would take to send candy to an army of half a million. We wish someone would use their own common sense and leave the boys alone, for they have enough to contend with as it is. These critics have no idea whatever what they are passing through every day, so please leave well enough alone. Thanking you for your space, we are, yours sincerely,

A FEW OF THE BOYS RETURNED.

TAGGERS FOR HUTS DEFIANT OF RAIN

Continue To Work in Showers and Are Rewarded.

In spite of the inclemency of the weather this morning the Knights of Columbus tag day began with a large number of taggers on the job. Hardly had they begun their work when rain began to pour down, but no doubt remembering the boys in the trenches, fighting in rain and in sunny weather alike, the rain-bedraggled taggers remained on the job.

One girl of 12 years or under, bravely tagging a rather austere looking elderly gentleman, was greeted with the remark, "I haven't any change."

"But we take bills," she replied, not to be put off in that manner, and as a result a five dollar bill was put into the box.

The tag day, which is in aid of the army huts in France, had for convener Mrs. F. E. Fallon, regent of the Senator Coffey Chapter, I. O. D. E., with Miss Dromgole as sub-convener. The captains of the teams were Mrs. Joseph, Mrs. Frank Smith, Mrs. J. F. Nolan, Mrs. R. C. Barklie, Mrs. F. Forrestal, Mrs. J. J. Callaghan, Mrs. Joseph Cortese, Mrs. Roy Kitchen, Miss Mary Manley, Miss Elizabeth Derr and Miss Jenkins.

VOICE OF THE PEOPLE

A VOCATIONAL TRAINING CRITICISM.

To the Editor of The Advertiser:

This is written by way of airing what appears to me a very just grievance, and the department to be brought on the mat before public gaze and censure is the local vocational training coterie got together for the re-establishment of incapacitated humans who have sacrificed their health for what?

Last winter I was discharged from the army and categorized in E class. Need I say what that means? On my discharge it states—"being medically unfit for further military service." This was on June 2 last. The next day I appeared before a medical board at the armories for re-enlistment, as I was unable to get employment and unable to do it if I did secure anything. My condition caused my rejection by Major Kingsmill, and on solicitation of Major Osborne, A. P. M., the major said "no, he would not take a chance and pass me." In the meantime I got a letter from the district vocational officer, stating that they were on hand to retrain me, providing I was unfit for hard work. I appeared and applied for a book-keeping and accounting course, and was told an emphatic "no, by no means." Again I was before a medical board and was told to do a moderate amount of work and not worry and my chances for longevity would be increased thereby. On no account was I to do any heavy lifting. The upshot was my appearance again before the D. V. O. Don't ask me who he was, for there are so many of them regaling in that title it is hard to distinguish the identity of the species. Well, I have now been waiting a matter of nearly two months to again be told I am too old to study book-keeping or any other subject only hard manual labor, and this by a fat, able-bodied young man whose rightful place is now either in the army or at the class of employment he is trying to force has-beens to undertake the performance of. My brain may be getting ossified, but as old as I am I think I can discern the sleight of hand of the present D. V. A. He is out to help the employers of labor and not the poor devil who has sacrificed his health in doing his bit. No one questioned my age or the ossification of my brain when I donned the pack and went over. Without further cajolery, I think an investigation of the present staff of the local vocational hiring department should be held and shown up without gloves, especially the present D. V. O.

As The Advertiser was given the name of the soldier in confidence, it could not tell the vocational officer the name of the man mentioned. The officer, however, stated that he was familiar with the case and stated that it was that of a man who was over 50 years of age and that they considered that by the time he was given a six months' course in bookkeeping he would be too old to enter an office, if he was placed in an office with a younger man he would stand no "show" at all. The officer continued that some men, however, could see no further than their nose, and that this more than anything else was the cause of the complaint.

"GIVE," SAY VETERANS

The following letter is self-explanatory:

J. L. Murray, Esq., State Deputy for Province of Ontario, Knights of Columbus, 95 Laurier avenue, Ottawa, Ont.:

Dear Sir,—We who have shared in the mud, blood and misery of trench warfare know the need of such aid to courage and endurance as the Knights of Columbus huts afford to the soldiers over there. We have no hesitation in urging Canadians to support that work.

Our comrades are on the eve of the fifth winter Canadians have passed in Flanders. They need all the sustaining comforts we can give them to maintain victory-making morale during the coming months.

The folk who give the last cent of their last dollar for the welfare of the boys over there have given less than the man who gives his life.

The Great War Veterans' Association in Ontario will support and encourage the money-raising campaign of the Knights of Columbus. Yours truly,

(Signed), W. E. TURLEY,
Secretary, G. W. V. A., Ontario Provincial Branch.

YOUNG ARMENIAN HERE TO JOIN ENGINEERS

Harry Boyajian of New York City was examined at the mobilization centre this morning and attached to the Canadian Engineers. The volunteer, who was forwarded to this city from the British and Canadian recruiting mission at Detroit is a native of Armenia, being born in the city of Diarbekir.

He left that country fourteen years ago and came to Canada, where he and his brothers entered into a wholesale jewelry business. The headquarters of the firm which is known as Boyajian Bros., is situated in New York and has a business ranging throughout the United States and part of Canada. Mr. Boyajian was pleased at the results of his examination and is anxious to get into the khaki. He will apply, after joining the engineers, for a transfer to the tank battalion.

BARRISTER NOTIFIED HIS SON IS GASSED

Sergt.-Major P. H. Bartlett, Jun., Now in Hospital, His Father Learns.

P. H. Bartlett, barrister, was officially notified Friday that his son, Sergt.-Major P. H. Bartlett Jun., was removed to Wimereux Hospital on September 13, suffering from shell gas. No further particulars were given.

Before entering the army, Sergt.-Major Bartlett was teller at the head branch of the Bank of British North America in this city. He took the course of the Royal Canadian Artillery at Kingston, and when he was unable to secure a commission, enlisted as a gunner with the 63rd Battery and was made a sergeant. He went to England in September, 1916, and was transferred to the 51st Howitzer Brigade, leaving for France in August, 1917. He has been at the front ever since.

Lieut. W. T. Bartlett, a brother, who served for a long period with the 18th Battalion, received multiple wounds from machine gun fire, and was invalided home some months ago.

COMRADE DODDS WINS PRIZE OFFERED FOR MOST NEW MEMBERS

Comrade Dodds of the Honorably Discharged Soldiers' Association won the prize offered by Ald. Watkinson to the member securing the highest number of new members. The contest commenced on May 2, finishing last night. Comrade Dodds secured 21 new members in that time, and won the prize easily. The prize was a costly umbrella, and was presented by ex-Mayor Stevenson. Another contest is in progress, dating from the finish of this one until December 20. Following the presentation a meeting was held by the association, many new resolutions being passed.

The entertainment committee, consisting of P. L. Lunn, J. Pease, H. J. Myers and W. Belland, is preparing a lengthy program of concerts, the first to take place as soon as the necessary arrangements are made.

A committee was appointed for the purpose of locating new rooms, the present place not being satisfactory, owing to the situation and smallness. This new committee will submit its report at the next meeting. Many members were of the opinion that the winter season should be opened with a feature, and after a discussion on the matter it was decided to hold a euchre drive, to commence on October 14. Prizes will be awarded to the winners at the close of the winter season.

Financial statements submitted by the finance convener, Comrade D. C. Gibson, dating from the inauguration of the association to the present date, proved satisfactory, and showed the association to be in a flourishing condition. At the close of the meeting a hearty vote of thanks was tendered to ex-Mayor Stevenson and Ald. Watkinson for their kindness.

DEPARTING PASTOR AND FAMILY HONORED

A big surprise party of the Adelaide Street B. Y. P. U. stormed the residence of Rev. and Mrs. Jas. H. Boyd on Thursday evening for the purpose of taking farewell and presenting them and the family with a large Canadian beauty combination electric grill, on the occasion of their early departure to Toronto. Not the least intimation of the intention of the young people had reached the family, who were completely taken aback. After a couple of hours had been spent in games and songs, refreshments were served, and the following address read by the president, Miss Cora Carson:

"To Each and Every Member of the Boyd Family,——We are only a band of young people. You were a family of eight, and we have learned to love you dearly. Three of your eight are not here tonight, but we wish to include them as well as the five who are still with us and the feelings of each one are expressed in the words of Edgar A. Guest, the poet:

"I'd like to be the sort of friend that you have been to me;
I'd like to be the help that you've been always glad to be;
I'd like to mean as much to you each minute of the day,
As you have meant, old friend of mine, to me along the way.

I'd like to do the big things and the splendid things for you,
To brush the grey from out your skies and leave there only blue;
I'd like to say the kindly things that I so oft have heard,
And feel that I could rouse your soul, the way that mine you've stirred.

I'd like to give you back the joy that you have given me,
Yet that were wishing you a need, I hope will never be;
I'd like to make you feel as rich as I, who travel on
Undaunted in the darkest hours with you to lean upon.

I'm wishing at this parting time that I could but repay
A portion of the gladness that you've strewn upon my way;
And could I have one wish this year, this only would it be:
I'd like to be the sort of friend that you have been to me.'

"So we wish you to accept this little gift that we have brought tonight, because we love you every one, on behalf of the B. Y. P. U. of Adelaide Street Church, London, Canada.

"(Signed CORA M. CARSON, "President.

"Sept. 18, 1918."

RAINS HELP FALL WHEAT AND MUCH IS PLANTED

The farmers are doing all in their power to have an abundant crop of wheat next year. Many farmers in this district have their fall wheat planted, and it has already sprouted. The rain which fell the last two days assisted the wheat to get a good growth before the frost and cold weather set in.

A large quantity of fall wheat was planted in Middlesex County this last week and a number of farmers have the ground plowed ready to sow the wheat.

R. A. Finn, district representative of the Ontario Department of Agriculture, stated to The Advertiser that the wheat throughout the country is good on the average. The farmers are cooperating in every way to prevent a shortage of wheat next year.

SOON TO GO OVERSEAS

REV. D. C. MACGREGOR.

REV. D. C. MACGREGOR TO GET CALL SOON FOR OVERSEAS WORK

Task of Filling St. Andrew's Pulpit Will Be Left to Church Officials.

The Rev. D. C. MacGregor of St. Andrew's Presbyterian Church of this city, who some time ago was asked by the national service commission of the Presbyterian Church of Canada to allow his name to be submitted for the position of chaplain with the Canadian Expeditionary Forces, will probably be called for service within the next two weeks.

Mr. MacGregor, who submitted the matter to the session of the church before allowing his name to stand, felt that the call, coming as it did from the national service commission of the church, should be considered favorably.

For over two years Mr. MacGregor has been anxious to go overseas, but until now the call of the work at home has been too insistent to allow of his going. Today he received official word from Ottawa, informing him that he would probably be called upon within the next two weeks. The task of filling his pulpit during his absence in France is left entirely to the management of the church.

A report has been current for some time that Mr. MacGregor had been invited by the Government to visit the front as a representative of the Presbyterian Church and to carry on investigations as to the social conditions among the soldiers. This report, which became public through the press two days ago, is incorrect. Mr. MacGregor is going overseas purely in the capacity of a chaplain, and his movements will be subject to military authority, as is the case with every other soldier.

LOCAL ARCHITECTS TO SUPERVISE WORK

H. C. McBride and W. G. Murray Appointed by the Government.

H. C. McBride of this city has been appointed supervising architect, and ex-Ald. Joshua Garratt clerk of works for the new military hospital to be built south of the city.

This announcement was made by S. F. Glass, M.P., last night. The work, Mr. Glass states, will commence immediately. Contracts amounting to about $660,000, about two-thirds of the million dollar job, have been let, and those for the other buildings are to be let as soon as the specifications can be drawn up.

W. G. Murray of this city has been notified of his appointment as supervising architect for the Government of the hutments and other buildings under construction at Carling Heights, and also of the Byron military hospital. The notification came from E. R. Wright, acting chief architect, department of public works, and Mr. Murray has wired his acceptance. Mr. Lewis, clerk of works, will act as assistant.

GIVE FAREWELL TO REV. W. J. MORTIMORE

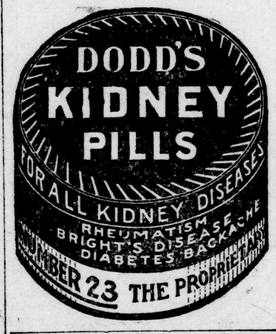
At the Wellington Street Methodist Church on Sunday evening the Rev. W. W. Mortimore, B.A., will assist the pastor, Rev. W. J. Ashton, B.D.

In connection with the service, a farewell will be tendered Mr. and Mrs. Mortimore, who, with their children, will leave shortly for China.

Mrs. Mortimore and children have been in the city for the past two years, coming from China a year and a half before Mr. Mortimore.

Rev. Mr. Mortimore is a Wellington Street Church boy, his mother and sister residing on Grey street.

The W. M. S. will attend the service in a body, in honor of Mrs. Mortimore, who is a member of the society.



LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

SMALLMAN & INGRAM LIMITED — The Mail Order House of the West — SMALLMAN & INGRAM LIMITED

La Reine Georgette Crepes

For Satisfactory Wear 40 In. Wide Per Yd. $2.50

Georgette Crepes are established so well in fashion's favor as to be seen in almost every mode of wear for fall and winter. Some of the smartest tailored suits and dresses have georgette combined in some way. The new fall French loose capes have linings of georgette; marabou and fur pieces are made upon georgette; many of the pattern models in millinery are featured in georgette, to say nothing of the almost innumerable styles in dainty blouses, dresses, collar and cuff sets and underwear of different kinds. In placing this La Reine brand crepe before our customers we do so, knowing the very satisfactory results it has given to the trade for the past two seasons. La Reine is much heavier in make than most georgettes, extra firm and almost untearable; a quality accepted by theatre garment modistes because of its wonderful strain-resisting weave. A large color range to select from:

White	Orchid,	Light and Mid Navy
Cream,	Apple Green,	Rose Taupe
Black,	Sea Foam Blue	Burgundy
Flesh,	Primrose,	Redwood
Coral,	Peach,	Old Rose
Rose,	Bisque	Emerald
Light, Mid and Dark Grey	Beige	Old Gold
Taupe,	Honeymoon Blue	Purple
	Azure Blue	
	Bluebird blue	

Le Reine Crepe Georgette cost but little more than lower-grade crepes and gives greater service, 40 inches wide. At the original price of ..... $2.50 yard

Samples mailed to out-of-town customers on request.

HERE IS SOMETHING AT A LOW PRICE.

OVERSEAS BOXES

By purchasing a tremendous quantity we are enabled to offer overseas boxes at lower prices—**7c, 8c and 9c each.** Three, five and seven pound boxes, strong corrugated boxes, in three sizes:

Size 8x4x4 inches.....7c or 80c dozen
Size 9½x6x4½ ins.....8c or 90c dozen
Size 10x7½x4½ ins....9c or $1.00 dozen
In the Basement.

MAIL ORDERS FILLED.

We will prepay the carrying charges on orders for one dozen or more of these boxes.

Beautiful House Robes

Here is an assortment that will please, those beautiful soft velours in pretty flowered and figured effects, the most attractive collection we have seen for many seasons. See display while assortment is best. The following detail descriptions will enable you to almost picture the designs and see the colors. Out-of-town customers will find it easy to order by mail, stating color wanted.

Cosy, warm robe, made of soft velour cloth, with dainty floral pattern, large collar and turned-back cuffs have deep banding to harmonize, patch pocket, cord with tassel at waist; in grey, Copenhagen, rose or navy ground with contrasting floral design; sizes 36 to 46. Price $10.75

Splendid robe of figured blanket cloth, fancy pointed collar and turned back cuffs bound at edge with heavy silk cord; fastens down front with cord and buttons, cord and tassel at waist; in dove, tan, cardinal, sky and navy. Price $7.75

Pretty gown of flowered velour, with border down front, large collar and deep cuffs banded with wide satin ribbon, patch pocket with overlap of satin, deep belt of self at waistline; in grey, Copenhagen, cardinal, sky, rose, heliotrope or tan. Price $9.50

Another model in velour with fancy figure, deep border at bottom harmonizing with the predominating shade in garment; the new roll collar, cuffs and down front banded with satin; patch pockets, cord and tassel at waist; in navy, grey, Copenhagen, wistaria, rose or dove. Price $11.50

Dainty velour robe, made Empire style back and front, V-shaped neck with satin trimming, which also finishes cuffs, pocket and down front, cord and tassel at waist; in Copenhagen, wistaria, fawn or dove. Price.....$10.50

Handsome robe of fancy striped velour with floral design, richly trimmed with deep satin ribbon to harmonize, wide floral border at bottom adds greatly to finish of garment, cord and tassel at waist; in grey, wistaria and dove. Price $12.50

Soft, cosy robe of velour cloth with Navajo pattern, neat collar and turned-back cuffs have a banding of satin with silk cord at edge, wide fancy border at bottom in contrasting shades; in Copenhagen, rose and dove. Price $10.75

ENGLISH OXFORD SHIRTING

Good reliable qualities, neat stripe designs and pleasing color combinations, help to make buying easy. Our stock comes from the best English mills and has always given satisfaction. Choice of blue and grey colorings with a varied assortment of fancy stripes that make up into neat, clean-looking, serviceable shirts; 27 inches wide .....25c, 35c, 45c per yard

The Parting Gift A Kodak :: ::

This simple working picture maker will do much toward livening up the inevitable hang heavy moments of camp and shipboard. And from purely selfish reasons, too, a Kodak is the very gift for you to make—think of the pictures he will send you. Vest Pocket Kodak—it fits the uniform, $8.50.

J. H. Back & Co.
210 DUNDAS STREET.
