Mr. Peter Timmins of Queensbury, lost the cutter bar of his mowing machine recently, between Soloman Parent's blacksmith shop and Bartlett Hallett's, Caverhill, and will be much obliged for information that will lead to its recovery,

Mr. Walter Pelham, the English humorist is to give an entertainment here on the 21st., inst., and will be assisted in a musical programme, by Mr. F. Parker, and other well known amateurs. The arrangements are in the hands of Messrs. McMurray & Fenety.

Hon. Mr. Ritchie, Solicitor General, has gone to New York, where Speaker Lynott is at present, to secure the latter's signature to the St. John election writ. The government party have a meeting on Friday evening, to select a candidate to run with the Provincial Secretary.

Mr. J. D. McBeth, formerly of this city, but now occupying the responsible and lucrative position of N. E. passenger agent of the Missouri, Pacific and Wabash and St. Louis & Pacific Railways, has our thanks for a late number of New York *Truth*, a weekly society and sporting Journal.

Messrs. J. C. Risteen, & Co., of this city, manufactured the seats for the new Baptist Church, East Florenceville, Carleton County, which the Woodstock *Press* says, is one of the neatest of country churches, and creditable to the enterprise and good taste of the people of that county.

Mr. Robert Landelle, A. B., of Halifax, who has been attending the Normal School here since the 1st of May, has received an appointment in the Winter Street School, Portland. Mr. L. is a graduate of Dalhousie College, and has had considerable experience in teaching, at which he has been successful.

People are now dying from Asiatic cholera at the rate of over 300 a day at Cairo, and at a proportionate rate according to the population and fifty of the British troops have died of the disease, in other Egyptian cities. One officer there. In India, the disease is prevalent, and it is reported that it has broken out in Malta.

A pill giver is in a tight place, when he wants the public to know he "has returned to the city and will resume practice," &c., believing at the same time it is beneath the dignity of his profession to advertise his business. This sort of doctor has the gall to ask, that papers make such announcements free in his case.

On Monday forenoon the proprietors of the Barker House and Queen Hotel were each fined $100 and costs for a second violation of the C. T. A. Mr. J. A. VanWart, who appeared for the defence, has applied for a copy of the proceedings, with a view of obtaining an order from the Chief Justice to review the decision.

A notification in the Canada *Gazette*, informs the public that the Act of the Legislature of the Province of New Brunswick incorporating the Fredericton and St. Mary's Bridge Company is disallowed. No reasons are given, but probably the reason is, that it is considered an interference with the Federal rights on navigable rivers.

The Woodstock Town Council have accepted the offer of the Maritime Bank, to take the Water Works Debentures, amounting in value to over $50,000 at one per cent premium. The bargain is considered a good one for the town, the money being actually obtained at about 5 per cent. The debentures bear interest at 6 per cent.

A paragraph has been in circulation that Sir Albert Smith's estate has been sworn in at $175,000, but this is corrected by a Dorchester correspondent of the *Sun*, who writes, that the appraisers will not be done their work for months, and from what is already before them, they estimate that the estate will not be worth less than $400,000.

At a recent meeting of the "Star" Council of Royal Templars in this city, the following officers were elected for the current quarter: J. W. Tabor, S. C.; J. J. Fox, V. C.; E. O. Freeze, P. A movement is on foot, we understand, to repeal the Scott Act in Charlotte County. Funds have been subscribed and preparations for taking the vote are now in progress. The doing away with the Canada Temperance Act and its accompaniments, and the adoption of the excellent Licence Law passed at the last session of Parliament, is a consummation devoutly to be wished.—*Courier.*

Mr. J. L. Inches, was taken seriously ill at the Royal Hotel, St. John, on Thursday last. He was able to come home Friday evening, however, and having recovered partially, he returned to his Exhibition duties Monday morning, although far from being convalescent. The amount of labor Mr. Inches will have to undergo, before the Exhibition is over, would be quite sufficient to tax the energies of two or three gentlemen of ordinary ability.

The members of the American Legion of Honor in this city, will have an excursion to Grand Falls on Friday, the 17th inst., and have engaged a special train on the N. B. Railway, which will take them there by noon that day. The party will return the following day. The tickets are put at the small sum of $2.50, and it is likely very many people will avail themselves of this opportunity of visiting the pretty little village of Grand Falls, and its picturesque surroundings.

Rev. Mr. Nairn of Harvey, and Rev. A. J. Mowatt of St. Paul's Church, exchanged pulpits last Sunday. We are glad to learn that Mr. Nairn's popularity is growing very rapidly among the good people of Harvey. He gives promise of being a clever preacher, and the Harvey congregation have been lucky in securing the services of the Rev. gentleman. Mr. Nairn purposes taking three week's vacation shortly, and will visit Ontario.

The recent Methodist Bazaar, netted $550.

Capt. Loggie, returned Saturday, from his holiday trip to Pictou.

The Kirk Picnic will be held at Mauger's Island, about the 15th inst.

Wilmot Cliff, son of Benjamin Cliff of Prince William, who left here last fall for the Western States, was killed a few days ago in New Richmond, Wisconsin, by the caving in of a wall at which he was working. The deceased was only 21 years old, and unmarried.

Amos Hudgin, Toronto, writes: "I have been a sufferer from Dyspepsia for the past six years. All the remedies I tried proved useless, until Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was brought under my notice. I have used two bottles with the best results, and can with confidence recommend it to those afflicted in like manner." Sold by John M. Wiley.

Herbert McDonald, a lad of five years, son of Mr. Stephen McDonald of this city, fell off a raft opposite Carleton Street Extension, Monday afternoon, and was drowned. His brother Charles, seven years old, gallantly jumped into the river to rescue him, and nimself narrowly escaped drowning. He was rescued by James McGoldrick and James Kane. The body of the victim was discovered an hour after the accident, by Mr. Robert McElvaney, and at the inquest, held before Coroner Brown, M. D., the jury, with Mr. Geo. A. Cliff as foreman, returned a verdict of accidental death.

Early Sunday morning, Dr. Gilchrist's barn at Bloomfield, King's County, was burned with five horses, three of them being thoroughbreds, over twenty tons of hay, harness, sleighs, waggons, etc., the whole being valued at $6000. The Doctor's son received serious injuries, in attempting to save the horses, by a kick from one of them, and a scorching, while he lay insensible. In the excitement of the fire, one of the thoroughbreds foaled, and the colt was destroyed with its mother. The doctor had been offered $500 for this colt. There was no insurance on the property.

The Road Committee at last, have been driven by public opinion, as indicated in the press, and by curses loud and deep, uttered by pedestrians, to replace the old, worn, and rotten platform on Regent Street, by a gravel walk, which in the near future will be coated with asphalt. The same description of walk will be laid on Queen Street between Northumberland and Westmorland, and sometime before the milenium, residents on Queen between York and Westmorland Streets, anticipate having an asphalt covering for the walk in that region. What excuse can there be for delaying these works, as they have been delayed.

A pleasant event, in which Miss Mary A. Munro, daughter of David Munro, Esq., Register of Deeds, for Carleton County, and Mr. G. W. Slipp, a prominent young merchant, were the principals, was celebrated at the residence of the bride's father, Woodstock, on the evening of the 25th inst. The ceremony was performed by Rev. K. McKay, B. A., assisted by Rev. J. K. Bearisto; the presents on the occasion were large in number, handsome in appearance and costly in price. The happy couple left the same evening for a trip to the United States. The bride groom is a brother of Mrs. Colter, wife of Hon. Geo. J. Colter, M, P. P., for York.

Yesterday's *Sun* says that Shaw Bros., whose extensive bark extract manufactories and tanneries formed an important item in the industries of Eastern Maine and the upper St. John, have made an assignment for the benefit of their creditors. It is said that a large amount of their paper is held by Boston Banks. Shaw Bros., have two large extract factories in York, one at Pokiok, and one at Milville, both giving employment to a number of men. Another at Woodstock, also has been doing an extensive business. We sincerely hope this enterprising firm may find a speedy way out of their difficulties, and that their enterprises may be continued.

The Wanderers' Cricket Club of Halifax, during the past week, defeated the cricketers of Charlottetown, Pictou, Stellarton, and New Glasgow disastrously, but in their final match on Saturday, the Truro Club defeated them by eighteen runs. In the first innings, two of the Wanderers' wickets went down in the second over, the innings concluding with the small score of 28. The Halifax *Mail* says "Blair's bowling was much too straight to be trifled with, while McCully was effective in disposing of the wickets." In this innings, for Truro, Blair scored 98, as many as the whole Wanderers' eleven. Both Blair and McCully are well known to our cricketers, they having played against Fredericton at Camp Sussex in 1881. The Wanderers propose having a cricket tournament at Halifax in September, and an effort will be made to send a representative Fredericton eleven.

The Woodstock *Press* gives some particulars of the sudden death of Mrs. James Harvey, of Upper Woodstock, and sister of the Messrs. Yerxa, Grocers of this City, a brief mention of which was made in our last issue. It says:—She awakened her husband about 3 A. M., the morning of the death, and said she felt as though she was going to die, and asked him to get her some simple medicine that was in the kitchen. He immediately prepared the medicine, and she followed him to the kitchen while he was preparing it, but when it was prepared, she could not drink it. Mr. Harvey assisted her to her bed again, where she laid down and expired in a few minutes Mrs. Harvey was a fine looking, robust and healthy young woman, and her sudden death was a severe shock to the community, in which she was a general favorite. Her death is attributed to heart disease.

Mr. Gibson's Cotton Mill.

The main building of Mr. Gibson's Cotton Mill, is to be 419 feet long and one hundred feet wide. It will be four stories high, with a tower twenty-two feet at the base. At the northern end of the main building the ell or picker will be placed. It will be 284 by 98 feet, connecting with the principal structure by a passage, 18 by 36 feet. The engine house is 56 by 42 feet, and the boiler house, 48 by 94 feet. These last named buildings will be two stories high. The main chimney will be 14 feet square at the base, and 160 feet high. To light and ventilate these buildings, there will be 218 windows, each containing 36 panes. There is to be a large repair shop in connection. The power will be supplied by two engines of six hundred horse power each. Water for the engines and other purposes will be brought from the Mill Brook, a distance of one and a half miles. This stream will be drained, so that it will give the factory a head of 87 feet. There will be 50,000 spindles, and employment for 600 operatives. It will require to finish the structure upwards of four million feet of lumber, including nine hundred thousand feet of Southern Pine. On the factory grounds, a fine planing mill has been erected to manipulate the lumber for the cotton buildings. It contains a planer for large timber, a machine which planes, joints, tongues and grooves small lumber, a lathe and auger for turning and boring pillars, fifteen feet long, an automatic grinder, with emery wheel for grinding planer irons, and several other valuable machines for lessening labor. The power is furnished by a twenty h. p. engine.

ERUPTIVE DISEASES, such as Pimples, Boils, Blotches, Ringworm, Salt Rheum, Tetter, &c., yield readily to a persistent use of Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, which by purifying the blood remove these unsightly evidences of inward disorder. If the blood is pure, the skin is exempt from these blemishes, and the value of these medicines as a blood purifier cannot be over-estimated. Beware of imitations, see that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada.

Dr. W. Armstrong, Toronto, writes: "I have been using Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda for Chronic Bronchitis with the best results. I believe it is the best Emulsion in the market. Having tested the different kinds, I unhesitatingly give it the preference when prescribing for my consumptive patients, or for Throat and Lung affections.

The Pic-Nic to-morrow Afternoon

To-morrow, the members of the Hook Ladder and Protection Companies, are to have their first pic-nic in Mr. Kenney's beautiful grounds, Regent Street, and we hope the boys may be liberally patronized. They have gone about the arrangements in a spirit which is pretty certain to insure success, and they should be able to count confidentally on the liberal assistance of the public, whose servants they have made themselves. The afternoon will be devoted to a spirited programme of sports, for which the following prizes will be offered:—

Ladies' Archery—1st prize, Toilet Sett.
Ladies' Archery—2nd prize, Album.
Gents' Archery—1st prize, Revolver.
100 yards Foot Race—prize, Pipe.
Sack Race—prize, Pocket Book.
Three Legged Race—prize, half dozen Gents' Handkerchiefs.
Standing Broad Jump—prize, pair of Cuff Buttons.
Three Standing Jumps—prize, Watch Chain.
Brace and Bit—prize 2 pairs of Gents' fancy hose.
Running High Jump—prize, Pocket Knife.
Hop Step and Jump—prize, Silk Handkerchief.

In the evening there will be dancing in the Grove, and music will be furnished afternoon and evening, by the Fredericton Brass Band. Members of the fire brigade are requested to appear in uniform. A pleasant day, we think, will assure a large attendance. General admission to the grounds, 20 cents; gentleman and lady, 30 cents; children 10 cents. All kinds of refreshments will be furnished on the grounds.

WEIGHED IN THE BALANCE, but not found wanting. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure has been weighed in that just balance, the experience of an impartial and inetlligent. public. Both remedially and pecuniarily it is a success. Its sales constantly increase; testimony in its favor is daily pouring in. The question of its efficacy in Dyspepsia, Liver Complaint, Kidney Ailments, and for Blood Impurity, is decided. Sold by John M. Wiley.

One of the amendments to the military law in France, introduced in the French Chamber, wages war upon bachelors. It proposes to put all the bachelors into the first-class of reserves to be called out first in time of war, and compelled in time of peace to extra drills and manœuvres. It also retains them on the list of reserves for twelve years instead of six years, the term for married men. The amendment is conceived in the hope of forcing the smart young bachelors of France into matrimony.

Jos. Beaudin, M. D., Hull, P. Q., writes: Dr. Thomas' Eclectric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful; I use it in all cases of rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved of the pain."

Why People Drink.

Mr. V, because he likes to see his friends around him.

M. W, because he's got no friends and enjoys a glass for himself.

Mr. X, because his uncle left him a legacy.

Mr. Y, because his aunt cut him off with a shilling.

Mr. Z. because—because—because.

If the fountain is pure the streams will be pure also. So with the blood. If that be pure the health is established. *Parsons' Purgative Pills* make new rich blood, and taken one a night will change the blood in the entire system in three months.

The alligator is a lazy brute, and instead of hunting for something to eat he lets his victuals hunt for him. That is, he lies with his great mouth open, apparently dead. Soon a beetle crawls into it, then a fly, then several gnats, and a colony of mosquitoes. A little later, a lizard will cool himself under the shade of the upper jaw. Then a few frogs will hop up to catch the mosquitoes. Then more mosquitoes and gnats light on the frogs. Finally a whole village of insects and reptiles settle down for an afternoon picnic. Then all at once there is an earthquake. The big jaw falls, the alligator blinks one eye, gulps down the entire menagerie, and opens the great front door again for more visitors.

Extracts from a Letter from C. H. S. Cronkhite, Esq.

Canterbury Station, York Co., N. B., October 10th, 1876.

Mr. J. H. Robinson,

Dear Sir.—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable in the summer to walk any distance without much fatigue. I can now take my gun and *travel all day and feel first-rate at night, and eat as much as any lumber man.* Have not bled any since I took your preparation, and can now inflate my lungs, without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick, have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,
(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite, and do assert that the foregoing statement is correct in every particular.

One-third of the population of the Union, is contained within the boundaries of five States, which form a compact section of country between the Atlantic Ocean and the Mississippi River. New York, Pennsylvania, Ohio, Indiana, and Illinois have over 17,000,000 inhabitants, according to the census of 1880, and if Missouri be added to the chain—making 20,000,000 of inhabitants—the six largest States in the Union are found to form one unbroken band.

A Life Worth Living.

Emerson says, "the truest test of civilization is not the census, nor the size of cities, nor the crops, but the kind of men the country turns out." Now the kind of men the country turns out depends pretty much upon his physical condition, or what use to the world would a race of invalids prove? Such people have no individual independence, and their usefulness and achievements—if any—are of the most meagre and ordinary character when compared with those of the hale, hearty man who takes the world as he finds it, makes the most of it, and leaves it the better for his having passed through it. I remember asking one such how it was he appeared to enjoy such an imunity from disease during especially sickly seasons. His reply came unhesitatingly: "Because I pay prompt attention to the premonitary symptoms of disease, and thus baffle continued illness." "But" how is this effected so readily," I asked, "when you so rarely have recourse to the physicians? "Well," he replied reflectively, some years ago, I learned that men and women could in no small degree, become their own physician through the medium of a book—Humphreys' Homœpathic Mentor, or Family Advisor—the gift of a friend. After a careful reading I came to the conclusion that it was the most practical volume I had looked into for years, and resolved to test the medicines, of Specifics, it advocated for family use. I ordered a family case, also a Veterinary one for the stables, and since then have become, with splenid results, not only my own physician, but the "friend in need," to many around me—there is so much in Homœpathy.

Dr. J. H. Barker

St. Mary's Ferry, opp. Fredericton.

DR. BARKER has during the past ten years given special attention to the cure of NASAL CATARRH, a disease very prevalent in this changeable climate. He can furnish proof of the fact, that he has completely cured many cases during that time. At the present he is treating a number of bad cases of Catarrh from Fredericton and St. Mary's. His practice consists of persistent local applications, as well as constitutional treatment, until a cure is effected

☞ Attention is also given to a general physician's practice.

Haying Tools for 1883.

I HAVE the largest and best selected stock of Haying Tools ever imported in this city, and as I import them direct from the manufacturers I am in a position to sell them at low prices.

120 doz Scythes; 60 doz Snaths;
250 doz Rakes; 60 doz Forks;
100 boxes Scythe Stones; 6 tons Grindstones;
40 doz Fork Handles.

The genuine "Black Snake" Scythes has my name stamped on the Heel of every Scythe, and made by the A. S. Whiting Manufacturing Co., and can only be bought through me.

There is an imitation sold in this city, and manufactured by O. S. Richford, which is not the scythe that I introduced in this market four years ago, and that has given such general satisfaction.

AYER'S Sarsaparilla

cures Rheumatism, Neuralgia, Rheumatic Gout, General Debility, Catarrh, and all disorders caused by a thin and impoverished, or corrupted, condition of the blood; expelling the blood-poisons from the system, enriching and renewing the blood, and restoring its vitalizing power.

During a long period of unparalleled usefulness, AYER'S SARSAPARILLA has proven its perfect adaptation to the cure of all diseases originating in poor blood and weakened vitality. It is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodide of Potassium and Iron, and is the safest, most reliable, and most economical blood-purifier and blood-food that can be used.

Inflammatory Rheumatism Cured.

"AYER'S SARSAPARILLA has cured me of the Inflammatory Rheumatism, with which I have suffered for many years.
W. H. MOORE."

Durham, Ia., March 2, 1882.

"Eight years ago I had an attack of Rheumatism so severe that I could not move from the bed, or down, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. I have not been troubled with the Rheumatism since. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public.
E. F. HARRIS."

River St., Buckland, Mass., May 13, 1882.

"Last March I was so weak from general debility that I could not walk without help. Following the advice of a friend, I commenced taking AYER'S SARSAPARILLA, and before I had used three bottles I felt as well as I ever did in my life. I have been at work now for two months, and think your SARSAPARILLA the greatest blood medicine in the world.
JAMES MAYNARD."
