—A sensational report gained currency in Montreal yesterday that Mr. L. J. The Oil Duties.

A meeting of gentlemen interested in the oil industry will be held in London at an early day to take into consideration the propriety of petitioning Parliament to remove the duty on crude oil, so as to enable London refiners to obtain crude oil on as favorable terms as it can be purchased by United States refiners. There are several refineries in London standing idle, but if cheap crude could be brought in here they could be set going.

The New York Sun's Latest Declarations on the Subject.

New York, Dec. 19.—The Sun, in its leading editoral to-day, says: It is now apparent that the movement in the Dominion of Canada for casting its lot with the continent to which it belongs has begun in earnest. It is spreading allies through the country districts and the towns and oities, through Ontario, Quebec, the Maritime Provinces and adjacent islands. The idea of joining the Canadian country with the dominating power of the North American continent has received the present extraordinary stimulus chiefly from the fact that our tariff puts Canada on the same trade footing as other foreign countries, and shuts its
