BRONCHITIS CONSUMPTION

No. 125 CHURCH STREET,

Opposite the Metropolitan Church,

TORONTO, ONT.

Mr. Hilton Williams, M.D., M.C.P.S.O., proprietor.

Permanently established for the cure of the various diseases of the Head, Throat, and Chest—Catarrh, Throat Diseases, Bronchitis, Asthma, Consumption, Catarrhal Ophthalmia (Sore eyes), and Catarrhal Deafness; also Diseases of the Heart. Under the PERSONAL DIRECTION of DR. WILLIAMS, who will remain in constant attendance at the Institute.

The only Institute of the kind in the Dominion of Canada.

Over 40,000 cases successfully treated during the past seventeen years for some form of Head, Throat or Lung troubles.

All diseases of the respiratory organs treated by "Medical Inhalation," combined with proper constitutional remedies for the blood, &c.

Inhalations, when properly applied, remove solidification of the lungs, by dissolving the hardened matter existing in the air cells of the lungs, thus enabling the patient to expectorate it with ease, at the same time giving the diseased surface an opportunity to heal.

Inhalations scatter inflammation, and soothe the inflamed surface, thus relieving a harassing cough almost immediately.

Inhalations heal Ulcers and Cavities in the Lungs, when all other means fail.

Inhalations arrest the paroxysms in Asthma in a few moments, and effect entire cures in every case.

Let there be no delay then in application to the treatment that has stood the test, and proved again and again the only hope—the only reliable safeguard and means of restoration.

Consultation free: prices within reach of all.

Patients at a distance who cannot come to the city to remain for treatment can, after examination, return home, and pursue the course of treatment with success, but if impossible to call personally for an examination, write for a "List of Questions," and "Medical Treatise."

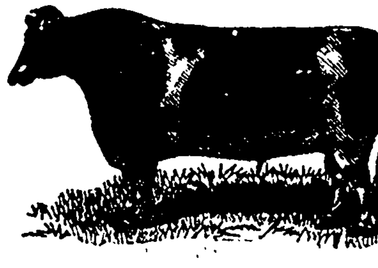
IMPORTED HOLSTEINS FOR SALE.



I have just returned from Holland with 106 head of this famous milk and butter producing breed of cattle, that are now in quarantine at Quebec, from which they will be released about Sept. 1. This especially fine importation was selected with the utmost care, from the best milk and butter strains to be found in their native country. We employ no agent, but personally select our own stock, and cross the broad Atlantic with them. This importation consists of 17 cows, 66 yearlings and 23 calves. Among the cows are two year old heifers with milk records of from 40 to 57 pounds per day, and aged cows with a daily milk record as high as 99 pounds. These cattle are offered for sale in the Dominion of Canada, and at the expiration of the quarantine a portion of those remaining unsold can be seen at the Holstein Stock Farm of Michael Cook & Son, situated on the Grand Trunk R. R., Aultsville, Ont.

Through quarantine the stock will remain in charge of my son, C. J. Lord, who will take pleasure in exhibiting them to visitors. For further particulars address
