JOHN LABATT'S
INDIA PALE ALE AND XXX BROWN STOUT
Highest Awards and Medals for Purity and Excellence at Centennial Exhibition, Philadelphia, 1876; Canada, 1876; Australia, 1877; and Paris, France, 1878.

TESTIMONIALS SELECTED.

Prof. H. H. Croft, Public Analyst, Toronto, says: "I find it to be perfectly sound containing no Impurities or adulterations, and can strongly recommend it as perfectly pure and a very superior malt liquor."

John B. Edwards, Professor of Chemistry, Montreal, says: "I find them to be remarkably sound ales, brewed from pure malt and hops."

Rev. C. J. Ed. Page, Professor of Chemistry, Laval University Quebec, says: "I have analyzed the India Pale Ale manufactured by John Labatt, London, Ontario, and I have found it a light ale, containing but little alcohol, of a delicious flavor, and of a very agreeable taste and superior quality, and compares with the best imported ales. I have also analyzed the Porter XXX Stout, of the same brewery, which is of excellent quality; its flavor is very agreeable; it is a tonic more energetic than the above ale, for it has little richer in alcohol, and can be compared advantageously with any imported article."
