THE ORLEANISTS' INTRIGUES.

A Letter from the Count of Paris Seized by the Police.

PARIS, July 6.—The police have seized at the house of M. Dufraille, the director of the Orleanist press, copies of a letter written by the Count of Paris to the Conservative Mayors of France, in which he says:

"We have to protect municipal liberties and finance against an extravagant, tyrannical administration which is the willing tool of the party which compromises the republic and which will cause its downfall. The day is near when we must all reconstitute and establish the Government of France upon a durable basis. A monarch alone will restore your lost liberties and establish order in the communes and the state."

Signing the Senate.

PITTSBURG, July 6.—The Lawrence Iron Company of Ironton, O., has signed the scale. Reports are current that other firms are weakening.

TRAINING THE LITTLE ONES.

York Township Convention at Davisville.

Yesterday the seventeenth annual convention of the York Township Sabbath School Association was held in the Davisville Methodist Church. The president, Mr. R. C. Steele, was in the chair, and there was a good attendance of ministers, teachers and friends. Devotional exercises were taken part in by Rev. Messrs. McTavish of Eglinton and C. A. Simpson of Willowdale. There are over 20 schools, with about 100 teachers and 1000 scholars, in the association, Methodists, Presbyterians and Baptists being represented. After the reports were read the president gave an address, urging greater efforts to extend and improve the Sunday schools. Mr. Alfred Day delivered an address on "Definite Aims in Sunday School Work," and Miss Skinner spoke on "Temperance Work Among Children."

Address was given by Mr. A. Day, subject, "A Little Child, Its Characteristics and Claims," and Rev. Elmore Harris spoke on "Preparations for Teaching." Questions relating to Sunday school work were invited, and Mr. A. Day replied. During each session a choir of children and teachers gave, as the program stated, "Good, live, spirited music, led by the Davisville efficient Methodist choir, all under the superintendence of the energetic pastor, Rev. W. F. Wilson." At the evening session a strawberry festival was to the delight of the audience worked into the program. The gathering was one of the most successful held since the association was established.

—There is nothing equal to Mother Graves' Worm Exterminator for destroying worms. No article of its kind has given such satisfaction. x

Treating Refractory Gold Ores.

Messrs. Dobson & Shaw have for some time been erecting in this city a machine for treating refractory gold ores. There is a lot of gold ore in Canada from which only a small part of the metal can be extracted without incurring an expense above the paying point. Mr. Dobson's process is to take what are called concentrates (that is, powdered rock from which the free gold has been extracted, but which still contains considerable gold in combination with sulphur, etc.) and by means of water to pass it over copper plates, covered with mercury, charred with electricity and brushed by carbons kept moving back and forth. Gradually the gold is separated from the sulphur and amalgamated with the mercury. After the day's work the plates are scraped and the amalgamation treated to separate the gold.

The machine has been running a couple of nights under unfair circumstances, but the results obtained it is claimed are satisfactory. Concentrates from Rat Portage carrying $114 in gold to the ton were put through; from this 54 per cent. of the gold was taken, equal to $60 to the ton.

It would seem evident that the machine can save some of the gold, and at a cost, according to Messrs. Shaw and Dobson, that will pay a good profit. As the machine is a cheap one—$2500 complete—and as there are lots of refractory ores in Canada awaiting treatment, it ought to be given a full and fair trial.

PRESTON SUMMER RESORT AND MINERAL SPRINGS.

Preston, one of the prettiest towns in Western Canada, with its beautiful, cool, shady walks and drives, its lovely valleys, with the charming little River Speed running through it until it reaches the Grand River, has long been noted for its celebrated mineral springs. The remarkable curative qualities of the baths in the most obstinate cases of rheumatism, kidney and liver complaints, neuralgia, skin diseases of every description, as well as its recuperative powers to the business man needing quiet and rest after the year's labors, can be testified by hundreds of our prominent citizens. The hotel, situated on a slight eminence in the quiet part of the town, with cool, terraced gardens, croquet lawns, etc., is well adapted for the invalid or seeker of quiet summer repose and rest. The accommodations are most comfortable, with every modern convenience, the table first-class, billiard table and livery stable in connection; the rates lower than any other summer resort in the Dominion. Its close proximity to Toronto with low railway rates, make it the most desirable spot in Ontario for our citizens to spend their summer vacation. Preston can be reached by G.W.R. to Preston Station, by Credit Valley to Galt, within three miles, or by G.R.R. to Blair, one and a half miles. Tickets for Springs can be bought at reduced rates. Bus meets every train at Preston Station. Send for circular with rates and particulars to. C. KRESS, Mineral Baths, Preston, Ontario. 26
