Business Embarrassments.

R. M. Wanzer & Co., sewing machine and lamp manufacturers of Hamilton, have called a meeting of their creditors for Tuesday afternoon next. The factory is one of Hamilton's largest industries, and four or five years ago employed several hundred hands, but since the decline of the sewing machine industry, which took a large drop a few years ago, the number of employes has been reduced somewhat. The liabilities are estimated at $200,000 and the firm claims a surplus of from $50,000 to $75,000. The assets consist of real estate, plant and book debts. The direct cause of the trouble is said to be failure to form a joint stock company.

The Maxwell Agricultural Works, St. Mary's, employing about 40 hands, has been shut down, owing to financial difficulties. A meeting of creditors is called for the 19th inst.

The stock of R. H. Menzies of Burk's Falls was yesterday sold by John Knox of Hamilton, assignee of the estate, to David Blackley, late of the firm of Blackley & Anderson, assignees. The price paid was 53 cents on the dollar. He also bought the book accounts at 25 cents.

These assignments are reported: Sarah Goulding, dry goods, Innerkip; J. V. Macguire, harness, Manotick; R. J. & P. Quillett, grocers, Ottawa; E. Bassingthwaite, furniture, Sault Ste. Marie.

This Company is now issuing $100, $200, $300, $400 and $500 investment bonds, payable in five, ten and fifteen years from date of issue, affording all the advantages of compound interest, accumulations on small sums of money.
These bonds are the obligations of this company and are specially protected by a sinking fund, invested in first-class real estate mortgages. They are plain, definite contracts, subject to no contingencies whatever, are non-forfeitable after one annual payment, with values definitely stated thereon. For a small outlay they secure a fixed and generous return. To bondholders who complete their contract the company guarantee compound interest at the rate of four per cent. per annum.
Young men and women, persons of moderate means, and anyone seeking a perfectly safe and profitable investment are solicited to examine carefully the plan of these bonds and note the fact that a small amount paid monthly, quarterly, half-yearly or annually will produce one, two, three, four or five hundred dollars at the end of five, ten or fifteen years, affording thereby unequalled opportunities for saving and accumulating money, and all at very moderate cost. 5
The Company is prepared to receive applications from reliable agents at all points where it is not already represented.

GRATEFUL—COMFORTING
EPPS'S COCOA
BREAKFAST
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
Made simply with boiling water or milk. Sold only in packets, by grocers, labelled thus:
