OFFICES STAY IN HAMILTON

Dominion Council of the Royal Templars of Temperance So Decided Yesterday.

BUT THE VOTE WAS A CLOSE ONE

Minister of Justice Has No Records of the Peter Hamilton Mortgage.

Hamilton, March 21.—At a meeting of the Law Association this afternoon, regarding the Peter Hamilton mortgage on a large portion of the city, a report from the sub-committee was received. It was to the effect that the Minister of Justice had no record of the mortgage. A sub-committee, composed of T. Martin, A. Bruce and W. A. Logie, were appointed to prepare a memorial to the government.

Special Officer Miller has returned from Lansing, Michigan, where he was a witness in the case of Peter Le Page of this city, who was charged with burglary. Le Page was sentenced to the State Penitentiary for 15 years.

At the meeting of the Trades and Labor Council to-night, it was decided to endorse the application of the city firemen for an increase in pay. The Municipal Committee suggested that the names of the property owners owing over two years' taxes be published.

Harry Kuntz, the well-known brewer, is resting easily to-night. There is little hope for his recovery, however.

Request Not Granted.

During a short session of the Dominion Council of the Royal Templars of Temperance this afternoon, memorials were presented from the grand councils of the Maritime Provinces and Manitoba, asking for the proper machinery to esablish a Sick and Funeral Fund. The request was not granted, as the council concluded such a benefit fund could not be managed so far from the head office.

At this evening's session, W. W. Buchanan made a personal statement respecting the financial standing of the order when he retired from the management. He said he was not responsible for the state of affairs.

After the Finance Committee's report had been discussed and adopted, the council took up one of the most important questions of the meeting, that of the removal of the head offices to Toronto. The special committee appointed reported, recommending that the offices be removed to Toronto. It had found, on looking into the matter that the difference in the expense was slight, and it would be offset by the benefits to be derived.

After a long discussion, the 32 representatives entitled to vote split exactly in half, 16 voting for and 16 against the recommendation. As a two-thirds majority was required to carry, the offices will not be removed.

The delegates from the distant provinces and Western Ontario voted against the removal, and the Toronto delegation was supported by the representatives in Eastern Ontario.

Scalded to Death.

Stanley Thatcher, infant son of George Thatcher, 9 Aurora-street, fell into a tub of scalding hot water and died from his injuries in three hours. Deceased was only 13 months old. The funeral will take place on Sunday.

After Guarantee Companies.

Mayor Hendrie and the City Solicitor spent a good deal of time this morning going over the policies of the various guarantee companies which insure the city officials. The amount of insurance carried is between $60,000 and $70,000, and in view of the city's experience in the Lancefield case, more than ordinary precautions will be taken.

Court Cases.

Judge Monk reserved judgment this morning in the case of George Gassett, charged with stealing $3 from his nephew, Charles Gardiner.

It is reported that Mrs. George Hanlon, Spring-street, has gone to St. Louis to join her husband, who disappeared from this city two or three years ago. Hanlon was a letter carrier, and lived on Bruce-street. He left his position without giving notice, and his wife didn't know where he was going.

The spring assizes will open on Monday before Mr. Justice MacMahon. There are 29 cases, nine criminal, on the docket.

Police Magistrate Jelfs is not a believer in the old custom of kissing the Bible in administering the oath, and is seriously considering the advisability of dispensing with it in the Police Court.

Of Bad Type.

It turns out that the case of smallpox on Grant-avenue is the worst form of the disease that the authorities have yet had to handle. Whiteman, the sufferer, is in one part of the house upstairs, and McMillan and his wife and two children are in another below. Whiteman had never been vaccinated. The two eldest children have been away from home for a week or two, staying with friends in another part of the city.

Minor Mention.

Ward's Restaurant, 6 York-street, open day and night; beds, 10c, 15c, 25c. 36

Thomas McIlwraith of this city, the well-known ornithologist, has been invited to offer suggestions in connection with the establishment of the Carnegie Institute of Science in Washington.

Marguerites 5c at Nobles' to-day.

The funeral of the late Mr. Robert Archibald took place this afternoon. The pall-bearers were: Messrs. Edwin Pinch, Robert MacWilliams, John Hall, Alexander McCallum, James Dingwall, John Wilson. Rev. J. Young conducted the religious services.

"COFFEE HEARTS"

More Frequent Than Tobacco Hearts

Coffee drinking frequently affects the heart, and many cases of heart trouble are relieved or entirely cured by leaving off coffee and taking on Postum Food Coffee.

A good illustration is that of a lady who says: "I was troubled for many years with my heart, and at times would become unconscious. The children have many times run for the neighbors to come in and restore me by putting my feet in hot water and rubbing me.

"Dr. Short frequently told me that coffee was a poison to me and was really the cause of weak heart. I could not do without the coffee, though, but finally the doctor told me it was certain death if I did not give it up. This was about five years ago, and I changed from coffee to Postum Food Coffee. My heart trouble gradually disappeared, and now I am entirely well, have never used a particle of coffee since my first cup of Postum.

"I gave a little Postum to a lady friend one day to take home and try. She reported that she did not like it at all. I found she boiled it only five minutes, so I gave her some more and told her to boil it 20 minutes. That was different. She has been using Postum now for a long time.

"It cured her daughter of liver trouble, restored her fresh, pretty complexion, and cured the mother from headaches, from which she suffered severely." Mrs. M. Douglass, 607 Plum St., Elkhart, Ind.

Bispham Recovers.

The report of David Bispham's alleged collapse in a recital at Worcester last night appears to have been very greatly exaggerated. It is true Mr. Bispham had an attack of influenza, from which he had just recovered, and he felt the exhaustion of an arduous program, and omitted the last three numbers. The matter was of especial interest to Toronto people because he appears here next Friday in the Redemption. Mr. Stewart Houston received the following telegram from Mr. Maurice Grau last night: "Bispham much better; will undoubtedly be able to sing Toronto next week; expects certainly to sing here in Manru next week."

JONAS AT MASSEY HALL.

The Triumph of a Great Artist—A Remarkable Virtuoso.

It can be said with perfect frankness that Alberto Jonas, who came to Toronto heralded as doubtless the greatest pianist of the day, fully reached the expectations of the magnificent and cultured audience wtih which he was greeted in Massey Music Hall last evening. We hear sometimes of the intense excitement that a great pianist will create among his people as an evidence of inspired powers. Jonas certainly stood strong here. The people went wild over his playing, and only repeated re-calls would satisfy them. It was an opportunity where that well-known Canadian piano of Heintzman & Co. was put to the strongest tests, but it measured up completely to all that was demanded. The piano used was a new concert grand piano of this old firm—itself a remarkable creation in piano building. The value of so superior an instrument was also fully shown when used in connection with the singing of Plunket Greene, who appeared with Jonas on the program. This great English vocalist has always used a Heintzman & Co. piano on his Canadian tours, and has said that "it is a piano capable in the highest degree of the most delicate inflections and of the widest range"—being equal to every demand made upon it by a very varied program.

Harry Giddings of Oakville will ship his string of thoroughbreds to John Nixon. The lot will arrive here about the first week of April.

REAL ESTATE INTELLIGENCE

List of Recent Transfers and Registrations of City and County Properties—Properties Transferred in the Town of Toronto Junction, Town of North Toronto, Village of Markham and the Townships of York, Vaughan, Etobicoke and Scarboro—List of Recently Issued Building Permits.

Messrs. J. D. Evans and Edward Stock, executors, will offer for sale by auction, at 3 o'clock to-morrow afternoon, at Nurse's Hotel, the Humber, valuable market garden lands, being about 50 acres of lot 7, Con. 3, Etobicoke, south of Dundas-street and within seven miles of Toronto market.

There exists at present in Toronto a great scarcity of moderate priced dwellings for rental, and the demand for such is rapidly increasing. A very great number of the above class of houses have been bought over the heads of tenants by those who intend to be their own landlord in future, and the result is that many former tenants are now quartered in apartment houses, several of which are doing a large business, and more are being erected to supply the demand for quarters.

Possible Only in New York.

"Within a stone's throw of Herald Square there is a man who lays claim to being the only exclusive real estate sign painter in the world," says The New York Telegram.

"Strange as this boast may be," said he when questioned on the subject, "it is, nevertheless, true. I am the only man in the world who makes a living painting signs of a real estate nature exclusively, and I defy anyone to contradict what I say.

"I have had this announcement displayed prominently on the front of this building for some time, and no one has yet attempted to disprove it. How do I make out at it?

"I make out so well that I find it takes all of my time and that of several assistants, without attempting any other kind of work. You would not think there was enough business of this nature to warrant my confining myself to it exclusively, would you? Well, there is.

"You see, in this section of the city there are a great many flats, furnished-room houses, and others whose occupants are continually shifting about. The owners and real estate agents are constantly having signs painted, and I get the lion's share of the business."

"Why?"

"Well, because, in the first place, I satisfy my customers in the matter of price, and, secondly, in the matter of work. You would not think there was a knack in painting real estate signs, but there is. And I have found out how to make them most attractive."

"Wouldn't you undertake to paint any other kind of sign—for a consideration?"

"Nope," laconically. "It would knock my boast into a cocked hat if I did, and I could not afford to lose my reputation as the only exclusive real estate sign painter on the face of the globe."

Building Operations.

During the first three week of March there were 62 building permits, amounting to $155,165, issued by the City Commissioner's Department. These permits varied in amounts ranging from $100 to $8000, and are principally connected with dwellings and stores. There are no issues of permits for industries or factories, except for additions or alterations to those already existing, and the amounts to be expended are small.

RECENT BUILDING PERMITS.

The following ten permits, amounting to $25,600, for new buildings and alterations and additions to old structures, are the latest issued by the City Commissioner; there are a large number of improvements being made in old dwellings at present. Tenants are paying big rents and they expect everything about a house to be up-to-date.

Permit No. 304—To Patrick Maher, to erect a two-storey brick stable in rear of No. 16 Hayden-street, at a cost of $8000. J. W. Siddall, architect; James Crang, builder.

Permit No. 305—To John Patterson, to erect a pair of two-storey and attic semi-detached brick dwellings and stable at Nos. 17 and 19 McCaul-street, at a cost of $6500. F. H. Herbert, architect; Davidge and Lunn, builders.

Permit No. 306—To Gideon Henderson, 11 Elm-avenue, to erect a two-storey and attic brick dwelling on the south side of Glen-road, near Maple-avenue, at a cost of $7000. F. H. Herbert, architect; Edward Gearing, builder.

Permit No. 307—To S. F. Aberdeen, 46 Bismarck-avenue, to erect a two-storey-and-attic brick dwelling on Gladstone-avenue, near Lindsay-avenue, at a cost of $2800.

Permit No. 308 — To M. Ryan, to add a new shop front to No. 178 West Queen-street, at a cost of $150.

Permit No. 309—To G. Guest, to add a brick foundation to dwelling No. 1 Broadview-avenue, at a cost of $150.

Permit No. 310—To L. H. Bowerman, to erect a two-storey brick addition to dwelling No. 52 Follis-avenue, at a cost of $300. James E. Hall, builder.

Permit No. 311—To Rutherford and Marshall, to erect vats for liming eggs in warehouse No. 68 East Front-street, at a cost of $500. Gouinlock and Baker, architects; Davidge and Lunn, builders.

Permit No. 312—To J. H. Rynehart for a brick and cement cellar under dwelling on corner of Elm-street and Centre-avenue, at a cost of $100.

Permit No. 313—To R. Pressley to erect a new shop front in wood and glass to No. 353 West Queen-street at a cost of $100.

COUNTY REGISTRY OFFICE.

Business in the County Registry Office is lively at present. There are a large number of rural and suburban transfers of properties being registered daily. The following transfers of land in seven municipalities in the County of York were recently registered.

Write A Postal
To Get Well.

Send no Money. Simply tell me Some One Who Needs Help.

If you are sick, let me know it.

If you have a friend who needs help, tell me his address. Let me send the book he needs. Let me offer the sick one a way to get well.

Do that much, and I will do this:

I will send with the book an order on your druggist for six bottles Dr. Shoop's Restorative. I will tell the druggist to let you test it for a month. If satisfied then, the cost is $5.50. If not, I will pay your druggist myself.

It shall not cost you a penny.

Please note what that means.

I furnish the treatment, give you my best advice, answer all of your letters.

If I succeed, the cost is only $5.50 and the result is health. If I fail, my effort and my medicine is free.

Can't you see that I must know how to cure?

The reason is this: I have spent a lifetime in learning how to strengthen the inside nerves. That nerve power is the force that operates every vital organ. It is to your body what steam is to an engine.

When any vital organ is weak and fails in its duty, I bring it the power it needs. The results are certain, and most chronic diseases cannot be cured in any other way.

My book will tell you why.

I don't mean that I never fail. I can always bring back this vital nerve power; but sometimes an organic disease, like cancer, makes a cure impossible.

But such conditions are rare. In any case, no matter how difficult, I will take the entire risk.

My records show that 39 in each 40 who get these six bottles pay for them—pay because they are cured. It is this remarkable record that makes such an offer possible.

There are 39 chances in 40 that I can cure you or your friend.

It is absolutely certain that in most chronic diseases my treatment represents the utmost that medicine can do.

It is certain, too, that no other physician will assume the risk, for no common treatment could stand a test like that.

No matter what your prejudice or doubts, remember that I take the risk. I alone am the loser if I fail. And if I succeed, you are well.

Be fair with yourself. At least get my book. I am sorry for the sick one who can say "no" to my offer.

Simply state which book you want and address DR. SHOOP, Box 21, Racine, Wis.

Book No. 1 on Dyspepsia.
Book No. 2 on the Heart.
Book No. 3 on the Kidneys.
Book No. 4 for Women.
Book No. 5 for Men (sealed)
