LONDON, May 9.

Grand banquet given last evening in St. James Hall in honor of the anniversary of the foundation of the Royal Literary Fund in 1790, by David Williams, intimate friend of Benjamin Franklin.

Five hundred persons were present, nearly all distinguished in world of letters. King of the Belgians presided and many very interesting addresses were made.

Accouchment of the Princess of Wales is expected latter part of June or early in July.

Great Western Telegraph Co. which intends laying Telegraph Cable from New York to England by way of Bermuda has paid Messrs. Hooper who are manufacturing Cable first instalment of £100,000.

Strike which originated among sailors at Southampton extended to seamen in this city and threatens to seriously interfere with shipping business.

Strikers contemplate parading to-morrow.

Crew of steamer "Neva" to have sailed from Southampton to-day for Rio Janeiro, joined strikers preventing departure of vessel.

Gold closed in New York yesterday at 114.

In London Consols closed at 92¼ ; 5 20's 62, 89⅝ ; 10 40's 88⅝.

— A Newfoundland government journalist—he of the St. John's *Chronicle*, welcomes home an Opposition member who has been sojourning in Europe, with the following complimentary notice :—"Jno. H. Warren, Esq., Member of the Assembly for Trinity Bay, arrived here on Saturday from England, where he has been disporting himself all winter, and took his seat in the Assembly on Monday last for the first time this session. We imagine this gentleman's constituency in electing him hardly bargained for such a mode of looking after their interests as this. It fortunately happens, however, for the people of Trinity Bay, that the absence of this empty-headed representative of theirs is a matter over which they need not grieve, for his presence in the House is neither ornamental or useful."

Nursery Rhymes, No. 7.

"Of the family Fringillidæ,
Which among the fields of Asia,
Feeds with bobolink and reed-bird,
Sits the merry mountain rice-bird,
Pride of all the race of finches,
Singing daily on the tree-tops,
Warbling on the slender grasses,
Tender melodies of sweetness.

Here are flowers artificial
Growing wild in Eastern districts,
Made from paper from the rice tree,
Membrane of the famous bread fruit,
Decking Oriental Gardens
On the distant plains of China.

In all colors—red and yellow,
White and blue and tipped with golden
Hues: this paper comes in packets,
Comes in small and tidy packets,
Sold in packets for a trifle,
By the *Pharmaceutic Chemist*,
At the Pharmacy in King street,
Four and twenty is the number,
And G. STEWART, JR, is the Chemist,"

—*Longfellow.*
