TURKISH BLACK SALVE.

UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS SALVE, prepared from the original Receipt procured from a celebrated Turkish Hakim, (physician) of Smyrna, in Asia Minor, and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both these countries, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and, for that purpose, have established Agencies in all the principal Cities. They flatter themselves that when its wonderful properties shall become more generally known, they will meet with that encouragement which the introduction of such a valuable medicament into a country justly entitles them.—The contracted limits of an advertisement necessarily precludes their entering into any adequate detail of its merits, but, for the information of the public, they intend to publish, from time to time, such statements of cures as have or may occur, and for the present will content themselves with merely enumerating some of the complaints for which it has been used with the most complete success—Such as Swollen Glands, Broken Breasts, White Swellings, Whitlows, Scalds from Steam-boat explosions, or other causes, Burns, Fever Sores, Scrofulous Sores, Sore Nipples, Carbuncles, Shaved Head, Gun-shot Wounds, Bruises, Boils, Venereal Ulcers, Wens, Chilblains, Ulcerated and Common Sore, Throats, and Bonions. If used in time, it will prevent or cure Cancers, also, Swellings arising from a blow on the Breast, Ring Worm, Pains in the Back, Rheumatism, Gout, Pains in the Chest, Palpitation of the Heart, Complaints in the Liver, Spine, Heart and Hip, Rushing of Blood to the Head, Swelled Face and Toothache. In fact it is impossible to enumerate half the complaints that have been cured by the application of this Salve. It is very portable—will keep in any climate and requires little or no care in its application—as it may be spread with a knife on any substance, such as chamois leather, linen, or brown paper.

Sold in Montreal by S. J. LYMAN & Co., Place d'Armes; SAVAGE & Co., Notre Dame Street; BURQUHART & Co., Great St. James Street; W. LYMAN & Co. St. Paul Street, and in all the principal Cities in Canada.

ANALYSIS OF MINERAL WATER OF POINT DU JOUR.—From Mr. Hunt's Analysis of the Water of the Mineral Spring at Point du Jour, near L'Assomption, I infer that it will prove a valuable addition to those already discovered in Canada.

It appears to be well adapted to cases of scrofula, diseases of the skin, gout, rheumatism, and dyspeptic complaints generally.

Mineral Water to be useful should be taken for some time, and when it seems to lose its effect, resort from another spring should be substituted; for nature not agreeing with an individual, another may act kindly and effectually. Weak and delicate persons should seek the advice of a physician with regard to the employment of these waters.—It would be a great blessing to society if these productions from the laboratory of nature were to supersede the vile and heterogenous compounds, with which the world is cursed, under the name of Patent Medicines."

WM. NELSON, M. D.

Montreal, 11th March, 1850.

I certify that I have used the Point du Jour Spring Water in my practice, and have found it to act as a mild purgative and alterative. From the quantity of Iodine it contains, it will, I doubt not, be found useful in scrofulous diseases and in some forms of syphilis, in addition to other remedies.

Lecturer on Clinical Medicine,
M'Gill College, Montreal.

NOTICE.

THE Undersigned, CO-PROPRIETOR in the MINERAL SPRING of POINT DU JOUR, at L'ASSOMPTION, gives Notice to the Public that his interests in this Spring are not subject to the payment of any DEBTS which may be contracted for the carriage of the WATERS to MONTREAL, nor for any other matter connected with the said Spring; and he therefore makes it known that he will not pay any DEBTS contracted, or that may be contracted, by any one whatever, without his express consent in writing.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, on account of having formed a favorable opinion of their efficiency as aperients in various derangements and diseases. I have found such Waters well adapted, in the generality of cases for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

PLANTAGENET WATER.

I do hereby certify that for upwards of a year and a half I have suffered severely from dyspepsia and costiveness, from the effect of which I became so attenuated, that all hopes of my recovery were abandoned. After having used the various remedies usually prescribed in similar cases, without experiencing any relief, I had recourse to the *Plantagenet Spring Waters*, and, since I have used them, my health has been completely restored. As I attribute my recovery entirely to these Waters, I consider it my duty most earnestly to recommend them to the notice of such as may be afflicted with the above-mentioned disorders.

J. BELLE, N. P.

Montreal, March 16, 1850 169

MONTREAL, July 6 1850.

During the past eighteen months, I have had ample experience of the Plantagenet Mineral Waters, which has confirmed the favourable impression their analysis led me to entertain of them, as a safe, cooling and alterative aperient, during the heat of summer. I have also found them useful adjuncts in the treatment of some derangements and diseases,

W. FRASER, M.D.,
Lecturer on the Institutes of Medicine,
McGill College.

MONTREAL, April 10, 1850.

SIR, I have now prescribed the Plantagenet Water for upwards of a year, and I am very happy in being able to state to you, that the opinion which I formed of their properties, based on Mr. Hunt's Analysis, at the time of my commencing to use them, has been fully and satisfactorily verified by subsequent experience. I now recommend them extensively, and I have frequent opportunities of hearing from my patients that their employ of it has been attended with all the beneficial results for which they were prescribed.

I am, Sir,
Your obedient servant,

FRANCIS BADGLEY, M. D.,
Lecturer on Med. Juris., McGill College.

WISTAR'S BALSAM OF WILD CHERRY.—Among all the Panaceas advertised for the cure of human diseases, there is none in which we have more confidence than in Wistar's Balsam of Wild Cherry.' We regard it as one of Nature's own preparations—simple, safe, pleasant to take, and almost certain to cure all bilious and pulmonary affections. We have witnessed its wonderful effects in cases that were regarded as hopelessly desperate, and we can conscientiously recommend it as one of the best medicines in the world."

£100 REWARD.

WHEREAS some malicious person or persons have circulated a REPORT that SEVERAL HUNDRED CHESTS OF DAMAGED TEAS, *had in their custody*, and (from the effects of salt water) *poisonous in their nature*, lately sold in this City, were purchased by me, I hereby offer a *REWARD of £100* to any person who will bring to conviction the author or authors of such a slander, as such report is false, malicious, unmanlike, and intended to injure my reputation.

It is well known that I and I alone have been the regenerator of the Tea and Coffee Trade in Canada, that mine (the Canton House) is the only establishment for the exclusive sale of Tea and Coffee on either the Upper or Lower Province, and, by my untiring exertions, has been placed in the proud position which it now holds, notwithstanding the immense amount of malicious opposition I had to encounter. It is also well known that I have never interfered with others; that I have never exposed the known fact of the utter impossibility of keeping Teas in a proper condition where turpentine, codfish, oil, soap, molasses, candles, snuff, tobacco, &c., &c., are kept; but when my good name is so cruelly and wantonly assailed, as in this case, I cannot overlook it, and have only to say, that should this calumnious slander be persisted in, the Public may have a list of the names of the purchasers of the Damaged Teas, above referred to, which is now in my possession, as I again repeat, no man shall sport with my hard-earned reputation with impunity.

RARE CHANCE
FOR
CALIFORNIA,
VIA THE RIVER ST. LAWRENCE.

THE Staunch-Built Steam Propeller *EARL CATHCART*, now plying between Detroit and Montreal, and about 350 Tons Burthen, will leave DETROIT in OCTOBER, and QUEBEC in NOVEMBER, 1850, for CALIFORNIA, in charge of an experienced Captain.

The Proprietors will furnish $10,000; part to be expended in making such alterations and improvements as are necessary, and in purchasing Provisions and Fuel for the Voyage, and the remainder to be left on board in cash, or used in purchasing extra Provisions, if so determined at a general meeting of the Ticket-Holders, to be held soon after the Tickets are subscribed for.

64 Tickets for Sale, at $500 each. A Ticket entitles the holder to a 64th part of the Vessel, as well as a Cabin Passage to California, with such quantity of Freight as may be determined on by themselves, at the meeting, which is estimated at about Two Tons each, the Vessel to be given up to Ticket Holders after leaving Quebec.

Reasons for adopting this method of proceeding to California in preference to all others:—

1st. The certainty of a short and pleasant voyage, insured by starting in November, owing to deriving the benefits of the St. Lawrence Gulf Stream, the Trade Winds, and Mid-Summer, (December or January,) whilst passing through the Straits of Magellan and the Pacific Ocean, always calm at that season of the year.

2nd. Of reaching California at the commencement of the fine and profitable season, and of having a home on arrival there; the Vessel affords such.

3rd. Of owning for each share a 64th part of a most superior Steamer, which, if desired, will command a ready sale, and without doubt to advantage; or, if preferred, can be run with a large profit to her owners, as the following extract will shew:—

Profits of the Pacific Steamers.—A correspondent of the New York *Sun* says, that the Steamships running between Panama and San Francisco, carry, on an average, 150 Cabin Passengers each way, at $300 each, and 250 Steerage Passengers at $150 each, thus realizing $165,000. The expenses do not exceed $55,700, so that the profits of the voyage, on passengers alone, is $109,300. Add to this the Freight—say $8,000, and the total profit amounts to $117,300.

Tickets may be secured on early application to either
